Independent Auditor's Report

To the Plan Administrator
American Eagle Financial Credit Union Incorporated Employee Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of American Eagle Financial Credit Union Incorporated Employee Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a significant likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. American Eagle Financial Credit Union Incorporated Employee Savings Plan

Notes to Financial Statements December 31, 2022

Note 1 - Description of Plan

The following description of the American Eagle Financial Credit Union Incorporated Employee Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document, and any amendments thereto, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by American Eagle Financial Credit Union Incorporated (the "Credit Union") covering eligible employees who have completed one month of service immediately following the initial date of employment. Eligible employees become participants in the Plan for purposes of employee deferrals and employer matching contributions as of the first day of the month coinciding with or following the date on which such eligibility requirements are met. In order to be eligible to participate in employer discretionary nonelective contributions, participants must have been hired on or after January 1, 2006 and must have completed six months of service. For purposes of employer discretionary nonelective contributions, the entry date for eligible employees is the earlier of January 1 or July 1 following the date on which such service requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan administrator is responsible for the oversight of the Plan. The Retirement Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board of Directors of the Credit Union.

On December 31, 2020, Empower Retirement, LLC ("Empower Retirement") acquired the retirement business of Massachusetts Mutual Life Insurance Company ("MassMutual"). Plan records as of December 31, 2021, have been provided and certified by Reliance Trust Company and Great-West Life & Annuity Insurance Company, an affiliate of Empower Retirement, with respect to Empower Retirement's role as the administrator of the business, on MassMutual's behalf and pursuant to a Power of Attorney granted to Great-West Life & Annuity Insurance Company, an affiliate of Empower Retirement.

Effective August 1, 2022, the Plan's recordkeeper, Empower, announced that it will rename certain operating companies within Empower's corporate group. As a result, Great-West Trust Company, LLC was renamed Empower Trust Company, LLC and Great-West Life & Annuity Insurance Company was renamed Empower Annuity Insurance Company of America.

Contributions

Each year, participants may contribute a percentage of their compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Each subsequent Plan year, this automatic deferral will be increased by 1% up to a maximum of 6%. The Credit Union will make matching contributions equal to 50% of the first 6% of compensation that a participant contributes to the Plan. In addition, the Credit Union may make a discretionary nonelective contribution to the Plan. For the year ended December 31, 2022, the Credit Union elected to make discretionary nonelective contributions of \$1,078,427. Effective January 1, 2020, the Plan was amended to

American Eagle Financial Credit Union Incorporated Employee Savings Plan

Notes to Financial Statements December 31, 2022

provide participants that were participants in the Credit Union's Retirement Income Plan as of December 1, 2019 (the effective date of that plan's termination) with a supplemental employer nonelective contribution of 9% of plan compensation for a period of seven years. A participant who terminates employment on or after December 1, 2019 and is subsequently rehired will not receive a supplemental employer nonelective contribution. Effective January 1, 2027, participants formerly benefitting from the supplemental employer nonelective contribution will begin to receive the same employer contributions as all other participants are entitled to at that time. Participants direct the investment of the Credit Union contributions. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of the Credit Union's contributions and Plan earnings. Participant accounts are charged with an allocation of administrative and investment management expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, the supplemental employer nonelective contribution and actual earnings thereon. In the event of termination due to death, total and permanent disability or retirement, as defined, participants shall become 100% vested in the Credit Union contribution portion of their account. For all other participants, vesting in the Credit Union contribution portion of their account is based on credited years of service, as defined in the Plan, according to the following schedules:

Participants vest in the Credit Union's matching contributions according to the following schedule:

<u>Years of service</u>	<u>Vested percentage</u>
Less than 2	0%
2 or more	100%

Participants vest in the Credit Union's discretionary nonelective contributions according to the following schedule:

<u>Years of service</u>	<u>Vested percentage</u>
Less than 3	0%
3 or more	100%

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance. The loan is secured by the vested balance in the participant's account. The loan interest rate is set at the prime rate published in the Wall Street Journal on the first business day of the month in which the loan is originated, as defined. Principal and interest are paid ratably through payroll deductions.

Notes to Financial Statements December 31, 2022

Payment of benefits

Upon termination of employment due to death, disability or retirement, a participant or beneficiary may elect to receive their distribution in either a lump-sum, partial payment or substantially equal installments. A participant or beneficiary with a vested account balance less than \$1,000 will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For a participant or beneficiary with a vested account balance greater than \$1,000, but less than \$5,000, who elects not to receive a lump-sum distribution, the Plan administrator will make a direct rollover of the participant's account to an individual retirement account designated by the Plan administrator. Participants with a vested account balance greater than \$5,000 may defer payment of benefits until a later date.

Withdrawals from a participant's salary deferral and vested employer contribution accounts may also be made in the event of financial hardship, in accordance with the provisions specified in the Plan. Prior to termination of employment, participants who have attained age 59½ are eligible to make in-service withdrawals, in accordance with the provisions of the Plan.

