Independent Auditor's Report

To the Trustees
Clark Group Retirement Plan
Bethesda, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of Clark Group Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the Statement of Net Assets Available for Benefits as of December 31, 2022, and the related Statement of Changes in Net Assets Available for Benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Clark Group Retirement Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2022 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- the amounts and disclosures in the 2022 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2022 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Clark Group Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Clark Group Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Clark Group Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Clark Group Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

Aronson LLC, who merged with Aprio, LLP as of January 1, 2023, performed an audit of the 2021 financial statements of Clark Group Retirement Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated September 26, 2022 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedule, other than the information in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report

To the Trustees
Clark Group Retirement Plan
Bethesda, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of Clark Group Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the Statement of Net Assets Available for Benefits as of December 31, 2022, and the related Statement of Changes in Net Assets Available for Benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Clark Group Retirement Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2022 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- the amounts and disclosures in the 2022 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2022 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Clark Group Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Clark Group Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Clark Group Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Clark Group Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

General: The Clark Group Retirement Plan (the Plan) allows eligible employees to participate in both a company contribution and a salary deferral, or 401(k), program. The Plan is a defined contribution plan. The company contribution program of the Plan covers all employees of participating companies (except those included in the Clark Group Field Retirement Plan, those included in a unit covered by a collective bargaining agreement, leased employees and interns) who have completed one year of service (as defined in the Plan document) with Clark Construction Group, LLC or certain affiliates (the Company). For the 401(k) program only, the Plan covers the above-described employees who have completed 15 days of service (as defined in the Plan document) with the Company. Employees who normally work fewer than 17.5 hours per week and temporary employees must complete a year of service to participate in the 401(k) program. Long-term part-time employees may also participate if certain conditions are met (as outlined in the Plan document).

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The company acquired Altura, LLC on February 28, 2022. Effective March 1, 2022, Altura, LLC became an Affiliated Company under the Plan and its employees were granted prior service credit for eligibility and vesting purposes.

Company contribution program: Contributions by the participating companies under the company contribution program of the Plan are discretionary and are to be in an amount not less than 2.5% of the total annual eligible compensation paid to participants. Contributions are allocated to each participant in the proportion that his or her eligible compensation for the year bears to the total eligible compensation of all participants. Participants are eligible to receive an allocation if actively employed on the last day of the last pay period of the Plan year, or on a leave of absence on that date, with completion of a year of service in the Plan year unless termination is due to death, disability, or normal or early retirement. Effective January 1, 2022, the Plan was amended to provide that a participant who is a member shall be eligible to receive Company contributions with respect to the Plan year beginning January 1, 2022 and subsequent Plan years.

Contributions in the company contribution program of the Plan are invested in the Clark Company Contribution Fund. Investments within the Clark Company Contribution Fund are invested at the discretion of the Plan trustees.

The assets in the Clark Company Contribution Fund are held in a master trust (see Note 5).

Participants who have attained age 59 ½ may direct the investment of some or all of their balance in the Clark Company Contribution Fund into the investment options available under the 401(k) program.

Employees do not become vested until the third year of service is completed, at which point they become 100% vested.

Forfeitures of nonvested amounts are used to reduce future contributions by the participating companies. At December 31, 2022 and 2021, forfeited non-vested accounts totaled $153,088 and $122,480, respectively. For 2022, the employer contribution to the company contribution program was reduced by forfeitures of $206,975.

401(k) program: Under the 401(k) program, participants may contribute, on a pretax or Roth basis, up to 50% of their compensation, subject to IRS contribution limits. Employees who do not affirmatively elect to participate or decline to participate automatically have 7% of their compensation contributed to the 401(k) program, on a pre-tax basis, into a default fund (the Vanguard Target Retirement Trust that corresponds to their retirement age) starting as soon as administratively feasible following 60 days of employment. Effective January 1, 2021, each temporary employee who completes 500 hours of service in three consecutive computation periods, as defined in the plan document, shall be eligible to contribute pretax contributions.

