Independent Auditor's Report

To the Plan Administrator and Participants
GXO 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of GXO 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of GXO 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information

prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of GXO 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about GXO 401(k) Plan's ability to continue as a going concern for within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the GXO 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about GXO 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GXO 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

1. Description of Plan

The following description of the GXO 401(k) Plan is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

On August 2, 2021, XPO, Inc. completed the spin-off of GXO, Inc. ("GXO") creating two independent, publicly traded companies. As a result of this transaction, GXO Enterprise Services, LLC (the "Company"), a subsidiary of GXO, established the GXO 401(k) Plan (the "Plan") effective August 2, 2021. As a result, the account balances of certain participants in the XPO Logistics, Inc. 401(k) Plan were transferred to the Plan in connection with the distribution by XPO, Inc. to its shareholders of its interest in GXO.

The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan is intended to qualify under Section 401(a) of the Internal Revenue Code (the "IRC").

Fidelity Management Trust Company ("Fidelity") is the trustee and recordkeeper of the Plan. At the time the Plan was established, the Company combined the assets of the Plan and GXO Retirement Savings Plan into the GXO Defined Contribution Plan Master Trust ("Master Trust").

Overall responsibility for overseeing the Plan rests with the GXO, Inc. Retirement Plan Administrative Committee. Fidelity is responsible for the control of the Plan's assets, which are held in individual participant investment accounts.

Eligibility

Employees are eligible to participate in the Plan upon employment except collectively bargained employees whose bargaining agreement does not allow for participation in the Plan, non-resident aliens, employees of affiliates not adopting the Plan, residents of Puerto Rico, leased employees or independent contractors and certain other employees as defined in the Plan document. Participants are eligible for matching contributions after completing one year of service.

Contributions

Participants may contribute up to 50% of eligible compensation subject to certain limitations. Upon reaching the age of 50, eligible employees may make additional catch-up contributions up to 75% of their eligible compensation as allowed by the IRC. Participants may also roll over amounts representing distributions from other qualified defined contribution plans or individual retirement accounts into the Plan.

The Plan provides for a safe-harbor employer matching contribution for eligible employees equal to 100% of the first 3% and 50% of the next 2% contributed by the participant.

The Company may also make additional contributions to the Plan at its discretion, subject to the limits of the IRC. No additional discretionary contributions were made during 2022.

Participant Accounts
Individual accounts are maintained by the Plan's record-keeper for each of the Plan's participants to reflect the participant's contributions, the Company's contributions, and an allocation of the Plan's earnings and expenses. The benefit to which a participant is currently entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are fully vested at all times in the portion of their accounts attributable to their elective deferrals, rollover contributions and matching contributions.

Forfeitures
Forfeitures can be used to pay plan expenses or to reduce safe harbor matching contributions. For the years ended December 31, 2022 and 2021, approximately $16,000 and $1,000 of forfeitures respectively were available to fund future employer matching contributions or pay plan expenses.

Investment Options
Fidelity currently serves as trustee for all Plan investments. Participants may direct the investment of their contributions and the Company's safe harbor matching contributions into one or more formal investment options offered by the Plan, including various mutual funds and collective investment trusts.

If a participant does not direct the investment of contributions, they will be invested in the age-appropriate target date fund. Participants may change their deferral percentage and investment direction at any time.

Notes Receivable from Participants
The Plan has a loan provision allowing participants access to funds. The minimum loan amount is $1,000 and cannot exceed the lesser of $50,000 or 50% of a participant's vested account balance (subject to administrative adjustment to ensure compliance with the 50% limit) and no more than two loans may be outstanding at any time. Loans are secured by the vested account balance of the participant. Loans can be made for a term not to exceed 54 months and bear interest at Reuters prime plus 1%. Loans outstanding as of December 31, 2022, bear interest ranging from 4.25% to 7.25% and mature through 2027. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits
Participants may withdraw the vested value of their accounts upon retirement, disability, death or termination of employment. Participants may elect to receive distributions in a lump sum, installment payments or partial payments, or accounts may be rolled over into another IRS approved tax deferral account, as defined by the Plan. The Plan provides for mandatory distribution of account balances less than $5,000 following termination of employment with i) the automatic rollover to an Individual Retirement Account ("IRA") of any mandatory distributions exceeding $1,000 but equal to or less than $5,000 for which the participant does not elect a direct rollover to an IRA or another qualified plan; and ii) a direct payment to the participant of any mandatory distributions less than $1,000. Hardship withdrawals are permitted on demonstration of financial hardship, and all fully vested balances are available for distribution after the participant reaches the age of 59 ½.

