Independent Auditor's Report

Investment Committee, Plan Administrator and Plan Participants
Commodore Builders LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Commodore Builders LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Commodore Builders LLC 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Commodore Builders LLC 401(k) (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution retirement plan originally established by Commodore Builders Corporation (the Company, Employer or Plan Sponsor) on January 1, 2003, and restated effective January 1, 2015. The Plan covers all eligible employees of the Company. The Plan was most recently amended January 1, 2021, to update the Plan Sponsor entity type from an S corporation to a limited liability company. Voya Retirement Insurance and Annuity Company (Voya) serves as the trustee of the Plan and the Company (the Plan Administrator) administers the Plan. The Plan is subject to the provisions of the Internal Revenue Code of 1986, as amended (the Code) and the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: The Plan covers employees of the Company who have attained the age of 21 and are not nonresident aliens or covered by collective bargaining agreements. Upon meeting the eligibility requirements, an employee is eligible to be enrolled into the Plan on the next entry date, which is defined as the first day of the calendar month following the date on which these requirements are satisfied.

Contributions: Each year, participants may contribute to the Plan an amount up to 100% of their pretax annual eligible compensation as defined by the Plan, subject to certain Code limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover) provided such contributions do not impact the tax status of the Plan. The Plan provides that participants who are projected to be age 50 or older by the end of the calendar year are permitted to make additional catch-up contributions subject to Code limitations.

The Company may make employer discretionary matching and nonelective employer contributions as declared by its Board of Directors. For the year ended December 31, 2022, the Company's employer discretionary matching contributions were 100% of the first 3% of eligible compensation, as defined by the Plan. Employer discretionary matching contributions are subject to certain limitations under the Code. For the year ended December 31, 2022, there were no nonelective employer contributions.

Participant accounts: Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contributions and any employer discretionary matching contributions and allocations of any nonelective employer contributions, Plan earnings (losses) and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All amounts in participant accounts are participant-directed.

Vesting: Participants are vested immediately in participant and rollover contributions plus actual earnings thereon. Participants are vested in the Company's employer discretionary matching and nonelective employer contributions plus actual earnings thereon based on years of continuous service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Commodore Builders LLC 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

A year of service is defined as a 12-month period beginning with the date of hire. A participant becomes fully vested in the event of normal retirement, total and permanent disability or death while still employed.

Forfeitures: Forfeitures resulting from nonvested portions of terminated participants' account balances shall be used to reduce employer contributions or to pay administrative expenses. During 2022, the Plan utilized \$3,253 of forfeitures to pay administrative expenses and \$70,000 to reduce employer contributions. In 2022, forfeitures were generated totaling \$45,231 plus an investment gain of \$773. As of December 31, 2022 and 2021, unallocated forfeiture amounts available were \$30,699 and \$57,947, respectively. Accumulated forfeitures will be applied to reduce employer contributions or pay administrative expenses in 2023.

Investment options: Upon enrollment in the Plan, participants must direct their contributions into selected investment options as made available and determined by the Plan Administrator. The Plan allows investments in various pooled separate accounts, mutual funds and a guaranteed income fund. Participants may change their investment options daily.

Payment of benefits: Upon termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum distribution amount up to the value of the vested interest in his or her account. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59½. If the vested balance of a terminated participant is greater than \$5,000, the participant or beneficiary must give consent before the distribution can be made and if the vested balance is less than \$5,000, a lump-sum distribution is made as soon as administratively feasible.

Administrative expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. The remaining administrative expenses of the Plan may be paid from assets of the Plan. Investment-related expenses are included in net depreciation in fair value of investments.

Notes receivable from participants: Participant loans became allowable under the Plan as of October 1, 2019. A participant may borrow from his or her account a minimum of \$1,000 up to a maximum equal to the lesser of 50% of his or her vested account balance or \$50,000. Loan terms range up to five years or up to 20 years for the purchase of a primary residence, as established by the Plan Administrator at the time of the loan. Each loan is collateralized by the vested balance in the participant's account and bears interest at a rate commensurate with local prevailing rates. This rate ranges from 4.25% to 6.50% on all loans outstanding as of December 31, 2022, which mature through 2027. Principal and interest are paid ratably through weekly payroll deductions. Participants are not allowed to have more than two loans outstanding at any time.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements have been prepared in accordance with accounting standards set by the Financial Accounting Standards Board (FASB) and are prepared on the accrual basis of accounting. The FASB sets accounting principles generally accepted in the United States of America (U.S. GAAP) to ensure net assets available for benefits and changes in net assets available for benefits are consistently reported. References to U.S. GAAP issued by the FASB in these footnotes are to the FASB Accounting Standards Codification (ASC).

