INDEPENDENT AUDITOR'S REPORT

To The Plan Administrator and Participants of the Nuclear Fuel Services, Inc. Savings Plan for Hourly Employees

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Nuclear Fuel Services, Inc. Savings Plan for Hourly Employees (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information

prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis of Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that,

individually or in the aggregate, they would influence the judgment made by reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that

agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion –

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

To The Plan Administrator and Participants of the Nuclear Fuel Services, Inc. Savings Plan for Hourly Employees

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Nuclear Fuel Services, Inc. Savings Plan for Hourly Employees (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information

prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis of Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that,

individually or in the aggregate, they would influence the judgment made by reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that

agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion –

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022**

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Nuclear Fuel Services, Inc. Savings Plan for Hourly Employees (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for more detailed information or to the official plan documents for complete information.

General

The Plan, adopted effective July 1, 1989 to provide tax-deferred savings to eligible hourly employees, amended and restated January 1, 2019, is sponsored by Nuclear Fuel Services, Inc. (the "Plan Sponsor" or "Company"), a wholly owned subsidiary of BWX Technologies, Inc. ("BWXT"). On May 15, 2017, the Company entered into a six-year collective bargaining agreement (the "Agreement") with the United Steel Workers Union (the "Union"), effective for the period from May 15, 2017 through May 15, 2023, which was an extension of the prior six-year agreement and included no material changes. In 2023, the agreement was extended an additional five months until October 15, 2023 with no material changes. All hourly employees of the Company are covered by this labor Agreement with the Union.

The Plan is a defined contribution plan administered by the BWXT 401(k) Plans Committee (the "Committee") as appointed by the Board of Directors of the Company. Recordkeeping and investment management of certain investment funds (as selected by the Committee) is the responsibility of The Vanguard Group, Inc. ("Vanguard"). The Plan also offers investment funds managed by Cardinal Capital Management, LLC, Carillon Tower Advisers, Inc., Diamond Hill Capital Management, GQG Partners LLC, T. Rowe Price, and Allspring Global Investments. Vanguard Fiduciary Trust Company ("VFTC" or the "Trustee"), a wholly owned subsidiary of Vanguard, is the trustee of the trust that holds the assets of the Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Eligibility

All hourly employees of the Company are eligible to become a participant in the Plan on the first day of the month subsequent to hire and attainment of age 18.

Contributions

A participant may elect to make pre-tax contributions to the Plan in an amount ranging from 1% to 50% of the participant's compensation up to the limit on includable compensation established annually by the Internal Revenue Service ("IRS"). Participants who are age 50 and older are allowed to make certain additional contributions above these normal limits. Participants are not allowed to make after-tax contributions to the Plan. Rollover contributions from other plans are accepted provided certain specified conditions are met.

The Employer contributes 50% of the first 10% of elective contributions. Additionally, through May 15, 2011, the Employer made a base contribution to the Plan out of the Company's current or accumulated net profits equal to 2% of each eligible participant's eligible compensation for the Plan year (the "2% option"). Participants eligible to receive the 2% option included all participants hired after August 14, 2006, participants under 55 as of May 15, 2006, and participants 55 and over as of May 15, 2006 that chose the 2% option over an option for an increase in their retirement plan multiplier.

Effective May 15, 2011 the 2% option was changed to a Service Based Contribution. Service for the purposes of Service Based Contribution is based on service beginning on May 15, 2006. The Company will make a 6% of base pay contribution to the Plan on the employee's behalf for all employees over age 45 and under age 55 as of May 15, 2006 and those participants over age 55 who elected the "2% option" over an option for an increase in their retirement plan multiplier.

