To the Plan Administrator of
Share Our Strength 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Share Our Strength 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year from the date of the audit report.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the Year Ended December 31, 2022 and the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Share Our Strength 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Share Our Strength 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year from the date of the audit report.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the Year Ended December 31, 2022 and the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS For the Years Ended December 31, 2022 and 2021

1. Description of the Plan

The following description of the Share Our Strength 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit-sharing plan covering the employees of Share Our Strength and Community Wealth Partners, Inc. (CWP), a wholly owned subsidiary of Share Our Strength (collectively, the Employers). The Plan's most recent amendment was effective September 9, 2022. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees are auto-enrolled in the plan unless electing to opt out. There is no minimum age an employee must attain to become a participant in the Plan for purposes of making voluntary deferrals. Employees are eligible to participate in the employer contributions to the Plan once they have attained age 21 and have completed one year of service. Years of service under the Plan are calculated by counting actual hours of service. An employee is credited with a year for each 12-month period during which employees complete 1,000 or more hours of service.

Plan Sponsor and Plan Administrator

Share Our Strength is the plan sponsor and plan administrator.

Contributions

Each participant may elect to defer up to 80% of his or her compensation that would have been received in the plan year, up to the maximum allowed by law. Participants who have reached the age of 50 before the end of the Plan year are eligible to make catch-up contributions up to the maximum allowed by law.

New eligible employees are automatically enrolled at a pre-tax deferral rate of 3% of eligible compensation, unless and until the employee chooses to amend or opt out. The employer's elective matching contribution up to 50% of each participant's deferred contribution is not to exceed 8% of the participant's compensation. Discretionary employer contributions may be made for each plan year in an amount determined by the plan sponsor's Board of Directors. The amount of such contributions will be allocated by multiplying the discretionary contribution by the ratio of the participant's annual compensation to the total annual compensation of all participants. There were no discretionary employer contributions for the years ended December 31, 2022 and 2021.

The Plan accepts contributions that are transferred or rolled over directly from another plan. The Plan will accept amounts rolled over from the prior plan if the prior plan was a qualified retirement plan, a 403(b) tax-sheltered annuity plan, a government 457(b) plan or a traditional Individual Retirement Account (IRA).

SHARE OUR STRENGTH 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS For the Years Ended December 31, 2022 and 2021

1. Description of the Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of employer contributions and plan earnings. Allocations are based on participant contributions or account balances, as defined in the plan agreement. For any plan year, the Employers may pay the expenses of operating and maintaining the Plan. Such payments will be in addition to, and independent of, any contributions to the Plan. The Plan expenses that are not paid by the Employers will be paid directly out of the Plan's assets, except for certain transactional charges, which are paid by the particular participants involved. The benefit to which a participant is entitled is the benefit that can be provided from a participant's vested account.

Vesting

All participants are 100% vested at all times in the net value of the participant's account.

Investment Options

Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Principal) is the Plan's custodian. The Plan's investments consist of pooled separate accounts, collective investment trusts, mutual funds; and funds held in the general account of Principal Life Insurance Company (PLIC). Amounts held in the pooled separate accounts, collective investment trusts, and mutual funds are allocated among a variety of investment options made available by the Plan's custodian and selected by the Plan's trustees. Amounts held in the general account represent an investment contract with PLIC (the fixed-income guaranteed option). PLIC maintains the contributions in an unallocated account. Each participant or his or her surviving beneficiary may direct the allocation of the amounts held in the accounts on their behalf among these investment options. Participants may direct the withdrawal or transfer of amounts held in the general account at contract value.

Payment of Benefits

Benefits and other distributions are recorded when paid. A participant may receive benefits in the form of a monthly annuity or in a lump-sum distribution subject to the terms of the funding vehicles of the Plan. Payment of benefits and other distributions from the Plan will be allowable:

- Upon severance from employment.
- Upon death.
- Upon incurring a disability.
- Upon eligibility for a qualified reservist distribution.
- On account of hardship.

If a participant has a separate account attributable to rollover contributions, subject to the terms of the funding vehicles, the participant may, at any time, elect to receive a distribution of all or any portion of the amount held in the rollover account.

SHARE OUR STRENGTH 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS For the Years Ended December 31, 2022 and 2021

1. Description of the Plan (continued)

Payment of Benefits (continued)

In-service distributions are allowed for participants who are at least 59 ½ years old. The plan, in line with the IRS rules, also requires the participants to receive Required Minimum Distributions once they are 72 years old.

