Independent Auditor's Report

Plan Administrator and Plan Management
Emerald Transformer 401(k) Plan
McKinney, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Emerald Transformer 401(k) Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Emerald Transformer 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Emerald Transformer 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Emerald Transformer 401(k) Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Emerald Transformer 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Emerald Transformer 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Emerald Transformer 401(k) Plan

Notes to Financial Statements December 31, 2022 and 2021

Note 1: Description of the Plan

The following description of Emerald Transformer 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan Administrator. The Plan was created on July 1, 2019.

General

The Plan is a defined-contribution plan sponsored by VPG Transformers Group, LLC (VPG) for the benefit of its employees. The Plan is for the benefit of VPG, its subsidiaries, and certain related entities under common control. The Companies participating in the Plan are listed below. All of these employers are collectively known as the Companies.

- Transformer Decommissioning, Inc.
- Florida Transformer, Inc.
- Transformer Gaskets & Components, LLC
- Environmental Management Utility Services, LLC
- Copper State Petroleum, LLC
- Emerald Transformer Mississippi, LLC
- Emerald Transformer Los Angeles, LLC
- Emerald Transformer PPM, LLC

This Plan is for the benefit of the Companies' employees who have at least three months of service and are age 21 or older. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Automatic Data Processing, Inc. Retirement Services (ADP) served as the Plan's recordkeeper through December 31, 2022. Reliance Trust Company (Reliance) serves as the trustee of the Plan. See below for changes to the Plan's recordkeeper and Plan trustee.

The Board of Directors elected to transfer administration of the Plan to Transamerica Retirement Solutions (Transamerica) effective January 1, 2023. The transfer initiated a blackout period beginning December 12, 2022 and ending February 2, 2023. During this period, participants were unable to direct, diversify or withdraw the assets held in their accounts. The Plan's investments liquidated to an interest-bearing cash account on December 30, 2022 and were deposited to Transamerica and reinvested on January 4, 2023. The prototype Plan Document was amended, effective November 1, 2022, to be under the non-standardized prototype plan document sponsored by TAG Resources, LLC, however, this prototype document was not effective until January 1, 2023.

Emerald Transformer 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

Contributions

The Plan permits eligible employees through a salary deferral election to have the Companies make annual contributions up to 90% of eligible compensation limited to the total contributions allowed by law. Employee rollover contributions are also permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Companies make matching contributions of 50% of participants' elective deferrals on eligible compensation, inclusive of any catch-up contributions, if applicable, limited to 6% of eligible compensation, subject to IRS limits. The matching contributions are calculated each payroll period with an annual true-up contribution being calculated. Other discretionary contributions may be made at the elections of the Companies' Board of Directors. Contributions are subject to certain limitations.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing his contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Companies' contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Companies' contribution portion of their accounts plus earnings thereon is based on years of credited service. Vesting in the Companies' contribution portion of their accounts plus earnings thereon is based on years of continuous services. A participant is fully vested after one year of credited service. The nonvested balance is forfeited upon termination of service. Forfeitures may be used to pay Plan expenses or reduce the Companies' contributions.

Payment of Benefits

Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of his account. Terminated participants with account balances less than \$5,000 will be automatically distributed for force-out rules provided by the Plan. Withdrawals other than for termination are permitted under certain circumstances provided by the Plan.

Emerald Transformer 401(k) Plan

Notes to Financial Statements December 31, 2022 and 2021

Forfeited Accounts

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$0 and \$1,145, respectively. These accounts could be used to reduce future Companies contributions. During the years ended December 31, 2022 and 2021, forfeitures of \$1,720 and \$4,595, respectively, were used to reduce the Companies' contributions.

Notes Receivable From Participants

Participant loans are not allowed by the Plan.

Plan Termination

Although it has not expressed an intention to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Mutual funds were valued at the (NAV) of shares held by the Plan at year end. Investments held at December 31, 2022 consisted of interest-bearing cash held at cost basis.

The Plan's interest in the common collective trusts were valued at net NAV based upon information reported by the trustee and using the audited financial statements of the common collective trust. Funds within the common collective trusts were valued at NAV per share utilizing the practical expedient. Participant transactions may occur daily and there were no unfunded commitments. If the Plan initiated a full redemption of the collective trusts, the issuer reserved the right to require twelve months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Emerald Transformer 401(k) Plan

Notes to Financial Statements December 31, 2022 and 2021

Plan Tax Status

The Plan operated under a nonstandardized adoption agreement in connection with a prototype retirement plan and trust document sponsored by ADP, LLC. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. The Plan has been amended since the prototype has received its favorable opinion letter. However, the Plan Administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Companies or the Plan, at the Companies' discretion.

Note 3: Certification of Plan Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance, a qualified institution, has certified the following information included in the accompanying financial statements and ERISA-required supplemental schedule of assets held at end of year is complete and accurate:

- Investments at fair value as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2022 and 2021
- Investment (loss) income as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule. Investments in interest-bearing cash as shown in the statement of net assets available for benefits and related disclosures, including the accompanying schedule of assets (held at year end) as of December 31, 2022 was not certified, but was subjected to audit procedures. Interest-bearing cash was held by the Plan due to the transfer to Transamerica as described in Note 1.

Note 4: Disclosures About Fair Value of Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Recurring Measurements

The following table presents the fair value measurements of the assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2021. No assets were held by the Plan at fair value at December 31, 2022.

	Fair Value	2021 Fair Value Measurements Using	
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
Mutual funds	\$ 1,782,220	\$ 1,782,220	\$ -
Common Collective Trust	519,596	-	519,596
Total assets in fair value hierarchy	2,301,816	\$ 1,782,220	\$ 519,596
Investments measured at net asset value (A)	3,678,974		
Investments at fair value	\$ 5,980,790		

- (A) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits. There are no participant redemption restrictions for these investments. A daily redemption period exists and there is a required 15-day notice for significant redemptions.

Emerald Transformer 401(k) Plan

Notes to Financial Statements December 31, 2022 and 2021

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2022. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. The Plan determined that valuation measurement inputs of these equity securities required no adjustment from quoted prices in the market. As such, the Plan's investment in mutual funds reflects unadjusted quoted prices from active markets. Accordingly, the Plan classified these investments within Level 1 investments. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy and included common collective trusts. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. There are no Level 3 investments held by the Plan.

Note 5: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

The Plan paid \$4,805 and \$6,043 in recordkeeping fees to ADP during the years ended December 31, 2022 and 2021, respectively. Additionally, the Plan paid \$27,978 and \$26,576 in investment advisory fees to Raymond James Financial Service during the years ended December 31, 2022 and 2021, respectively. The Plan received expense reimbursements of \$40,089 and \$39,833 during the years ended December 31, 2022 and 2021, respectively, which offset the investment advisory fees paid. The balance in the Plan expense account transferred to Transamerica at December 30, 2022 was \$33,982. There was a balance of \$21,800 in the Plan expense account at December 31, 2021. The Company provides certain administrative services at no cost to the Plan.

Emerald Transformer 401(k) Plan

Notes to Financial Statements December 31, 2022 and 2021

Note 6: Nonexempt Transactions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. Contributions of \$272 were not remitted within the required time period for the year ended December 31, 2022. These contributions were remitted in 2023.

Note 7: Risk and Uncertainties

Investments

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8: Subsequent Events

Effective January 1, 2023, the Plan Document was amended to change the minimum age required to enroll in the Plan to age 18 and the option for participants to make Roth contributions was also added to the Plan.

Subsequent events have been evaluated through September 25, 2023, which is the date the financial statements were available to be issued.