Employees hired after May 15, 2006 and employees under age 45 as of May 15, 2006 receive service-based employer cash contributions into the Plan according to the following years of service:

0 - 5 Years	--	2 %
5 - 10 Years	--	3 %
10 - 15 Years	--	4 %
15 - 20 Years	--	5 %
> 20 Years	--	6 %

Participants' Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and investment gains, and charged with withdrawals, investment losses and administrative expenses. Allocations are based on participant earnings, account balances or transaction activity, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

All participants are 100% vested in participant contributions and rollover contributions made to the Plan. Participants vest in Company contributions and earnings thereon at a rate of 20% for each year a participant works 1,000 hours. Participants fully vest in Company contributions and earnings thereon at death or disability.

Notes Receivable from Participants

The Agreement amended the Plan allowing participant loans. Participants may borrow from their vested accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are repaid over a period not to exceed five years with exceptions for the purchase of a primary residence. Participants may have only one loan outstanding at any one time.

The loans are secured by the balance in the participants' accounts and bear interest at a prevailing interest rate determined by the Committee. Principal and interest are paid ratably through payroll deductions.

Forfeitures

Forfeitures due to termination of employment before a participant is 100% vested and uncashed check forfeitures are used to reduce future employer contributions or to defray reasonable Plan expenses. Unallocated forfeited accounts totaled \$5,772 and \$5,170 at December 31, 2022 and 2021, respectively. During the years ended December 31, 2022 and 2021, \$8,731 and \$14,750 of forfeitures were used to offset plan administrative expenses, respectively. During the years ended December 31, 2022 and 2021, \$11,523 and \$10,954 of forfeitures were used to offset employer contributions, respectively.

Withdrawals and Distributions

A participant's pre-tax contributions and the vested portion of the Company's contributions may be withdrawn before retirement or termination of employment only under certain hardship conditions. A participant's pre-tax contribution plus any earnings thereon may be withdrawn before retirement or termination of employment only upon attainment of age 59½. Vested Company contributions plus any earnings thereon may be withdrawn at age 65 regardless of work status. A participant's contributions and the vested portion of the Company's contributions, including any earnings thereon, may be withdrawn upon retirement or termination of employment. At such time, the participant is entitled to receive the entire value of his or her account in a single lump sum. A participant's after-tax contributions, formerly allowed by the Plan, may be withdrawn at the employee's request and are subject to current tax regulations.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to amend, terminate or otherwise modify the Plan at any time, subject to the provisions of ERISA, solely at the discretion of the Board of Directors of the Company. In the event of plan termination, participants will immediately become 100% vested in their accounts.

Coronavirus Aid, Relief, and Economic Security Act

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"), which included several relief provisions to plans and their participants. The provisions of the CARES Act were able to be utilized prior to amending the plan document. The Plan adopted the following provisions for the 2020 plan year:

- qualifying participants were allowed a coronavirus-related distribution of up to \$100,000 under similar terms as hardship withdrawals
- participants were allowed to suspend any required minimum distributions; and
- qualifying participants were allowed to suspend loan repayments for up to one year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the U.S. ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Among the most significant estimates in the financial statements are the fair values of certain investments without actively quoted market prices. Actual results could differ from those estimates, and those differences could be material.

Risks and Uncertainties

The Plan provides for various investment options, including mutual funds and collective trust funds. Investment securities, in general, are exposed to various risks such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements. These effects could be material in future periods.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices, which represent the net asset value ("NAV") of shares held by the Plan. The collective trust funds are stated at fair value as determined by the issuer of the collective trust funds using NAV as a practical expedient based on the fair market value of the underlying investments.

In the Statements of Changes in Net Assets Available for Benefits, the Plan presents the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses on the sale of investments and the unrealized appreciation (depreciation) of those investments.

Management fees and operating expenses charged for investments in the mutual funds and collective trust funds are embedded in their trading prices and are not separately reflected. Consequently, management fees and operating fees are reflected as a reduction of investment return for such investments within the line described as net appreciation in the fair value of investments.

Purchases and sales of securities are recorded on a trade date basis; interest income is recorded on the accrual basis; dividends are recorded as income on the ex-dividend date; and capital gain distributions are included in dividend income.

