REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS**Trustees**

Avalon Holdings Corporation Participating Companies
Profit Sharing Plan and Trust

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Avalon Holdings Corporation Participating Companies Profit Sharing Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to the Financial Statements
December 31, 2022 and 2021

NOTE 1 – DESCRIPTION OF PLAN

The Avalon Holdings Corporation Participating Companies Profit Sharing Plan and Trust (the “Plan”), which is sponsored by Avalon Holdings Corporation and its participating subsidiaries (the “Company”), is a defined contribution plan, which was established under applicable sections of the Internal Revenue Code (the “Code”). The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

Administration - The Retirement Committee of the Company, which is currently composed of employees of the Company, is responsible for the administration of the Plan and carrying out the provisions thereof. Retirement Committee members are appointed by the Company. The Plan Administrator is currently the Chairman of the Retirement Committee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

First National Trust Company (“FNTC”) is the Trustee of the Plan. FNTC has employed Standard Retirement Services, Inc. (“Standard”) to act as a third party administrator for the Plan and Reliance Trust Company (“Reliance”) to act as custodian of all Plan investments with the exception of the Avalon Holdings Corporation common stock which is held by FNTC (Reliance and FNTC to be collectively referred to as the “Trustees”).

All administrative expenses necessary to administer the Plan are paid by the Plan or the Company, as provided by the Plan document.

Participation – Participation in the Plan requires attaining age 21, one year of service with the Company and a minimum of 1,000 hours worked during that year. Once eligibility is attained, the participant is enrolled in the Plan on the next enrollment date of January 1, April 1, July 1 or October 1. In addition, certain groups of employees are excluded from participation in the Plan, although such employees who meet the enrollment requirements are included in the qualification testing of the Plan.

Contributions - Contributions under the Plan may be made by both the Company and the participants. Company contributions may be made from time to time in an amount determined by the Board of Directors of the Company subject to a maximum amount imposed by the Code. Company contributions are only made in the form of cash and are invested in the available funds based on the participants’ election. The Board of Directors elected not to make discretionary Company contributions for the year ended December 31, 2022.

Company contributions become 20% vested after one year of service and vesting increases 20% for each year thereafter with 100% vesting attained after five or more years of service.

Plan participants may elect to contribute up to 100% of their annual compensation to the Plan subject to a maximum amount imposed by the Code. Such elections may be changed as often as every 30 days. In addition, participants may contribute or transfer certain balances distributable from other plans which would qualify for rollover treatment under the Code. Contributions made by participants are always 100% vested, and are invested in the available funds based on the participant's election.

Contributions received from participants for 2022 have been reduced by \$24,249, refunded in March 2023, to return excess deferral contributions to certain active participants in order to satisfy the relevant nondiscrimination provisions of the Plan.

Forfeitures - Non-vested contributions (including investment gain or loss thereon) which are forfeited due to termination of employment can be used as part of future Company contributions when such contributions are made. If no Company contributions are made, forfeitures will be distributed to participants on a pro rata basis. The balance of the non-vested forfeiture account at both December 31, 2022 and 2021 was \$0.

Notes receivable from participants - Participants who are actively employed by the Company can elect to borrow up to 50% of the vested balance of their plan account or \$50,000, whichever is less. Loans made to participants may not exceed \$50,000 reduced by the amount of the highest outstanding loan balance they have had during the preceding 12 months. Loan interest is charged at a fixed rate equal to the prime rate at the time of the loan, plus one percent. The term of the loan can be no more than five years except if the loan is used to purchase a principal residence in which case the term of the loan can be up to 30 years. Loans, which will be drawn pro-rata from the participant's investment funds other than the Avalon Holdings Corporation Stock Fund, will be deducted from the participant's account for the purpose of allocating investment fund net gain or loss. Principal and interest repayments are made monthly by payroll deduction and are credited to the participant's account and re-invested based on the investment election that is in effect at the time. Prepayment of the total balance of an outstanding loan can be made at any time without penalty. Only one loan per participant can be in effect at any time. The interest rate on outstanding loans at both December 31, 2022 and 2021 ranged from 4.25% to 6.50%.

