INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
The Tire Guys 401(k) Plan
Billings, Montana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed an audit of the financial statements of The Tire Guys 401(k) Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years the ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT

(Continued)

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance, and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITORS' REPORT

(Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITORS' REPORT

Supplementary Schedule Required by ERISA

The supplementary schedule of assets (held at end of year) are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedule, we evaluated whether the supplementary schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary schedule, other than the information in the supplementary schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplementary schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Tire Guys 401(k) Plan

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of The Tire Guys 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General The Plan is a defined contribution plan covering substantially all employees of The Tire Guys, Inc. dba Tire-Rama (the Company) who have one year of service. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended. The Plan was originally established as of January 1, 1992, and has been subsequently amended and restated. The Plan administrator is responsible for oversight of the Plan, including the appropriateness of the Plan's investment offerings and investment performance.

Contributions Participants may elect to contribute to the Plan, in the form of pre-tax and after-tax contributions up to 75% of their eligible compensation or the maximum amount allowable by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan. After one year of service, the Company will make a safe harbor, non-elective employer contribution equal to 3% of eligible compensation for each qualifying participant. The Company made non-elective contributions of \$479,270 and \$433,265, for the years ended December 31, 2022 and 2021, respectively. Additionally, each year, at the option of the Company's Board of Directors, the Company may make a discretionary matching contribution to the Plan. For the years ended December 31, 2022 and 2021, the Board of Directors did not authorize a discretionary matching contribution. Company contributions are invested as directed by each participant. Contributions are subject to certain limitations.

Participant Accounts Each participant's account is credited with the participant's contributions, Company contributions, and account earnings, and may be charged with an allocation of administrative expenses that are paid by the Plan. The Company's allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting Participants are immediately vested in their contributions, Company safe harbor matching contributions, and earnings thereon. Discretionary non-safe harbor matching contributions are subject to a six-year vesting schedule. A participant is 100% vested after six years of credited service. The vesting schedule is as follows:

Years of Service	Vesting Percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

The Tire Guys 401(k) Plan

NOTES TO THE FINANCIAL STATEMENTS

(Continued)

Notes Receivable From Participants Participants may borrow from their vested account balance. The amount of the loan permitted by the Plan is a minimum of \$1,000, up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest set at the date the loan is approved. The Plan allows the trustee to accept loan requests by participants as pre-approved by the Company, with certain exceptions. Principal and interest are paid ratably through bi-weekly payroll deductions. Additionally, participants cannot have more than one loan outstanding at any given time.

Payment of Benefits Upon termination of service due to death, disability, retirement, or termination, a participant may elect to receive a lump sum amount equal to the vested value of the participant's account; may transfer the vested value of their account to another retirement investment vehicle; or may choose to leave vested benefits exceeding \$1,000 in the Plan. As of December 31, 2022 and 2021, there were no significant amounts due to participants who had withdrawn from the Plan but had not yet been paid.

Hardship withdrawals, subject to a \$500 minimum amount, are allowed to be withdrawn from participant elective deferrals and earnings, QNECs and earnings thereon, and safe harbor 401(k) contributions to satisfy an immediate and heavy financial need that cannot be satisfied from other financial sources. Participants are not required to take a Plan loan prior to requesting a hardship distribution.

Forfeitures Forfeitures of the non-vested portion of terminated participants' accounts are retained in the Plan and may be used to pay administrative expenses or reduce Company contributions. During the Plan years ended December 31, 2022 and 2021, forfeitures of \$7,529 and \$526, respectively, were used to reduce administrative expenses. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$81 and \$5,422, respectively.

Plan Termination Although it has not expressed any intent to do so, the Company has the right to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, participants would become 100% vested in their Company contributions.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting The Plan uses the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition Investments are reported at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and the trustee. Fair value measurements are discussed below.

The Tire Guys 401(k) Plan

NOTES TO THE FINANCIAL STATEMENTS

(Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments purchased and sold, as well as held during the year.

Fair Value Measurements The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Money market fund: Valued based on quoted prices in an active market.

Mutual Funds: Assets are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value fund: Valued at the NAV per share as of the close of business on the valuation date. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

See note 4 for the classification of these assets within the fair value hierarchy.

