McLaughlin Body Company 401(k) Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of McLaughlin Body Company 401(k) Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and delinquent participant contributions as of and for the year ended December 31, 2022, respectively, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

McLaughlin Body Company 401(k) Plan and Trust

Notes to Financial Statements

Note 1. Plan Description

The following description of the McLaughlin Body Company 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code (Code). The Plan provides retirement benefits to all eligible employees of McLaughlin Body Company (the Company) and its affiliated entities, including Bee Line Company, McLaughlin Body Company, Inc. and McLaughlin Motors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: All employees who have completed six months of service and have reached their 21st birthday are eligible to participate in the Plan for purposes of elective deferral contributions and employer matching contributions as of the date they have satisfied such requirements. An employee who becomes eligible for participation shall become a participant effective the first day of the quarter following the date the employee met the eligibility requirements. For purposes of the discretionary employer contribution, all salaried employees who have met the above requirements and are considered an active participant on the last day of the Plan year are eligible to receive an allocation of the discretionary contribution. All union employees are eligible for the additional employer contribution once they have completed 120 days of eligible service.

Funding policy: The Company is required to contribute the amount agreed to pursuant to the salary deferral agreement described below and entered into between the Company and the participants for each Plan year. The Plan allows participants to elect to enter into a salary deferral agreement each Plan year. The terms of any such agreement provide that the participant agrees to accept a percentage reduction in salary from the employer; however, this percentage may not exceed the limitations set forth in the Plan. The Plan has an automatic enrollment feature for nonunion employees whereby newly eligible nonunion employees will be automatically enrolled with a deferral of 3% of eligible compensation, unless they affirmatively elect otherwise. The deferral election for those who were auto enrolled will be increased 1% each year, on the first day of the Plan year, up to a maximum deferral of 10% of eligible compensation, unless they affirmatively elect otherwise.

The Plan provides three types of employer contributions: (1) a contribution equal to 3.50% of eligible wages for all union employees who meet applicable eligibility requirements (union contribution); (2) an employer matching contribution for nonunion employees equal to 100% of the first 3% of employee deferral contributions plus 50% of the next 2% of employee deferral contributions, not to exceed 4% of eligible compensation; and (3) an employer discretionary contribution for salaried employees to be determined annually and provided to each participant based on their eligible wages for the Plan year and their Allocation Group as defined in the Plan. There were no employer discretionary contributions for the years ended December 31, 2022 and 2021.

The employer contributions for the Plan years ended December 31, 2022 and 2021 are as follows:

	Years Ended December 31	
	2022	2021
Employer contributions, net of forfeitures applied:		
Matching contribution	\$ 603,565	\$ 543,130
Union contribution	183,329	160,766
	<u>\$ 786,894</u>	<u>\$ 703,896</u>

Notes to Financial Statements

Note 1. Plan Description (Continued)

Participant accounts: Each participant's account is credited with the participant's salary deferral contributions and an allocation of (1) any applicable employer contributions and (2) Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on eligible wages, account balances or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Participants elect the funds to which their contributions are allocated.

Vesting: Participants are immediately vested in their salary deferral contributions and the actual earnings thereon. Vesting in employer contributions and earnings thereon are based on continuous years of service. Participants are 100% vested in union contributions and employer matching contributions after completing three years of credited service. Participants are 20% vested in employer discretionary contributions after completing two years of service and 100% vested after completing three years of service. A participant will also become 100% vested upon reaching normal retirement age (65), becoming totally and permanently disabled or on their date of death.

Payment of benefits: Upon termination of service, a participant may elect to maintain their account in the Plan or to receive either a lump-sum amount equal to the value of his or her account, or a purchased annuity of equal installments over a period not to exceed the payee's or beneficiary's assumed life expectancy as of the termination date. The Plan also allows for in-service withdrawals after age 59½ and for hardship withdrawals under circumstances defined in the Plan.

Forfeitures: Forfeitures of terminated participants' nonvested employer portion of their accounts are used to pay administrative expenses or reduce future employer contributions. As of December 31, 2022 and 2021, forfeited nonvested accounts totaled \$51 and \$177, respectively. Forfeitures of \$16,793 and \$12,543 were used to reduce employer contributions during the years ended December 31, 2022 and 2021, respectively. No forfeitures were used to pay administrative expenses during the years ended December 31, 2022 and 2021.

Notes receivable from participants: The Plan includes a provision allowing participants to borrow funds from the Plan from the portion of their vested accounts resulting from elective deferral and rollover contributions. Under the terms of this provision, borrowings are subject to certain limitations, including a minimum borrowing of \$1,000 and a maximum borrowing not to exceed the lesser of 50% of the participant's vested account balance, as defined above, or \$50,000. The maximum loan term is five years. Participants may not have more than one loan outstanding at any point in time and spousal consent must be obtained in the case of married participants. Participants may be approved for no more than two loans during any 12-month period and a participant must wait six months after repaying a loan before being eligible to take a new loan.

Notes to Financial Statements

Note 2. Summary of Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest.

Payment of benefits: Benefits are recorded when paid.

