Independent Auditor's Report

To the Trustees
Kimrad Transport 401(k) Plan
Amarillo, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Kimrad Transport 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Kimrad Transport 401(k) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Kimrad Transport 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Kimrad Transport 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Kimrad Transport 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Kimrad Transport 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Kimrad Transport 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. Description of plan

The following description of the Kimrad Transport (the “Company”) 401(k) Plan (the “Plan”), adopted effective January 1, 2009, and amended and restated on October 1, 2015, provides only general information. Effective January 1, 2012, this Plan is referred to as “qualified automatic contribution arrangement 401(k) plan” also known as a “QACA”. A QACA is a plan design where the Company commits to making certain contributions described below. This commitment to make contributions enables the Company to simplify the administration of the Plan by ensuring that nondiscrimination regulations are met, which is why it is called a “safe harbor” plan. Refer to the plan document for a more complete description of the Plan’s provisions.

SECURE 2.0 Act

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective January 1, 2023. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.

General

The Plan is a salary deferral (401(k)) and profit sharing defined contribution plan covering all employees of the Company. There are currently no age or service requirements to be eligible to participate in the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Company, at its sole discretion, may contribute to the Plan each year an amount which it deems advisable. Participants may contribute up to 100% of their annual compensation subject to certain limitations of the Internal Revenue Code. Effective January 1, 2021, the Company elected to make a safe-harbor matching contribution equal to 100% of the first 1% of compensation contributed by the participant and 50% of the next 5% of compensation contributed by the participant.

Employees who become participants and do not affirmatively elect to have a specified amount of compensation contributed to the Plan automatically have 6% of their compensation deferred as contributions to the Plan. This provision does not apply to existing participants. There is no escalation of the automatic 6% compensation deferral.

Participant accounts

Each participant’s account is credited with the participant’s contribution and allocations of 1) the Company’s matching contribution, and 2) Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their voluntary and rollover contributions plus actual earnings thereon.

Vesting in the Company’s matching and discretionary contribution portion of each participant’s account, plus actual earnings thereon, is based on years of continuous service. A participant is 20% vested after two years of service, increasing 20% per year until 100% vested after six years of credited service. For the Company’s safe-harbor matching contributions, a participant is 100% vested after two years of service.

1. Description of plan, continued

Participation loans

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the related participant's account and bear interest of 3.25% - 6.25%, which is commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

If employment is terminated for reasons other than normal retirement, the participant will be entitled to receive only the "vested percentage" of their account balance.

Participants may elect to have their vested account balance distributed as soon as administratively feasible following termination of employment. However, if the value of the vested account balance does not exceed \$5,000, then a distribution will be made regardless of whether the participant consents to receive it or not.

In the event of death or disability, the beneficiary receives the vested account balance. Upon obtaining normal retirement age the participant becomes 100% vested in all accounts. If the vested account balance does not exceed \$5,000, then the vested account balance may only be distributed in a single lump-sum payment. In addition, if the vested account balance exceeds \$5,000, the participant must consent to any distribution before it may be made. If the vested account balance exceeds \$5,000, the participant may elect to receive a distribution of the vested account balance in either a single lump-sum payment, partial withdrawals or installments subject to legal requirements and limitations.

Forfeitures

Forfeitures of the non-vested accounts are determined on the last day of the Plan year of distribution and are allocated in the Plan year following the Plan year in which they are determined. Forfeitures are applied to reduce administrative expenses of the Plan and then to reduce any employer contributions. The amount of forfeitures used to reduce expenses totaled \$7,615 and \$6,285 for the years ended December 31, 2022 and 2021, respectively.

2. Summary of significant policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation

The Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted prices of shares held by the Plan at year-end. All investments are participant directed.

Payment of benefits

Benefits are recorded when paid.

2. Summary of significant policies, continued

Operating expenses

The Plan permits the payment of Plan expenses to be made from the Plan's assets. If the Company does not pay these expenses, then the expenses paid out of the Plan's assets will generally be allocated among the accounts of all participants in the Plan. These expenses will be allocated proportionately based on the value of the account balances.

3. Information prepared and certified by custodian

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the custodian, Standard Insurance Company.

Notes to Financial Statements
December 31, 2022 and 2021

4. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

5. Tax status

The Plan is covered by a Mass-Submitter Prototype Document which received a letter from the Internal Revenue Service on March 31, 2014, in which it stated that the Plan, as then designed, was in compliance with the applicable requirement of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

6. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Transactions with parties in interest

Certain plan investments are shares of mutual funds managed by the custodian as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees paid by the Plan for investment management services were netted against investment returns. Certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. These transactions qualify as party in interest transactions.

8. Fair value measurements

Cash and receivables

The carrying amount approximates fair value because of their short maturities or due dates.

Investments

The fair values of investments are based on quoted market prices for those of similar investments.

The framework for measuring fair value produces a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Kimrad Transport 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

8. Fair value measurements, continued

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- quoted inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2022				
	Level 1	Level 2	Level 3	Total
Investments:				
Mutual funds	\$ -	\$ 3,847,400	\$ -	\$ 3,847,400

8. Fair value measurements, continued

The following schedule reconciles the beginning and ending balances of level 3 investments:

Participant loans			
		2022	2021
Beginning balance	\$	83,591	\$ 92,543
Loan withdrawals		4,767	39,197
Repayments and benefit payments		(30,456)	(32,144)
Defaults and other changes		(14,188)	(16,005)
Ending balance	\$	43,714	\$ 83,591

Stable value fund			
		2022	2021
Beginning balance	\$	783,382	\$ 622,605
Interest		6,111	4,983
Purchase		141,512	107,059
Sales		(101,998)	(55,960)
Transfers in/out		9,790	104,695
Ending balance	\$	838,797	\$ 783,382

Following is a description of the valuation methodologies used for the level 3 assets measured at fair value. There have been no changes in methodologies used at December 31, 2022 and 2021.

The fair value of participant loans receivable is based on amortized cost, which represents beginning balance, plus loan withdrawals and interest, less repayments and defaults.

The fair value of the stable value fund is based on the contract value, which represents contributions made, less withdrawals and administrative expenses, plus interest earned.

9. Subsequent events

Subsequent events were evaluated through September 26, 2023, the date the financial statements were available to be issued.
