Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of Peerless Transport 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the 2022 financial statements referred to above, other than those agreed to, or derived from, the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying 2022 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Participants and Plan Administrator
Peerless Transport 401(k) Plan

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to, or derived from, the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to, or is derived from, the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to, or derived from, the certified investment information, including their form and content, are presented in conformity with the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to, or is derived from, the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA.
- The information in the supplemental schedule related to assets held by, and certified to by, a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2021 Financial Statements

The 2021 financial statements of Peerless Transport 401(k) Plan were audited by Sobel & Co., LLC, whose shareholders and professional staff joined CliftonLarsonAllen LLP as of February 1, 2023, and has subsequently ceased operations. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 4, 2022 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Their report also indicated that the form and content of the 2021 supplemental schedule, other than the information in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

NOTE 1 PLAN DESCRIPTION

The following brief description of the Peerless Transport 401(k) Plan (Plan) is provided for general information purposes only. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan, covering all eligible employees, including those covered by the collective bargaining agreement with Peerless Beverage Company (Company, Plan Sponsor, or Plan Administrator). The Plan became effective on January 1, 1985. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA) and all the requirements of Section 401(k) of the Internal Revenue Code.

Eligibility

Employees, excluding nonresident aliens who have no earned income from sources within the United States, reclassified employees (as defined in the Plan Document), and employees under age 21, are eligible to participate in the Plan after being credited with one year of service. Employees can enroll in the Plan on January 1 or July 1 of the Plan year after meeting eligibility requirements.

Contributions

Each year, participants may contribute up to 100% of their pre-tax annual compensation, subject to certain limitations as defined by the Plan and the Internal Revenue Code (IRC). Roth contributions are not permitted under the Plan. Participants age 50 and over are eligible to make catch-up contributions. Participants may also contribute rollover amounts representing distributions from other qualified plans, excluding designated Roth contribution rollovers.

The Company may, at its discretion, elect to make a matching contribution to the Plan. For the years ended December 31, 2022 and 2021, the Company matching contribution was 50% of the first 6% of eligible compensation that a participant contributed to the Plan.

Investment Options

Upon enrollment in the Plan, participants may direct their employee and employer contributions into any of the investment options available. A separate account is maintained for each participant, and interest and dividends earned by each fund are reinvested in that fund. Participants may change their investment options at their discretion.

NOTE 1 PLAN DESCRIPTION (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, (b) Plan earnings, and (c) charged with fees associated with transactions initiated by participants and any administrative and investment expenses paid by the Plan. Allocations are based on participants' earnings or account balances, as defined in the Plan Document.

The Plan permits participants to self-direct the investments in their accounts in a variety of investment options. All participants elected to self-direct their accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Each participant has a vested interest in their account balance of Company matching contributions based on years of service as defined. A participant is 100% vested after six years of credit service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 Years	- %
2 Years	20%
3 Years	40%
4 Years	60%
5 Years	80%
6 Years or More	100%

Participants are 100% vested immediately in their elective deferral amounts, rollover contributions, plus actual earnings thereon.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance, plus any accrued but unpaid interest. Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of one-half of their vested account balance or \$50,000. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a principal residence. Interest rates remain fixed throughout the duration of the loan. Interest rates on outstanding loan balances range from 4.25% to 8.00%. Notes must be repaid through payroll deductions and are secured by the balances in the participants' accounts. Delinquent notes receivable from participants are reclassified as distributions based on the terms of the Plan Document.

NOTE 1 PLAN DESCRIPTION (CONTINUED)

Payment of Benefits

On termination of service, as defined in the Plan, a participant is entitled to receive the vested balance of their account. If a participant's vested balance is less than \$5,000, an amount exceeding \$1,000 will be distributed to an IRA. If a participant's balance is \$1,000 or less, the participant will receive a lump sum distribution without consent. If a participant is still employed by the Company upon death, disability or attainment of age 65, the account balance or the participant will automatically become 100% vested.

