To the Trustee of
The Coronado Stone Products 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Coronado Stone Products 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year the ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Empower Retirement, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the Custodians hold the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certifications from the Custodians as of and for the years ended December 31, 2020 and 2019, that the information provided to the Trustee by the Custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets (Held at Year End) as of December 31, 2020 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF THE PLAN

The Coronado Stone Products 401(k) Plan (the Plan) is a defined contribution plan providing retirement income to eligible employees. The Plan was established January 1, 2006 through Transamerica Financial Life Insurance Company (Transamerica), and is administered by Coronado Stone Products, Inc. (the Company). The Plan consists of a tax deferred savings program under Internal Revenue Code (IRC) Section 401(k) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan was formally amended and restated effective January 1, 2016 to bring the plan in compliance with the Pension Protection Act of 2006 and other legislative and regulatory changes.

Effective March 1, 2019, the Plan was restated to adopt a Volume Submitter Profit Sharing and 401(k) adoption agreement transferring fund balances to Massachusetts Mutual Life Insurance Company (Mass Mutual), the Plan asset custodian. Mass Mutual is responsible for investing and managing the Plan's assets. The Plan consists of a tax deferred savings program under Internal Revenue Code (IRC) Section 401(k) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The following description of the Plan provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Eligibility and Participation

The Plan is a defined contribution plan established for the benefit of the Company's employees, except for leased employees, employees covered by a collective bargaining agreement, and nonresident alien employees with no U.S. income. Employees are eligible to participate if they have completed one year of service of 1,000 hours and are at least eighteen years of age. Employees may enter the Plan on the first day of the Plan year or the first day of the month coinciding with or following the date the employee satisfies the eligibility requirements. Participants are eligible for Company matching contributions if they meet the Plan's eligibility requirements.

The Company and affiliated companies may make profit sharing contributions to the Plan. Participants are eligible to receive a proportionate share of the profit sharing contribution if they are at least 18 years old and have completed one year of service. The Company did not make a profit sharing contribution during the years ended December 31, 2020 and 2019.

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, or to make designated Roth contributions, not to exceed the maximum deferral limitation as defined in the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan provides safe harbor contributions of 100% of the first 3% of elective deferrals and 50% of the next 2% for a maximum employer contribution of 4% of eligible compensation. The employer safe harbor contribution applies to employee catch-up contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contributions, as well as allocations of the Company's profit sharing contribution, if any is made, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in all voluntary and safe harbor contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Company. Principal and interest are paid ratably through payroll deductions. In the event of termination, any remaining payments are due immediately unless the individual is a party-in-interest, in which case payments may continue as agreed. If the loan is not repaid upon termination, then it will become a taxable event.

Effective April 20, 2020, the Plan was amended to allow CARES Act related loans to qualified participants which allows delayed loan repayment for loans due from March 27, 2020 to December 31, 2020. The CARES Act also permits employers to increase the maximum loan amount available to qualified individuals to the lesser of $100,000 or the borrower's full vested account balance. CARES Act loans were available to the plan participants from April 1, 2020 through December 31, 2020.

Payment of Benefits

The Plan provides for the payment of benefits to the participant or beneficiary at retirement, death, disability, or termination of employment. Hardship withdrawals are not permitted under the provisions of the Plan. Participants terminating their employment with the Company or attaining age 59 1/2 are entitled to withdraw all or a portion of their vested account balance. Benefits under the Plan shall be distributed solely from the assets of the Trust.

Upon termination, automatic distributions are required for balances of less than $5,000. Automatic distributions above $1,000 made without the participant's consent are rolled into an individual retirement account designated by the trustee.

Effective April 20, 2020, the Plan was amended to allow CARES Act related distributions to qualified participants in amounts equal to the lesser of $100,000 or the borrower's full vested account balance. CARES Act distributions were available to the plan participants from April 1, 2020 through December 31, 2020.

Forfeitures

Forfeitures of the unvested balance of the Company's contributions by terminated participants are used to pay administrative expenses or reduce employer contributions. There were $2,196 and $2,171 of unused forfeitures available to reduce future contributions at December 31, 2020 and 2019, respectively. Also, in 2020, plan expenses were paid by $12,611 from forfeited nonvested accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and plan asset custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan.

Payment of Benefits

Benefits are recorded when paid. There were no benefits requested before year-end that were not paid.

Administrative Expenses

Certain expenses of maintaining the plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Expenses related to the administration of the Plan, including fees of the independent public accountants, are paid by the Company. The investment options have certain management fees which reduce the overall return on assets.

New Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, Fair Value Measurement (Topic 820): *Disclosure Framework – Changes to Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. ASU 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. Plan management has adopted the guidance and has determined that the adoption did not have a material impact on the financial statements.

Subsequent Events

The Plan has evaluated subsequent events through September 27, 2022, the date the financial statements were available to be issued.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN'S ASSET CUSTODIAN

The following is a summary of the Plan financial information and data certified by Mass Mutual in accordance with 29 CFR 2520.103-5(c) of the Department of Labor Rules and Regulations for Reporting and Disclosure as of and for the year ended December 31, 2020 under ERISA. Plan financial information and data was certified by Transamerica in accordance with 29 CFR 2520.103-5(c) of the Department of Labor Rules and Regulations for Reporting and Disclosure as of December 31, 2019. Accordingly, the plan administrator has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate. The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and Schedule H, line 4i - Schedule of Assets (Held at End of Year).

	December 31, 2020	December 31, 2019
Registered investment companies	$ 5,075,669	$ 4,915,351
Fixed Account Investment	683,416	102,344
Notes receivable from participants	230,374	286,787
	$ 5,989,459	$ 5,304,482

Net appreciation in fair value of investments	$ 549,586
Interest from fixed account	9,544
Interest from notes receivable from participants	13,944
	$ 573,074

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities, (2) quoted prices for identical or similar assets or liabilities in inactive markets, (3) inputs other than quoted prices that are observable for the asset or liability, and (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual Funds help by the Plan are open-ended mutual funds that are registered with Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. The investment is classified within Level 1 of the valuation hierarchy.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 5,075,669	$ -	$ -	$ 5,075,669
Total assets	$ 5,075,669	$ -	$ -	$ 5,075,669

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 4,915,351	$ -	$ -	$ 4,915,351
Total assets	$ 4,915,351	$ -	$ -	$ 4,915,351

NOTE 5 - INVESTMENT CONTRACT

At December 31, 2020 and 2019, the Plan invested in a benefit-responsive fixed account investment option with Mass Mutual. Mass Mutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The fixed account investment option meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit responsive investment contracts because the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value, as reported to the Plan by Mass Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2020 is $683,416. The crediting interest rate is based on a formula agreed with the issuer, but it may not be less than 2%. Such interest rates are reviewed on a semi-annual basis for resetting. The investment earned an average yield of 2.42% during the year ended December 31, 2020.

Certain events limit the Plan's ability to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including partial or total plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestures or spin offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to quality for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, and (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6 - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Certain investments are managed by Mass Mutual in pooled separate accounts as defined by the Plan. The Plan issues notes to participants which are secured by the balances in participants' accounts. Plan participants have paid fees for note and distribution processing. The Company paid certain administrative expenses of the Plan; including recordkeeping and audit fees. These transactions qualify as party in interest transactions for which a statutory exception exemption exists.

NOTE 7 - PLAN TERMINATION

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan is terminated, participants will become 100% vested for any portion of their accounts not fully vested previously.

NOTE 8 - TAX STATUS

Effective January 1, 2019, the Company adopted the Defined Contribution Volume Submitter Plan and Trust through Mass Mutual which obtained its opinion letter for the Plan on March 31, 2014. In this letter, the Internal Revenue Service (IRS) states that the Plan is acceptable under Section 401 of the IRC for use by the employers for the benefit of their employees. The Company believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code, and therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - PROHIBITED TRANSACTIONS

During the year ended December 31, 2021, it was discovered that certain plan provisions were not properly applied in the daily operation of the plan. The Company failed to use the plan definition of compensation correctly for employee deferrals and employer contributions. The Plan has elected to implement the correction contributions method. The impacted participants will receive a corrective qualified non-elective contribution for the missed deferral, employer match, and calculation of lost earnings. The Company is currently determining the amount of the corrective contribution and plans to file a Voluntary Correction Program (VCP) submission with the IRS to address the Plan's operational failure.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

On March 11, 2020, the World Health Organization characterized coronavirus (COVID-19) as a pandemic, and on March 13, the President of the United States declared a national emergency relating to the disease. In addition to the President's declaration, state and local authorities have recommended social distancing and have imposed quarantine and isolation measures on large portions of the population, including mandatory business closures. These measures are designed to protect the overall public health, however are expected to have material adverse impacts on domestic and foreign economies and may result in the United States entering a period of recession.

As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statements of changes in net assets available for plan benefits, as mentioned above. Due to the uncertainty of the markets during this time, Plan management is unable to estimate the total impact the pandemic will have.

NOTE 11 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to Form 5500:

	December 31, 2020	December 31, 2019
