Independent Auditor's Report

September 25, 2023

The Administrative Committee
Goode Cook, Inc. 401(k) Profit Sharing Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Goode Cook, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions and maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GOODE COOK, INC. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

Note 1 - Description of Plan

The following brief description of the Goode Cook, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan, sponsored by Goode Cook, Inc. (the Company), is a defined contribution plan covering substantially all employees of the Company and affiliated entities. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was established by the Company on January 1, 1992 and has since been amended and restated.

The Company serves as the plan administrator. Fidelity Management Trust Company (Fidelity) serves as the Plan's trustee.

Eligibility

An employee may begin participating in the Plan on the first open enrollment date following his or her date of employment. Open enrollment dates are the first day of each month. Employees become eligible to receive employer matching contributions starting on the next open enrollment date after completing one year of service during which the employee has worked at least 1,000 service hours.

Contributions

Participants may elect to defer a percentage of their compensation during any plan year, subject to a maximum imposed by the Internal Revenue Code (IRC).

The Company may make discretionary matching contributions to eligible employees equal to a percentage of each participant's elective deferrals.

In addition, the Company may make additional discretionary matching contributions on behalf of non-highly compensated employees completing one year of service and actively employed on the last day of the plan year equal to a percentage of each participant's elective deferrals. A discretionary nonelective contribution may also be made on behalf of all employees completing one year of service and actively employed on the last day of the plan year. Discretionary nonelective contributions are allocated to participants' accounts in the same proportion that each participant's compensation for the year bears to the total compensation of all participants for such year. No additional discretionary matching contributions or discretionary nonelective contributions were made by the Company during 2022.

Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of any employer discretionary contribution, plan earnings and losses, as applicable, and charged with an allocation of investment related expenses.

Vesting

Participants are immediately vested in salary deferral contributions, including earnings allocated thereon. For employer safe-harbor matching contributions made prior to May 2020, participants were also immediately vested. For employer contributions made after May 2020, including discretionary nonelective or matching contributions to the Plan, participants become 20% vested upon completion of two years of service, increasing 20% per year thereafter, and becoming fully vested after six years of service.

Forfeitures

Forfeitures from participant accounts are used to offset future employer contributions or to pay plan expenses. There were \$446 and \$71 of available forfeitures as of December 31, 2022 and 2021, respectively. During 2022, there were \$155 of forfeitures used to reduce plan expenses.

Notes Receivable from Participants

Notes receivable from participants are loans to participants secured by the vested portion of their accounts as prescribed in the plan document. Loans bear interest at the prime rate plus one percent on the date of issuance. The loans are repaid through payroll deductions. A participant may not have more than one loan outstanding at any time. Loans issued are no less than \$1,000, with a maximum value limited to the lesser of \$50,000 or one-half of the participant's vested account balance. Loan payments are limited to five years unless for the purchase of a principal residence, which can extend the loan period to 20 years. Fidelity charges a fee for the loan origination which is deducted from the participant's account. A participant's loan balance becomes immediately due and payable upon termination of employment.

Benefit Payments

Distributions may be made to participants or their beneficiaries upon termination of employment, retirement, disability or death, as applicable. In-service distributions are allowed for participants who have reached the age of 59½. Additionally, hardship withdrawals may be made to active participants who have demonstrated financial need, subject to the provisions of the Plan. Upon termination, participants with an account balance of \$1,000 or less shall receive an automatic lump sum distribution from the Plan. For participants who terminate with an account balance of more than \$1,000 but less than \$5,000, the plan administrator shall make a direct rollover into an individual retirement account. Upon withdrawal from the Plan, participants may be subject to income taxes on contributions and income earned.

Note 2 - Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation or depreciation in the fair value of investments includes realized gains and losses on investments sold during the year as well as unrealized appreciation or depreciation of investments held at the end of the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 or 2021, as the notes are collateralized by the participant's account balance. In general, notes receivable from participants are placed into default in the calendar quarter following the quarter in which no payment on the note is made and such defaults are recognized as distributions based upon the terms of the plan document.

Benefit Payments

Benefits paid to participants or beneficiaries are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions.

Administrative Expenses

Loan fees and certain transactional charges are paid by the participants. All other administrative costs are paid by the Plan unless paid by the Company, at its discretion. Investment related expenses are included in the net appreciation or depreciation in the fair value of investments.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investments will occur in the near term and may impact participants' account balances and the amounts reported in the financial statements.

Subsequent Events

Management of the Plan evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through September 25, 2023, which is the date the financial statements were available to be issued. See Note 9.

Note 3 - Information Certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications from Fidelity as of December 31, 2022 and 2021, and for the year ended December 31, 2022, that all the information provided is complete and accurate. Information included in the accompanying financial statements, the notes to the financial statements and the supplemental schedule regarding investments, notes receivable from participants, investment income (loss) and interest income on notes receivable from participants is presented in reliance solely upon these certifications.

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information certified by the trustee to the related information included in the Plan's financial statements, the accompanying notes and the supplemental schedule.

Note 4 - Fair Value Measurements

GAAP provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

Mutual Funds: These funds are valued daily based on quoted market prices.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	December 31, 2022		
	Level 1	Level 2	Level 3
Mutual funds	\$ 6,667,823	\$ -	\$ -
			\$ 6,667,823
	December 31, 2021		
	Level 1	Level 2	Level 3
Mutual funds	\$ 9,538,166	\$ -	\$ -
			\$ 9,538,166

See independent auditor's report.

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become fully vested in their account balances.

Note 6 - Federal Income Tax

Prior to March 29, 2021, the prototype plan adopted by the Plan received an opinion letter from the IRS dated March 31, 2014, stating that it was in compliance with the applicable requirements of the IRC. Effective March 29, 2021, the Plan was amended and restated via its adoption of a pre-approved plan. The pre-approved plan received an opinion letter from the IRS dated June 30, 2020, stating that it was in compliance with the applicable requirements of the IRC. The prototype plan and the pre-approved plan have both been amended since receiving the IRS letters; however, plan management believes that the Plan continues to be designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Party-in-Interest Transactions

Certain investments of the Plan are managed by an affiliate of Fidelity, and therefore, these transactions qualify as party-in-interest transactions. The Plan also engages in transactions with participants related to notes receivable, which are party-in-interest transactions with respect to the Plan. These transactions are covered by an exemption from the "prohibited transaction" provisions of ERISA and the IRC.

Note 8 - Reconciliation of the Financial Statements to the Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the net assets per the Form 5500 at December 31, 2022 and 2021:

	December 31,	
	2022	2021
Net assets available for benefits per the financial statements	\$ 6,715,093	\$ 9,610,396
Less: Accumulated deemed distributions	(13,299)	(12,513)
Net assets per the Form 5500	\$ 6,701,794	\$ 9,597,883

A deemed distribution is defined as a participant loan defaulted for tax purposes, but not for financial statement presentation until the participant experiences a distributable event under the plan document.

See independent auditor's report.
