Kaw Valley Engineering, Inc. Profit Sharing/401k Plan and Trust
1010 Westloop Place
Junction City, KS 66502

We have audited the financial statements of Kaw Valley Engineering, Inc. Profit Sharing/401k Plan and Trust as of and for the year ended December 31, 2022 and have issued our report thereon dated September 22, 2023. Professional standards require that we advise you of the following information related to our audit.

Our Responsibility in Relation to the Financial Statement Audit

As communicated in our engagement letter dated January 16, 2023, our responsibility, as described by professional standards, is to form and express an opinion about whether the financial statements that have been prepared by management with your oversight are presented fairly, in all material respects, in conformity with accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of its respective responsibilities.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Kaw Valley Engineering, Inc. Profit Sharing/401k Plan and Trust's internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of Kaw Valley Engineering, Inc. Profit Sharing/401k Plan and Trust solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm, and our firm, have complied with all relevant ethical requirements regarding independence.

Significant Risks Identified

We have identified the following significant risk:

- Management override of internal controls.

Qualitative Aspects of the Plan's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by the Kaw Valley Engineering, Inc. Profit Sharing/401k Plan and Trust is included in Note 2 to the financial statements. There has been no initial selection of accounting policies and no changes in significant accounting policies or their application during 2022. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments.

There are no significant estimates noted that would affect the financial statements.

Financial Statement Disclosures

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the Kaw Valley Engineering, Inc. Profit Sharing/401k Plan and Trust's financial statements relate to the fair value of investments.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Kaw Valley Engineering, Inc. Profit Sharing/401k Plan and Trust's financial statements. We identified no material inconsistencies in performing and completing our audit.

Significant Difficulties Encountered during the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole. No uncorrected misstatements were noted during the audit procedures. Uncorrected misstatements or matters underlying those uncorrected misstatements could potentially cause future-period financial statements to be materially misstated, even though the uncorrected misstatements are immaterial to the financial statements currently under audit.

In addition, professional standards require us to communicate to you all material, corrected misstatements that were brought to the attention of management as a result of our audit procedures. Adjustments noted during the audit procedures are as follows:

	<u>Debit</u>	<u>Credit</u>
Net Assets Available for Benefits	\$10,352	
Participant Loans		\$10,352

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to the Kaw Valley Engineering, Inc. Profit Sharing/401k Plan and Trust's financial statements or the auditor's report. No such disagreements arose during the course of the audit.

Representations Requested from Management

We have requested certain written representations from management, which are included in a separate letter dated the same as this letter.

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings, or Issues

In the normal course of our professional association with the Kaw Valley Engineering, Inc. Profit Sharing/401k Plan and Trust, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, business conditions affecting the Kaw Valley Engineering, Inc. Profit Sharing/401k Plan and Trust and business plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as the Kaw Valley Engineering, Inc. Profit Sharing/401k Plan and Trust's auditors.

Kaw Valley Engineering, Inc. Profit Sharing/401k Plan and Trust compensation is defined as W-2 wages less reimbursements and fringe benefits. We found multiple participants during our testing that had their bonuses excluded from Kaw Valley Engineering, Inc. Profit Sharing/401k Plan and Trust compensation. If a participant does not want to have deferrals on their bonus, they should sign a form requesting the exception and that form should be kept in their employee file.

Total wages reported on the Census were incorrect for 12 employees. Their earnings were not reported on the census with the Kaw Valley Engineering, Inc. Profit Sharing/401k Plan and Trust compensation being understated by a significant amount. Total compensation should be reconciled with payroll each pay period, quarterly and annually.

The login with administrative rights to Nationwide is shared among multiple people. Without a password change, employees would still have access. This lack of internal control can be corrected by creating separate logins for each administrative position.

The forfeiture account was not used to pay employer fees in 2022. Forfeitures should be used to decrease employer fees as stated in the Kaw Valley Engineering, Inc. Profit Sharing/401k Plan and Trust document.

