Independent Auditor's Report

To the Plan's Trustees
Pietragallo Gordon Alfano Bosick & Raspanti, LLP Salary Reduction Profit Sharing Plan
Pittsburgh, Pennsylvania

Opinion

We have audited the financial statements of Pietragallo Gordon Alfano Bosick & Raspanti, LLP Salary Reduction Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Pietragallo Gordon Alfano Bosick & Raspanti, LLP Salary Reduction Profit Sharing Plan

Notes to Financial Statements December 31, 2022 and 2021

1. Plan Description

The following description of the Pietragallo Gordon Alfano Bosick & Raspanti, LLP Salary Reduction Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document or the Summary Plan Description for a more complete description of the Plan's provisions.

General

Pietragallo Gordon Alfano Bosick & Raspanti, LLP (the Partnership) maintains a tax qualified profit sharing plan which includes a qualified cash or deferred arrangement under Section 401(k) of the Internal Revenue Code. All qualifying employees who are age twenty-one or older and who have one year of service are eligible to receive non-elective contributions. For purposes of the 401(k) salary deferral contribution, participation begins on the first day of the quarter following attainment of age 21 and completion of 60 days of service.

The Plan is intended to be qualified under Section 401(k) of the Internal Revenue Code of 1986 ("IRC"), and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions

Each year, participants may contribute a percentage of their pre-tax annual compensation, as defined by the Plan. Participant contributions are subject to an individual maximum elective deferral limit on calendar year contributions which is prescribed in the IRC and adjusted annually by cost-of-living increases. The individual maximum elective deferral limit was \$20,500 for 2022 and \$19,500 for 2021. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions of \$6,500 for both 2022 and 2021. The ability of an individual participant to make elective contributions to the Section 401(k) portion of the Plan is also a function of certain nondiscrimination ratios based on average actual deferral percentages among so-called "highly compensated employees" and "non-highly compensated employees". Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions).

Effective April 1, 2018, eligible participants are automatically enrolled to defer 3% of their compensation and the automatic deferral will increase 1% on January 1 of each subsequent Plan year until the automatic deferral amount reaches 10% or modified by the participant.

Salary Reduction Profit Sharing Plan

Notes to Financial Statements

December 31, 2022 and 2021

1. Plan Description (cont.)

Profit sharing contributions are funded out of the general assets of the Partnership in an amount determined annually by the Partnership's Management Committee. Profit sharing plan contributions are allocated among eligible Plan participants based on their assigned allocation group. The contribution for each group is allocated among the members of that group in proportion to eligible compensation. All participants are assigned to one of ten allocation groups. The first six groups are for equity partners and the other groups are for all other participants as defined in the Plan document. All eligible employees who are not equity partners receive a contribution of 3% of their eligible compensation. The Partnership accrued a profit sharing contribution in the amount of \$715,943 in 2022 and \$632,336 in 2021. Contributions are subject to certain IRC limitations.

Participant Accounts

Each participant's account is credited with the participant's self-directed contribution and allocations of both the Partnership's contribution and Plan earnings (losses), and further charged with an allocation of administrative and investment expenses. Administrative expenses include third party administrator fees and certain transaction charges which are also borne by the participants who engage in those specific transactions, such as loans or distributions. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct employer and employee contributions into any one of the allowable investment options offered by the Plan through American Funds and/or Aureus Asset Management through Fidelity brokerage. Participants may make changes in their investment elections with American Funds at any time. Participants may request to transfer funds from the American Funds to Aureus Asset Management once per year. Participant funds can be transferred from Aureus Asset Management to American Funds at any time during the year.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Partnership's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after six years of credited service. Participants also become fully vested in the Partnership's contributions regardless of years of service at age 65 or upon death or permanent and total disability.

Salary Reduction Profit Sharing Plan

Notes to Financial Statements

December 31, 2022 and 2021

1. Plan Description (cont.)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at 4.25% through 6.50%, which is commensurate with local prevailing rates as determined by the Plan trustees. Principal and interest is paid ratably through monthly payroll deductions.

Participant loans are valued at their outstanding balances, which approximates fair value.

Payment of Benefits and excess contribution payable

Benefits may be distributed to participants, spouses or designated beneficiaries, as appropriate, upon normal retirement (age 65), early retirement (age 55), death, disability or termination of employment. Participants with account balances greater than \$5,000 may defer receipt of their distributions until they are required by law to receive minimum required distributions. The Plan provides for required distributions commencing at age 70½ (72, if born after June 30, 1949). Benefit distributions are made in single sum, or in annual installments over a period of time not exceeding the joint life expectancy of the participant and beneficiary, or a combination of these methods. If the participant's vested account balance is \$5,000 or less, payment must be made in a lump-sum distribution. Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability.

