INDEPENDENT AUDITORS' REPORT

Audit Committee
CSG Incentive Savings Plan
Omaha, Nebraska

Opinion

We have audited the financial statements of CSG Incentive Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after September 21, 2023.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information as of and for the year ended December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying information is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

CSG Incentive Savings Plan

Notes to Financial Statements

December 31, 2022 and 2021

1. Plan Description

The following brief description of the CSG Incentive Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established to provide retirement benefits for the employees of CSG Systems, Inc. and affiliates (the Company).

Eligible employees can make regular pre-tax, Roth and traditional after-tax contributions, and are eligible for safe-harbor matching contributions. The entry date for employees classified as regular is the first day of the month following 30 days after hire date. Employees classified as temporary are eligible to participate in the Plan on the first day of the month after the later of (i) the end of the first "eligibility computation period" in which the temporary employee completes at least 1,000 hours of service, or (ii) the date the employee attains age 21. Employees classified as interns are not eligible to participate in the Plan.

Employees classified as regular and temporary are eligible for discretionary and non-elective employer contributions after completing one year of employment with 1,000 hours of service.

Contributions

Each year, participants may contribute up to 100% of pre-tax or after-tax contributions in accordance with the 401(k) provisions of the Plan. Participants are automatically enrolled with an initial 6% pre-tax salary deferral election. At any time, a participant can elect not to contribute or may increase or decrease their deferral rate to any rate allowed under the Plan provisions. All participants who are eligible to make deferral contributions and who are projected to attain age 50 before the close of the calendar year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

The Company is required under the Plan to make safe-harbor matching contributions to the Plan on salary reduction contributions up to 100% of the first 5.5% of eligible compensation. The Plan also allows the Company to make non-elective employer contributions (service-based contributions) and discretionary matching contributions. During 2022 and 2021, the Company did not make any service-based or discretionary matching contributions. Contributions are subject to certain limitations.

Notes to Financial Statements

December 31, 2022 and 2021

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (i) the Company's contributions and (ii) Plan earnings or losses. The Company's safe-harbor and discretionary matching contributions are allocated among participants based upon each eligible participant's elected salary deferral on a per paycheck basis. The service-based contributions, if and when made, are allocated among participants based upon compensation of eligible participants and years of service on a per paycheck basis. Plan earnings or losses are allocated on the basis of actual results of the investments selected by each participant. Investments are maintained in individual member accounts managed by Fidelity Management Trust Company (Fidelity).

Vesting

Participants are vested immediately in their own contributions, in all Company contributions, and actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates. The terms of the notes are limited to five years, with a maximum of fifteen years if the notes are used to acquire a primary residence. All principal and interest payments must be made monthly through payroll deductions. Participants pay a \$50 note origination fee, plus a \$25 service fee per year. These fees are charged to the participants' accounts.

Payment of Benefits

Upon termination, retirement, disability, or death, the participant or beneficiary may elect to receive either a lump sum or installment payments equal to the value of the account. In the event the participant does not make an election, distribution payments between \$1,000 and \$5,000 will be directly rolled over to an individual retirement account designated by the plan administrator. If a participant's balance is less than \$1,000, the participant's balance will be automatically distributed in a lump sum payment. Benefits are recorded when paid.

Forfeitures

Forfeitures are used to pay Plan expenses. As of December 31, 2022 and 2021, \$22,881 and \$9,332 of forfeited amounts existed, respectively. During 2022 and 2021, \$0 and \$6,712, respectively, of forfeited amounts were utilized to pay Plan expenses.

2. Summary of Significant Accounting Policies

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements is set forth below.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis and in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Presentation of Participant-Directed Funds

The Plan's presentation of participant-directed investments is in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 962, *Plan Accounting-Defined Contribution Pension Plans*.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an investment in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments consists of gains and losses realized and unrealized on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions upon a participant's termination of employment with the Company, based upon the terms of the Plan document. Interest income on participant notes was \$305,198 and \$327,627 for the years ended December 31, 2022 and 2021, respectively.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Expenses

Certain expenses of the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments. Recordkeeping and other administrative expenses are paid by the Plan and are included in administrative expenses.

Subsequent Events

Subsequent events are events or transactions that occur after the date of the statement of net assets available for benefits but before the financial statements are available to be issued and may require potential recognition or disclosure in the financial statements. Management has considered such events or transactions through September 21, 2023, noting no items requiring disclosure.

3. Investments

The following table presents the fair value of the investments as of December 31:

	<u>2022</u>	<u>2021</u>
Investments at Fair Value	<u>\$ 525,637,939</u>	<u>\$ 642,080,336</u>

The Plan's investments, including gains and losses on investments bought and sold as well as held during the year, appreciated (depreciated) in value by (\$129,573,313) and \$49,655,168 for the years ended December 31, 2022 and 2021, respectively.

4. Fair Value Measurements

FASB ASC 820, *Fair Market Value Measurement and Disclosures*, provides a framework for measuring fair value by providing a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

CSG Incentive Savings Plan

Notes to Financial Statements

December 31, 2022 and 2021

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Collective Investments Trust: Valued at Net Asset Value (NAV) based on the market value of its underlying investments, FASB ASC 820, allows NAV per share to serve as a practical expedient to estimate the fair value as long as certain requirements are met. It is the Plan's assessment that this fund meets those requirements. Were the Plan to initiate a full redemption of the applicable collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trusts in order to ensure that securities liquidations will be carried out in an orderly business-like manner.

Mutual Funds and Money Market Fund: Valued at the daily closing price as reported by the funds, these funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Total Investments at Fair Value	<u>\$ 606,648,969</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 642,080,336</u>

*Investments measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on the NAV per share as of December 31, 2022 and 2021:

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective Investment Trust	\$ 24,632,106	None	Daily	1 Day

5. Tax Status

The Plan is qualified as a profit-sharing plan under Section 401(a) of the Internal Revenue Code (IRC) and is exempt from Federal income taxation under Section 501(a) of the IRC.

The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset), or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for the years prior to 2019.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participant accounts are to be distributed as soon as practicable after the termination date.

7. Related Party Transactions

Certain Plan investments are shares of funds managed by Fidelity. Fidelity is the custodian of the Plan, and therefore, these transactions qualify as related party transactions.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31 to the corresponding Form 5500:

	<u>2022</u>	<u>2021</u>
Net Assets Available for Benefits per the Financial Statements	\$ 531,588,411	\$ 648,614,149
