ISC Group, L.L.C.
401(K) Retirement Plan
Baton Rouge, Louisiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of ISC Group, L.L.C. 401(K) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Respectfully submitted,

ISC GROUP, L.L.C. 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 1 - Description of Plan -

The following description of the ISC Group, L.L.C. 401(K) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Description of Plan

The Plan is a defined contribution plan covering all full-time employees of ISC Constructors, L.L.C. and ISC Services, L.L.C. (collectively, the Company) who have one month of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Management and the 401(K) Committee oversee governance of the Plan, determine the appropriateness of the Plan's investment offerings, and monitor investment performance.

As of December 31, 2021, the assets of the Plan were held by the custodians, Prudential Retirement Insurance and Annuity Company and Prudential Bank and Trust, FSB (Prudential). In April 2022, Empower Annuity and Insurance Company of America (EAIC) acquired the full-service retirement business of Prudential. In July 2022, the Plan's assets were transferred to Nationwide Trust Company, FSB.

Contributions

Employees may defer a portion of their salary under the applicable section of the Internal Revenue Code. In order to make an elective deferral, an eligible employee must defer a minimum of one percent of total earnings. The amount deferred may not exceed fifty percent of the employee's total earnings and is subject to Internal Revenue Code annual dollar limitations. The Company may provide a matching contribution of an amount determined by the Company's management. For each of the years ended December 31, 2022 and 2021, the Company matched ten percent of the participant's deferral contributions.

Unless the participant elects otherwise, the Company automatically enrolls eligible employees and withholds four percent of their compensation for each payroll period for their tax-deferred contributions to the Plan. Participants have the option to choose Roth deferrals, in addition to the pre-tax deferrals.

Participant Accounts

Each participant's account is credited or charged with the participant's contribution, the Company's matching contribution, an allocated portion of the Plan's earnings, certain Plan administration costs not covered by the Company and forfeitures of terminated participants' nonvested accounts. Allocations are based upon participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions. Vesting in the Company's matching contributions is based on the following vesting schedule.

<u>Years of Vesting Service</u>	<u>Percentage Vested</u>
Less Than 2	0%
2	50%
3 or More	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account, bear interest ranging from 4.25% to 8.00%, and are charged an administrative fee. Principal, interest and fees are paid ratably through monthly payroll deductions.

Payment of Benefits

Upon termination of service, participants are entitled to receive equal installments or a lump sum payment equal to the value of their vested account balance.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$20,395 and \$4,835, respectively. Forfeited accounts are used to reduce future contributions of the Company and to pay administrative fees. During the year ended 2022, no forfeitures were used for these purposes.

Note 2 - Summary of Accounting Policies -

Basis of Accounting

The financial statements of the Plan are prepared in accordance with the accrual basis of accounting and investments are valued at current fair value as quoted by the custodian of the Plan. All assets of the Plan are participant directed.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates, and such differences may be material.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management of the Plan Sponsor determines the Plan's valuation policies utilizing information provided by the Plan custodian. For discussion of fair value measurements and investments reported at contract value, see Notes 4 and 5, respectively.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis of accounting. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes gains and losses on investments sold during the year as well as appreciation and depreciation of the investments held at the end of the year. Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2022 and 2021, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Risks and Uncertainties

The Plan provides for various investment options in any combination of selected funds held by the custodian. These funds are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with investments, it is at least reasonably possible that changes in the values of the funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Excess Contributions Payable

Amounts payable to participants totaling \$256,277 for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability as of December 31, 2022 with a corresponding reduction to the contributions. The Plan distributed the 2022 excess contributions to the applicable participants before March 15, 2023. The excess contributions payable was \$267,798 as of December 31, 2021.

Expenses

Certain expenses of maintaining the Plan may be paid directly by the Company and are excluded from these financial statements. Fees for certain transactions, such as withdrawals and loan processing, are charged directly to the account of the participant reporting such a transaction and included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of the investments.

Reclassifications

Certain items in the 2021 financial statements may have been reclassified for comparative purposes to conform to the presentation in the current year financial statements. The reclassifications had no effect on the net assets as previously reported.

Subsequent Events

The Plan evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through September 6, 2023, the date which the financial statements were available to be issued.

Note 3 - Plan Termination -

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions.

Note 4 - Fair Value Measurements -

The fair value measurement accounting literature provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels. Level 1 inputs to the valuation methodology are based on unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access. Level 2 inputs are based primarily on quoted prices for similar assets in active or inactive markets and/or based on inputs that are derived principally from or corroborated by observable market data by correlation or other means. Level 3 inputs are unobservable and are based on assumptions market participants would utilize in pricing the asset.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. When available, valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

Registered Investment Company Shares: These funds are valued at the daily closing quoted prices in active markets as reported by the fund.

Pooled Separate Accounts: These accounts are valued daily as the number of units held multiplied by the accumulation unit value (AUV). The AUV is determined based on the quoted market prices (fund NAV) of the underlying investments and the account charges.

Collective Investment Trusts: These accounts are valued daily as the number of units held (units of participation) multiplied by the unit prices. The unit pricing is determined based on the quoted market prices (NAV) of the underlying investments and the account charges.

Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021, respectively:

Assets at Fair Value as of December 31, 2022

- (a) This fund may experience larger or smaller price declines or price increases depending on market conditions and provides a moderate risk investment strategy. Some of this risk may be offset by owning other investments with different portfolio make-ups or investment strategies. The investment objective of this fund varies in keeping with the desired risk tolerance and associated asset allocation of the underlying portfolios.
- (b) This fund provides a conservative investment strategy and maintains an asset allocation of approximately 60% of the fund allocated to equity and non-traditional investments and approximately 40% allocated to fixed-income investments.
- (c) This fund provides a conservative investment strategy, and the investment objective varies in keeping with the desired risk tolerance and associated asset allocation of the underlying portfolios.
- (d) This fund may experience significant price increases in favorable markets or undergo large price declines in adverse markets. Some of this risk may be offset by owning other investments that follow different investment strategies. The investment objective is long-term capital appreciation.
- (e) This fund may experience significant price increases in favorable markets or undergo large price declines in adverse markets. Some of this risk may be offset by owning other investments that follow different investment strategies. The investment objective is to achieve superior relative and risk-adjusted returns versus the Russell 2000 Value Index over a three and five year time horizon.
- (f) This fund seeks to provide long-term investors with an asset allocation strategy designed to maximize assets for retirement consistent with the risk level and projected retirement date associated with each fund. The funds are designed to automatically adjust their risk over time in order to reduce the risk of investment in equity securities and shift from a focus on capital appreciation to one of capital preservation, while maintaining some exposure to capital appreciation asset classes.

- (g) This fund seeks long-term capital growth through investments in foreign, primarily equity securities. The fund uses a bottom-up, value-oriented, long-term approach, focusing on the market price of a company's securities relative to the sub-advisor's evaluation of the company's long-term earnings, asset value and cash flow potential. Flexpath Strategies, LLC has selected the Templeton Foreign CIT as the underlying fund.
- (h) This fund seeks to achieve investment results that are similar to the price and yield performance, before fees and expenses, of the Russell 2000 Index. Black Rock uses a representative sampling indexing strategy to manage the underlying fund by investing in substantially all of the securities of the index in approximately the same proportions as the index.
- (i) This fund seeks to achieve investment results that are similar to the price and yield performance, before fees and expenses, of the S&P 500 Index. Black Rock uses a replication indexing strategy to manage the underlying fund by investing in substantially all of the securities of the index in approximately the same proportions as the index.
- (j) This fund seeks to achieve investment results that are similar to the price and yield performance, before fees and expenses, of the MSCI EAFE Index. Black Rock uses a replication indexing strategy to manage the underlying fund by investing in substantially all of the securities of the index in approximately the same proportions as the index.
- (k) The fund seeks to achieve investment results that are similar to the price and yield performance, before fees and expenses, of the Bloomberg Barclays U.S. Aggregate Bond Index. Black Rock uses a representative sampling indexing strategy to manage the underlying fund.
- (l) This fund seeks optimal risk adjusted returns consistent with the asset allocation mix determined by the glide path of the target date series. The 5ForLife class is designed to provide a lifetime guaranteed annual withdrawal benefit of 5% of the "income base" at retirement age.
- (m) The fund seeks to preserve both invested principal and earned interest, earn a stable fixed income return, and provide liquidity for participant-directed distributions.
- (n) This fund seeks to outperform the market over time by employing a value-oriented approach to identify potential opportunities for revaluation or fundamental improvement.
- (o) This fund seeks long-term capital growth through investment in a diversified portfolio of equity securities of domestic and foreign companies across the capitalization spectrum with a focus on mid cap securities.

Note 5 - Group Annuity Contract -

The Plan held a group annuity investment contract (Prudential Guaranteed Income Fund) which totaled \$11,665,004 as of December 31, 2021. This contract met the fully benefit-responsive investment contract criteria and, therefore, was reported at contract value as of December 31, 2021. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with this investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events that might limit the ability of the Plan to transact at contract value with the contract issuer include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause significant withdrawal from the Plan, or (4) the failure of the Plan or trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, and (5) premature termination of the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

As disclosed in Note 1 to these financial statements, the Plan changed custodians in July 2022, and all funds in this investment were transferred out. Therefore, as of December 31, 2022, the group annuity investment contract is no longer active.

Note 6 - Tax Status -

The Company has adopted a prototype plan which has received a favorable tax determination letter from the Internal Revenue Service that it qualifies under the applicable section of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under present income tax law. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. With few exceptions, the Plan is no longer subject to income tax examinations for years prior to 2019.

Note 7 - Information Prepared and Certified by the Custodians -

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the custodians: Nationwide Trust Company, FSB, as of December 31, 2022, and for the period from July 22, 2022 to December 31, 2022; and Prudential Bank and Trust, FSB, Prudential Retirement Insurance and Annuity Company, and Empower Annuity Insurance Company of America as of December 31, 2021, and for the period of January 1, 2022 to July 21, 2022.

Note 9 - Party-In-Interest Transactions -

Certain plan investments are managed by Nationwide Trust Company, FSB, Prudential Retirement Insurance and Annuity Company, and Prudential Bank and Trust, FSB, the custodians as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services may be included in net appreciation (depreciation) of investments, as they may be paid through revenue sharing, rather than a direct payment. The Plan also holds notes receivable representing participant loans. NFP Retirement, Inc. provides advisory and consulting services to the Plan. The Company may also directly pay other fees related to the Plan's operations. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.