Forfeitures

When a participant is terminated, nonvested matching and nonelective contributions are forfeited by the participant. At December 31, 2022 and 2021, forfeited nonvested matching and profit sharing accounts totaled \$3,372 and \$4,426, respectively. These amounts may be used first to pay administrative expenses and then to reduce employer matching and profit sharing contributions. During 2022, \$68,531 of forfeitures were used to reduce employer matching contributions.

Note 2 - Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

Investment valuation and income recognition

Investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's pension committee determines the Plan's valuation policies utilizing information provided by the asset custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

American Eagle Financial Credit Union Incorporated Employee Savings Plan

Notes to Financial Statements December 31, 2022

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Credit Union and are excluded from these financial statements. Fees related to the administration of notes receivable from participants, distributions, certain investment management fees and other participant related expenses, as defined, are charged directly to the participant's account and are included in administrative expenses. Certain investment related expenses are included in net depreciation of fair value of investments.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events

The Plan has evaluated subsequent events through August 31, 2023, which is the date the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurement*, are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

American Eagle Financial Credit Union Incorporated Employee Savings Plan

Notes to Financial Statements December 31, 2022

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Financial assets carried at fair value at December 31, 2022 and 2021 are classified in the tables below in one of the three categories described above:

	2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 32,508,679	\$ -	\$ -	\$ 32,508,679

	2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 41,777,432	\$ -	\$ -	\$ 41,777,432

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021. The Credit Union's policy is to recognize transfers in and transfers out of levels as of the actual date of the event or change in circumstances that caused the transfer.

Mutual funds: Valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 4 - Certified investments

The Plan's administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2022 and 2021, and investment income (loss) and interest income on notes receivable from participants for the year ended December 31, 2022, that are disclosed in the accompanying financial statements and supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i), were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the custodians. Empower Trust Company, LLC (formerly Great-West Trust Company, LLC) and Empower Annuity Insurance Company of America (formerly Great-West Life & Annuity Insurance Company, formerly MassMutual) held the Plan's investment assets and executed investment transactions from April 2, 2022 to December 31, 2022 and Reliance Trust Company and Great-West Life & Annuity Insurance Company, formerly MassMutual, held the Plan's investment assets and executed investment transactions as of December 31, 2021, and for the period January 1, 2022 to April 1, 2022.

American Eagle Financial Credit Union Incorporated Employee Savings Plan

Notes to Financial Statements December 31, 2022

Note 5 - Fully benefit-responsive investment contract

The Plan holds a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. The balance of the traditional investment contract as of December 31, 2022 and 2021 was \$22,423,236 and \$24,000,299, respectively.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than zero. The crediting rate is reviewed on a semi-annual basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code ("IRC") or the failure of the trust to be tax-exempt under Section 501(a) of the IRC.
2. Premature termination of the contracts.
3. Plan termination or merger.
4. Changes to the Plan's prohibition on competing investment options.
5. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines.
2. A breach of material obligation under the contract.
3. A material misrepresentation.
4. A material amendment to the agreements without the consent of the issuer.

American Eagle Financial Credit Union Incorporated Employee Savings Plan

Notes to Financial Statements December 31, 2022

Note 6 - Plan termination

Although it has not expressed any intent to do so, the Credit Union has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions as of the date of such termination.

Note 7 - Tax status

The prototype plan document, which the Plan has adopted via a nonstandardized adoption agreement, obtained its latest opinion letter on November 14, 2022, in which the IRS stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Related party transactions and party-in-interest transactions

Plan investments include mutual funds managed by Empower Trust Company, LLC (formerly Great-West Trust Company, LLC) and an investment contract managed by Empower Annuity Insurance Company of America (formerly Great-West Life & Annuity Insurance Company, formerly MassMutual). Empower Trust Company, LLC (formerly Great-West Trust Company, LLC) and Empower Annuity Insurance Company of America (formerly Great-West Life & Annuity Insurance Company, formerly MassMutual) are the custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Indirect fees incurred by the Plan for investment management services are included in the net depreciation in fair value of investments. Fees paid directly by the Plan to the custodians for administrative expenses amounted to \$125,352 for the year ended December 31, 2022. The Plan allows participants to take loans against their account balances, which are also considered party-in-interest transactions.

The Plan receives rebates from Empower Trust Company, LLC as part of a revenue sharing agreement which are maintained in a revenue credit account and can be used to reduce future Plan expenses or be allocated to participant accounts. During the year ended December 31, 2022, the Plan received revenue sharing credits of \$124,353 under the agreement, which are shown as other income in the accompanying financial statements. As of December 31, 2022 and 2021, the balance in the revenue credit account was \$8 and \$750, respectively. During 2022, credits of \$124,360 were used to pay Plan expenses for investment management and the investment advisor.