Withdrawals - The balance of a participant's individual account is payable upon retirement, disability or death. Employees who have attained age 59-1/2 or employees who can demonstrate a financial hardship can also apply to make withdrawals from their individual plan account. Distributions in lump sum cash are the normal form of distribution under the Plan.

Participants who terminate employment with the Company are required to take a lump sum cash distribution if their plan account balance is not greater than \$1,000. If the participant's account balance is greater than \$1,000 but less than \$5,000, the participant is required to withdraw the vested portion of his/her account balance. If the participant elects not to withdraw the vested portion of his/her account balance, the vested portion of the participant's account balance will be rolled into an individual retirement account ("IRA") for the participant at TD Ameritrade in the participant's name. In the event of termination of employment, only the vested portion of the participant's account balance can be withdrawn, while the non-vested portion becomes forfeitable under the provisions of the Plan. Participants who terminate employment with the Company and have a balance of \$5,000 or greater may continue to be a participant in the Plan, but can no longer make contributions to their account, be eligible for a participant loan or be eligible for any Company discretionary contribution.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings and losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled are the benefits that can be provided from the participant's vested account.

Termination of the Plan - Although the Board of Directors of the Company (the “Board”) has not expressed any intent to do so, the Board has the right under the Plan to discontinue Company contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event the Plan is terminated, all amounts credited to the accounts of participants will become 100% vested and all participants will receive all amounts credited to their accounts.

Avalon Holdings Corporation Stock Fund – Plan participants are not able to purchase Avalon Holdings Corporation (“Avalon”) stock as an investment. The plan participants invested in the Avalon Holdings Corporation Stock Fund are only able to sell the Avalon stock for alternate investment options or withdrawal upon termination of employment. The fair value of the Avalon Holdings Corporation Stock Fund held by plan participants was \$3,087 at December 31, 2022 and \$4,033 at December 31, 2021.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition - Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recognized as earned. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

Use of estimates - The preparation of financial statements in conformity with accounting principals generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of changes in assets available for benefits during the reporting period. Actual results could differ from those estimates.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN TRUSTEES

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule, which was prepared by the Trustees and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustees that such information is complete and accurate:

- Cash and Investments at fair value on the Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021.
- Investment income (loss) on the Statement of Changes in Net Assets Available for Benefits, for the year ended December 31, 2022.
- Schedule of Assets (Held at End of Year) as of December 31, 2022, except for notes receivable from participants of \$34,450.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except in comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 – FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board (“FASB”) guidance regarding fair value measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the FASB guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. At December 31, 2022 and 2021, the Plan did not hold any Level 2 or Level 3 assets.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: Valued at the net asset value (“NAV”) of shares held by the Plan at year end based on the closing price reported on the active market on which the individual securities are traded.

Common Trust Funds: Valued based on the NAV per unit as determined by Reliance Trust Company on the last business day of the Plan year. All investments in this category can be redeemed daily, have a daily redemption notice period and have no unfunded commitments.

The fair value of these investments are determined by reference to the respective fund’s underlying assets, with Reliance Trust Company specifying the source(s) to use for the underlying investment prices. The investments underlying these funds primarily include a combination of fixed income and equity securities.

Avalon Holdings Corporation Common Stock: Value based on quoted market prices.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2022 and 2021.

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 5,826,296	\$ -	\$ -	\$ 5,826,296

* Certain investments are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient and have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to amounts presented in the Statements of Net Assets Available for Benefits.

NOTE 5 – RELATED PARTY TRANSACTIONS

The Plan's investments include common trust funds which are managed by one of the trustees of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 6 - TAX STATUS

Effective October 1, 2007, the Company adopted a non-standardized prototype plan sponsored by Standard. The Plan has not received a determination letter from the Internal Revenue Service ("IRS") specific to the Plan itself; however, Standard, has received an opinion letter, dated March 31, 2014, from the IRS on its prototype plan. The Company does not intend to request a determination letter specific to the Plan from the IRS. The plan administrator believes that the Plan is currently being operated in compliance with the applicable provisions of the Code and, therefore, no taxes have been provided on Plan earnings.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 8 – SUBSEQUENT EVENTS

The plan has evaluated subsequent events through September 27, 2023, the date the financial statements were available to be issued. The Plan is not aware of any subsequent events which require disclosure in the financial statements.
