INDEPENDENT AUDITOR'S REPORT

To the Trustees and Administrator
The Group Defined Contribution Plan
E-Z Staffing, Inc. Profit Sharing and Safe Harbor 401(k) Plan

Opinion

I have audited the accompanying financial statements of The Group Defined Contribution Plan, E-Z Staffing, Inc. Profit Sharing and Safe Harbor 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

In my opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of The Group Defined Contribution Plan, E-Z Staffing, Inc. Profit Sharing and Safe Harbor 401(k) Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

I conducted my audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Group Defined Contribution Plan, E-Z Staffing, Inc. Profit Sharing and Safe Harbor 401(k) Plan (the Plan) and to meet our ethical responsibilities, in accordance with the relevant requirements relating to our audits. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Group Defined Contribution Plan, E-Z Staffing, Inc. Profit Sharing and Safe Harbor 401(k) Plan's (the Plan) ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted audit standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

INDEPENDENT AUDITOR'S REPORT (continued)**Auditor's Responsibilities for the Audit of the Financial Statements (continued)**

In performing an audit in accordance with generally accepted auditing standard, I:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Group Defined Contribution Plan, E-Z Staffing, Inc. Profit Sharing and Safe Harbor 401(k) Plan's (the Plan) internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Group Defined Contribution Plan, E-Z Staffing, Inc. Profit Sharing and Safe Harbor 401(k) Plan's (the Plan) ability to continue as a going concern for a reasonable time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit finding, and certain internal control related matters that we identify during the audit.

Supplemental Schedules Required by ERISA

My audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedules of Assets (Held at End of Year) and (Acquired and Disposed of Within Year), are presented for the purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedule, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements taken as a whole and the form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

THE GROUP DEFINED CONTRIBUTION PLAN
E-Z STAFFING, INC. PROFIT SHARING AND SAFE HARBOR 401(k) PLAN
NOTES TO FINANCIAL STATEMENT

A. Description of Plan

The following description of The Group Defined Contribution Plan, E-Z Staffing, Inc. Profit Sharing and Safe Harbor 401(k) Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions.

1. *General.* The Plan is a defined contribution plan covering all employees of the company, not excluded by class, who have one year of service and are age twenty-one or older and worked a minimum of 1,000 hours. The Plan is subject to the provisions of ERISA. Employees covered by a collective bargaining unit under which pension benefits were a subject of good faith bargaining are excluded by class. The Board of Trustees oversees the governance of the Plan. The Plan's investment committee determines the appropriateness of the Plan's investments and monitors investment performance.
2. *Contributions.* The Employer shall make (1) contributions to the Profit Sharing Plan for each Plan Year as it, in its sole discretion, may determine; provided, however, contributions may be made without regard to the Employer's earnings or profits for the fiscal year ending with or within such Plan Year or retained earnings as of the close of such fiscal year and (2) a safe harbor contribution equal to 3% of all participants' compensation. Each year each participant has the right to elect to defer a portion of compensation that will then be contributed on the participant's behalf to the plan.
3. *Participant Accounts.* An amount of Employer contributions, including forfeitures, available for allocation, as well as earnings and expenses, shall be allocated to each Participant who completed one (1) Year of Service during such Plan Year and who either was an Employee of the Employer on the last day of the Plan Year or at any time during such Plan Year attained his or her Normal Retirement Age, which allocated amount for each such Participant shall be the same proportion to his Compensation as for other Participants with respect to their respective compensation.
4. *Vesting.* Vesting in the company profit sharing contributions is based on years of continuous service. A participant is 100 percent vested after 6 years of credited service. A participant is immediately 100% vested in the company's safe harbor contribution. A participant's account balance maintained from employee-derived contribution is 100% vested and non-forfeitable at all times.
5. *Payment of Benefits.* On termination of service due to death, disability, or retirement, a participant is entitled to the value of the vested interest in his or her account. Normal retirement eligibility for all participants is on the later of attainment of age 65 or completion of 5 years of participation.
6. *Forfeited Accounts.* There were forfeitures of \$109,370 available and used as an offset to the Employer contribution for 2022. These accounts were allocated to participants evenly in proportion to compensation.
7. *Plan Amendment.* In December 2018 the Plan was amended, effective January 1, 2019. The amended plan is designed to qualify as a Safe Harbor 401(k) Plan and will also provide a special Safe Harbor Employer Contribution. Participants should refer to the amended summary plan document for a more complete description of the amended plan's provision.

B. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a Defined Contribution Plan are required to be reported at fair value.

E-Z STAFFING, INC. PROFIT SHARING AND SAFE HARBOR 401(k) PLAN
NOTES TO FINANCIAL STATEMENT

B. Summary of Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Investment-related expenses paid by the Plan are included in net appreciation in fair value of investments. All administrative expenses of maintaining the Plan are paid by the Plan and are allocated to participant accounts.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Date of Management's Review of Subsequent Events

Subsequent events were evaluated through September 26, 2023 which is the date the financial statements were available to be issued.

C. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. The Investment Committee determines the Plan's valuation policies. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There were no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

C. Fair Value Measurements (continued)

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-ended mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks and preferred stocks are based on the closing price reported on the active market where the individual securities are traded.

Level 2 Fair Value Measurements

The fair values of U.S. government securities are valued using a market approach on yields currently available on comparable securities of issuers with similar credit ratings.

Investment Measured at Net Asset Value

A publicly registered non-traded real estate investment trust valued at the estimated net asset value (NAV) per share of the Company's common stock. The Plan's valuation policy for its investment in a REIT (real estate investment trust) is to utilize the estimated net asset value per share provided and approved annually by the REIT's board of directors. The estimated net asset value per share is based upon an independent valuation performed for the Company. Share repurchase is based on the current NAV subject to certain restrictions such as a limit of the number of shares that can be repurchased in any calendar year. In addition sufficient liquidity to honor all repurchase requests may not be readily available in a particular quarter. In such case, the board of directors may set a limit for that quarter. The board of directors may also suspend or terminate the share repurchase program upon 30 days notice if it determines that funds allocated to the share repurchase program are needed for other purposes, such as acquisition, maintenance, or repair of properties, or for use in making declared distribution.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021.

Investments at fair value	<u>\$9,419,037</u>	<u>-</u>	<u>-</u>	<u>\$9,944,319</u>

- (a) The investment in a REIT that was measured at net asset value per share has not been classified in the fair value hierarchy. The fair value amount presented in this table is intended to permit reconciliation of the fair value hierarchy to the investments at fair value presented in the statement of net assets available for benefits.

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2022 and 2021 are reported in net depreciation in fair value of investments.

The Plan's policy is to recognize transfers of investments into and out of Level 3 at the end of the reporting period. For the years ended December 31, 2022 and 2021 there were no transfers of investments into or out of Level 3.

D. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts. Any unallocated assets of the Plan should be allocated to participant accounts and distributed in such a manner as the Company may determine.

E. Tax Status

The IRS has determined and informed the company by letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more than likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

G. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
