INDEPENDENT AUDITOR'S REPORT

To the Trustees of
Lufrankton, LLC 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Lufrankton, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Lufrankton, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by a bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Lufrankton, LLC 401(k) Plan and to meet other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Lufrankton, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Lufrankton, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Lufrankton, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplementary schedule, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 and Schedule H, Part IV, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 are presented for purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedules, we evaluated whether the supplementary schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary schedules, other than the information in the supplementary schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplementary schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of the Lufrankton, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan qualifying under Section 401(k) of the Internal Revenue Code (“IRC”) and subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan is available to substantially all employees who perform work for Lufrankton, LLC, the employer maintaining the Plan, and certain affiliated companies (collectively, “Lufrankton” or the “Company” or “Employer”). The Plan was established for the purpose of providing eligible employees of the Employer and their beneficiaries funds for retirement.

Eligibility

An employee is eligible to contribute to the Plan upon attainment of 21 years of age and completion of one year of service. The entry date into the Plan is the first day of the Plan year or the first day of the 7th month of the Plan year coinciding or next following the date the employee satisfies eligibility requirements.

Employee Contributions

A participant may contribute, on an annual basis through payroll deductions, up to limitations set forth by the Internal Revenue Service (“IRS”) and may contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Employees can elect to contribute up to 100% of eligible compensation, not to exceed \$20,500 or, \$27,000 for employees over 50 years of age. Under the Plan, participants may make tax-deferred contributions and Roth elective contributions. A participant may suspend contributions at any time or may increase or decrease his or her level of participation at any time during the Plan year, coinciding with the next pay period.

Employer Contributions

The Employer will make safe harbor matching contributions in accordance with the safe harbor provisions of the IRC equal to 100% of the first 4% of an employee’s Plan compensation contributed as elective deferral contributions. The Employer made safe harbor matching contributions of \$182,697 to the Plan for the year ended December 31, 2022.

The Employer may also, but is not required to, contribute a discretionary profit-sharing contribution to the Plan. To be eligible for a discretionary profit-sharing contribution, a participant must complete 1,000 hours of service during the plan year and generally must be employed on the last day of the Plan year. For the year ended December 31, 2022 no such contribution was made.

Rollover Contributions

The Plan allows eligible participant employees to make rollover contributions of amounts received from other qualified approved retirement plans, provided they are made within 60 days of receipt of such amounts by an employee.

Participant Accounts

Individual accounts are established for each participant. The Plan currently offers a variety of pooled separate accounts with varying investment objectives as investment options. Each participant’s account is credited with the participant’s salary reduction contribution, the participant’s qualified rollover contribution, the participant’s Roth contribution, the employer’s safe harbor matching contribution and allocations of (a) the employer’s discretionary profit-sharing contribution, (b) Plan earnings and (c) administrative expenses. Allocations are based on participant earnings or account balances, as defined. The participant’s account is reduced by withdrawals, losses on investments and any forfeitures.

Luf Frankton, LLC 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Investment income is reinvested in the same fund in which it was earned. Net Plan earnings are allocated to each participant's account, on a daily basis, based upon the earnings (or losses) of the particular fund or funds in which the participant's account is invested.

Excess Contributions Payable

Amounts payable to certain participants for contributions in excess of amounts allowed by the IRS or that are not in accordance with Plan provisions are recorded as a liability with a corresponding reduction to contributions.

Vesting and Forfeitures

Participants are immediately vested in their contributions and safe harbor matching contributions plus actual earnings thereon. A participant is 100% vested in the employer discretionary profit-sharing contribution after six years of credited service. Participants become fully vested upon death, total and permanent disability and early or normal retirement age.

The Plan provides for participants to vest in their account balances as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Participants who terminate employment before they vest will forfeit the nonvested interest in their employer profit-sharing contribution accounts. Forfeited non-vested accounts were \$-0- at December 31, 2022 and 2021. As permitted by the Plan documents, these accounts may be used to pay plan expenses or reduce employer contributions. For the year ended December 31, 2022, the Plan utilized \$-0- of forfeited non-vested accounts for employer contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1-5 years unless the loan is for the purchase of a primary residence and are limited to one outstanding loan per participant at a given time. The loans are secured by the balance of the participant's account and bear interest at rates at one percentage point over the prime interest rate. Principal and interest are paid ratably through weekly payroll deductions. All outstanding loan balances will become due and payable in their entirety upon severance of employment unless directly rolled over. At December 31, 2022 the interest rates applied to all loans ranged from 5% to 6.5%

