INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
McGrory Glass, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of McGrory Glass, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of McGrory Glass, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of McGrory Glass, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about McGrory Glass, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of McGrory Glass, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about McGrory Glass, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule of Assets (Held at End of Year) – Schedule H, Line 4(i) as of December 31, 2022 and the Schedule of Delinquent Participant Contributions – Schedule 4(a) for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103 (a)(3)(C).

**MCGRORY GLASS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

NOTE 1: DESCRIPTION OF PLAN

The following description of the McGrory Glass, Inc. 401(k) Plan (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of the Company who are age 21 or older. Participants are eligible to participate in the Plan as soon as the eligibility requirements are met. The Plan is subject to the provisions of ERISA. The Plan administrator and Plan management are responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to Plan management.

Contributions

Each year, participants may contribute a portion of their pretax annual compensation as defined in the Plan, limited to the annual maximum dollar limitation prescribed by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. On March 1, 2022, the Plan was restated and amended to add after-tax voluntary contributions. The after tax voluntary contributions will not receive employer matching contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants may also contribute to a ROTH IRA. On September 1, 2022, the Plan was restated and amended to add an in-plan ROTH conversion feature to the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation.

The Plan is designed to be a Safe Harbor Plan. On January 1, 2020, the Plan amended the safe harbor match to be 200% of the first 1% of elective deferrals, 200% of the second 1% of elective deferrals, and 100% of the third 1% of elective deferrals. Effective June 6, 2020, the safe harbor match was suspended. Effective January 1, 2021, the Plan reinstated the safe harbor match. The safe harbor match is calculated at 100% of the first 4% of participants elective deferrals. In addition, the Plan was amended to change the definition of compensation to exclude severance and PTO Buy Out from eligible compensation for elective deferrals. On February 16, 2021, the Plan was restated and amended. The Plan redefined the definition of compensation for employee and employer match and discretionary contributions to include all bonus compensation.

An additional discretionary profit-sharing contribution may be contributed at the option of Plan management. A participant must be employed on the last day of the Plan year in order to be eligible to receive the profit-sharing contribution. There were no discretionary profit-sharing contributions for the year ended December 31, 2022. Contributions are subject to certain IRS limitations.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1: DESCRIPTION OF PLAN (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's matching contribution, (b) the Company's discretionary profit-sharing contribution and (c) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and employer matching contributions plus actual earnings thereon. Vesting in the Company's nonelective profit sharing contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. Loan terms range from one to five years. The loans bear interest at 1% over the prime interest rate. Principal and interest is paid ratably through bi-weekly payroll deductions.

As a result of the effects of COVID-19, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act). The CARES Act increased the available loan amounts to Plan participants experiencing financial hardships due to COVID-19 to the lesser of \$100,000 or 100% of their vested account balance. Expanded loans were available through December 31, 2020. In addition, the CARES Act temporarily extended the repayment time for COVID-19 related loans for a term of six months. Plan participants who experienced financial hardships due to COVID-19 and had prior loans were also given the option to defer payments due between March 27, 2020 and December 31, 2020. Effective May 26, 2020, the Plan Sponsor signed an authorization form to implement the CARES Act provisions in the Plan.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a fixed period of time not to exceed the life expectancy of the participant or the joint life and survivorship expectancy of the participant and his/her beneficiary. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. The Plan also permits withdrawals of vested account balances upon the attainment of age 59 1/2, or in the event of a hardship, as defined by the Plan. As a result of the CARES Act, the Plan expanded eligible hardship distributions for participants who experienced financial hardships due to COVID-19. Eligible participants were able to receive distributions of up to \$100,000 between March 27, 2020 and December 31, 2020. Effective May 26, 2020, the Plan Sponsor signed an authorization form to implement the CARES Act provisions in the Plan.

NOTE 1: DESCRIPTION OF PLAN (continued)

Forfeited Accounts

At both December 31, 2022 and 2021, forfeited non-vested accounts totaled \$43. These accounts may be used to reduce future employer contributions. No forfeited non-vested accounts were used during the year ended December 31, 2022.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and the investment custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income (loss) is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant notes are reclassified as distributed based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

MCGRORY GLASS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

NOTE 3: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

MCGRORY GLASS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 3: FAIR VALUE MEASUREMENTS (continued)

Pooled Separate Accounts – Pooled separate accounts are valued at the net asset value (NAV) of the shares held by the Plan at year end. These funds are considered open-end mutual funds, meaning that the fund is ready to redeem its shares at any time and offers its shares for sale to the public, either through retail outlets or through institutional investors continuously. For institutional funds, NAV's are received daily from fund managers, and the managers stand ready to transact at these quoted amounts.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3
	Total		
Pooled Separate Accounts	\$ 10,313,246	\$ -	\$ -
Investments at Fair Value	\$ 10,313,246	\$ -	\$ -
Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3
	Total		
Pooled Separate Accounts	\$ 11,215,143	\$ -	\$ -
Investments at Fair Value	\$ 11,215,143	\$ -	\$ -

NOTE 4: GROUP ANNUITY CONTRACT WITH AMERITAS LIFE INSURANCE CORPORATION

The Plan has a traditional fully benefit-responsive contract with Ameritas Life Insurance Corporation ("Ameritas") totaling \$738,714 for 2022 and \$696,718 for 2021.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Ameritas, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

The Ameritas Stable Fixed Account earns a declared interest rate in each month.

