INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of,
The Microflex, Inc. 401(k) Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Microflex, Inc. 401(k) Retirement Plan, (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note (3) to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE MICROFLEX, INC. 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

(1) Description of Plan:

The following description of The Microflex, Inc. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

(a) **General**—The Plan is a defined contribution plan covering substantially all employees of Microflex, Inc. and Microflex Automotive (the Company) who have achieved one year of service, completed 1,000 hours of service during the first year of service or any subsequent calendar year, and attained 21 years of age. The Plan is subject to the provision of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

(b) **Participant accounts**—Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The Plan currently offers one stable value fund and 38 registered investment companies as investment options. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(c) **Contributions**—Each year, participants may contribute up to 100% of eligible pre-tax annual compensation, as defined in the Plan. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes a maximum of 50% on the first 6% of the employee's eligible compensation, which is deferred as an elective deferral. Contributions are subject to certain limitations.

(d) **Vesting**—Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution of their accounts is based on years of continuous service. Participants vest based on the following schedule:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2 years	0%
At least 2 years, but less than 3	20%
At least 3 years, but less than 4	40%
At least 4 years, but less than 5	60%
At least 5 years, but less than 6	80%
6 years or more	100%

(e) **Notes receivable from participants**—Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. Participants can have no more than two loans outstanding at a time. However, the highest outstanding loan balance during the previous twelve-month period will reduce the maximum. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus one percentage point as determined by the Plan's trustee. Principal and interest are paid ratably through monthly payroll deductions.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

(1) **Description of Plan:** (Continued)

(f) **Payment of benefits**—On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum distribution, rollover the amount equal to the value of the vested interest in his or her account, or annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution or may elect to rollover the account balance to a different retirement account. Participants who reach normal retirement age, as defined in the plan, may elect in-service distributions. The participant's contributions may also be withdrawn for certain hardship situations.

(g) **Administrative expenses and participant fees**—The Plan permits payment of administrative expenses to be made from the Plan's assets. However, certain operating expenses of the Plan, such as audit fees, are paid by the Company. Plan administration and investment management fees reduce the participants' account balances. Expenses relating to specific participant transactions (i.e., loan setup, distribution request, etc.) are charged directly against the appropriate participant's account. Transamerica Retirement Solutions Corporation (TRSC) provides certain administrative services for the Plan pursuant to a Pension Services Agreement (Agreement). TRSC receives revenue from investment plan service fees charged to participants' accounts as specified in the Agreement. This revenue is used to offset certain amounts owed to TRSC for its administrative services to the Plan (i.e., required revenue). Any excess of the plan service fees above the required revenue, as defined in the Agreement, is held in an unallocated Expense Budget Account and may be used to pay other Plan related expenses or can be allocated to participants at the end of the year.

(h) **Forfeited accounts**—As of December 31, 2022, there was a forfeited nonvested balance remaining of \$9,028. As of December 31, 2021, there was \$4,368 forfeited nonvested balance. Forfeitures, when incurred, may be used to reduce future employer contributions or to pay Plan expenses. In 2022, no amounts were used to reduce employer contribution or to pay plan expenses and in 2021, \$6,683 was used to pay plan expenses.

(2) **Summary of Significant Accounting Policies:**

(a) **Basis of presentation**—The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

(b) **Investment valuation and income recognition**—The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note (4) for discussion of fair value measurements. Interest income and dividends are recorded when paid. Net appreciation (depreciation) in fair value of investment includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) **Payment of benefits and distributions payable**—Benefits are recorded when paid or when participants have elected payment of benefits prior to year-end and have yet not been fully paid.

(d) **Use of estimates**—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

(2) **Summary of Significant Accounting Policies:** (Continued)

(e) **Notes receivable from participants**—Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document, therefore, no allowance for credit losses has been recorded as of December 31, 2022 and 2021.

(f) **Subsequent events**—The Plan has evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through September 21, 2023, the date the financial statements were available to be issued. There have been no subsequent events requiring recognition or disclosure.

(3) **Summary of Information Certified by Plan Trustees:**

All investment information disclosed in the accompanying financial statements and ERISA-required schedules, including investments held and participant loans as of December 31, 2022 and 2021, and the net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on participant loans, distributions and plan expenses for the year ended December 31, 2022, was obtained by management and agreed to or derived from information supplied by the Plan administrator and certified as complete and accurate by Reliance Trust Company, the trustee of the Plan.

(4) **Investments and Fair Value Measurements:**

Financial Accounting Standards Board (FASB) Accounting Standard Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; and (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable that reflect the plan's own assumptions about assumptions that market participants would use in pricing the assets, based on the best information available in the circumstance.

DECEMBER 31, 2022 AND 2021

(4) Investments and Fair Value Measurements: (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Registered investment companies – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value fund – Valued at NAV as a practical expedient, inclusive of the adjustment to contract value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily. The fund seeks to preserve principal and provide consistent returns and liquidity.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes the assets and liabilities of the Plan for fair values are determined on a recurring basis as of December 31.

Description	Quoted Prices (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Fair Value
December 31, 2022:				
Registered investment companies	\$ 6,561,403	\$ -	\$ -	\$ 6,561,403
Total assets in fair value hierarchy	<u>\$ 6,561,403</u>	<u>\$ -</u>	<u>\$ -</u>	6,561,403
Investments measured at NAV*:				
Stable value fund				<u>1,391,954</u>
Total assets at fair value				<u>\$ 7,953,357</u>
December 31, 2021:				
Registered investment companies	\$ 8,467,597	\$ -	\$ -	\$ 8,467,597
Total assets in fair value hierarchy	<u>\$ 8,467,597</u>	<u>\$ -</u>	<u>\$ -</u>	8,467,597
Investments measured at NAV*:				
Stable value fund				<u>1,490,201</u>
Total assets at fair value				<u>\$ 9,957,798</u>

* In accordance with subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

THE MICROFLEX, INC. 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

(4) Investments and Fair Value Measurements: (Continued)

For the years ended December 31, 2022 and 2021, there were no significant transfers between Levels 1 and 2 and no purchases, issues, or transfers in or out of Level 3.

Investments Measuring Using the Net Asset Value Per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share as a practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>Investment</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently Eligible)</u>	<u>Redemption Notice Period</u>
Stable value fund:				
December 31, 2022	\$ 1,391,954	n/a	Daily	12 months
December 31, 2021	\$ 1,490,201	n/a	Daily	12 months

Investment earnings for amounts held in mutual funds and stable value funds reflect a combination of interest income, dividend income, realized gains and losses, and unrealized gains and losses depending on the composition of the underlying investments. Contributions made by the Company are applied or invested in accordance with participant-directed allocations.

(5) Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA. In the event of a Plan termination, participants would become 100% vested in their employer contributions.

(6) Parties-in-Interest:

Cambridge Investment Advisors provides advisement services to the Plan and its sponsor. Transamerica Retirement Solutions provides recordkeeping and third-party administration services to the Plan. Reliance Trust Company provides trustee services the Plan. The aforementioned service providers qualify as parties-in-interest to the Plan.

(7) Tax Status:

The Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRC. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

DECEMBER 31, 2022 AND 2021

(8) Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