The Tire Guys 401(k) Plan

NOTES TO THE FINANCIAL STATEMENTS

(Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes Receivable From Participants Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. No allowance for credit losses was recorded as of December 31, 2022 and 2021. Delinquent participant notes receivable are recorded as distributions in accordance with the terms of the Plan agreement.

Payment of Benefits Benefits are recorded when paid.

Expenses The Company pays some administrative expenses of operating the Plan. Generally, those expenses include audit and miscellaneous administration and trustee fees and are not reimbursed by the Plan. The Plan permits the payment of plan-related expenses to be made from plan assets. These expenses are primarily record keeping fees that are allocated proportionately based on the value of the account balances or as an equal dollar amount based on the number of plan participants.

The Plan also permits the payment of transactional expenses, which are incurred by or attributable to a particular individual based on the use of a particular plan feature to be assessed against an individual participant's account. Examples of these are loan fees, expenses related to qualified domestic relations orders (QDROs), and hardship distributions. Investment transaction related expenses are included in net appreciation (depreciation) in fair value of investments.

Evaluation of Subsequent Events The Plan has evaluated subsequent events through September 7, 2023, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such an election, the investments and notes receivable from participants included in the statements of net assets available for benefits, and the investment income (loss) and interest income on notes receivable from participants included in the statements of changes in net assets available for benefits as of and for the years ended December 31, 2022 and 2021, were not subject to auditing procedures and have been certified as complete and accurate by Fidelity Management Trust Company. Fidelity Management Trust Company is a qualified institution that prepared and certified the information in accordance with 29 CFR 2520.103-5.

4. FAIR VALUE MEASUREMENTS

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value.

December 31, 2022	Level 1		Total
Money market funds	\$	81	\$ 81
Mutual funds		11,156,438	11,156,438
Total Assets in the Fair Value Hierarchy	\$	11,156,519	11,156,519
Investment measured at NAV			27,661
Investments at Fair Value		\$	11,184,180

December 31, 2021	Level 1		Total
Money market funds	\$	555,239	\$ 555,239
Mutual funds		12,932,351	12,932,351
Total Assets in the Fair Value Hierarchy	\$	13,487,590	13,487,590
Investment measured at NAV			32,885
Investments at Fair Value		\$	13,520,475

Certain investments that were measured at NAV per share as a practical expedient (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Fair Value of Investments that Calculate NAV

The following tables summarize investments measured at fair value based on calculated NAV per share as a practical expedient as of December 31, 2022 and 2021.

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Stable value fund	\$ 27,661	n/a	Daily	1 day

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period

The Tire Guys 401(k) Plan

NOTES TO THE FINANCIAL STATEMENTS

(Continued)

5. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Company is the administrator of the Plan. The Plan's administrator may designate other persons to carry out the day-to-day operations of the Plan. The Plan has an investment contract with Fidelity Management Trust Company. Fidelity Management Trust Company, as the Plan's broker, qualifies as a party in interest with respect to the investments managed by them; however, they are exempt from the prohibited transaction rules under ERISA. Fees paid by the Plan for investment management services amounted to \$54,263 and \$60,166 for the years ended December 31, 2022 and 2021, respectively. The Company contracted with KCoe Isom, LLP (formerly Anderson ZurMuehlen) as the Plan's independent auditors. The Plan paid a portion of the audit fees amounting to \$7,500 and \$-0- for the years ended December 31, 2022 and 2021, respectively.

6. TAX STATUS

The Plan has adopted a non-standardized pre-approved profit sharing plan document established by Fidelity Management Trust Company. The pre-approved plan obtained an opinion letter on June 30, 2020 and March 31, 2014, in which the Internal Revenue Service stated that the form of the pre-approved plan, as then designed, was acceptable under Section 401 of the IRC. Although the Plan has amended since adopting the pre-approved plan, the Plan administrator believes that the plan is currently designed and operating in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified and related trust is tax exempt.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. PLAN AMENDMENTS

Effective February 23, 2022, the Plan sponsor adopted Fidelity's pre-approved document for defined contributions plans and restated the Plan's adopted agreement to include legislative requirements the Plan administrator had authorized during the 2020 plan year.