Notes Receivable from Participants

Under certain conditions, participants may borrow a portion of their participant account at a minimum of \$1,000, up to a maximum of the lesser of (a) \$50,000 reduced by the participant's highest outstanding loan balance in the preceding 12 months or (b) 50% of the participant's vested account balance. Loan transactions are treated as transfers between the investment accounts and the loan accounts. The maximum loan term is generally five years, unless the loan funds are used to purchase a primary residence. The loans are collateralized by the balances in the participants' accounts. The loans bear interest rates ranging from 5.25% to 9.50% for loans outstanding as of December 31, 2022 and 2021, which are commensurate with local prevailing rates as determined periodically by Principal. Principal and interest is paid ratably. The payments will be repaid through payroll deductions. The amount of loans outstanding was \$117,333 and \$158,419 as of December 31, 2022 and 2021, respectively. In the event of default, such loans are reportable to plan participants as taxable income but remain outstanding and continue to accrue interest until they are repaid by the plan participant or the participant becomes eligible to receive a distribution under the terms of the Plan. A loan will be considered to be in default if a scheduled loan repayment is not received by Principal within 90 days after it is due.

Hardship Distributions

Distributions will be deemed an immediate and heavy financial need for the following reasons, which make the participant eligible for a hardship distribution:

- Expenses for medical care, as defined under the Internal Revenue Code (the IRC) Section 213(d).
- Costs directly related to the purchase of a principal residence for the employee.
- Qualified education expenses, as defined under the IRC Regulation Section 1.401(k)-1.
- Payments necessary to prevent eviction from or foreclosure on the employee's principal residence.
- Burial or funeral expenses for the employee's deceased parents, spouse, children or dependents.
- Expenses for the repair of damage to the employee's principal residence, as defined under the IRC Section 165.

Plan Termination

Although they have not expressed any intent to do so, the Employers have the right under the Plan to discontinue its operations at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, the Plan provides that the amounts credited to the accounts of each member will be nonforfeitable and the plan trustee will either (a) continue to administer the trust fund and pay account balances in accordance with a stipulated agreement until the trust fund has been liquidated, or (b) distribute the assets remaining in the trust fund to the members, inactive members and beneficiaries in proportion to their respective account balances.

Enacted Legislation

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts and disclosures. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred. Delinquent participant loans are reclassified as distributions based on the terms of the plan documents. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Investment Valuation and Income Recognition

Except for certain contracts held by Principal that are described in Note 5, which are reported at contract value, the Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are

recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest and dividend income are recognized on the accrual basis of accounting. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Administrative Expenses

The Plan's administrative expenses may be paid by the plan participants or the plan sponsor. Substantially all of the Plan's administrative expenses have been paid by the plan sponsor.

Payment of Benefits

Benefit payments to participants are recorded upon distribution. As of December 31, 2022 and 2021, no amounts were allocated to the accounts of participants who had elected to withdraw from the Plan but had not yet been paid.

3. Investment Information Certified by the Plan's Custodian and Insurance Company

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net (depreciation) appreciation in fair value of investments, interest and dividends for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal, the Plan's custodian, and PLIC, the Plan's insurance company. This information has not been audited by the Plan's independent auditors.

	<u>2022</u>	<u>2021</u>

4. Fair Value Measurement

In accordance with the accounting standards for fair value measurement for those assets and liabilities that are measured at fair value on a recurring basis, the Plan has categorized its applicable financial instruments into a required fair value hierarchy. The fair value hierarchy

SHARE OUR STRENGTH 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS For the Years Ended December 31, 2022 and 2021

4. Fair Value Measurement (continued)

gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure the financial instruments fall within different levels of the hierarchy, the categorization is based on the lowest-level input that is significant to the fair value measurement of the instrument.

Applicable financial assets and liabilities are categorized based on the inputs to the valuation techniques as follows:

Level 1 – Inputs based on quoted prices (unadjusted) in active markets for identical assets or liabilities accessible at the measurement date.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Unobservable inputs for the asset or liability and significant to the fair value measurement.

The asset and liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2022 and 2021.

4. Fair Value Measurement (continued)

- (a) In accordance with Accounting Standards Codification Subtopic 820-10, certain investments can be measured at net asset value (NAV) per share (or its equivalent) as a practical expedient when fair value is not readily determinable, unless it is probable that the investment will be sold at something other than NAV. These investments have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

The Plan used the following method and significant assumption to estimate fair value for assets recorded at fair value:

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Investments in these mutual funds can be redeemed daily upon request.

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments, and the redemption notice period is applicable only to the Plan.

