INDEPENDENT AUDITOR'S REPORT

Opinion

We have audited the financial statements of Independence Bank 401(k) Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Independence Bank 401(k) Profit Sharing Plan and Trust as of December 31, 2022 and 2021, and the changes in net assets available for benefits for the years ended December 31, 2022 and 2021 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Independence Bank 401(k) Profit Sharing Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Independence Bank 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Independence Bank 401(k) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Independence Bank 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held at end of year as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures

applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

INDEPENDENCE BANK 401(K) PROFIT SHARING PLAN AND TRUST
HAVRE, MONTANA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 1: PLAN DESCRIPTION:

The following description of the Independence Bank (Bank) 401(k) Profit Sharing Plan and Trust (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all employees of the Bank who have 60 days of employment and are age 18 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Independence Bank 401(k) Profit Sharing Plan and Trust Committee oversees governance of the Plan. Participants must complete 1,000 hours of service during a Plan year and be employed by the Bank on the last day of the Plan year in order to participate in the Bank's discretionary profit sharing or matching contributions to the Plan.

The Plan was amended and restated effective January 1, 2022.

On December 29, 2022, the Consolidated Appropriations Act of 2023 was signed into law which includes the package of retirement provisions referred to as "SECURE 2.0". These provisions continue the themes and reforms that began with the 2019 SECURE Act, focusing on getting more participants into the retirement system, finding ways for them to accumulate more assets, and then ensuring they get connected with those assets when retirement comes.

Many of the provisions of the SECURE 2.0 are effective on January 1, 2023, and beyond and will require significant changes to Plan administration and recordkeeping.

Contributions – Each year participants may elect to have compensation deferred by up to the maximum percentage allowable not to exceed the limits of the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants may designate all or a portion of their elective deferrals as Roth elective deferrals.

Participants direct the investment of their deferral contributions and 40% of the employer discretionary profit-sharing contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a group annuity contract with an insurance company as investment options for participant directed contributions.

The Bank provides a discretionary profit-sharing contribution of 25% of participant eligible earnings. 60% of the discretionary profit-sharing contributions are invested in nonparticipant-directed cash and cash equivalents and common stocks.

The Bank may also make a discretionary matching contribution based on the participants' salary deferral not to exceed the limits of the Internal Revenue Code. The Bank did not make any matching contributions in 2022 and 2021.

INDEPENDENCE BANK 401(K) PROFIT SHARING PLAN AND TRUST
HAVRE, MONTANA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Bank's discretionary contributions, (b) Plan earnings (losses), (c) forfeitures of terminated participants' non-vested Bank discretionary amounts not used to restore forfeitures, reduce Bank contributions, or pay Plan expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Funding Policy – Participant contributions are remitted to the Plan immediately after each bi-weekly payroll. Bank discretionary contributions are remitted to the Plan annually.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Bank's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants – The Plan permitted participant loans through September 21, 2022 based on vested account balance and the participant's ability to pay. Participant loans are limited to a minimum loan amount of \$1,000. The maximum loan amount is the lesser of 50% of a participant's vested portion of the nonparticipant-directed pooled component of the Plan, or \$50,000. The total of all participant loans, for each participant, will not exceed \$50,000. The notes are secured by the balance in the participant's account and bear interest at prime plus 1%, which was 4.25% on December 31, 2022. Principal and interest are paid through withdrawals from the employee's account on payroll days. Loans used to acquire a home may be repaid over a period longer than five years.

Effective September 22, 2022 the Plan no longer allows participant loans. Existing loans will continue to be administered as outlined in the participant's promissory note and existing loan policy.

Payment of Benefits – The Plan provides for normal retirement benefits upon reaching age sixty-five. On termination of service for any reason other than death, a participant can receive a distribution in either a lump-sum or in three irregular installments as soon as administratively possible. Distributions due to death of a participant can be paid in the form of a life annuity for surviving spouses, or in other installment methods as defined by the Plan. The Plan can make involuntary distributions after termination to participants with vested balances of \$5,000 or less. In-service distributions can be made from the vested portion of participant's accounts, subject to limitations.

Forfeitures – When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents forfeiture. Forfeitures occur as of the earlier of (1) the last day of the Plan year in which the former participant incurs five consecutive 1-year breaks in service, or (2) the distribution of the entire vested portion of the participant's account. The nonvested portion will be added to the employer discretionary contributions, used to pay Plan expenses, or reduce employer contributions (or reallocate to employer contributions). On December 31, 2022 and 2021, forfeited non-vested accounts totaled \$8,502 and \$7,451, respectively.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Accounting Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from these estimates.

Basis of Accounting – The accompanying financial statements are prepared using the accrual method of accounting and are presented in accordance with accounting principles generally accepted in the United States of America (GAAP), as codified by the Financial Accounting Standards Board (FASB).

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for disclosure of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized and unrealized gains and losses include the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Once a participant has ceased making payments on the loan and the administrator believes that no further payments will be made, the remaining loan balance is deemed a taxable distribution and reported to the Internal Revenue Service accordingly. Interest income is recognized upon receipt of loan payments from the participants, which approximates the accrual basis. Management believes all participant loans are fully collectible, therefore no allowance for credit losses has been recorded on December 31, 2022 and 2021.

Payment of Benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid by the Bank and are therefore excluded from these financial statements. Plan expenses include investment-related fees, participant termination fees and participant distribution fees.

Evaluation of Subsequent Events – The Plan has evaluated subsequent events through September 26, 2023, which is the date the financial statements were available to be issued.

