Plan Administrative Committee
Progressive Communications, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **Progressive Communications, Inc. 401(k) Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Progressive Communications, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Progressive Communications, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Progressive Communications, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Progressive Communications, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Progressive Communications, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2022 and schedule of assets (held at end of year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PROGRESSIVE COMMUNICATIONS, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of Plan

The following description of the Progressive Communications, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan for the exclusive benefit of eligible employees and their beneficiaries. Employees may participate in the Plan after reaching the age of 21 and completing one year of service, equal to 1,000 hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Progressive Communications, Inc. (the Company) absorbs certain costs of the Plan. The Plan's Administrative Committee is responsible for oversight of the Plan. The Plan trustees determine the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Administrative Committee.

Contributions

Under the provisions of the Plan, each participant may contribute a portion of compensation up to the maximum amount determined by the federal government each year. Participant contributions may be traditional 401(k) deferrals (pre-tax) or Roth 401(k) deferrals (after-tax). Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan adopted safe harbor matching provisions in which the Company will match 100 percent of each participant's contribution up to 3 percent of the participant's annual compensation and will match 50 percent of the next 2 percent. Participants must have reached the age of 21 and completed one year of service, equal to 1,000 hours to be eligible to share in employer contributions. In addition to matching contributions, the Company may contribute to the Plan discretionary profit sharing contributions. The Company made no such discretionary profit sharing contributions during 2022. During the year ended December 31, 2022, employer contributions totaled \$303,346. Contributions are subject to Internal Revenue Service (IRS) limitations.

Participant Accounts

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contributions, any Company contributions, and qualified rollover contributions, and adjusted for gains and losses based on the investment performance of a participant's account, less any withdrawals and distributions. Participants are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on the participant's pro rata share of their account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) Description of Plan (Continued)

Vesting

Participants are immediately vested in their contributions plus earnings thereon. Effective with the Plan restatement on December 1, 2012, participants are 100 percent vested with respect to the Company's matching and profit sharing contributions.

Notes Receivable from Participants

Participant loans are not permitted by the Plan.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reason, a participant or beneficiary may elect to receive a lump-sum amount, equal to the value of the participant's vested interest in his or her account, in periodic installments over a period of years not to exceed the normal joint life expectancy of the participant and the beneficiary, or in partial withdrawals.

Hardship Withdrawals

In the event funds are needed because of extreme financial hardship, as defined by law, the participant may be allowed to make a withdrawal of their vested account balance from eligible accounts, as defined by the Plan. In accordance with the Internal Revenue Code (IRC), benefits withdrawn prior to age 59½ may be subject to additional taxes.

Forfeited Accounts

Forfeitures were created when participants terminated employment before becoming entitled to their full benefits from the contributions under the Plan, before the December 2012 plan restatement, or from ineligible participants receiving employer contributions. These forfeited amounts are to be used to pay administrative expenses or reduce the employer's contributions, as applicable. The salary reduction contribution is not subject to forfeiture. As of December 31, 2022 and 2021, forfeited nonvested accounts totaled \$4,745 and \$4,855, respectively. There were no forfeited nonvested amounts used to reduce employer contributions. Forfeitures of \$149 were used to reduce administrative expenses in 2022.

Investment Options and Investments

Participants direct the investment of all contributions into various investment options offered by the Plan. Participants may change their investment options at any time. As of December 31, 2022, the Plan offered more than 30 diversified investments in pooled separate accounts and one stable value account as investment options for participants. Employees who do not make an investment selection from the available options are automatically enrolled in a target date retirement option.

(2) Summary of Significant Accounting Policies

The accounting policies of the Plan are maintained in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the *Accounting Standards Codification (ASC)* and related Accounting Standards Updates (ASUs). The following describes the more significant of those policies:

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of Plan assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Other expenses, such as fees related to participants' benefit payments, are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

(3) Stable Value Account

The Plan investments in Transamerica Stable Value Core Account (the Account) totaled \$209,953 for 2022 and \$251,199 for 2021. The Account seeks to protect against any loss of principal while providing returns in excess of money market funds and one-year U.S. Treasury Bills. The Account has a portfolio investment rate design in which all deposits into the Account are credited with the same interest rate on a daily basis, and with no set maturity. The effective guaranteed credited interest rate is set on a semiannual basis and shall not change during the six-month period for which it is effective.

The Account meets the fully benefit-responsive investment criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made by or on behalf of participants of the Account, plus interest credited to the Account on an annual effective basis, less any amounts transferred or distributed from the Account, including any applicable charges or fees. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment contract.

The Plan's ability to receive amounts due is dependent on the insurance company or other financial institution's ability to meet its commitments. The ability to meet commitments may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (a) amendments to the Plan documents (including complete or partial termination or merger with another plan), (b) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or (c) failure to qualify for exemption from federal income taxes or any required prohibited transaction exempt under ERISA. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain other events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include security defaults or downgrades.