Nine participants who were terminated in prior years or one of the first three quarters of 2022 had account balances with less than \$5,000. These account balances should be paid out at year end. Please contact your third party administrator to authorize these force-outs.

Other Matters

The ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, were subjected to the audit procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

Our responsibility also includes communicating to you any information which we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.

This report is intended solely for the information and use of the Plan Administrator and Board of Directors, and management of the Kaw Valley Engineering, Inc. Profit Sharing/401k Plan and Trust and is not intended to be and should not be used by anyone other than these specified parties.

Independent Auditor's Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed audits of the financial statements of Kaw Valley Engineering, Inc. Profit Sharing/401(k) Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 10 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — 2022 Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets Held for Investment Purposes at End of Year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KAW VALLEY ENGINEERING, INC. PROFIT SHARING/401(K) PLAN AND TRUST

Junction City, Kansas

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

Note 1: Description of the Plan

The following description of the Kaw Valley Engineering, Inc. Profit Sharing/401(k) Plan and Trust (the Plan), provides only general information. Refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Kaw Valley Engineering, Inc. (the Company). Employees are eligible to begin deferring contributions the beginning of the first calendar quarter after completing two months of service. Prior to July 1, 2021, employees were eligible for company matching contributions beginning January 1 or July 1 after completing 12 months of service. Effective July 1, 2021 employees are eligible for Company matching on the same date they are eligible to make employee contributions. Employees are eligible for any discretionary contributions after one year of employment and 1,000 hours of service in the Plan year. Age 20 must be attained to be eligible for any type of employee or employer contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employee Contributions

Participating employees may elect to contribute a percentage of their annual compensation, as defined in the Plan document, to the Plan on a tax-deferred basis or after-tax basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Transfers from qualified plans are allowed under the provisions of the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers many funds to Plan participants as core investment options or they can select mutual funds outside of the core funds.

Employer Contributions

The Company has the discretion to make a matching contribution. The current matching contribution is equal to 10% of the participant deferral. Total Company contributions were \$69,216 and \$57,275 for the years December 31, 2022 and 2021, respectively.

At the end of the Plan year, the Company, at the discretion of the Company's Board of Directors, also may make profit-sharing contributions, as defined in the Plan document. Profit-sharing contributions are allocated to eligible participants based upon the percentage of the participant's compensation to the total compensation of all eligible participants. The Company elected to provide no discretionary contribution for both 2022 and 2021. Company contributions, both matching and profit-sharing, are invested in the participant directed accounts in the same manner as the employee deferrals.

Participant Accounts

Each participant's account is credited with the participant's voluntary contribution and allocations of the employer's matching contribution, any employer discretionary profit-sharing contribution and Plan earnings, which are allocated proportionately among all participants based on participant earnings or account balances, as defined. Participants' accounts are charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. The Plan provides vesting in the employer's profit sharing contributions of 20% after two years of service, 40% after three years of service 60% after four years of service, 80% after five years of service, and 100% after six years of service. The Plan provides vesting in the employer's matching contributions of 100% after three years of service. An employee who becomes disabled, dies, or reaches age 65 will become 100% vested in employer's contributions.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2022 and 2021

Note 1: Description of the Plan (Continued)

Participant Loans

Under the terms of the Plan, participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their cumulative employee deferrals (except for Roth deferrals) plus rollover contributions, whichever is less. The loans are secured by the balance in the participants' accounts and bear interest at a rate determined by the Plan Administrator. Loan repayments are made ratably through payroll deductions no less frequently than on a quarterly basis. Generally, the loan term may not exceed five years. However, if the loan is for the purchase of a principal residence, the Plan Administrator may permit a longer repayment term.

For the years ended December 31, 2022 and 2021, no loan balances were deemed to be in default.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or termination of employment, the participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account if the balance is less than \$5,000. For an account balance greater than \$5,000, the participant must authorize the benefit payment distribution and only the elective deferrals and rollovers will be distributed as soon as administratively feasible. All employer contributions (match and profit sharing) will not be paid until participant has reached normal retirement age. An in-service distribution may be made to a participant who has attained age 65.

