Scope and Nature of the Employee Retirement Income Security Act of 1974 (“ERISA”) Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Cameron Ashley Building Products 401(k) Plan (the “Plan”), an employee benefit plan subject to ERISA, as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for Plan benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for Plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

Plan Administrator
Cameron Ashley Building Products 401(k) Plan

Opinion (continued)

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Plan Administrator
Cameron Ashley Building Products 401(k) Plan

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Plan Administrator
Cameron Ashley Building Products 401(k) Plan

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, as listed in the table of contents, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2022 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2022 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2022 financial statements or to the 2022 financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Supplemental Schedule Required by ERISA (continued)

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Cameron Ashley Building Products 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. Description of Plan

The following description of Cameron Ashley Building Products 401(k) Plan (the “Plan”) provides only general information. Participants may refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Cameron Ashley Building Products, Inc. (the “Company”). The Plan provides retirement benefits to eligible employees of the Company. Union employees, non-resident aliens, and leased employees are excluded from participation in the Plan. Eligibility to participate in the Plan is based on the completion of three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Participants may contribute up to eighty percent of their pre-tax annual compensation as pre-tax or Roth contributions, as defined by the Plan document, subject to contribution limitations specified by applicable laws and regulations. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions, up to the maximum annual amount permitted by statute. Participants may also contribute amounts representing rollover distributions from other qualified retirement plans. Upon meeting eligibility, the employees are automatically enrolled in the Plan as of the first day of the month following the employee meeting the eligibility requirement at a deferral rate of 6%, unless they affirmatively elect not to participate, with an annual 1% deferral rate increase on August 1 of each year thereafter until a deferral rate of 10% is reached.

During the years ended December 31, 2022 and 2021, the Company made discretionary non-safe harbor matching contributions equal to fifty percent of up to six percent of participants' eligible compensation. The Company also has the option to make non-elective contributions, which are allocated to individual participants' accounts based on the ratio that their compensation bears to the total compensation of all participants eligible for a share of the contribution. The Company made no non-elective contributions for the years ended December 31, 2022 and 2021.

Participant Accounts

Each participant's account is credited with the participant's elective deferral contributions, non-safe harbor matching contributions, non-elective contributions, and is charged with an allocation of any administrative expenses paid by the Plan. Participants may elect to allocate current contributions among a variety of fund options. The allocations remain in effect until a new election is made.

December 31, 2022 and 2021

1. Description of Plan (continued)

Participant Accounts (continued)

Earnings or losses are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Upon retirement, disability, death, termination of employment, or attainment of age 59½, participants or their beneficiaries may elect to receive their vested portion of Plan assets in a single distribution or other distribution methods as allowed under the Plan. Upon termination of employment for reasons other than retirement, disability, or death, the participant's vested interest in the Plan will be paid to the participant as soon as administratively feasible upon participant request of a distribution.

Any terminated participant account with a balance of less than \$5,000 is paid out to the participant or rolled over into another qualified retirement plan or an individual retirement account.

Vesting

Participants are immediately 100% vested in their elective deferrals and employer contributions, plus actual earnings or losses thereon.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants can only have one outstanding note receivable. The notes receivable are collateralized by the balance in the participant's account and bear interest at rates ranging from 3.00% to 8.50% as of December 31, 2022. Rates are established on the date of the loan based on rates charged for similar types of loans by other lenders. Principal and interest are paid ratably through payroll deductions.

1. Description of Plan (continued)

Forfeitures

In accordance with the Plan document, available forfeitures may be used first to offset employer contributions, and any remaining forfeitures may be used to offset plan administrative expenses. Any remaining forfeited amounts are then reallocated back to active participants. As of December 31, 2022 and 2021, there were forfeited non-vested accounts in the Plan, totaling \$0 and approximately \$4,000, respectively. The Plan used approximately \$2,000 and \$30,000 to offset employer contributions during the years ended December 31, 2022 and 2021, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to terminate the Plan subject to the provisions of ERISA.

Administrative Expenses

Certain administrative expenses paid by the Plan, including administrative fees of notes receivable, are charged to individual participants' accounts. All administrative expenses not paid by the Plan are paid by the Company.

2. Basis of Presentation and Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States ("US GAAP").

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Cameron Ashley Building Products 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

2. Basis of Presentation and Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan holds investments that are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2022 statement of net assets available for plan benefits.

Notes Receivable from Participants

Participant notes receivable are measured at their unpaid principal balance, plus any accrued, but unpaid interest. If a participant does not make repayments and the Plan administrator considers the participant note receivable to be in default, the note receivable balance will become immediately due and payable, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan documents.

Payment of Benefits

Benefit payments are recorded when paid.

3. Certified Information

Information disclosed in the accompanying financial statements as of and for the years ended December 31, 2022 and 2021, related to investments, participant notes receivable, net appreciation (depreciation) in fair values of investments, and interest and dividends, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Charles Schwab Trust Bank (the trustee of the Plan).

Cameron Ashley Building Products 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

4. Fair Value Measurements

US GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs to the valuation methodology are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The Plan's mutual fund investments were valued using Level 1 inputs, which are based on quoted market prices of the shares held by the Plan.

The Plan invests in collective trusts whereby the underlying investments primarily consist of value-approach exchange traded funds and mutual funds. The collective trusts are valued at the net asset value ("NAV") of units of the accounts. The NAV, as provided by the issuer, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held less the account's liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of any of the trusts, the trust provider reserves the right to temporarily delay withdrawal from the trust in order to ensure that security liquidations will be carried out in an orderly business manner.

The methods used to measure fair values may produce amounts that may not be indicative of net realizable values or reflective of future fair values. Furthermore, although Plan management believes the valuation methods used are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair values of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Income Tax Status

The Plan operates under a non-standardized pre-approved plan document, provided by Charles Schwab Trust Bank, designed to be in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Internal Revenue Service ("IRS") determined, by letter dated June 30, 2020, that the pre-approved plan, as then designed, was in accordance with applicable sections of the IRC. Although the Plan has been amended since the date of the letter, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Cameron Ashley Building Products 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

5. Income Tax Status (continued)

US GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. No such liabilities were identified as of December 31, 2022 and 2021. The Plan is subject to routine audits by tax authorities; however, there are none in progress.

6. Party-in-Interest Transactions

The Company has notes receivable from participants, which qualify as party-in-interest transactions. Fees paid by the Plan (net of forfeitures) to the trustee for custodial, recordkeeping, and investment advisory services amounted to approximately \$9,000 and \$4,000 for the years ended December 31, 2022 and 2021, respectively, which was not covered by revenue sharing.

These party-in-interest transactions are exempt from the prohibited transaction rules as defined by ERISA.

7. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to Schedule H of Form 5500:
