Report of Independent Auditor

To the Plan Administrator
Patient Access Network Foundation
Washington, D.C.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Patient Access Network Foundation Retirement Savings Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company as of December 31, 2022 and for the period from October 1, 2022 through December 31, 2022, and LT Trust Company for the period from January 1, 2022 through September 30, 2022 stating the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor’s Responsibilities for the Audit of the 2022 Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the 2022 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule of Participant Delinquent Contributions – Form 5500, Schedule H, Part IV, Line 4a for the year ended December 31, 2022, and Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report on Compiled 2021 Financial Statement

Plan management is responsible for the accompanying financial statement of the Plan, which comprise the statement of net assets available for benefits as of December 31, 2021. We have performed a compilation engagement in accordance with Statement of Standards for Accounting and Review Services promulgated by the Accounting and Review Services committee of the AICPA. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the 2021 financial statement of the Plan as of December 31, 2021.

PATIENT ACCESS NETWORK FOUNDATION RETIREMENT SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 (AUDITED) AND 2021 (COMPILED)

Note 1—Description of the Plan

The following description of the Patient Access Network Foundation Retirement Savings Plan (the “Plan”) is provided for general purposes only. Participants should refer to the Plan Agreement, as amended and restated, for a more complete description of the Plan’s provisions.

General – The Plan was established on March 1, 2009 and was amended and restated effective October 1, 2022. The Plan is a defined contribution plan covering substantially all employees of the Patient Access Network Foundation (the “Company” or “Plan Sponsor”). The Plan is intended to qualify under Section 401(k) of the Internal Revenue Code (“IRC”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Administration – The Plan is administered by the Plan Sponsor. Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Administrative expenses are paid either directly by the Plan, Plan Sponsor, or account of the participant. The Plan Sponsor has outsourced the recordkeeping function of the Plan to LT Trust Company (“Prior Trustee”) as of December 31, 2021 and for the period from January 1, 2022 through September 30, 2022, and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (the “Trustee”) as of December 31, 2022 and for the period from October 1, 2022 through December 31, 2022.

Participant Contributions – Employees of the Company who are at least 21 years of age are eligible to participate in the Plan. Effective October 1, 2022, participants must also have achieved three months of service, to be eligible to participate in the Plan. Participants may make salary deferral contributions in any percentage between 1% to 80% of their pretax annual compensation through September 30, 2022, and between 1% and 100% of their pretax annual compensation beginning October 1, 2022, up to a maximum of \$20,500. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to \$6,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Beginning October 1, 2022, the Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral set at 6% of eligible compensation and their contributions are invested in a designated balance fund until changed by the participant. The Plan automatically increases each participant’s deferral by 1% each year until the maximum limit of 12% is met, unless they affirmatively elect not to increase their deferral.

Employer Contributions – The Company contributes to the Plan through matching contributions in the form of safe harbor matching contributions. The Company’s safe harbor matching contribution during 2022 was 100% of the amount of the participant’s elective deferrals that do not exceed 4% of the participant’s compensation. Through September 30, 2022, the Company may also elect to contribute a discretionary profit sharing contribution. There were no discretionary profit sharing contributions for the year ended December 31, 2022. Contributions are subject to certain limitations.

Vesting – Participants are immediately vested in their salary deferral contributions, rollover contributions, and employer safe harbor contributions, plus actual earnings (losses) thereon. Participants may direct the investment of contributions on a daily basis into various investment options offered by the Plan. Participants become 100% vested in discretionary profit sharing contributions after three years of service.

Forfeitures – On December 31, 2022 and 2021, forfeited nonvested accounts totaled \$-0- and \$6,443, respectively. Forfeitures in the amount of \$6,443 were used to reduce employer safe harbor matching contributions.

PATIENT ACCESS NETWORK FOUNDATION RETIREMENT SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 (AUDITED) AND 2021 (COMPILED)

Note 1—Description of the Plan (continued)

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's safe harbor matching contribution, (b) the Company's profit sharing contribution, if applicable, and (c) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options – Upon enrollment in the Plan, a participant may direct employee and Plan Sponsor contributions in any of the investment options offered by the Plan.

Notes Receivable from Participants – Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their eligible account balance of their vested account balance. Notes must be repaid within five years unless it is for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at a rate, as determined by the Plan administrator. At December 31, 2022, the interest rates on the notes receivable from participants range from 4.25% to 8.50%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits – Upon termination of service due to death, disability, retirement, or other reasons, a participant or his or her beneficiaries may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Withdrawals prior to attaining age 59½ are not permitted, except in the event of retirement, disability, or as a hardship distribution. Hardship withdrawals are subject to IRC restrictions and penalties. Certain income tax penalties may apply to withdrawals or distributions prior to age 59½.

The Plan also allows, in certain hardship situations as defined in the Plan, participants to withdraw from their account balances while actively employed. These hardship withdrawals are subject to IRC restrictions and penalties.

