Independent Auditors' Report

To the Trustees of the Chicago Review Press Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Chicago Review Press Retirement and Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021 and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Chicago Review Press Retirement and Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Chicago Review Press Retirement and Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Chicago Review Press Retirement and Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Chicago Review Press Retirement and Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Chicago Review Press Retirement Savings Plan

Notes to Financial Statements Years Ended December 31, 2022 and 2021

1. Plan Description

The following description of the Chicago Review Press Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan was established on January 1, 1994. The Plan is a defined contribution plan that provides benefits to eligible employees of Chicago Review Press, Inc. (the “Company”) and its wholly owned subsidiary Triumph Books, LLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On March 27, 2020, the “Coronavirus Aid, Relief, and Economic Security (CARES) Act” was signed in to law. The CARES Act included several relief provisions available to the Plan and its participants. Plan management evaluated the provisions and adopted certain provisions related to notes receivable from participants and distributions. These amendments have not formally been adopted as of the date of the financial statements. Management will formally retroactively amend the plan prior to the statutory deadline of the end of the plan year beginning on January 1, 2025.

Eligibility

All employees of the Company, as defined, who have completed one month of service and are age 21, or older, are eligible to participate in the Plan. Participation in the Plan may begin on the first day of the month following satisfaction of the eligibility requirements.

Contributions

The Plan Provides for employee 401(k) deferral contributions up to a maximum of 99 percent of the annual pretax compensation, subject to limitations established by the Internal Revenue Code (IRC). Participants are also allowed to make after-tax Roth 401(k) contributions, which are also subject to IRC limitations.

Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Company makes a safe harbor matching contribution equal to 100 percent of each participant’s deferral contribution not to exceed 4 percent of each participant’s compensation. For purposes of calculating this safe harbor matching contribution, the participant’s compensation and deferrals will be computed for each payroll period. Each year, the employer may also make a discretionary non-elective profit-sharing contribution. Employees must be employed on the last day of the year or have worked 499 hours during the plan year in order to receive a reliable share of the discretionary contribution. No such contributions were made in 2022 or 2021.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and related employer contributions and allocations of plan earnings or losses and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Benefit Payments

Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant’s vested interest in his or her account or annual installments if the participant is subject to required minimum distributions. In-service withdrawals starting at age 59 ½ and hardship withdrawals are also permitted by the Plan. Hardship withdrawals are allowed under the provisions of the Plan and cannot exceed the amount required to meet the immediate financial need created by the hardship. The participant will be suspended from making contributions for six months after the hardship withdrawal.

Chicago Review Press Retirement Savings Plan

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid ratably through payroll deductions over a period not to exceed five years. However, if the loan is for the purchase of a principal residence, the plan administrator may permit a longer repayment term. Loans taken during the 180-day period (beginning on date of enactment) related to COVID-19 had an increased limit of the lesser of \$100,000 or 100% of participant's vested account balance. As of December 31, 2022, the interest rates and maturity on the outstanding loans ranged from 4.25% to 8.00% per annum and from 2022 to 2027, respectively.

Vesting

Participants are immediately vested in all employee deferral and employer contributions and any income or loss thereon.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$7,073 and \$6,970, respectively. Forfeited account balances can be used to pay plan expenses or used to reduce cash requirement of company discretionary contributions. No forfeitures were used to reduce employer contributions or plan expenses during the years ended December 31, 2022 and 2021.

Revenue Sharing Account

The Plan shares in investment related revenue, which Reliance Trust Company ("Reliance"), the trustee, receives from mutual funds or collective trusts attributable to the Plan assets invested in such mutual funds and trusts. The Plan receives a credit for the revenue share on a quarterly basis which is deposited into an ERISA Budget Account. The Company can use the funds in the account to pay for certain approved plan related expenses. During 2022, the total revenue share deposited into the ERISA Budget Account was \$82,781, all of which was applied to Plan administrative expenses during 2022.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of Plan income and expenses during the reporting period. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policy. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold during the year as well as held at year end.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in the administrative expenses when incurred. As of December 31, 2022 and 2021, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Chicago Review Press Retirement Savings Plan

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Company may directly pay some Plan administration expenses rather than using Plan assets to pay the expenses. To the extent the Company does not pay Plan expenses, the Plan generally will pay the expenses of Plan administration and will assess the expenses paid against the accounts of all participants in the Plan.