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the Plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2022 financial statements.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
The Tire Guys 401(k) Plan
Billings, Montana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed an audit of the financial statements of The Tire Guys 401(k) Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years the ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT

(Continued)

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance, and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITORS' REPORT

(Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITORS' REPORT

Supplementary Schedule Required by ERISA

The supplementary schedule of assets (held at end of year) are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedule, we evaluated whether the supplementary schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary schedule, other than the information in the supplementary schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplementary schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Tire Guys 401(k) Plan

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of The Tire Guys 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General The Plan is a defined contribution plan covering substantially all employees of The Tire Guys, Inc. dba Tire-Rama (the Company) who have one year of service. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended. The Plan was originally established as of January 1, 1992, and has been subsequently amended and restated. The Plan administrator is responsible for oversight of the Plan, including the appropriateness of the Plan's investment offerings and investment performance.

Contributions Participants may elect to contribute to the Plan, in the form of pre-tax and after-tax contributions up to 75% of their eligible compensation or the maximum amount allowable by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan. After one year of service, the Company will make a safe harbor, non-elective employer contribution equal to 3% of eligible compensation for each qualifying participant. The Company made non-elective contributions of \$479,270 and \$433,265, for the years ended December 31, 2022 and 2021, respectively. Additionally, each year, at the option of the Company's Board of Directors, the Company may make a discretionary matching contribution to the Plan. For the years ended December 31, 2022 and 2021, the Board of Directors did not authorize a discretionary matching contribution. Company contributions are invested as directed by each participant. Contributions are subject to certain limitations.

Participant Accounts Each participant's account is credited with the participant's contributions, Company contributions, and account earnings, and may be charged with an allocation of administrative expenses that are paid by the Plan. The Company's allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting Participants are immediately vested in their contributions, Company safe harbor matching contributions, and earnings thereon. Discretionary non-safe harbor matching contributions are subject to a six-year vesting schedule. A participant is 100% vested after six years of credited service. The vesting schedule is as follows:

Years of Service	Vesting Percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

The Tire Guys 401(k) Plan

NOTES TO THE FINANCIAL STATEMENTS

(Continued)

Notes Receivable From Participants Participants may borrow from their vested account balance. The amount of the loan permitted by the Plan is a minimum of \$1,000, up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest set at the date the loan is approved. The Plan allows the trustee to accept loan requests by participants as pre-approved by the Company, with certain exceptions. Principal and interest are paid ratably through bi-weekly payroll deductions. Additionally, participants cannot have more than one loan outstanding at any given time.

Payment of Benefits Upon termination of service due to death, disability, retirement, or termination, a participant may elect to receive a lump sum amount equal to the vested value of the participant's account; may transfer the vested value of their account to another retirement investment vehicle; or may choose to leave vested benefits exceeding \$1,000 in the Plan. As of December 31, 2022 and 2021, there were no significant amounts due to participants who had withdrawn from the Plan but had not yet been paid.

Hardship withdrawals, subject to a \$500 minimum amount, are allowed to be withdrawn from participant elective deferrals and earnings, QNECs and earnings thereon, and safe harbor 401(k) contributions to satisfy an immediate and heavy financial need that cannot be satisfied from other financial sources. Participants are not required to take a Plan loan prior to requesting a hardship distribution.

Forfeitures Forfeitures of the non-vested portion of terminated participants' accounts are retained in the Plan and may be used to pay administrative expenses or reduce Company contributions. During the Plan years ended December 31, 2022 and 2021, forfeitures of \$7,529 and \$526, respectively, were used to reduce administrative expenses. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$81 and \$5,422, respectively.

Plan Termination Although it has not expressed any intent to do so, the Company has the right to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, participants would become 100% vested in their Company contributions.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting The Plan uses the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition Investments are reported at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and the trustee. Fair value measurements are discussed below.

The Tire Guys 401(k) Plan

NOTES TO THE FINANCIAL STATEMENTS

(Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments purchased and sold, as well as held during the year.

Fair Value Measurements The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Money market fund: Valued based on quoted prices in an active market.

Mutual Funds: Assets are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value fund: Valued at the NAV per share as of the close of business on the valuation date. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

See note 4 for the classification of these assets within the fair value hierarchy.