Upon certain conditions, participants, while still employed by the Company, are permitted to withdraw, in a single sum subject to a minimum of $500, a portion of their elective deferrals as a result of an immediate and heavy financial need.

Plan Termination
Although the Company has no current intention to terminate the Plan, it may do so at any time by resolution of the Board of Directors. In the event that the Plan is terminated, all balances will become 100% vested and the net assets of the Plan shall be distributed to participants in the amount credited to their accounts.

2. Summary of Significant Accounting Policies

Basis of Presentation
The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Estimates
The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
The fair value of the Plan's interest in the Master Trust is based on the beginning-of-year value of the Plan's interest in the Master Trust plus actual contributions and allocated investment gain or loss, less actual benefit payments to participants and administrative expenses. Investments in the Master Trust are reported at fair value, as more fully discussed in Note 7, "GXO Defined Contribution Plan Master Trust".

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on the trade-date basis.

Notes Receivable from Participants
Notes receivable from participants are carried at amortized cost plus accrued interest.

Payment of Benefits
Benefits paid to participants are recorded upon distribution.

Administrative Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the Plan's participation in GXO Defined Contribution Plan Master Trust investment income.

3. Risks and Uncertainties

The Plan offers various investments that are generally exposed to various risks, such as interest rate, credit and overall market-volatility risks. Investments are reported at fair value. Due to the risk associated with certain investment securities, it is reasonably possible that the value of investment securities will change and that such changes could materially affect amounts reported in the statements of net assets available for benefits.

The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across all participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into varied financial instruments.

4. Income Tax Status

Effective August 2, 2021, the Plan was adopted utilizing an individually designed plan document. The Plan received a favorable determination letter from the IRS dated August 10, 2022, that the Plan and related trust was designed in compliance with the applicable requirements of the IRC. Therefore, the Company believes that the Plan is qualified and the related trust is tax exempt as of December 31, 2022. The Plan is subject to routine income tax examinations. However, there are currently no audits for any tax periods in progress.

Assuming it meets certain initial and ongoing requirements, the Plan is generally exempt from federal and state income taxes. However, GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

5. Related-Party Transactions and Party-In-Interest Transactions

Certain Plan investments are managed by Fidelity. Additionally, certain investment fees are paid by Fidelity and are reflected in the Plan's share of Master Trust investment gains or losses for the periods. The Plan also issues loans to participants that are secured by the vested balance in the participants' accounts. As such, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transactions rules.

Additionally, the Plan sponsor, GXO Enterprise Services, LLC, is a party-in-interest to the Plan. The transactions between the Plan and the Plan sponsor included funding of contributions to the Plan and payment of certain administrative expenses of the Plan, which are exempt transactions.

6. Information Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following information included in the financial statements and supplemental schedule was provided and certified by the trustee, Fidelity Management Trust Company, as of December 31, 2022 and 2021 and for the year ended December 31, 2022, as complete and accurate.

- Investment in GXO Defined Contribution Plan Master Trust
- Notes receivable from participants
- Plan's participation in GXO Defined Contribution Plan Master Trust investment income or loss
- Interest on notes receivable from participants
- GXO Defined Contribution Plan Master Trust (see Note 7)
- Schedule of assets (held at end of year)

7. GXO Defined Contribution Plan Master Trust

The Master Trust was formed to hold the assets of the Plan and GXO Retirement Savings Plan. Each plan has a divided interest in the Master Trust.