Subsequent Events

The Plan has evaluated subsequent events through July 31, 2023, which is the date the financial statements were available for issuance. All subsequent events requiring recognition or disclosure have been incorporated in these financial statements.

3. Fair Value Measurements

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value are defined as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the assets or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

- Mutual funds: valued using quoted market prices in an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments at fair value at December 31, 2022 are as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 10,631,683	\$ -	\$ -	\$ 10,631,683

Chicago Review Press Retirement Savings Plan

Investments at fair value at December 31, 2021 are as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 14,508,474	\$ -	\$ -	\$ 14,508,474

4. Financial Information Certified by the Trustee

The following is a summary of the information regarding the Plan as of December 31, 2022 and 2021 and for the year ended December 31, 2022, included in the Plan's financial statements and supplemental schedule, which was prepared by, or derived from information prepared by Reliance Trust Company, the trustee of the Plan, and furnished to the plan administrator. The plan administrator has obtained a certification from the trustee that such information is complete and accurate.

Information relating to investments and notes receivable from participants held by the trustee as of December 31, 2022 and 2021 is as follows:

	2022	2021
Mutual funds	\$ 10,631,683	\$ 14,508,474
Notes receivable from participants	158,330	158,309
	\$ 10,790,013	\$ 14,666,783

The following for the year ended December 31, 2022 were also certified by the trustee:

Dividend and interest income	\$ 542,207
Net depreciation in fair value of investments	\$ (2,955,384)
Interest income from notes receivable from participants	\$ 6,955

5. Tax Status

On March 31, 2014, the Internal Revenue Service ("IRS") stated that the prototype plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan's management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's management believes it is no longer subject to income tax examinations for years prior to 2019.

6. Risks and Uncertainties

The Plan invests various investment instruments. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The Plan invests in various investment securities. Such securities are subject to various risks that determine the value of the funds. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these securities, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the value of investments reported in the financial statements.

7. Related Party and Party-in-Interest Transactions

Certain officers and employees of the Company provide administrative and trustee services to the Plan which are not reimbursed by the Plan. The Company pays for certain other administrative fees related to the Plan.

Reliance Trust Company is the Plan's trustee and, therefore, qualifies as a party-in-interest. Certain Plan assets are managed by Reliance Trust Company and its affiliates. Transactions in such investments qualify as party-in-interest transactions which are exempt under the prohibited transaction rules.

ADP Retirement Services is the Plan's record keeper and, therefore, qualifies as a party-in-interest. Administrative fees paid to ADP Retirement Services amounted to \$15,779 and \$13,444 during the years ended December 31, 2022 and 2021, respectively.

ADP, LLC ("ADP") provides certain administrative services to the Plan pursuant to an Administrative Services Agreement (the "Agreement") between the Plan and ADP. ADP receives revenue from investment funds for services ADP provides to the funds. If revenue received by the ADP from such investment funds exceeds the amount owed under the Agreement, ADP remits the excess to the Plan's trust on a quarterly basis. This revenue is used to offset certain amounts owed to ADP for its administrative services to the Plan. The Plan paid services fees of \$48,135 and \$14,885 from this account during the year ended December 31, 2022 and 2021 respectively.

Revenue credits amounted to \$29,474 and \$30,692 during the years ended December 31, 2022 and 2021, respectively. The Plan had \$4 and \$18,666 revenue credits available at December 31, 2022 and 2021, respectively.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of termination, participants become 100% vested and Plan assets will be distributed to participants based on their individual account balances.
