Independent Auditor's Report

To the Plan Administrator
Dallas Christian School 403(b) DC Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Dallas Christian School 403(b) DC Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date of audit issuance.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) at December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Still | Burton LLP

CERTIFIED PUBLIC ACCOUNTANTS

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by Teachers Insurance and Annuity Association of America and College Retirement Equities Fund and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DALLAS CHRISTIAN SCHOOL 403(b) DC PLAN

Notes to Financial Statements

December 31, 2022 and 2021

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Dallas Christian School 403(b) DC Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more comprehensive description of the Plan’s provisions.

General

The Plan is a defined contribution 403(b) plan covering all employees of Dallas Christian School (the “Sponsor”, “Plan Administrator”, “Employer”), as defined below. The Plan is designed to comply with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (“ERISA”) and the Internal Revenue Code, as amended (“IRC”). In addition, the Plan’s financial statements have been prepared in compliance with accounting principles generally accepted in the United States of America (“GAAP”) and with ERISA.

Plan Administration

The Plan Sponsor is responsible for the administration and operation of the Plan. Teachers Insurance and Annuity Association of America and College Retirement Equities Fund (“Custodian”, “TIAA”) serves as the Plan’s asset custodian and is responsible for custody and management of the Plan’s assets and for executing transactions. In addition, the Custodian provides recordkeeping services for the Plan which includes the responsibility for maintaining participant account records and transactions.

Eligibility

All full-time employees (normally work more than 20 hours per week) of the Employer who have attained age 18 are eligible to participate in the Plan immediately upon hire. All employees of the Company who attain two years of service, as defined, are eligible to receive discretionary employer contributions.

Contributions

Plan participants may elect to defer a portion of their pre-tax includable compensation, as defined, subject to certain IRC limitations (\$20,500 in 2022) with the contributions and earnings thereon being nontaxable until withdrawn from the Plan. Additionally, participants may defer after-tax compensation under the Roth provisions, as defined. Participants may also contribute eligible rollovers from other qualified retirement plans into the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. Each participant may elect to change the percentage of their compensation deferred and their investment options at their discretion.

Upon eligibility, the Plan may make a discretionary employer contribution, either a uniform percentage of compensation or dollar amount. For the year ended December 31, 2022, the employer contribution was 4% of eligible employee compensation.

Participants who have attained age 50 or older before the end of the Plan year are eligible to make catch-up contributions subject to IRC limits (\$6,500 in 2022).

Participant Accounts

Each participant’s account is credited with the participant’s contributions, rollover contributions, Employer’s contributions, and allocations of investment earnings/losses and charged with administrative expenses. Allocations related to investments are based on the participant’s account balance as a percentage of the total participants’ account balances in each investment or the change in unit or share value of the individual investments.

NOTE A - DESCRIPTION OF PLAN – CONTINUED

Vesting

Participants are immediately vested in their contributions, rollover contributions, and related earnings. Participants are also immediately vested in Employer matching contributions.

Notes Receivable from Participants

Plan loans are issued as separate contracts by TIAA as contemplated under Internal Revenue Code (“IRC”) section 72(p)(5) and do not represent Plan assets. Loans are available to participants through TIAA subject to certain limitations. Plan loans are issued from the funds owned by TIAA and loan proceeds are not removed from a participant’s account balance. However, a portion of the participant’s TIAA Traditional Annuity account balance is reserved, or held in collateral, to cover the outstanding loan amount for the period the loan is outstanding. For active loans, investments equal to 110% of the outstanding loan amount are reflected in the statement of net assets available for benefits and serve as collateral for the loan. Investments underlying defaulted loan balances are reflected in the statement of net assets available for benefits until a distribution event occurs.

At December 31, 2022 and 2021, participants had outstanding Plan loan balances due to TIAA of \$8,225 and \$10,110, respectively, payable through February 2024 with interest ranging between 4.08% and 4.79%.

Benefit Payments

Benefits are payable upon retirement, termination of service, disability (as defined), or death. A participant may elect to receive their balance with a lump-sum, annuity, or installment amount. Participants may also elect to rollover their account to another tax deferred account or remain in the Plan until they are legally required to begin taking distributions, if their balance is \$5,000 or greater.

In addition to the foregoing, participants are permitted to request in-service distributions from their vested Plan accounts at any time after having attained age 59 ½. Participants may also request distributions of their vested account balance upon incurring financial hardship, as defined by the Plan and subject to certain penalties and limitations.

Plan Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant’s account and are included in administrative expenses. Investment-related expenses are included in the net appreciation of fair value of investments.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with US GAAP and present the Plan’s net assets available for benefits and changes therein. Investments are presented at fair value or contract value in accordance with GAAP as prescribed for defined contribution plans.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates. Significant estimates include the calculation of fair value of investments.

Investment Valuation and Income Recognition

Investments are reflected in the accompanying statements of net assets available for benefits at their estimated fair values, except for fully benefit responsive fixed annuity contracts which are reflected at contract value. Fair value, as determined by the Custodian, is based primarily on the quoted market prices of the underlying securities. Money market investments are valued at cost plus accrued earnings, which approximates fair value, as determined by the Custodian.

