## Independent Auditor's Report

The Plan Administrator and Participants  
One Finance, Inc. 401(k) Plan

### *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed an audit of the financial statements of One Finance, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 5, 2022, and the related statement of changes in net assets available for benefits for the period from January 1, 2022 to December 5, 2022, and the related notes to the financial statements (financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 5, 2022, and for the period from January 1, 2022 to December 5, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### *Opinion on the Financial Statements*

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion on the Financial Statements***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter – Supplemental Schedule Required by ERISA***

The supplemental schedule, Schedule H, Line 4a - schedule of delinquent participant contributions for the period from January 1, 2022 through the period ended December 5, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Accountant's Compilation Report on 2021 Financial Statement

Management is responsible for the accompanying statement of net assets available for benefits of the Plan as of December 31, 2021, and the related notes to the financial statement in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, or provide any form of assurance on this financial statement.

### **1. Description of the Plan**

The following brief description of the One Finance, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

#### ***General***

The Plan, originally effective as of January 1, 2019, was a defined contribution plan and was sponsored by One Finance, Inc. (the Company) and was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective February 22, 2022, the Plan was restated. The percentage of compensation eligible employees may have elected to contribute, on a pretax basis, decreased from 100% to 90% of their eligible compensation to the Plan, not to exceed the limit in Section 402(g) under the Internal Revenue Code (IRC). No other significant changes were made to the provisions of the Plan as a result of the restatement.

The Plan was frozen effective August 30, 2022, and employees were no longer eligible to participate in the Plan. Additionally, effective December 5, 2022, the Plan merged with the RNBW Holdings 401(k) Plan and, assets of \$2,259,487 were transferred to this Plan.

#### ***Eligibility***

All employees, excluding nonresident aliens, interns and union employees, were eligible for participation upon attainment of age 21. Enrollment was allowed on the date the above conditions were met.

#### ***Contributions***

Each year, eligible employees may have elected to contribute up to 100% of their eligible compensation to the Plan (90% of eligible compensation and 50% of compensation for Roth contributions effective February 22, 2022), not to exceed the limit in Section 402(g) under the IRC. Eligible employees who had attained age 50 before the close of the Plan year were allowed to make catch-up contributions up to the maximum allowed by the IRC. Contributions were subject to certain limitations. Eligible employees were automatically enrolled at 5% of their eligible compensation. Participants could also have contributed amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants directed the investment of their contributions into various investment options offered by the Plan.

In addition, the Company could make discretionary profit-sharing contributions on an annual basis. To receive an allocation of such contributions, a participant generally must have been employed on the last day of the Plan year. There were no discretionary profit-sharing contributions for the period from January 1, 2022 through December 5, 2022.

#### ***Participant Accounts***

Each participant's account was credited with the participant's salary deferral contributions, allocations of any discretionary profit-sharing contributions, and his/her share of the Plan's income (loss). The Plan's income (loss), with respect to each investment fund, was allocated based on the proportion that each participant's account balance invested in such fund compared to the total of all participants' account balances invested in such fund.

#### ***Vesting***

Participants were immediately vested in the value of their salary deferrals, discretionary profit-sharing contributions, and rollovers, plus related investment earnings (losses).

### 1. Description of the Plan (cont.)

#### *Forfeitures*

There were no forfeited non-vested accounts as of December 5, 2022 and December 31, 2021. Any amounts forfeited may be used to reduce future Company contributions and/or to pay Plan expenses. During the period from January 1, 2022 to December 5, 2022, there were no forfeited funds to be used to offset Company contributions or to reduce Plan expenses.

#### *Payment of Benefits*

Participant accounts could have been withdrawn upon retirement, death, disability, or termination of employment. Participants elected to have distributions paid in a lump-sum, in substantially equal installments or partial withdrawals, and were either paid directly to the participant or rolled over to another qualified retirement plan. The Plan also allowed for in-service withdrawals at age 59½, along with withdrawals in the event of a financial hardship.

### 2. Summary of Significant Accounting Policies

#### *Basis of Accounting*

The financial statements of the Plan were prepared using the accrual basis of accounting. The Plan follows accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets accounting principles generally accepted in the United States of America (GAAP).

#### *Use of Estimates*

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

#### *Investment Valuation and Income (Loss) Recognition*

The investments of the Plan were reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price)

Purchases and sales were recorded on a trade-date-basis. Dividends were recorded on the ex-dividend date. Investment income (loss) was recorded on the accrual basis. Net appreciation (depreciation) included the Plan's gains and losses on investments bought and sold as well as held during the year.