NOTE 3: FAIR VALUE MEASUREMENTS:

The Plan follows U.S. generally accepted accounting principles in measuring the fair value of Plan assets. These standards establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted observable quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under these standards are described below.

Basis of Fair Value Measurement:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

As required by U.S. generally accepted accounting principles, investment assets are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used on December 31, 2022 and 2021.

Level 1 Fair Value Measurements:

Interest-Bearing Cash and Cash Equivalents: Bank deposit accounts are valued at the original cost amount, plus or minus deposits or withdrawals transactions, plus accumulated interest to the valuation date, which approximates fair market value. Certificates of deposit are valued at the original cost amount plus accumulated interest to the valuation date, which approximates fair market value. Money market funds are valued at the daily closing price as reported by the fund. The money market fund held by the Plan is an open-end mutual fund that is registered with the Securities and Exchange Commission (SEC). The fund is required to publish its daily net asset value (NAV) and to transact at that price. The money market fund held by the Plan is deemed to be actively traded.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

Common Stock: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Level 2 Fair Value Measurements:

Group Annuity Contract with Insurance Company: Valued at contract value by the insurance company by crediting the general account with earnings on the underlying investment and charging the general account with participant withdrawals and administrative expenses. The crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions.

Level 3 Fair Value Measurements:

Montana Security, Inc. Common Stock: Valued at appraisal value. The appraisal was based upon market conditions and the financial condition of Montana Security, Inc. and its wholly owned subsidiary, Independence Bank of Havre, at the end of the Plan year.

Fair values of assets measured on a recurring basis at December 31, 2022 are as follows:

		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

NOTE 5: GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY:

The Plan has a guaranteed investment contract with Great-West Life & Annuity Insurance Company (Great-West) totaling \$508,312 and \$701,088 on December 31, 2022 and 2021, respectively. Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The crediting rate may not be less than 0% and is reset quarterly. The average yield earned by the Plan was .93% and .90% in 2022 and 2021, respectively.

NOTE 6: FINANCIAL INSTRUMENTS:

Concentrations of Credit Risk Arising from Cash Deposits in Excess of Insured Limits:

The Plan maintains its cash and cash equivalents at several financial institutions. Accounts at each institution are insured by the Federal Deposit Insurance Corporation up to \$250,000. At December 31, 2022 and 2021, the Plan's uninsured cash balances totaled \$273,641 and \$257,794, respectively.

NOTE 7: BENEFITS PAYABLE:

As of December 31, 2022, there were no participants that had requested distributions that were not completed by the end of the year.

NOTE 8: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS:

Certain Plan investments are shares of Montana Security, Inc., common stock. Montana Security, Inc. is the holding company for Independence Bank of Havre. The Plan held 7,700 shares of Montana Security, Inc. common stock on December 31, 2022 and 2021, valued at \$11,665,500 and \$12,666,500, respectively. During the years ended December 31, 2022 and 2021, the Plan received dividends of \$292,600 and \$296,000 on the Montana Security, Inc. common stock, respectively. In addition, the Plan's investments included cash and cash equivalents held by Independence Bank of Havre totaling \$1,147,072 and \$1,070,121 on December 31, 2022 and 2021, respectively. During the years ended December 31, 2022 and 2021, the Plan received interest of \$20,795 and \$22,313, respectively on the cash and cash equivalents held by Independence Bank of Havre.

The Plan invested \$542,752 and \$1,620,489 as of December 31, 2022 and 2021, respectively, in the Insured Cash Sweep (ICS) program at the Bank whereby the Bank deposits the balance of the ICS account into various financial institutions in order to maintain FDIC insurance on the entire balance in the ICS account. In addition, certain Plan assets are also held by other custodians, and the Plan engages the services of a third-party administrator.

Custodial fees paid by the Plan participants amounted to \$62,427 and \$56,593 for the years ended December 31, 2022 and 2021, respectively. These fees consist of quarterly asset fees, distribution processing fees, and fees for terminated participants. A significant portion of the Plan's costs, such as audit fees, are absorbed and paid by the employer.

The third-party administrator (TPA) receives sub-transfer agency revenue from mutual funds used by the Plan. This revenue is used to offset certain amounts owed to the TPA for its record-keeping services. During 2022, sub-transfer agency revenue of \$13,075 was used to offset TPA charges.

These transactions are party-in-interest transactions under ERISA.

NOTE 9: PLAN TERMINATION:

Although it has not expressed any intent to do so, the Bank has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 10: TAX STATUS:

The Plan is a qualified trust under Section 401(a) of the Internal Revenue Code and is therefore exempt from federal income taxes under provisions of Section 401(a). The Plan is a non-standardized pre-approved profit sharing plan with CODA of Randall & Hurley Inc. which included an advisory letter date June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended and restated since receiving the advisory letter, however, the

NOTES TO FINANCIAL STATEMENTS

Plan administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial Statements.

The Employee Benefit Security Administration (EBSA) of the U.S. Department of Labor investigated the Plan and the Plan's fiduciaries and issued a letter dated July 21, 2022 detailing findings from the investigation. Independence Bank, the Plan employer, responded to the findings in September 2022 and subsequently made changes to the Plan's policies, operations, and reimbursed Plan participant fees as required. The Plan administrator believes the Plan has complied with all the EBSA findings and is in compliance with ERISA.

NOTE 11: RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 12: CONCENTRATIONS:

The Plan's investment in Montana Security, Inc. common stock represents approximately 44% and 43% of Net Assets Available for Benefits on December 31, 2022 and 2021, respectively. This concentration makes the plan vulnerable to the risk of severe impact should there be a material decrease in the value of investment in Montana Security, Inc. common stock.