Under the provisions of the 401(k) program, participating companies make a matching contribution in an amount equal to 50% of the participant's contribution up to a maximum deferral of 5% of the participant's eligible compensation. Employees are eligible for matching employer contributions on the first day coincident with or following meeting the year of service requirement.

The above contributions are invested, at the discretion of the participant, in any of 30 funds available under the Plan. Therefore, each participant's earnings are dependent upon the performance of the selected fund(s).

Salary deferral contributions and employer matching contributions are 100% vested to the participant.

Payment of benefits: Benefits provided by the Plan are paid from net assets available for benefits. The benefit to which a Plan participant is entitled is the benefit that can be provided by the contributions and earnings and losses thereon allocated to such participant's account. Benefit payments are made upon separation, retirement at age 65, early retirement at age 60 with twenty years of service, total and permanent disability, or death. Hardship withdrawals and in-service withdrawals at age 59½ are also permitted, subject to provisions described in the Plan document. Withdrawals from rollover contributions are permitted at any time.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. Loans are not permitted from the Clark Company Contribution Fund. Participant loans bear interest at the Wall Street Journal prime rate of interest plus 1%, determined at the time the loan is requested. Loans are secured by the participant's account, have a maximum term of five years, and are recorded as notes receivable from participants in the accompanying financial statements. Participants actively employed by the Plan sponsor pay back their loans through payroll deduction. Terminated employees may elect to make monthly payments directly to the Plan custodian.

Participant accounts transferred from affiliate plan: The Company maintains a separate retirement plan for field employees. As employment classifications change, the account balances of the affected employees are transferred to the appropriate plan. The net impact of those transfers in 2022 amounted to $482,284 transfers into the Plan.

2. Significant accounting policies

Basis of accounting: The financial statements of the Plan have been prepared under the accrual method of accounting, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of estimates: The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Investment valuation and income recognition: Investments and investments in the Clark Group Master Trust ("Master Trust") are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Company. Transaction expenses, such as loan and certain distribution administration fees are charged directly to the participant's account and are included in administrative expenses. Participants are also charged a quarterly fee for recordkeeping. These fees are included in administrative expenses.

Subsequent events: The Plan has evaluated subsequent events for disclosure in these financial statements through September 14, 2023, which is the date the financial statements were available to be issued.

3. Investment information certified by custodian

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants and Plan interest in the Clark Group Master Trust held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividend income, net investment loss from Plan interest in the Clark Group Master Trust and interest income from notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Vanguard Fiduciary Trust Company, the custodian of the Plan.

4. Nonparticipant-directed investments

Information about the net assets as of December 31, 2022 and 2021 and the significant components of the changes in net assets for the year ended December 31, 2022 relating to the nonparticipant-directed investments, including certified investment and investment income activity is as follows:

	2022	2021
Net Assets		
Contributions receivable	**$ 14,266,528**	$ 13,096,208
Plan interest in Clark Group Master Trust	**247,472,584**	297,432,558
Total net assets - Nonparticipant-directed	**$ 261,739,112**	$ 310,528,766

	2022
Change in net assets	
Contributions	**$ 14,266,528**
Participant accounts transferred from affiliate plan	**285,213**
Net investment loss from Plan interest in Clark Group Master Trust	**(45,689,274)**
Benefits paid to participants	**(14,299,704)**
Fees and expenses	**(111,452)**
Net transfers from Clark Company Contribution Fund	**(3,240,965)**
Total change in net assets - Nonparticipant-directed	**$ (48,789,654)**

5. Plan interest in Clark Group Master Trust

The Plan participates in the Clark Group Master Trust along with the Clark Group Field Retirement Plan. Both plans have a divided interest in the Master Trust. Vanguard Fiduciary Trust Company (Vanguard) serves as the Master Trustee.

The Plan's recordkeeper maintains supporting records for the purpose of allocating investments and investment income to each participating plan's participant accounts based on participant level activity.