Withdrawals for financial hardship are permitted provided they meet regulations prescribed by the Internal Revenue Service.

Forfeitures

At December 31, 2022 and 2021, the balances of non-vested forfeited accounts totaled \$28,797 and \$8,546, respectively. Forfeited account balances are used to reduce future employer contributions. During the years ended December 31, 2022 and December 31, 2021, forfeited amounts totaling \$26,243 in 2022 and \$5,079 in 2021, were used to reduce the employer contributions receivable.

1. Plan Description (cont.)

Cares Act and Plan Provisions

On March 27, 2020, the "Coronavirus Aid, Relief, and Economic Security (CARES) Act" was signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to \$100,000;
- Increase the available loan amount to the lesser of \$100,000 or 100% of the participant's vested account balance;
- Permit COVID-19 impacted participants to take out loans while on furlough; and
- Extend the period for loan repayments, if applicable, up to one year.
- Required minimum distributions related to the 2020 calendar year were waived, including those scheduled to be paid after December 31, 2020 but before April 1, 2021

Plan Expenses and Related Party Transactions

The Partnership provides certain accounting, administrative and investment management services to the Plan for which no fees are charged. In addition, the Partnership pays some of the administrative expenses of the Plan. Investment expense for certain investment options are not paid by the Partnership. These expenses are allocated to the participants who elect to participate in those investment options. Investment expenses paid to Aureus Asset Management for 2022 and 2021 were \$83,644 and \$103,985, respectively. In addition, participants bear part of the cost of the administrative expenses such as legal and audit fees and those participants who incur loans or request distributions are charged expenses directly for these transactions. Participant expenses for 2022 and 2021 were \$49,617 and \$55,036, respectively. Certain investment expenses and administrative expenses are paid to American Funds and/or Aureus Asset Management and qualify as party-in-interest transactions allowable under ERISA.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting generally accepted in the United States of America.

2. Summary of Accounting Policies (cont.)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could materially differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transition between market participants at the measurement date (see Note 4).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Dividends include capital gains distributions from registered investment companies. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants or beneficiaries are recorded when paid.

Risks and Uncertainties

The Plan invests in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Subsequent Events

Subsequent events have been evaluated through the date of the independent auditors' report. Management did not identify any events requiring recording in or disclosure to the financial statements as of and for the year ended December 31, 2022, except as described in Note 7.

3. Concentrations of Credit Risk

The following presents investments that represent 10% or more of the Plan's net assets available for benefits.

<i>December 31,</i>	2022	2021
Washington Mutual Investors Fund	\$ 6,428,951	\$ 7,321,374
Growth Fund of America *	\$ 3,863,930	\$ 5,601,906

** Does not meet threshold in 2022, disclosed amount for comparative purposes.*

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

4. Fair Value Measurements (cont.)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021. The Plan had no material financial liabilities as of December 31, 2022 and 2021.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Investment Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 28,467,027	\$ -	\$ -	\$ 28,467,027
Common stocks	11,346,397	-	-	11,346,397
Total investments at fair value	\$ 39,813,424	\$ -	\$ -	\$ 39,813,424

Investment Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 34,288,210	\$ -	\$ -	\$ 34,288,210
Common stocks	14,664,202	-	-	14,664,202
Total investments at fair value	\$ 48,952,412	\$ -	\$ -	\$ 48,952,412

5. Related Party Transactions

Certain Plan investments are shares of registered investment companies managed by American Funds through wholly owned subsidiaries of The Capital Group Companies, Inc. Capital Bank and Trust Company, a wholly owned subsidiary of The Capital Group Companies, Inc. is the custodian of certain assets of the Plan. Activities involving these funds qualify as party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, the Partnership has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and the IRC. In the event of Plan termination, participants will become 100 percent vested in their accounts.

7. Tax Status

The Plan document is a volume submitter profit sharing plan sponsored by Fox Rothschild, LLP. The Internal Revenue Service has issued an opinion letter dated June 30, 2020 stating that the form of the Plan document and underlying trust, as designed, are in compliance with the applicable requirements of the IRC and therefore the Plan is exempt from income taxes. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain tax position that more likely than would not be sustained upon examination. The Plan Administrator believes that there are no uncertain tax positions that would have a material impact on the financial statements of the Plan. Therefore, no provision for income taxes has been recorded in these financial statements. On June 21, 2023, the Plan's Trustees were notified by the U.S. Department of Labor (DOL) of their intent to review the audit workpapers supporting the Plan's independent audit for the year ended December 31, 2021. This limited review was completed by the DOL and on August 23, 2023 the Trustees were notified that no further action was warranted.
