Plan Participants and Retirement Plan Committee
Alpha, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Alpha, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter—Plan Merger

As discussed in Note 9 to the financial statements, the Board of Directors of Alpha, Inc., the Plan's sponsor, voted on October 19, 2021, to merge the American Nutrition, Inc. 401(k) Plan into the Plan effective January 1, 2022. All plan assets were transferred to the Plan on January 3, 2022, and January 14, 2022. Our opinion has not been modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules, schedule H, line 4a—schedule of delinquent participant contributions for the year ended December 31, 2022, and schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Alpha, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of Alpha, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all full-time employees of Alpha, Inc. (the Plan Sponsor), Lortscher Agri-Service, Incorporated, and American Nutrition, Inc. (collectively, the Company). Effective January 1 2022, the Plan name was changed from C.J. Foods, Inc. 401(k) Retirement Plan to Alpha, Inc. 401(k) Plan and the Plan Sponsor name was changed from C.J. Foods, Inc. to Alpha, Inc. The Retirement Plan Committee is responsible for oversight of the Plan. The Retirement Plan Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

As discussed in Note 9, effective January 1, 2022, the American Nutrition Inc. 401(k) Plan was merged into the Plan.

Eligibility: Employees of the Company are eligible for the 401(k) savings feature of the Plan after they have completed 30 days of continuous service and are age 18 or older. Employees who are participating in the Plan are eligible for an employer safe harbor matching contribution and employer discretionary contributions after 12 months of continuous service. Plan entrance dates are the first day of each month following meeting the eligibility requirements.

Contributions: Participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan. Participants are also permitted to contribute Roth after-tax deferrals to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Plan document also includes an automatic deferral feature whereby a participant is treated as electing to defer a percentage of eligible compensation unless the participant made an affirmative election otherwise. For the year ended December 31, 2022, the automatic deferral percentage was 3%. The deferral percentages for eligible participants increase by 1% each January 1 until their deferral percentage reaches 10%.

The Company makes a safe harbor matching contribution of up to 8% of the participant's pretax annual compensation, as defined in the Plan. The Company may also elect to make discretionary contributions. The Company did not make any discretionary contributions for the year ended December 31, 2022.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Investment options: Upon enrollment in the Plan, a participant may direct all contributions to selected investments as made available and determined by the Plan Administrator in 1% increments. Participants may change their investment options daily.

Participant accounts: Each participant's account is credited with the participant's contributions and the Company's safe harbor matching contribution, as well as allocations of any discretionary contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures: Forfeitures are used to reduce future employer contributions or pay Plan expenses. During the year ended December 31, 2022, \$55,748 and \$2,135 of forfeitures were used to reduce employer contributions and pay Plan expenses, respectively. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$7,120 and \$9,577, respectively.

Alpha, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Vesting: Participants are vested immediately in their contributions and the employer safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary contributions portion of their account is based on years of continuous service, according to the following schedule. A participant is 100% vested after six years of credited service.

Years of service:

Less than 1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Regardless of the vesting schedules above, participants who previously participated in the Lortscher Agri Service Inc. 401(k) Plan, that merged into the Plan effective January 1, 2020, will be subject to the following vesting schedule for employer contributions previously made into the Lortscher Agri Service Inc. 401(k) Plan.

Years of service:

Less than 1	0%
2	25%
3	50%
4	75%
5	100%

Regardless of the vesting schedules above, participants who participated in the American Nutrition, Inc. 401(k) Plan, that merged into the Plan effective January 1, 2022, are vested immediately in their contributions and employer contributions, plus actual earnings thereon that were made into the American Nutrition, Inc. 401(k) Plan.

Payment of benefits: The Plan permits withdrawals when a participant terminates employment, reaches retirement age, or becomes disabled or deceased. If the balance of a terminated participant's account does not exceed \$1,000, the participant will receive a lump sum payment in the absence of other instructions. If the participant's account balance exceeds \$1,000 but does not exceed \$5,000 then the Plan will distribute the funds to an individual retirement account if the participant did not make an affirmative election to either receive a distribution or rollover the distribution. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59½. Benefits are payable in lump-sum payments with certain exceptions allowed.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The number of loans a participant may have outstanding at one time is two. Loan terms of the notes cannot exceed five years, unless the note receivable is for the purchase of the employee's principal residence. The notes are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan Administrator at the time of the loan. These rates ranged from 3.25% to 10.25% on outstanding loans, maturing through July 2051, at December 31, 2022. Principal and interest are paid ratably through payroll deductions.

Alpha, Inc. 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value, except for the unallocated investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment trustee and custodian. See Note 4 for discussion of fair value measurements.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement for the portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect participant account balances and the amounts reported in the 2022 statement of net assets available for benefits.

Notes receivable: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make the scheduled repayments and the Plan Administrator deems the participant to be in default, the participant's note receivable is reduced and a benefit payment is recorded based on the terms of the Plan. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in supplemental schedule, schedule H, line 4i—schedule of assets (held at end of year).