The Account may impose a hold period at the contract level in the event of full or partial contract discontinuance. The average yield earned by the Account and the average yield earned by the Account with an adjustment to reflect the actual interest rate credited to participants was 0.90 percent and 0.75 percent as of December 31, 2022 and 2021, respectively.

(4) Information Prepared and Certified by the Custodian (Unaudited)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the following information certified by Transamerica Life Insurance Company, the custodian, as complete and accurate as of December 31, 2022 and 2021, and for the year ended December 31, 2022, except for comparing such information to information included in the Plan's financial statements and supplemental schedule of assets (held at end of year).

Net assets as of December 31, as certified by the custodian, are as follows:

	<u>2022</u>	<u>2021</u>
Pooled Separate Accounts	\$ 5,748,901	\$ 6,611,025
Stable Value Accounts	<u>209,953</u>	<u>251,199</u>
	<u>\$ 5,958,854</u>	<u>\$ 6,862,224</u>

Investment income (loss) for the year ended December 31, 2022, as certified by the custodian, is as follows:

Net Depreciation in Fair Value of Investments	\$ (1,091,097)
Interest and Dividends	<u>1,904</u>
	<u>\$ (1,089,193)</u>

(5) Fair Value Measurements

The FASB issued a statement that defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

Pooled Separate Accounts: Fair value is measured at the Net Asset Value (NAV), which is based on the value of the underlying assets of the account. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the investment will be sold for an amount different from the reported NAV. The fair value of the underlying investments is based on third-party pricing vendors and utilize observable market information. There are currently no redemption restrictions on these investments.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(5) Fair Value Measurements (Continued)

The following table sets forth, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2022	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Total Investments in the Fair Value Hierarchy	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>
Investments Measured at NAV Practical Expedient*				<u>\$ 5,748,901</u>
Total Investments at Fair Value				<u>\$ 5,748,901</u>
2021				
Total Investments in the Fair Value Hierarchy	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>
Investments Measured at NAV Practical Expedient*				<u>\$ 6,611,025</u>
Total Investments at Fair Value				<u>\$ 6,611,025</u>

* In accordance with *Topic 820*, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. These funds calculate NAV per share (or its equivalent) in a manner consistent with measurement principles of *Topic 946*. The fair value amounts in this table are intended to permit reconciliation on the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which the fair value is measured using the NAV per unit practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments.

(6) Income Tax Status

The Company adopted Transamerica Retirement Solutions Corporation's (the prototype sponsor) Volume Submitter 401(k) Profit Sharing Plan. The prototype sponsor has received a favorable opinion letter from the IRS, dated March 3, 2014, which states that its prototype plan, in form, meets the requirements of Section 401(a) of the IRC and, therefore, is tax-exempt under the provisions of Section 401(a). The Plan document has been amended since receiving the determination letter. The Plan has not received a determination letter specific to the Plan itself; however The Plan Administrative Committee believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The Plan Administrative Committee also maintains that the Plan has been administered in accordance with all applicable laws and, accordingly, no provision has been made for income taxes in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and concluded that, as of December 31, 2022, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by Transamerica Financial Life Insurance Company, the custodian of the Plan. Also, administrative expenses on the statement of changes in net assets available for benefits include amounts paid by the Plan to the custodian for administrative services. Additional amounts paid for investment advisory services are included in net appreciation (depreciation). Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempted from the prohibition of party-in-interest transactions under ERISA.

(8) Plan Termination

Although it has not expressed an intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(9) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate risk, market volatility, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

(10) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as of December 31, 2022 and 2021, and changes in net assets available for benefits as of December 31, 2022 per the financial statements to Form 5500:

	<u>2022</u>	<u>2021</u>
Net Assets Available for Benefits per the Financial Statements	\$ 6,055,940	\$ 6,899,750
Employer Safe Harbor Match	<u>(66,748)</u>	<u>(37,526)</u>
Net Assets Available for Benefits per Form 5500	<u>\$ 5,989,192</u>	<u>\$ 6,862,224</u>
 Contributions per the Financial Statements	 \$ 928,323	
Change in Employer Safe Harbor Matching Receivable	<u>(29,222)</u>	
Contributions per Form 5500	<u>\$ 899,101</u>	

(11) Prohibited Transactions

The Plan sponsor failed to deposit \$155,622 of participant deferrals within the required time frame as stated by the United States Department of Labor (DOL). The DOL considers late deposits to be prohibited transactions. The Plan sponsor is in the process of correcting the delinquent participant contributions.

(12) Subsequent Events

Changes in investment returns can have a significant effect on the Plan. Management is monitoring investment market conditions and the impact such fluctuations are having on the Plan's investment portfolio. Due to the volatility of the financial markets as of the date of this report, there is uncertainty regarding the impact which continued volatility may have on the Plan's investment portfolio.

On December 29, 2022, the President signed into law the Consolidated Appropriations Act of 2023, which included the SECURE 2.0 Act of 2022. Management is monitoring to determine the overall impact on the Plan.

Management has evaluated events subsequent to December 31, 2022 through September 25, 2023, the date these financial statements were available to be issued.