#### *Payment Benefits*

Benefit payments to participants were recorded upon distribution.

#### *Plan Expenses*

Certain expenses of maintaining the Plan were paid directly by the Company and were excluded from these financial statements. Fees related to the administration of notes receivable from participants were charged directly to the participant's account. Fees related to administration of distributions were taken out of the gross distribution to the participant. Investment related expenses were included in net appreciation (depreciation) in fair value of investments.

### 3. Certified Information

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Matrix Trust Company (Matrix) has provided a certification that the financial information included in the financial statements as of December 5, 2022, and for the period from January 1, 2022 to December 5, 2022, provided to the Plan is complete and accurate. The information as to investment assets and transactions therein, and investment income (loss) included in the accompanying financial statements as of December 5, 2022, and for the period from January 1, 2022 to December 5, 2022, is covered by such certification.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

### 4. Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

#### *Basis of Fair Value Measurement*

*Level 1* - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

*Level 2* - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

*Level 3* - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used at December 5, 2022 and December 31, 2021.

*Mutual Funds* - Valued at the quoted market prices of shares held by the Plan at year-end. The fair values of these investments were determined by reference to the fund's underlying assets, which were principally marketable equity and fixed income securities. Shares held in mutual funds traded on national securities exchanges were valued at the net asset value (NAV) as of December 31, 2021. The mutual funds held by the Plan were deemed to be actively traded. It was not probable that the mutual funds would be sold at amounts that differ materially from the NAV of shares held. All investments as of December 5, 2022 were transferred out of the Plan (see Note 1).

The methodology described above may have produced a fair value calculation that may not have been indicative of net realizable value or reflective of future fair values. Furthermore, while management believed its valuation methods were appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could have resulted in a different fair value measurement at the reporting date.

## Notes to Financial Statements

### 4. Fair Value Measurements (cont.)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021.

<i>December 31, 2021 (compiled)</i>	Level 1		Level 2		Level 3		Total
<b>Mutual funds</b>	\$	2,500,761	\$	-	\$	-	\$ 2,500,761
<b>Total investments at fair value</b>	\$	2,500,761	\$	-	\$	-	\$ 2,500,761

### 5. Party-In-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any part rendering service to the Plan, the Company, and certain others. Certain administrative functions were performed by officers or employees of the Company. No such officer or employee received compensation from the Plan. Some administrative expenses were paid directly by the Company. Such transactions were exempt from the prohibited transaction rules.

### 6. Tax Status

The Plan was based on the Non-Standardized Pre-Approved Profit Sharing Plan With CODA for CCH Incorporated dba FT William (Pre-Approved Plan), which received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the Pre-Approved Plan was designed in accordance with the provisions of the IRC. Although the Plan has been restated since the date of the opinion letter, the Plan administrator believed that the Plan was designed, and was being operated, in compliance with the applicable requirements of the IRC and therefore, believed that the Plan was qualified, and the related trust was tax exempt.

GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan and recognize a tax liability if the Plan had taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan was subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### 7. Risk and Uncertainties

The Plan's investments were exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term could have materially affected participants' account balances and amounts reported in the statements of net assets available for benefits.

### 8. SECURE Act 2.0

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the Plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2022 financial statements.

### 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

<i>December 31,</i>	<b>2022</b>		2021
Net assets available for benefits per the financial statements	\$	-	\$ 2,530,262
Less: participant contributions receivable		-	(29,501)
Net assets available for benefits per Form 5500	\$	-	\$ 2,500,761

The following is a reconciliation of net decrease per the financial statements to net decrease per Form 5500 for the period ended December 5, 2022:

<i>December 31,</i>	<b>2022</b>	
Net decrease per financial statements	\$	(270,775)
Add: prior year participant contributions receivable		29,501
Net loss per Form 5500	\$	(241,274)

### 10. Delinquent Participant Contributions

During 2021, employee withholdings of \$58 were not remitted within the appropriate time period by the Company. The Company remitted the delinquent contributions and related lost earnings during 2022. These transactions constituted prohibited transactions as defined by ERISA.

### 11. Subsequent Events

The Plan has evaluated subsequent events through September 13, 2023, which is the date the financial statements were available to be issued and has determined that no significant events occurred after December 5, 2022, but prior to issuance of these financial statements, that would have a material impact on its financial statements.