Subsequent events: The Plan Administrator has evaluated subsequent events through August 25, 2023, the date the financial statements were available to be issued.

Note 3. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 4. Tax Status

The Plan has adopted a pre-approved plan sponsored by Principal Life Insurance Company (Principal). The pre-approved plan has received an opinion letter from the Internal Revenue Service (IRS) as to its qualified status. The pre-approved plan opinion letter has been relied upon by the Plan. The Plan has been amended since the pre-approved plan received the opinion letter. The Plan Administrator believes the Plan is currently designed and being operated in compliance with applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

McLaughlin Body Company 401(k) Plan and Trust

Notes to Financial Statements

Note 5. Investment in Insurance Contracts

The Plan has entered into an insurance contract with Principal, who maintains the Plan's deposits in an unallocated fund, to which it adds interest at the contract rates ranging from 4.61% to 5.21% and 0.88% to 1.66% for the years ended December 31, 2022 and 2021, respectively. The account is credited with earnings on underlying investments and charged for participant withdrawals and administrative expenses. Principal is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The guaranteed interest rate is set, from time to time, by Principal for contracts in effect for each year. This contract has been determined to not be fully benefit-responsive as market value adjustments may be made when funds are withdrawn prior to their maturity. The contract value of the unallocated fund was \$896,566 and \$279,733 as of December 31, 2022 and 2021, respectively.

Note 6. Information Certified by Plan Custodians

The following is a summary of the Plan's asset information as of and for the years ended December 31, 2022 and 2021, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company, d/b/a Principal Trust Company, the custodians of the Plan. The Plan Administrator has obtained certifications from the custodians that information provided to the Plan Administrator by the custodians related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information, which appears throughout the financial statements and ERISA-required supplemental schedules, related to the following assets:

	December 31	
	2022	2021
Investments at fair value:		
Guaranteed interest accounts	\$ 884,935	\$ 278,140
Pooled separate accounts	8,174,166	10,792,004
Mutual funds	29,176,976	35,060,962
	<u>\$ 38,236,077</u>	<u>\$ 46,131,106</u>

The custodians also certified to the completeness and accuracy of the net appreciation (depreciation) in fair value of investments and interest and dividends related to the aforementioned assets for the years ended December 31, 2022 and 2021 as follows:

	Years Ended December 31	
	2022	2021
Investment income (loss):		
Net appreciation (depreciation) in fair value of investments	\$ (8,119,479)	\$ 5,719,504
Interest and dividends	514,745	370,911
	<u>\$ (7,604,734)</u>	<u>\$ 6,090,415</u>

Notes to Financial Statements

Note 7. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021:

Guaranteed interest accounts (investments in insurance contracts): Valued at fair value based on a formula specified in the Plan's group annuity contract with Principal.

Pooled separate accounts: Pooled separate accounts invest primarily in domestic and international stocks, commercial paper or single mutual funds. Net asset value is used as a practical expedient to determine fair value for these accounts. Investments in pooled separate accounts are not classified according to fair value hierarchy as the net asset value is used as a practical expedient to value the investment.

Mutual funds: Value based on quoted prices in the active markets on which the funds are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 7. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

	Investments at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Guaranteed interest accounts	\$ -	\$ -	\$ 884,935	\$ 884,935
Mutual funds	29,176,976	-	-	29,176,976
	<u>\$ 29,176,976</u>	<u>\$ -</u>	<u>\$ 884,935</u>	<u>30,061,911</u>
Investments measured at net asset value (a)				8,174,166
Total investments at fair value				<u>\$ 38,236,077</u>

	Investments at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Guaranteed interest accounts	\$ -	\$ -	\$ 278,140	\$ 278,140
Mutual funds	35,060,962	-	-	35,060,962
	<u>\$ 35,060,962</u>	<u>\$ -</u>	<u>\$ 278,140</u>	<u>35,339,102</u>
Investments measured at net asset value (a)				10,792,004
Total investments at fair value				<u>\$ 46,131,106</u>

- (a) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

During the year ended December 31, 2022, the Plan had no issuances or transfers into or out of Level 3 investments and had purchases of \$706,814. During the year ended December 31, 2021, the Plan had no issuances or transfers into or out of Level 3 investments and had purchases of \$127,434.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2022 and 2021:

	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2022	2021			
Pooled separate accounts	<u>\$ 8,174,166</u>	<u>\$ 10,792,004</u>	<u>\$ -</u>	Daily	None

Note 8. Risks and Uncertainties

The investments of the Plan are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with such investments and the level of uncertainty related to changes in the value of such investments, it is at least reasonably possible that changes in risks in the near term could materially affect investment balances and the amounts reported in the financial statements.

Notes to Financial Statements

Note 9. Related-Party and Party-in-Interest Transactions

Plan investments in guaranteed interest and pooled separate accounts are funds managed by Principal, a plan custodian, and therefore, transactions with these investments are considered party-in-interest transactions.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits and the net increase in net assets available for benefits per the financial statements to the Form 5500:

	December 31