Forfeitures

Forfeitures represent the non-vested portion of participant account balances upon termination. Forfeitures of Company matching funds are used to reduce employer matching contributions. Forfeitures from non-matching contributions are reallocated to participants based on compensation. No forfeitures were used to pay Plan expenses in 2022. Amounts forfeited during the years ended December 31, 2022 and 2021 were \$2,372 and \$399, respectively. The forfeiture account balances at December 31, 2022 and 2021 were \$2,605 and \$10, respectively.

Note 2: Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America. Contributions from the Company are accrued in the period in which they become an obligation of the employer by declaration of the Board of Directors. Contributions from employees are accrued when withholding is made from employees' payroll.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid. As of December 31, 2022, there was no pending distribution.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants accounts are charged directly to the participants account. Other expense are included in administrative expenses. Investment related expenses are included in the fee expense.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2022 and 2021

Note 2: Summary of Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are presented at fair value, as determined and certified by Nationwide Trust Company, FSB (the Custodian) as of the Plan's year-end. The Guaranteed Investment Contract Fund is certified by Nationwide Life Insurance Company. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

See Note 3 for further documentation on fair value measurements.

Participant Loans

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions upon a distributable event, as defined in the Plan document.

Note 3: Fair Value Measurements

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

December 31, 2022	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$ 6,573,411</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 6,573,411</u>
December 31, 2021	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$ 9,113,631</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 9,113,631</u>

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The valuation methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2022 and 2021. Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Money market funds are a type of mutual fund and share the same valuation process.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2022 and 2021

Note 4: Investment Contracts

Guaranteed Investment Contracts

Participants in the Plan have the option to invest in the Nationwide Fixed Selection Option. These funds are maintaining the contributions in a general operating account, plus earnings at guaranteed credit rates, less withdrawals and fees. Participants may ordinarily direct permitted withdrawals or transfers of all or a portion of their account balance at contract value within reasonable time frames.

Guaranteed investment contracts are valued at contract value by the insurance company and are not required to be disclosed in fair value measurement hierarchy according to ASU 2015-12, thus are not included in the previous fair value table.

Note 5: Related Parties and Parties in Interest

The Company absorbs the cost of audit fees related to the Plan, some administrative fees and the cost of fidelity bonds. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. In addition, certain Plan investments are shares of proprietary funds managed by the Custodian. These transactions qualify as exempt party-in-interest transactions.

Additional party-in-interest transactions include advising fees to Keating and Associates for Plan Administration, custodial fees to the Custodian, and audit fees to Varney & Associates, CPAs, LLC.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7: Tax Status

The Company adopted a non-standardized prototype Plan document. The Internal Revenue Service issued an opinion letter, dated September 2, 2014, on the prototype Plan document, indicating the basic Plan document is acceptable under Code Section 401 of the Internal Revenue Code. Although the Plan has been amended since receiving the letter, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or the Department of Labor. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for the years prior to 2019.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
December 31, 2022 and 2021

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

As a result of COVID-19 and other worldwide incidents, there has been heightened market risk and volatility that could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits. Because of the uncertainty of the markets during this time, Plan management is unable to estimate the total impact these events may have.

Note 9: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021 to Schedule H of Form 5500:

	<u>December 31, 2022</u>	<u>December 31, 2021</u>
Net assets available for benefits per the financial statements	\$ 7,087,360	\$ 9,436,935
Participant loan distributed	<u>10,352</u>	<u>10,352</u>
Net assets available for benefits per Schedule H to Form 5500	<u><u>\$ 7,097,712</u></u>	<u><u>\$ 9,447,287</u></u>

Note 10: Information Prepared and Certified by Custodian (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2022 and 2021, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Custodian.

Note 11: Subsequent Events

Management has evaluated subsequent events through September 22, 2023, the date on which the financial statements were available to be issued.