The following table presents the Plan's divided interest in the Master Trust and Master Trust total investments at December 31, 2022:

	Plan's Participation in Master Trust	Master Trust
Investments, at fair value:		
Mutual funds	$ 41,061,022	$ 53,064,359
Common collective trusts	179,457,793	215,267,793
Total investments	$ 220,518,815	$ 268,332,152

The following table presents the Plan's divided interest in the Master Trust and Master Trust total investments at December 31, 2021:

	Plan's Participation in Master Trust	Master Trust
Investments, at fair value:		
Mutual funds	$ 51,049,138	$ 66,530,070
Common collective trusts	184,224,802	226,477,150
Total investments	$ 235,273,940	$ 293,007,220

The following table summarizes the Master Trust's investment gain (loss) for the year ended December 31, 2022:

	2022
Interest and dividend income	$ 5,457,151
Net depreciation in fair value of investments	(56,088,198)
Investment gain (loss)	$ (50,631,047)

Fair Value Measurements

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, establishes a framework for fair value measurement, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodology used as of December 31, 2022 and 2021.

Mutual funds - Valued at the daily closing price reported on the active market on which the individual securities are traded.

Common collective trusts - The Plan's interest in the common collective trusts are valued at the net asset value ("NAV") of the common collective trust's underlying investments as based on information reported by the investment advisor using the audited financial statements or daily reported NAV of the common collective trust at year-end. The NAV is used as a practical expedient to estimate fair value. Participant transactions can occur daily.

The common collective trusts include investments that are operated by a trust company that manages a pooled group of trust accounts. Common collective trusts combine the assets of various institutional investors to create a larger, well-diversified portfolio. The objectives of a common collective trust are to lower the costs to investors through economies of scale available by combining assets of multiple investors, to provide daily liquidity, and to provide better diversification. Each investor owns a participating interest that is calculated in shares and represents its portion of the holdings of the fund.

The investments in common collective trusts can generally be redeemed without restriction; however, in certain cases, redemption or purchase may be limited to prevent excess and/or short-term trading.

The following table summarizes the valuation of the Master Trust investments within the fair-value hierarchy:

	Investments at Fair Value as of December 31, 2022			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 53,064,359	$ -	$ -	$ 53,064,359
Total	$ 53,064,359	$ -	$ -	53,064,359
Investment at NAV:				
Common collective trusts				215,267,793
Total investments				$ 268,332,152

	Investments at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 66,530,070	$ -	$ -	$ 66,530,070
Total	$ 66,530,070	$ -	$ -	66,530,070
Investment at NAV:				
Common collective trusts				226,477,150
Total investments				$ 293,007,220

The following table provides information regarding redemption of Master Trust investments where the NAV has been used to measure fair value as of December 31, 2022 and 2021:

	Fair Value 2022	Fair Value 2021	Redemption Frequency	Redemption Notice Period
Common collective trusts	$ 215,267,793	$ 226,477,150	Daily	1-2 days

There are no unfunded commitments at December 31, 2022.

8. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits as reported on the Plan's financial statements to amounts reported on the Form 5500 at December 31, 2022 and 2021:

	2022	2021
Net assets available for benefits reported on the financial statements	$ 232,611,943	$ 245,289,171
Contributions receivable	(2,436,525)	(2,260,762)
Certain deemed distributions of participant loans	(176,081)	(103,144)
Net assets available for benefits reported on the Form 5500	$ 229,999,337	$ $ 242,925,265

The following is a reconciliation of the net change in net assets available for benefits as reported on the Plan's financial statements to amounts reported on the Form 5500 for the year ended December 31, 2022:

	2022
Net change in net assets available for benefits reported on the financial statements	$ (12,677,228)
Net change in contributions receivable	(175,763)
Net change in certain deemed distributions of participant loans	(72,937)
Net change in net assets available for benefits reported on the Form 5500	$ (12,925,928)

9. Subsequent Events