Fully Benefit-Responsive Investment Contracts

As described in Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") *Reporting of Investment Contracts Held by Health and Welfare Benefit Plans and Defined-Contribution Pension Plans* ("ASC 962"), certain investment contracts held by a defined contribution plan are to be reported at contract value. Contract value (contributions made to the fund, plus earnings, less Plan withdrawals and administrative expenses) is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributed to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transaction under the terms of the plan. Participants in the Plan may invest in this type of investment contract indirectly through the Vanguard

Retirement Savings Trust II Fund (the "VRST"). The investments of the VRST are held in the Vanguard Retirement Savings Master Trust (the "VRST Master Trust"), a collective investment trust of stable value investments. Although this fund predominantly comprises fully benefit-responsive investment contracts, this common collective trust fund is reported in these financial statements at fair value using the NAV of the fund as a practical expedient for fair value.

Contributions

Employee contributions and Employer contributions are remitted to the Trustee shortly after each pay period. Contributions receivable as of December 31 normally represent contributions withheld from employees and due from the employer that were not remitted to the Trustee until shortly after December 31. As of December 31, 2022 and 2021, there were no contributions receivable.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest, and are excluded from investments in the fair value tables in Note 3 as proscribed by Accounting Standards Update ("ASU") 2010-25. Delinquent notes receivable are reclassified as benefits paid based upon the terms of the Plan document. Loans bear interest at rates ranging from 4.25% to 8.00%.

Payment of Benefits

Benefits are recorded when paid and are based on the fair value of the respective funds at the effective date of the withdrawal.

Administrative Fees and Investment Expenses

Administrative expenses of the Plan are paid by the Plan or the Plan Sponsor as provided in the Plan document. Administrative expenses reported in these statements reflect only those expenses paid by the Plan and its participants, and may include recordkeeping (\$13.25 per quarter for each participant) and other participant-initiated, transaction-based fees.

Transfer of Plan Assets

BWXT Investment Company, another wholly owned subsidiary of BWXT, also sponsors a 401(k) plan, which covers salaried employees of the Company. If employees change their hourly or salaried status during the year, their account balances are eligible for transfer into the corresponding plan.

Evaluation of Subsequent Events

The plan administrator has evaluated subsequent events through September 13, 2023, which is the date the financial statements were available to be issued, for their impact on amounts recorded and related disclosures, and has incorporated the related effects as appropriate.

NOTE 3 - FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures* ("ASC 820"), defines fair value as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. ASC 820 also expands the disclosure requirements around fair value and establishes a hierarchy for valuation inputs that emphasizes the use of observable inputs when measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). Categorization of instruments within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1 Inputs are based on unadjusted quoted prices for identical instruments traded in active markets.
- Level 2 Inputs are based on unadjusted quoted prices for similar instruments in active markets or identical instruments in inactive markets and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the asset or liability.
- Level 3 Inputs are generally unobservable and typically reflect estimates of assumptions that market participants would use in pricing the asset or liability. The fair values are usually determined using model-based techniques that include option pricing models, discounted cash flow models and similar valuation techniques.

Following is a description of the primary valuation methodologies used to measure the fair value of each class of Plan assets:

<i>Registered investment companies (mutual funds):</i>	Valued at the NAV of shares held by the plan as evidenced on national trading exchanges.
<i>Money market fund:</i>	Valued at the notional monetary amount held by the plan.
<i>Common / collective trust funds:</i>	Valued by the fund manager using the NAV of units as the practical expedient for fair value based upon the market value of the underlying investments. The fund holders have the ability to redeem their investment in the underlying fund at NAV per unit at the valuation date.
<i>Stable value collective trust fund:</i>	A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair Value Measurements

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31, 2022:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Registered investment companies	\$ 19,137,854	\$ 19,137,854	\$ —	\$ —
Money market fund	5,772	5,772	—	—

Investments measured at NAV:				
Common / collective trust funds (a)	32,062,424			
Total investments at fair value	<u>\$ 51,206,050</u>			