Distributions and Withdrawals

Prior to age 59 ½, distributions and withdrawals are not permitted from the Plan except in the instances of hardship, death, disability or termination of employment. Hardship withdrawals must be submitted to the Plan administrator in writing. After attaining age 59 ½, participants may elect to withdraw an amount equal to any whole percentage not to exceed 100% of the participant's vested account for any reason. In the event of termination of employment, a participant shall receive, as a lump-sum distribution, the value of his or her contributed account balances as adjusted for earnings or losses thereon. Normal retirement age has been designated as 62. Distributions under the Plan are made in lump sums or direct transfer only; annuities are prohibited under the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, including contingencies. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan provides participants with various investment options in pooled separate accounts. All investment securities are exposed to some type of risk, including, but not limited to, exposure to changes in interest rates, market fluctuations, economic conditions, and currency devaluation. Due to the level of risk associated with certain investment securities, it is possible that changes in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Administrative Services

The Plan is sponsored by the Employer. Personnel within the Company organization perform some administrative services for the Plan. The payroll and related overhead costs associated with these services are not included as Plan expenses. In addition, expenses necessary to administer the Plan, including but not limited to, retaining necessary professional assistance from an attorney, an accountant or an investment advisor are paid by the Employer. Certain administrative expenses of the Plan are paid by the participants. Examples of these administrative expenses include loan application fees, distribution processing fees, advisor compensation, recordkeeping charges and account set up fees. Other investment related fees have been offset with investment income (loss) and are not readily determinable (see Note 7 for party-in-interest transactions).

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued, but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

3. INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

No auditing procedures were performed by the independent public accountants as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by John Hancock Trust Company, LLC U.S.A. ("John Hancock"), the custodian, except for comparing such information with the related information included in the financial statements. Based on information provided and certified by the custodian, there are no fixed income obligations, leases or debt instruments in default or deemed uncollectible, as defined by ERISA, for the year ended December 31, 2022.

The following information as of and for the year ended December 31, 2022 was prepared from reports certified by the custodian:

	<u>2022</u>	<u>2021</u>

4. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Such inputs include quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar securities or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the securities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

Luf Frankton, LLC 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used for the periods presented in these financial statements.

Pooled Separate Accounts: Underlying investments include shares of pooled separate accounts that are valued at their accumulation value unit ("AVU"), which is based upon the net asset value of the shares of the underlying fund. The separate accounts are valued daily as the number of accumulation units held multiplied by the AVU. The investment in the pooled separate accounts is valued utilizing the net asset valuation ("NAV") as a practical expedient to estimate fair value. The use of NAV is deemed appropriate as the common collective trust does not have a finite life, unfunded commitments relating to the types of investment or significant restrictions on redemptions. The practical expedient is used for valuation, unless it is probable that the Plan will sell a portion of the investment at an amount different from the net asset valuation.

At December 31, 2022, the Plan had no assets categorized within the fair value hierarchy. Rather, in accordance with Subtopic 820-10, the Plan's investments in pooled separate accounts are measured as a practical expedient utilizing the net asset valuation per share (or its equivalent).

The following table sets forth a summary of the Plan's investments for which fair value is estimated using the net asset value per share as of December 31:

5. PLAN TERMINATION

The Company intends to continue the Plan indefinitely for the benefit of its employees, but reserves the right to modify, amend or terminate the Plan at any time by resolution of its Board. In the event Plan termination occurs, all participants become 100% vested in their accounts and shall receive a total distribution of their accounts as described in the Plan document.

6. TAX STATUS

The Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore, believes the Plan is qualified and the related trust is tax-exempt and no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. In addition, there have been no tax related interest or penalties for the periods presented in these financial statements.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of pooled separate accounts managed by John Hancock or its subsidiaries or affiliates. Any transactions involving John Hancock, the Employer, the accountant involved with the Plan, the third-party administrator and the investment managers or advisors are therefore considered party-in-interest transactions. For the year ended December 31, 2022, there was \$2,753 paid by the Plan for the investment management services and third-party administrator fees. In addition, there were indirect fees paid by the Plan for investment management and advisory services which were absorbed in investment income (loss) and are not readily determinable. Notes receivable from participants also qualify as party-in-interest transactions.

8. SUBSEQUENT EVENTS

Subsequent events were evaluated through September 25, 2023, which is the date the financial statements were available to be issued. Based on this evaluation, the Plan has determined that no subsequent events have occurred that would require disclosure in or adjustment to the financial statements.