Interest rate guarantees of the Ameritas Stable Fixed Account are backed by assets held by the Ameritas general account. Credited rates are set based on yields earned on new purchases of fixed income securities for the general account for new deposits. Subsequent renewal rates are based on the investment performance of the general account at the time of renewal.

MCGRORY GLASS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 4: GROUP ANNUITY CONTRACT WITH AMERITAS LIFE INSURANCE CORPORATION
(continued)

Credited rates are guaranteed for the duration of the guaranteed period, and do not vary with the subsequent performance of assets of the general account which back these guarantees.

The contract value of funds held in the Ameritas Stable Fixed Account generally represents principal plus accrued interest. The fair value of these funds reflects the relationship between credited rates earned by funds held in the Stable Fixed Account and current market rates. Higher credited rates will produce a higher fair value than lower credited rates under similar market interest rate environments.

Fair value for the Ameritas Stable Fixed Account is determined as the present value of future stable fixed account values and participant benefit withdrawals, assuming an annual benefit withdrawal rate of 9%. Benefit withdrawals are assumed to occur on the contract anniversary date.

Present values are derived by discounting future stable fixed account values and benefit withdrawals by the appropriate market interest rates. Market interest rates are deemed to be the same rates to be credited to new issues of the same contract with like guarantees issued as of the date of the fair value determination.

The average yield in the Plan is the percentage earnings credited in the Stable Fixed Account for the period January 1, 2022 to December 31, 2022, based on the end of year fair value of Stable Fixed Account assets. These earnings represent the entire investment return of the Stable Fixed Account within this contract.

The weighted average interest crediting rate is the weighted average of the rates of the contract. These rates are guaranteed for the entire duration of the guaranteed period and do not vary with the subsequent performance of assets of the Ameritas general account which back these guarantees.

FSP AAG INV-1 and SOP 94-4-1 requires two sensitivity tests be performed for fully benefit-responsive investment contracts. The intent of the sensitivity tests is to measure the impact on the weighted average interest crediting rate resulting from immediate hypothetical increases and decreases in market yields. The first test assumes no change in the net assets of the contract, while the second test assumes an immediate, one-time, hypothetical 10 percent decrease in the net assets of the contract. Under both tests, there would be no impact on the weighted-average interest credit rating.

Certain events may limit the ability of the Plan sponsor and/or Plan participants to transact at contract value with Ameritas. Examples of these events would include (but would not be limited to) premature termination of this contract and termination of the retirement plan. In these examples, the contract value could be reduced by any applicable surrender charges upon distribution of contract's funds.

Under no event may Ameritas terminate this contract and settle at an amount different from contract value.

**MCGRORY GLASS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

NOTE 4: GROUP ANNUITY CONTRACT WITH AMERITAS LIFE INSURANCE COMPANY (continued)

The following is the value of the Plan's assets in the Ameritas Stable Fixed Account:

	<u>Contract Value</u>	<u>Fair Value</u>	<u>Fair Value Adjustment</u>
December 31, 2022	\$ 738,714	\$ 738,714	\$ -
December 31, 2021	696,718	696,718	-

The new deposit rate as of January 1, 2023 has a guaranteed rate of 3.05%.

The average yield for the Plan for 2022 and 2021 was 1.82% and 1.46%, respectively. The average yield is interest earned divided by the ending fair value of the contract.

The weighted average interest crediting rate was 2.91% and 1.50% as of December 31, 2022 and 2021, respectively.

NOTE 5: RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by Ameritas Life Insurance Company. Ameritas Life Insurance Company is the custodian and recordkeeper of the Plan, and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 7: TAX STATUS

The IRS has determined and informed the Company by a letter dated September 30, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and Plan's tax counsel believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt. The Plan has elected to utilize the employee benefit plan provisions which allow certain changes to distribution and loan rules as prescribed by the SECURE Act and CARES Act. The Plan will be amended in a future period to retroactively allow for these changes.

MCGRORY GLASS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 7: TAX STATUS (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Changes in Net Assets Available for Benefits.

NOTE 9: CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation/(depreciation) in fair value of investments, interest income and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Ameritas Life Insurance Corporation (the custodian of the Plan).

NOTE 10: PROHIBITED TRANSACTIONS

During the year ended December 31, 2022, the Company failed to remit to the Plan employee and employer contributions in the amount of \$1,808, including lost earnings of \$183, within the period prescribed by the Department of Labor regulations. The contributions, including lost earnings, were corrected on July 25, 2023. During September 2023, the Company filed IRS Form 5330 to report and remit the excise tax associated with the late remittance including lost earnings as required pursuant to Section 4975 of the IRC.

During the year ended December 31, 2021, the Company failed to remit to the Plan employee contributions in the amount of \$265 within the period prescribed by the Department of Labor regulations. There were no lost earnings associated with the late remittance. The contributions were corrected on March 14, 2022.

NOTE 11: SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 27, 2023, the date on which the financial statements were available to be issued. Management has identified the following subsequent event which requires disclosure in the financial statements.