Note 2—Summary of significant accounting policies

Basis of Presentation – The accompanying financial statements have been prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition – Purchases and sales of securities are recorded on a trade-date basis. Interest income from investments is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Investment income as shown in the financial statements includes interest, dividends, and the net depreciation in the fair value of investments.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

PATIENT ACCESS NETWORK FOUNDATION RETIREMENT SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 (AUDITED) AND 2021 (COMPILED)

Note 2—Summary of significant accounting policies (continued)

Payment of Benefits – Benefits paid to participants are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Company and are, therefore, excluded from these financial statements. Investment related expenses are included in net depreciation in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

Fair Value Measurement – U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability in the principal or most advantageous market for the asset and liability, in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

U.S. GAAP defines three levels of inputs that may be used to measure fair value as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following are descriptions of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Common Collective Trusts – These investments are public investment vehicles valued using the net asset value ("NAV") provided by the Trustee of the fund. NAV is used as a practical expedient to estimate fair value and is, therefore excluded from the classification in the fair value hierarchy. This practical expedient would not be used if it were determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

Mutual Funds – These investments are public investment vehicles valued using the net asset value ("NAV") provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market and these investments are classified within Level 1 of the valuation hierarchy.

Money Market Account – This investment is a public investment vehicle valued using NAV provided by the administrator of the fund. The underlying assets are generally comprised of short-term securities representing high quality, liquid debt, and monetary assets. The Prior Trustee of the Plan establishes the market and quotes the price, on a daily basis, that is available to market participants, which is a market approach to valuation. The money market account is classified within Level 2 of the valuation hierarchy.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 (AUDITED) AND 2021 (COMPILED)

Note 3—Information certified by the Prior Trustee and Trustee (unaudited)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified to the completeness and accuracy of the following data included in the accompanying financial statements and supplemental schedules as of December 31, 2022, and for the period from October 1, 2022 through December 31, 2022. The Prior Trustee has certified to the completeness and accuracy of the following data included in the accompanying financial statements and supplemental schedules for the period from January 1, 2022 through September 30, 2022:

- Investments, at fair value, and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2022 (audited) and 2021 (compiled).
- Net depreciation in fair value of investments, interest and dividend income on investments, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022 (audited).
- Schedule of Assets (Held at End of Year) — Schedule H, Part IV, Line 4i, as of December 31, 2022 (audited).

The Plan's independent public accountant did not perform auditing procedures with respect to the certified information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

Note 4—Fair value measurements

The Plan's financial instruments carried at fair value are classified by the following fair value hierarchy levels as of December 31:

Assets at Fair Value at December 31, 2022 (Audited)				
	Level 1	Level 2	Level 3	Total
Common collective trusts measured at NAV*	\$ -	\$ -	\$ -	\$ 3,081,074
Total investments, at fair value	\$ -	\$ -	\$ -	\$ 3,081,074
Assets at Fair Value at December 31, 2021 (Compiled)				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 3,325,480	\$ -	\$ -	\$ 3,325,480
Money market fund	-	14,617	-	14,617
Total investments, at fair value	\$ 3,325,480	\$ 14,617	\$ -	\$ 3,340,097

- * In accordance with U.S. GAAP, certain investments that are measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

PATIENT ACCESS NETWORK FOUNDATION RETIREMENT SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 (AUDITED) AND 2021 (COMPILED)

Note 5—Parties-in-interest transactions

Certain Plan assets are managed by the Trustee and Prior Trustee. Transactions involving these investments are considered to be party-in-interest transactions for which statutory exemption exists under DOL's Rules and Regulations. Fees incurred by the Plan for investment management services are paid directly by the Plan and, therefore, also qualify as party-in-interest transactions for which a statutory exemption exists. Fees paid by the Plan and deducted from participant accounts for contract administrative expenses amounted to \$33,914 for the year ended December 31, 2022 and are included in administrative expenses on the accompanying statement of changes in net assets available for benefits.

Notes receivable from participants qualify as party-in-interest transactions.

Note 6—Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become fully vested in their accounts.

Note 7—Tax status

On June 30, 2020, the Internal Revenue Service stated the prototype plan adopted by the Plan, as then designed, qualifies under Section 401 of the IRC. The prototype plan has been amended since receiving the determination letter. The Plan has not received a determination letter specific to the Plan itself. However, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

U.S. GAAP requires Plan management to evaluate the tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 (audited) and 2021 (compiled), there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8—Prohibited transactions

During the years ended December 31, 2022 (audited) and 2021 (compiled), the Company inadvertently failed to segregate and remit in a timely manner certain participant contributions (salary reduction amounts) from its assets within the required time period as specified by DOL Regulation 2510.3012. Failure to segregate and remit contributions within the specified time period is a prohibited transaction according to the provisions of ERISA and the IRC. The Company made the deposit after the required time frame, and remitted lost earnings associated with the 2021 (compiled) Plan year late remittances in 2022. The lost earnings associated with the 2022 (audited) late remittances were remitted in 2022.

Note 9—Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