Fully benefit responsive fixed annuity contracts are reflected at contract value, which represents the accumulated contributions plus accumulated net earnings less distributions. The non-benefit responsive fixed annuity contracts are reported at fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks as well as risks related to the financial strength of the insurance company. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits. Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments may not necessarily be indicative of amounts that could be realized in a current market exchange.

Contributions and Contributions Receivable

Contributions from participants are recorded based on the date the contributions have been separated from participants' pay by the Employer, which is the pay date. The Plan records receivables for participants' contributions, if any, based upon contributions recognized, less amounts received by the Plan as of the last day of the Plan year.

Employer matching contributions are recorded in the year they are earned to coincide with the year which the Employer records the contributions to the general ledger as an expense and reported on the Employer's tax return. The Plan records receivables for Employer matching contributions, if any, based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year.

Payment of Benefits

Benefit payments to participants are recorded when paid.

DALLAS CHRISTIAN SCHOOL 403(b) DC PLAN

Notes to Financial Statements - Continued

December 31, 2022 and 2021

NOTE C – INVESTMENT CERTIFICATION

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, the statement of changes in net assets available for benefits for the year ended December 31, 2022, and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2022.

NOTE D - FAIR VALUE MEASUREMENTS

GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants. Such fair value is a market-based measurement, not an entity specific measurement. GAAP also establishes a fair value hierarchy which requires classification based on observable and unobservable inputs when measuring fair value. The fair value hierarchy distinguishes between assumptions based on market data (observable inputs) and an entity's own assumptions (unobservable inputs).

The hierarchy consists of three levels:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

In instances where the determination of fair value measurement is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lower level input that is significant to the fair value measurement in its entirety.

As of December 31, 2022 and 2021, there were no restrictions on redemption or unfunded commitments for any of the major types of assets.

DALLAS CHRISTIAN SCHOOL 403(b) DC PLAN

Notes to Financial Statements - Continued

December 31, 2022 and 2021

NOTE D - FAIR VALUE MEASUREMENTS-CONTINUED

Fixed annuity contracts: The TIAA Traditional Annuity funds are comprised of fully benefit responsive and non-benefit responsive investment contracts. The funds of the non-benefit responsive investment contracts are reported at fair value using the present value of the future cash payments to be made once the contract is converted to an annuity. The fully benefit responsive and TIAA stable value annuity contracts are reported at contract value.

Variable annuity contracts: The variable annuity contracts consist of two types:

Pooled separate account: The TIAA Real Estate Account's value is principally derived from the market value of the underlying real estate holdings. Real estate holdings are valued using external appraisals.

Registered investment company shares: The separate variable annuity contracts are principally invested in various equity securities, fixed-income securities, and mutual funds. The variable annuity contracts are valued using market quotations or prices obtained from independent pricing services for the underlying assets.

Non-benefit responsive fixed annuity contracts are assessed as level 3 investments. During the year ended December 31, 2021, \$0 was purchased, \$4,522 was contributed, \$14,294 was withdrawn (distributions and fees), \$225 transfers out and \$3,242 was earned income. During the year ended December 31, 2022, \$5,520 was contributed, \$49,654 was withdrawn (distributions and fees), \$343,509 transfers in and \$19,611 was earned income.

NOTE E – INVESTMENT CONTRACTS WITH INSURANCE COMPANY

The TIAA Traditional Annuity funds are comprised of fully benefit responsive and non-benefit responsive investment annuity contracts. Interest is earned at a variable rate, subject to a guaranteed floor rate between one and three percent depending on the contract terms. The TIAA Traditional Annuity fully benefit responsive contracts are equal to no more than participant fund balances. The TIAA Traditional Annuity fully benefit responsive contract fund is fully backed by the claims-paying ability of TIAA-CREF.

The fixed annuity contracts permit all participant-initiated transactions as allowed by the Plan to occur at contract value. Events that would limit the Plan's ability to execute transactions at contract value are improbable, except for termination of the Plan by the Company. Company-initiated withdrawals may be subject to a market adjustment.

NOTE F - NONPARTICIPANT-DIRECTED INVESTMENTS

The Plan's participants direct all investments. There are no non-participant directed investments as of December 31, 2022 and 2021.

NOTE G – RELATED PARTY TRANSACTIONS

Plan assets include investment in funds managed by the Custodian, and as such, these transactions qualify as exempt party-in-interest transactions under ERISA.

The Custodian receives fees from administration and investment management. The investments of the Plan are maintained in the general accounts and separate accounts of the Custodian. During the year ended December 31, 2022, the Plan Sponsor paid approximately \$35,000 in Plan expenses on behalf of the Plan.

Difference between fair value and contract value of fully benefit responsive fixed annuity contracts-prior	(81,350)
Difference between fair value and contract value of fully benefit responsive fixed annuity contracts-current	94,447
Net decrease in net assets per Schedule H to the Form 5500	<u>\$ (1,194,271)</u>

NOTE I - PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE J - TAX STATUS

The Plan has adopted a Volume Submitter 403(b) Plan sponsored by Carroll Consultants, Ltd. On March 31, 2017, the Internal Revenue Service ("IRS") stated in an advisory letter that the Volume Submitter 403(b) Plan, as then designed, was in compliance with the applicable requirements of the IRC and therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan is qualified and the related trust is tax-exempt.

GAAP requires the Plan Sponsor to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