	Fair Value		Unfunded Commitments	Redemption Frequency If Currently Eligible	Redemption Notice Period

Pooled separate accounts – These accounts include:

- a) A large cap U.S. equity fund, which is generally composed of investment options that invest in stocks, or shares of ownership, in large companies in the U.S. This class of investments seeks long-term growth of capital.
- b) Small cap U.S. equity funds, which are generally composed of investment options that invest in stocks, or shares of ownership, in companies in the U.S. This class of investments seeks long-term growth of capital.
- c) A bond market fund, which is generally composed of debt issues with maturities of one year or more, including government securities, corporate securities, and asset-backed and mortgage-backed securities.

NOTES TO FINANCIAL STATEMENTS For the Years Ended December 31, 2022 and 2021

4. Fair Value Measurement (continued)

Common collective trusts – These accounts include:

- a) A large cap growth fund, which emphasizes investment in companies that have potential for above-average and sustainable rates of earnings growth. This class of investments seeks to provide superior long-term, risk-adjusted returns by investing primarily in a diversified portfolio of the equity securities of large US companies.
- b) A mid cap value fund, which uses a value investment strategy that looks for companies that its investment advisor believes are under-valued at the time of purchase. This class of investments seeks long-term growth through investment in a diversified portfolio of equity securities of domestic and foreign companies across the capitalization spectrum with a focus on mid cap securities.
- c) A bond market fund, which is an actively managed strategy that seeks to add more than 150 basis points of annualized gross excess return over a broad market U.S. fixed income index over a full market cycle (three to five years). This strategy seeks diversified, sustainable sources of excess return with manageable downside risks, emphasizing relative-value based sector allocation, research-based subsector and security selections, as well as duration, yield curve, and currency management.
- d) An international equity fund, which seeks capital appreciation by investing in the Fidelity Institutional AM International Core CIT (“Underlying Fund”). The Underlying Fund has a broad geographic equity mandate to invest in an equity portfolio of mostly non-US. companies. It is managed on the belief that earnings drive stock prices and high-quality growth companies are consistently undervalued by the market due to the common misconception that all companies’ returns on invested capital, return on investment, or earnings, must “revert to the mean” over time.
- e) A small cap value fund, which seeks to deliver capital appreciation through investing in value-oriented common stocks of small-sized U.S. companies.

5. Investment Contract with Insurance Company

Contract Information

The Plan has a benefit-responsive investment contract with PLIC totaling \$2,970,574 and \$3,098,245 at December 31, 2022 and 2021, respectively. PLIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. PLIC is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

SHARE OUR STRENGTH 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS For the Years Ended December 31, 2022 and 2021

5. Investment Contract with Insurance Company (continued)

Contract Information (continued)

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Events

Certain events limit the Plan's ability to transact at contract value with PLIC. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan); (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; (d) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; or (e) premature termination of the contract. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with the Plan's participants, is probable.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

Contract Value

This contract meets the fully benefit responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent upon the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

6. Income Tax Status

The plan administrator is currently not required to submit the plan to the Internal Revenue Service (IRS) for determination as it is a Prototype Non-standardized Profit Sharing Plan per opinion letter dated March 31, 2014. In September 2022, the plan administrator adopted the updated prototype plan document, which is covered by an opinion letter dated June 30, 2020.

NOTES TO FINANCIAL STATEMENTS For the Years Ended December 31, 2022 and 2021

6. Income Tax Status (continued)

The plan administrator and the Plan's tax advisors believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Generally accepted accounting principles requires the Plan's management to evaluate the Plan's uncertainty in income taxes and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Party-in-Interest and Prohibited Transactions

Certain investment options of the Plan are funds sponsored by the custodian and insurance company. Transactions involving these investments are considered to be party-in-interest transactions for which a statutory exemption exists. Other transactions that may be considered party-in-interest transactions relate to normal management and administrative services and the payment of expenses related thereto. The Plan extends loans to participants who are considered parties-in-interest, therefore, these transactions qualify as party-in-interest transactions.

No prohibited transactions that are required to be reported on Schedule G of the federal Form 5500 occurred during the years ended December 31, 2022 and 2021. However, the Plan Sponsor failed to transmit certain participant contributions to the Plan within the time period prescribed in 29 CFR 2510.3-102 during the years ended December 31, 2022 and 2021.

The amount required to be reported on Schedule H, Part IV, Line 4a, of the federal Form 5500 was \$1,236,119 and \$2,957 for the years ended December 31, 2022 and 2021. The remaining lost earnings for the 2022 and 2021 late remittances have been calculated and submitted to the Plan's custodian in August 2023 for funding to the Plan.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investments securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Subsequent Events

In preparing the financial statements, the Plan has evaluated events and transactions, for potential recognition or disclosure, through September 27, 2023, the date the financial statements were available to be issued. Except as noted at Note 7 regarding correction of late remittances, there were no subsequent events that require recognition or disclosure in these financial statements.