The following table presents the net assets of the Master Trust and the Plan's interest in the Master Trust as of December 31, 2022:

	Master Trust balances	Plan's interest in Master Trust balances
Clark Company Contribution Fund - unitized fund	**$ 276,980,961**	**$ 247,472,584**

Investment income for the year ended December 31, 2022 for the Master Trust is as follows:

Net depreciation in fair value of investments	**$ (51,217,383)**

The following table presents the net assets of the Master Trust and the Plan's interest in the Master Trust as of December 31, 2021:

	Master Trust balances	Plan's interest in Master Trust balances
Clark Company Contribution Fund - unitized fund	$ 333,853,874	$ 297,432,558

6. Fair value measurements

The Plan reports its assets at fair value based on a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

401(k) program assets: Mutual funds are valued at quoted market prices. The fair value of the collective trust funds is based on the net asset value ("NAV") on the last business day of the Plan year provided by the entity holding the trust funds. The NAV of the collective trusts is used as a practical expedient to estimate fair value and is determined by the trustee of the funds based on the fair value of underlying assets in the trusts, less its liabilities.

No transfers may be made to competing investment options from the Putnam Stable Value Fund and amounts transferred to non-competing options may not be transferred to a competing option until 90 days have elapsed since the transfer. There are no other withdrawal limits, redemption frequency limits or redemption notice periods for these investments.

Clark Company Contribution Fund: Clark company contributions are invested in a custom portfolio consisting of several underlying mutual funds and collective trusts at target allocations specified by the Trustees of the Plan. This fund is held in the Clark Group Master Trust. The objective of the fund is to provide real growth of assets over time while protecting the value of the assets from undue volatility or risk of loss. Vanguard calculates a unit value each business day by dividing assets less liabilities by the number of units outstanding. The fair value of shares of mutual funds within the fund is based on quoted net asset values on the last business day of the Plan year. The collective trusts are valued using NAV as a practical expedient. Purchases and sales of the fund for participant transactions occur at the unit value. As such, the Clark Company Contribution Fund is reported at the NAV as a practical expedient. There are no withdrawal limits, redemption frequency limits or redemption notice periods. There were no unfunded commitments for this investment as of December 31, 2022 and 2021.

The fair value of assets in the Plan is as follows:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 219,142,423	$ -	$ -	$ 219,142,423
Money market mutual fund	6,243,414	-	-	6,243,414
Total assets within the fair value hierarchy	$ 225,385,837	$ -	$ -	225,385,837
Investments measured at net asset value[(a)]				291,897,849
Total assets at fair value				$ 517,283,686

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 276,653,049	$ -	$ -	$ 276,653,049
Money market mutual fund	6,419,565	-	-	6,419,565
Total assets within the fair value hierarchy	$ 283,072,614	$ -	$ -	283,072,614
Investments measured at net asset value[(a)]				326,201,349
Total assets at fair value				$ 609,273,963

(a) In accordance with ASC 820, certain investments that were measured at net asset value per share (or its equivalent) as of December 31, 2022 and 2021 have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

The only asset in the Clark Group Master Trust is the Clark Company Contribution Fund, which is reported at net asset value as a practical expedient, and is therefore not classified in the fair value hierarchy.

7. Tax status

The IRS has determined and informed the Plan administrator by letter dated August 4, 2015, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Plan termination

The Company intends to maintain the Plan on a permanent basis; however, the Plan can be terminated or amended by action of the Managers of the Company at any time in the future subject to the provisions of ERISA. Amendments to the Plan will not retroactively reduce Plan participants' vested rights. In the event of Plan termination, all employees affected by the Plan termination will become immediately 100% vested in their account balances unless the Plan is replaced by a comparable plan.

9. Risks and uncertainties

The Plan provides for investments in various securities that are exposed to risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in future statements of net assets available for benefits.

10. Party-in-interest transactions

Certain Plan investments are managed by Vanguard Fiduciary Trust Company, the custodian. The Plan paid certain expenses related to Plan operations and investment activity to Vanguard. These transactions qualify as exempt party-in-interest transactions.

11. Reconciliation to Form 5500

The following is a reconciliation of amounts in the financial statements to Form 5500 as of December 31, 2022 and 2021 and for the year ended December 31, 2022:
