Retirement Savings Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Retirement Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the comprehensive Plan Document for a more complete description of the Plan’s provisions.

General

The Plan was adopted effective November 1, 2022 (“Plan Inception”) by DuPont Polymer Products, LLC (the “Company” or “Employer”) who is the sponsor of the Plan. The Plan is a defined contribution plan covering substantially all employees of the Company, except for leased temporary employees. Eligible employees may participate in the plan upon hire. There is no age requirement to enter the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Trustee and Administration of the Plan

The trustee and recordkeeper of the Plan is Bank of America, N.A. (the “Trustee”). The administrator of the Plan is the Benefits Plans Administrative & Investment Committee. The trustee holds all assets of the Plan in accordance with the service provider contract with the Company. The Benefits Plans Administrative & Investment Committee determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute up to 90% of eligible compensation, as defined in the Plan. Salary deferral agreements shall be made, terminated, or changed according to procedures and limitations set up by the Plan Administrator and the Plan Document. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan also allows for Roth and after-tax contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan allows in-Plan Roth rollover contributions.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Automatic enrollment deferral contributions are increased by 1% each year subsequent to enrollment up to 15%.

The Company contributes a Safe Harbor employer matching contribution of 100% of the first 6% of eligible compensation that a participant contributes to the Plan annually. The Company may also make a non-elective discretionary contribution to the Plan of 3% of eligible compensation. Non-elective discretionary contributions were made for the period from plan inception to December 31, 2022.

Contributions are subject to certain Internal Revenue Service (“IRS”) limitations.

Notes to Financial Statements

Investment Options

The Plan currently offers various investment options for participants to direct their investments. Participants may allocate their before and after-tax savings deductions and Company contributions among the various mutual fund and common/collective trust investment options at their discretion.

Participant Accounts

Each participant's account is credited with the participant's contributions, Employer non-elective and Safe Harbor matching contributions, and an allocation of net Plan earnings or losses. Participant accounts are charged with an allocation of plan expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which participants are entitled is the vested portion of their accounts.

Vesting

Participants are fully vested at all times in their contributions and Safe Harbor matching contributions, plus actual earnings thereon. Participants become fully vested in the Company non-elective contribution after three years of service. Participants contributions are fully and immediately vested in the event of a participant's death, disability, or retirement (age 65).

Payment of Benefits

A participant's entire interest in the Plan is payable upon death, attainment of normal retirement age, becoming disabled, as defined, or termination of service. A participant may elect to receive a lump-sum amount equal to the vested portion of the participant's account, or annual installments. Participants may elect to rollover their vested balance to another qualified retirement plan or IRA. Immediate lump-sum distributions may be made to terminated participants if the participant's vested account balance is \$1000 or less. For amounts greater than \$1,000 but less than \$5,000, the Plan may automatically rollover the amounts into a IRA.

In-service withdrawals from the Plan may also be made upon circumstances of financial hardship from pre-tax and Roth elective deferrals only, in accordance with provisions specified in the Plan. Participants may also withdraw an amount at age 59½ if certain criteria are met. The Plan also provides for qualified reservist distributions and for participants to take distributions from rollover contributions at any time.

Participants are limited to 3 distributions during a plan year.

Forfeitures

The Plan provides that forfeitures of nonvested accounts, if any, shall be applied to reduce Plan expenses and to reduce Company contributions. There were \$1,833 in forfeited nonvested accounts as of December 31, 2022. In 2022 there were no forfeitures that were used to reduce Company contributions or to pay for Plan expenses.

Notes to Financial Statements

Notes Receivable from Participants

Participants are permitted to borrow a minimum of \$1,000 of their vested benefits under the Plan. Participants may borrow up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000, reduced by the highest outstanding loan balance in their account during the prior 12-month period. Loans are secured by the participant's account and bear an interest rate at the prime rate plus 1% or at local prevailing rates as determined by the Plan Administrator, which would be made under similar circumstances and is fixed for the term of the loan. The notes are repaid ratably through payroll deductions over a period of five years or less, unless used to purchase a principal residence up to 10 years. Loans are limited to two loans outstanding at one time. These loans are subject to certain restrictions as defined by the Plan Document and applicable restrictions under the Internal Revenue Code ("IRC"). Initiation fees associated with loans are deducted from the individual participant loans.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Benefits Plans Administrative & Investment Committee determines the Plan's valuation policies utilizing information provided by its investment advisers and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued unpaid interest. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. Interest income is recorded on the accrual basis. Initiation fees associated with loans are deducted from the individual participant loans.

Retirement Savings Plan

Notes to Financial Statements

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Excess Contributions

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2022 excess contributions to the applicable participants prior to March 15, 2023.

3. Certified Investment Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year), including investments and notes receivable from participants held at December 31, 2022, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the period from Plan Inception to December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Bank of America, N.A., a qualified institution.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

Retirement Savings Plan

Notes to Financial Statements

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are considered to be actively traded and are classified as Level 1.

Common/Collective Trusts ("CCTs"): Common/collective trusts are valued at the NAV of units held. The NAV, as provided by the trustee of the CCTs, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the CCT less its liabilities. This practical expedient is not used when it is determined to be probable that the CCTs will sell for an amount different than the reported NAV. The CCTs provide for daily redemptions by the Plan at reported NAV with no advance notice. There are no unfunded commitments related to these investments. These are direct filing entities.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

<i>December 31, 2022</i>	<i>Total</i>	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>
Mutual funds	\$ 5,145,508	\$ 5,145,508	\$ -	\$ -
Total	5,145,508	\$ 5,145,508	\$ -	\$ -
Investments measured at NAV	35,677,253			
Total Investments, at fair value	\$ 40,822,761			

5. Related Party and Party-in-Interest Transactions

Fees are paid by Plan participants to the Trustee for administrative services. Certain administrative functions are performed by officers or employees of the Plan Sponsor who may also be participants in the Plan. No such officer or employee receives compensation from the Plan. These transactions qualify as party-in-interest transactions permitted under the provisions of ERISA. Notes receivable from participants are also considered exempt party-in-interest transactions.

Retirement Savings Plan

Notes to Financial Statements

6. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

7. Plan Termination

The Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. While the Plan Sponsor has not expressed any intent to terminate the Plan, it is free to do so at any time. In the event the Plan is terminated, all participants become vested and the distribution of balances will be made based upon the valuation of the participants' accounts.

8. Tax Status

The Plan uses a pre-approved plan document sponsored by Merrill Lynch Pierce Fenner & Smith Inc. Merrill Lynch Pierce Fenner & Smith Inc received an opinion letter from the IRS, dated June 30, 2020 which states that the pre-approved plan document, as then designed, satisfies the applicable provisions of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

9. Subsequent Events

The Plan has evaluated subsequent events through September 8, 2023. Based on this evaluation, no material events were identified that would require adjustment or disclosure in these financial statements.
