DOWNEY & COMPANY, LLP

CERTIFIED PUBLIC ACCOUNTANTS

Independent Auditor's Report

To the Investment Committee of the Leeward Management Services, LLC 401(k) Plan
Dallas, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Leeward Management Services, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, and the related Statement of Changes in Net Assets Available for Benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Leeward Management Services, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Leeward Management Services, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from

material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at Year End) for the year ended December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Leeward Management Services, LLC 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. Description of Plan

The following brief description of the Leeward Management Services, LLC 401(k) Plan ("Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

A. General

The Plan commenced on January 1, 2010. The Plan is a defined contribution plan covering all non-union employees of Leeward Management Services, LLC "the Company", who are age eighteen or older. The Plan is subject to the provisions of the Employees Retirement Income Security Act of 1974 (ERISA).

B. Contributions

Each year, participants may contribute from 1% to 90% of pretax annual compensation up to the maximum amount allowed by the Internal Revenue Code, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans, subject to the rules of the Plan. The Plan has an automatic enrollment feature whereby participants will automatically be enrolled into the Plan unless they opt out. The Company has the option of making matching contributions and discretionary profit-sharing contributions. The Company is not required to make these contributions. Contributions are subject to certain limitations. Effective January 1, 2017, the Plan adopted a safe harbor matching feature which limits the employer match to a maximum of 4% of compensation deferred. The formula is 100% of the first 1% of the eligible participant's compensation deferred and 50% of the next 5% of the eligible participant's compensation deferred. Effective January 1, 2023, the Plan was amended to allow the employer match to a maximum of 6% of compensation deferred. The amended formula is 100% of the first 6% of the eligible participant's compensation deferred.

C. Participants' Accounts

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution, and (b) Plan earnings or losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are also immediately vested in any employer matching and non-matching contributions.

E. Forfeited Accounts

There were forfeitures of non-vested accounts of \$10,212 and \$4,618, for the years ended December 31, 2022 and 2021, respectively. The balances in the forfeiture account was \$15,018 and \$4,808, at December 31, 2022 and 2021, respectively. No forfeitures were used to reduce employer contributions for the years ended December 31, 2022 and 2021. Forfeitures of \$200 and \$0, were used to pay plan expenses for the years ended December 31, 2022 and 2021, respectively. Forfeitures may arise from over funding of the employer matching contribution.

F. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000, or fifty (50) percent of their vested interest. Loan terms range to a maximum of five (5) years (the term may be extended for acquisition of a principal residence); however, the term of any loan may not extend beyond the participant's normal retirement date, as defined in the Plan. The loans are secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deduction. Interest rates for these loans are generally fixed at 1% above the prime rate.

G. Payment of Benefits

Upon termination of service, death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution, or installments over a specific number of years, as defined in the Plan. In service withdrawals may be permitted after attaining age 59 1/2, or in the event of an immediate financial hardship, as defined in the Plan. Hardship withdrawals are subject to certain restrictions.

2. Summary of Significant Accounting Principles

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net Appreciation (Depreciation) on Investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Common/Collective Trusts

The Plan has an investment, the GS Stable Value PR 1 Fund, in a common/collective trust. Common collective trust funds are comprised of shares or units in commingled funds that are not publicly traded. The underlying assets in these funds are primarily publicly traded equity securities, fixed income securities, and commodity related securities and are valued at their NAV, as a practical expedient, that is calculated by the investment manager or sponsor of the fund and have varying liquidity, redemption period notices and other restrictions. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Certain expenses of maintaining the Plan are paid by the Company.

3. Funding Policy

This Plan is funded by participating employees who make elective contributions to the Plan, pursuant to the Internal Revenue Code Section 401(k). The Plan may also be funded through discretionary employer contributions and safe harbor matching contributions. Employer contributions for the year ended December 31, 2022 were \$1,188,829.

4. Information Prepared by Certified Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's rules and regulations for reporting and disclosure under ERISA. Accordingly, as permitted under such election, the following investment information was certified as complete and accurate by Fidelity Management Trust Company and was not subjected to any auditing procedures by the independent public accountants:

	12/31/22	12/31/21
Investments:		
Money Market Funds	\$ 643,913	\$ 453,424
Registered Investment Companies	13,963,336	14,680,987
Common Collective Trust	352,906	229,560
Receivables:		
Notes Receivable from Participants	163,347	88,334
Investment Income (Loss):		
Depreciation in Fair Value of Investments	(3,289,568)	
Interest and Dividend Income	353,098	
Other Additions:		
Interest Income from Notes Receivable from Participants	5,316	

5. Investments

The Plan's investments are administered by Fidelity Management Trust Company and are held in a trust fund.

During 2022, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by \$(3,289,568).

6. Fair Value Measurements

Accounting Standards Codification (ASC) 820 establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;

Leeward Management Services, LLC 401(k) Plan
Notes to Financial Statements

- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlations or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Money Market Funds: Valued based on short-term cash components at the measurement date and classified within Level 1 of the valuation hierarchy.

Registered Investment Companies (Mutual Funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust: Reported at fair value using the net value ("NAV") of shares held by the Plan at year end and not classified in the fair value hierarchy in accordance with ASC subtopic 820-10. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

Common Collective Trusts are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value of investments in the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

Fair Value of Investments in Entities that Use NAV

The following table summarized investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common Collective Trust	\$ 352,906	n/a	Daily	Up to 1 year

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common Collective Trust	\$ 229,560	n/a	Daily	Up to 1 year

The objective of this fund is to provide preservation of capital and relatively stable returns. The fund primarily consists of a diversified portfolio of stable value investment contracts issued by life insurance companies, banks, and other financial institutions.

7. Party-In-Interest and Related Party Transactions

Certain Plan investments are a money market fund managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the Trustee of the Plan assets and, therefore these transactions qualify as party in interest as identified on Schedule H, Line 4i - Schedule of Assets (Held at End of Year).

Participant notes receivable qualify as party-in-interest transactions as identified on Schedule H, Line 4i - Schedule of Assets (Held at End of Year).

December 31, 2022 and 2021

The Company provides certain accounting and administrative services to the Plan for which no fees are charged. The Company also pays quarterly record keeping charges for the Plan.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their accounts.

9. Tax Status

The Company adopted a Prototype Non-Standardized Profit Sharing 401(k) Plan with a cash or deferral arrangement that received a favorable opinion letter from the Internal Revenue Service (IRS) on June 30, 2020. The favorable opinion letter stated that the Plan is designed in accordance with applicable sections of the IRC. The plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

11. Subsequent Events

The Plan evaluated subsequent events through the date of the Accountant's Report, which is the date the financial statements were available to be issued.