Payment of benefits: Benefit payments to participants are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain record-keeping fees paid by the Plan. Investment-related expenses are included in net depreciation of fair value of investments.

Alpha, Inc. 401(k) Plan

Notes to Financial Statements

Note 3. Information Certified by Trustee and Custodian

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified by Empower Trust Company, LLC (formerly named Great-West Trust Company, LLC), the trustee of the Plan and Great-West Life & Annuity Insurance Company, the custodian of certain investments, of the Plan. The Plan Administrator has obtained a certification from the trustee that information provided to the Plan Administrator by the trustee as of and for the year ended December 31, 2022 related to the following assets is complete and accurate. The Plan Administrator has obtained certifications from the trustee and the custodian that information provided to the Plan Administrator by the trustee and custodian of certain investments as of December 31, 2021 related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and ERISA-required supplemental schedules related to the following assets:

	December 31	
	2022	2021
Investments, at fair value:		
Mutual funds	\$ 38,388,414	\$ 17,005,556
Common/collective trust	1,685,224	-
Investments, at contract value:		
Unallocated investment contract	-	313,594
Notes receivable from participants	2,093,972	347,465

The trustee also certified to the completeness and accuracy of \$10,149,498 of net depreciation in fair value of investments, \$1,964,506 of interest and dividends related to the aforementioned assets, and \$71,997 of interest income on notes receivable from participants for the year ended December 31, 2022.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Alpha, Inc. 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 or 2021.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust: The common/collective trust is valued based on NAV of the units of the common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 38,388,414	\$ -	\$ -	\$ 38,388,414
Common/collective trust (a)				1,685,224
Total investments at fair value				\$ 40,073,638

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 17,005,556	\$ -	\$ -	\$ 17,005,556

(a) In accordance with Fair Value Measurement topic, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line item presented in the statement of net assets available for benefits.

Note 4. Fair Value Measurements (Continued)

The following table summarizes investments for which fair value is estimated using the NAV per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption noticed period is applicable only to the Plan.

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2022	2021			
Common/collective trust	\$ 1,685,224	\$ -	\$ -	Immediate	None

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2022, there were no significant transfers in or out of Level 3.

Note 5. Unallocated Investment Contracts

As of December 31, 2021, the Plan had a fully benefit-responsive unallocated investment contract with Great-West Life & Annuity Insurance Company (Great-West) in 2021. As of December 31, 2021, Great-West maintained the contributions in the Fixed Account—Series Class VI. The Fixed Account—Series Class VI met the fully benefit-responsive investment contract criteria and, therefore, was reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Great-West was contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The unallocated investment contract did not permit the insurance company to terminate the agreement prior to 30 days' written notice.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contract was dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) the Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code, (2) premature termination of the contracts, (3) Plan termination or merger, (4) changes to the Plan's prohibition on competing investment options or (5) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations. The Plan Administrator does not believe that the occurrence of any events that would limit the Plan's ability to transact at contract value with participants was probable of occurring.

No events were probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Notes to Financial Statements

Note 5. Unallocated Investment Contracts (Continued)

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation or (4) a material amendment to the agreement without the consent of the issuer.

Note 6. Related-Party Transactions and Party-in-Interest Transactions

The Plan invests in mutual funds, a common/collective trust and an unallocated investment contract managed through Empower Trust Company, LLC, the trustee, of the Plan. The trustee is a subsidiary of Empower Retirement, the record keeper of the Plan. These transactions qualify as party-in-interest transactions. Fees paid by the Plan for custodial and record keeping amounted to \$106,561 for the year ended December 31, 2022.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 8. Tax Status

The Plan adopted a nonstandard form of a prototype plan sponsored by Empower Retirement. The prototype plan has received an opinion letter from the Internal Revenue Service dated June 30, 2020 as to the prototype plan's qualified status. The prototype opinion letter has been relied upon by this Plan. Although the Plan has been amended since the prototype plan received the opinion letter, the Plan Administrator believes the Plan is designed, and is being operated, in compliance with the applicable provisions of the Internal Revenue Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Plan Merger

Effective January 1, 2022, the Board of Directors of the Plan Sponsor approved the merger of the American Nutrition Inc. 401(k) Plan into the Plan. American Nutrition, Inc. is a wholly owned subsidiary of Alpha, Inc. All participants of the American Nutrition Inc. 401(k) Plan became participants of the Plan effective January 1, 2022. Legal title and responsibility of net assets of \$36,574,179, which includes \$1,237,599 of note receivable from participants, were transferred into the Plan during the year ended December 31, 2022.

Note 10. Prohibited Transactions

During the year ended December 31, 2022, the Company inadvertently failed to timely deposit \$500,009 of participant deferrals within the required time frame as stated by the DOL's regulations. Lost earnings related to this late deposit will be calculated and remitted into the Plan in 2023. The Company will file a Form 5330 and pay the applicable excise tax to the IRS in 2023. The lost earnings and excise tax payments will be made from the Company's assets and not from assets of the Plan.