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31, 2021:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Registered investment companies	\$ 23,551,704	\$ 23,551,704	\$ —	\$ —
Money market fund	5,170	5,170	—	—
Total assets in the fair value hierarchy	23,556,874	<u>\$ 23,556,874</u>	<u>\$ —</u>	<u>\$ —</u>
Investments measured at NAV:				
Common / collective trust funds (a)	36,661,951			
Total investments at fair value	<u>\$ 60,218,825</u>			

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient for fair value have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

There were no transfers of investments between Levels in 2022 and 2021.

The common / collective trusts had no unfunded commitments, and redemptions initiated by participants may occur daily. These funds are primarily target date funds, with the equity / debt mix of investments held becoming more conservative at the direction of the fund manager over the course of time as the target retirement year approaches. The Retirement Income Trust primarily comprises fixed income securities. Other common / collective trusts comprise primarily diversified equity securities. There is a 12-month redemption notice period for the stable value common / collective trust fund as a whole.

NOTE 4 - STABLE VALUE FUND

The VRST contains fully benefit-responsive investment contracts as defined by the American Institute of Certified Public Accountants. The VRST provides for the collective investment of assets of tax-exempt pension and profit-sharing plans. The VRST invests solely in the VRST Master Trust (a common / collective investment trust fund). The underlying investments of the VRST Master Trust are primarily in a pool of investment contracts that are issued by insurance companies and commercial banks and in contracts that are backed by bond trusts. The VRST Master Trust seeks to provide stable value primarily by investing in lower risk investments with insurance companies, other financial institutions and in other short-term instruments. The issuers' ability to meet these obligations may be affected by economic developments in their respective companies and industries. Withdrawals may be made for the primary purposes of funding an authorized distribution, withdrawal, or loan disbursement by a participating pension or profit-sharing plan to an employee or beneficiary covered thereunder, or for the purpose of the participating plan making an employee-directed transfer to another investment election of the employee's interest in the plan. Certain plan-directed withdrawals may be subject to market value adjustments calculated in accordance with the provisions of the investment contracts or restricted by a holding period. Such events would include premature termination of the contracts, certain levels of sponsor layoffs, Plan termination or merger, changes to the Plan's prohibition on competing investment options, and bankruptcy of the Plan Sponsor that significantly affect the Plan's normal operations. No events are currently probable of occurring that might limit the ability of the Plan to transact at contract value. As of December 31, 2022 and 2021, the contract value of the plan's investment in the VRST was \$9,691,396 and \$8,037,626, respectively. Additional information regarding this investment can be found in the financial statements of the VRST.

NOTE 5 - FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEE (Unaudited)

The Plan administrative committee has elected the Section 103(a)(3)(c) audit method of annual reporting compliance permitted by the provisions of 29CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan's independent auditors did not perform any auditing procedures with respect to the information certified by the Trustee, except for comparing such information to the related financial statements. All financial data included in the financial statements and their accompanying notes and the supplemental schedules relating to investments, income (loss) from investments, and net appreciation (depreciation) in fair value of investments was obtained from the information certified as complete and accurate by the Trustee.

The following is a summary of the Plan's financial information and data certified by the Trustee as complete and accurate:

NOTE 6 - TAX STATUS

On April 25, 2014, the IRS issued a favorable determination letter stating that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been subsequently amended, however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore, that the Plan is qualified and the related trust is tax-exempt as of the financial statement date.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by the IRS. The plan administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2022, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress, and tax periods prior to 2019 are believed to be no longer subject to potential audit.

NOTE 7 - RELATED PARTY TRANSACTIONS

Participants in the Plan invest in shares of mutual funds and common / collective trust funds managed by an affiliate of VFTC. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. Participant loans also qualify as exempt party-in-interest transactions. The Company also provides administrative services to the Plan and may pay certain administrative expenses of the Plan with no reimbursement from the Plan.