Use of estimates: The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value—see Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by Voya or its investment advisor. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation within the statement of changes in net assets available for benefits includes interest income, dividends and the Plan's gains and losses on investments bought, sold and held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent participant loans are reclassified as distributions in accordance with the provisions of the Plan.

Fair value measurements: FASB ASC 820—Fair Value Measurements and Disclosures (FASB ASC 820) defines fair value and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

Commodore Builders LLC 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used as of December 31, 2022 and 2021.

Pooled separate accounts: Unit value is calculated based on the net assets of the underlying pool of securities, which value their investment securities at fair value. The pooled separate accounts are valued daily based on the net asset value (NAV) of shares of the underlying funds. The Plan has no specific intentions to sell investments at amounts other than NAV. These investments can be redeemed on a daily basis and have no lockup or funding commitments.

Mutual funds: Mutual funds are valued at the quoted market prices. These securities are categorized in Level 1 as they are actively traded and no valuation adjustments have been applied.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Payment of benefits: Benefits are recorded when paid.

Income taxes: U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that more likely than not would not be sustained upon examination by a tax authority. Plan management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2018.

Note 3. Information Prepared and Certified by Voya Retirement Insurance and Annuity Company (Trustee)

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by Voya and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Voya that the information provided to the Plan Administrator by Voya related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information related to the following assets:

	December 31	
	2022	2021
Assets at fair value, using NAV per share:		
Pooled separate accounts	\$ 20,945,186	\$ 24,120,741

	<u>\$ 21,720,056</u>	<u>\$ 25,327,147</u>
Notes receivable from participants	<u>\$ 97,493</u>	<u>\$ 102,407</u>

Voya also certified to the completeness and accuracy of \$5,215,955 in net depreciation in fair value of investments and \$4,300 in interest income on notes receivable from participants for the year ended December 31, 2022.

Note 4. Fair Value Measurements

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Note 4. Fair Value Measurements (Continued)

- (a) In accordance with the Fair Value Measurements topic, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following tables set forth additional disclosures of investments of the Plan whose fair value is estimated using NAV per share (or its equivalent):

- (f) The investment strategy of the pooled separate accounts—bond seek income or growth of income with less emphasis on capital appreciation by investing in fixed income securities.
- (g) The investment strategy of the pooled separate accounts balanced focuses on investing in a combination of stocks and bonds.

Note 5. Guaranteed Income Fund

The Plan's guaranteed income fund is an investment contract with an insurance company, which is renewed annually. The issuing insurance company is Voya. The contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged with plan withdrawals and administrative expenses. The guaranteed income fund, Voya Fixed Account, has no stated maturity and has a contract value of \$63,285 and \$361,644 as of December 31, 2022 and 2021, respectively. Interest rates are reset at least annually, during which a new interest rate is applied daily to the total outstanding balance of the investment.

The guaranteed income fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. As described in Note 2, because the guaranteed income fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed income fund. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on the formula agreed upon with the issuer. Such interest rates are reviewed at least annually for resetting.

Certain events limit the ability of the Plan to transact at contract value with Voya. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination, merger with another plan or premature termination of the contract by the Plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The contract does not have the option to be terminated by the issuer at an amount less than contract value.

Note 6. Tax Status

The Plan received a prototype opinion letter from the Internal Revenue Service dated March 31, 2014, stating that the Plan is designed in accordance with the applicable sections of the Code. The Plan has been amended since receiving this opinion letter; however, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and tax exempt.

Commodore Builders LLC 401(k) Plan

Notes to Financial Statements

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8. Party-in-Interest Transactions

The investments of the Plan are managed by Voya, which qualify as exempt party-in-interest transactions, as defined by ERISA. The Plan issues loans to participants, which are secured by the balances in the participants' accounts, and qualify as an exempt party-in-interest transaction, as defined by ERISA. Lastly, the Plan Sponsor paid certain administrative expenses of the Plan, which qualifies as an exempt party-in-interest transaction, as defined by ERISA.

Note 9. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Subsequent Events

Effective January 1, 2023, the Plan switched third-party administrators from Voya Retirement Insurance and Annuity Company to Fidelity Investments.

The Plan has evaluated subsequent events through September 28, 2023, the date on which the financial statements were available to be issued.