The Tire Guys 401(k) Plan

NOTES TO THE FINANCIAL STATEMENTS

(Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes Receivable From Participants Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. No allowance for credit losses was recorded as of December 31, 2022 and 2021. Delinquent participant notes receivable are recorded as distributions in accordance with the terms of the Plan agreement.

Payment of Benefits Benefits are recorded when paid.

Expenses The Company pays some administrative expenses of operating the Plan. Generally, those expenses include audit and miscellaneous administration and trustee fees and are not reimbursed by the Plan. The Plan permits the payment of plan-related expenses to be made from plan assets. These expenses are primarily record keeping fees that are allocated proportionately based on the value of the account balances or as an equal dollar amount based on the number of plan participants.

The Plan also permits the payment of transactional expenses, which are incurred by or attributable to a particular individual based on the use of a particular plan feature to be assessed against an individual participant's account. Examples of these are loan fees, expenses related to qualified domestic relations orders (QDROs), and hardship distributions. Investment transaction related expenses are included in net appreciation (depreciation) in fair value of investments.

Evaluation of Subsequent Events The Plan has evaluated subsequent events through September 7, 2023, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such an election, the investments and notes receivable from participants included in the statements of net assets available for benefits, and the investment income (loss) and interest income on notes receivable from participants included in the statements of changes in net assets available for benefits as of and for the years ended December 31, 2022 and 2021, were not subject to auditing procedures and have been certified as complete and accurate by Fidelity Management Trust Company. Fidelity Management Trust Company is a qualified institution that prepared and certified the information in accordance with 29 CFR 2520.103-5.

4. FAIR VALUE MEASUREMENTS

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value.

December 31, 2022	Level 1		Total
Money market funds	\$	81	\$ 81
Mutual funds		11,156,438	11,156,438
Total Assets in the Fair Value Hierarchy	\$	11,156,519	11,156,519
Investment measured at NAV			27,661
Investments at Fair Value		\$	11,184,180

December 31, 2021	Level 1		Total
Money market funds	\$	555,239	\$ 555,239
Mutual funds		12,932,351	12,932,351
Total Assets in the Fair Value Hierarchy	\$	13,487,590	13,487,590
Investment measured at NAV			32,885
Investments at Fair Value		\$	13,520,475

Certain investments that were measured at NAV per share as a practical expedient (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Fair Value of Investments that Calculate NAV

The following tables summarize investments measured at fair value based on calculated NAV per share as a practical expedient as of December 31, 2022 and 2021.

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Stable value fund	\$ 27,661	n/a	Daily	1 day

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Stable value fund	\$ 32,885	n/a	Daily	1 day

The Tire Guys 401(k) Plan

NOTES TO THE FINANCIAL STATEMENTS

(Continued)

5. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Company is the administrator of the Plan. The Plan's administrator may designate other persons to carry out the day-to-day operations of the Plan. The Plan has an investment contract with Fidelity Management Trust Company. Fidelity Management Trust Company, as the Plan's broker, qualifies as a party in interest with respect to the investments managed by them; however, they are exempt from the prohibited transaction rules under ERISA. Fees paid by the Plan for investment management services amounted to \$54,263 and \$60,166 for the years ended December 31, 2022 and 2021, respectively. The Company contracted with KCoe Isom, LLP (formerly Anderson ZurMuehlen) as the Plan's independent auditors. The Plan paid a portion of the audit fees amounting to \$7,500 and \$-0- for the years ended December 31, 2022 and 2021, respectively.

6. TAX STATUS

The Plan has adopted a non-standardized pre-approved profit sharing plan document established by Fidelity Management Trust Company. The pre-approved plan obtained an opinion letter on June 30, 2020 and March 31, 2014, in which the Internal Revenue Service stated that the form of the pre-approved plan, as then designed, was acceptable under Section 401 of the IRC. Although the Plan has amended since adopting the pre-approved plan, the Plan administrator believes that the plan is currently designed and operating in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified and related trust is tax exempt.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. PLAN AMENDMENTS

Effective February 23, 2022, the Plan sponsor adopted Fidelity's pre-approved document for defined contributions plans and restated the Plan's adopted agreement to include legislative requirements the Plan administrator had authorized during the 2020 plan year.

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the Plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2022 financial statements.