Participants have the option to leave amounts in the Plan up to the mandatory distribution date, which is defined as April 1 following the calendar year of attaining the age of 72. If participants are still employed by the age of 72, the mandatory distribution date generally is April 1 following the termination date of employment. When a participant dies, the entire amount in the participant's account is distributed to the participant's beneficiary(ies).

In-Service Withdrawals

Participants attaining the age of 59½ may request a withdrawal of all or part of their elective deferrals in the Plan. In addition, participants may withdraw their rollover contributions at any time. In the event a participant suffers financial hardship, as defined in the Plan, the participant may generally withdraw all or part of their elective deferrals of their account, excluding the participant's elective contributions earnings.

Retirement Age

The Plan's normal retirement age is 65.

Forfeitures

Forfeited, nonvested accounts are used to reduce future Company contributions and pay certain Plan expenses. During the years ended December 31, 2022 and 2021, forfeitures of approximately \$8,966 and \$6,200, respectively, were used to offset Plan expenses. As of December 31, 2022 and 2021, forfeited, nonvested accounts totaled approximately \$31,300 and \$22,300, respectively.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) for defined-contribution plans.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and Trustee. See Note 4 for fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan Document. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts and are included in administrative expense. Investment-related expenses are included in net appreciation of fair value of investments.

Mutual Fund Fees

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. Allowable fees under Section 12b-1 of the Investment Company Act of 1940 are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity and, thus, not separately identifiable as an expense.

Subsequent Events

The Plan evaluated subsequent events for potential recognition or disclosure through September 22, 2023, the date that the financial statements were available to be issued.

NOTE 3 INFORMATION CERTIFIED BY THE PLAN TRUSTEE (UNAUDITED)

Certain information related to investments, except for self-directed brokerage account (SDBA) asset as discussed below, and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2022 and 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Ascensus Inc., as agent for Ascensus Trust Company, the trustee of the Plan.

The SDBA assets are held by Wells Fargo Bank, N.A. and are not certified as complete and accurate. All of the related SDBA investment transactions are executed by Wells Fargo.

The following table reflects the self-directed brokerage funds and activity that is not certified as of and for the years then ended December 31:

Statements of net assets available for benefits	<u>2022</u>	<u>2021</u>
Self-Directed Brokerage Funds	142,053	400,541
 Statements of changes in net assets available for benefits		
Net Appreciation (Depreciation) in Fair Value of Investments	<u>(63,088)</u>	<u>110,178</u>
Total Investment Income	<u>(63,088)</u>	<u>110,178</u>

NOTE 4 FAIR VALUE MEASUREMENTS

Fair value measurements establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 4 FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1 input).

Self-Directed Brokerage Accounts: Accounts primarily consist of mutual funds that are valued on the basis of readily determinable market prices (Level 1 Input).

Money Market Fund: Valued at the closing price reported on the active market on which individual securities are traded (Level 1 input).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

NOTE 5 PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments include investments managed by Ascensus Trust Company, the trustee, as defined by the Plan and, therefore, those transactions are considered as party-in-interest transactions. Additionally, administrative expenses are paid to the custodian who acts as the recordkeeper of the Plan. These transactions with the trustee qualify as party-in-interest transactions.

Notes receivable from Plan participants qualify as party-in-interest transactions.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event that the Plan is terminated, or employer contributions are permanently discontinued, the total value of the participants' accounts will be fully vested.

NOTE 7 TAX STATUS

The Plan Sponsor has obtained an opinion letter, dated June 30, 2020, in which the IRS stated that the volume submitter prototype plan document was in compliance with applicable requirements of the IRC. The Company adopted the prototype plan effective August 1, 1993. Although the Plan has been amended since receiving the opinion letter, the Plan Sponsor believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been made in the financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax position taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

NOTE 8 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events that could impact the value of investment securities, such as pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits. To the extent that a participant directs that their contributions be invested through the self-directed brokerage account option, the participant solely determines the extent to which such amounts will be diversified, if at all.

NOTE 9 CONCENTRATION

At December 31, 2022 the plan held two investments that represented 34% of net assets available for benefits and at December 31, 2021, the plan held three investments that represented 51% of net assets available for benefits.
