**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Santa Margarita Ford 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Santa Margarita Ford 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Santa Margarita Ford 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Matter - Supplemental Schedules Required by ERISA**

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# **SANTA MARGARITA FORD 401(K) PROFIT SHARING PLAN**

## **NOTES TO FINANCIAL STATEMENTS**

### **FOR THE YEAR ENDED DECEMBER 31, 2022**

#### **1. Description of the plan:**

The following description of the Santa Margarita Ford 401(k) Profit Sharing Plan (the "Plan") provides general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

##### **General:**

The Plan is a defined contribution plan covering all employees of Santa Margarita Ford and SMT Automotive, LLC dba Santa Margarita Toyota (the "Companies"), except for union employees and nonresident aliens. The Plan was initiated on May 1, 1988. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

##### **Eligibility:**

Nonexcluded employees who have reached twenty and one-half years of age and have completed twelve months of service are eligible to participate in the Plan. Participants may enroll in the Plan on the first day of the quarter after satisfying eligibility requirements.

##### **Contributions:**

Participants may elect, by submitting a written request to the Plan administrator, to have their wage compensation reduced by up to the dollar amount allowable under the limitations of the IRC Sections 415, 401(k) and 402(g). After-tax (Roth) contributions are allowed by the Plan. For the year ended December 31, 2022, elective deferral amount allowed under IRC Code Section 402(g) was \$20,500, and catch-up contribution allowed for participants age 50 or older, under IRC Code Section 414(v) was \$6,500. The Plan includes an eligible automatic contribution arrangement (EACA) whereby all newly eligible employees are automatically enrolled in the Plan and contribute 3% of eligible compensation unless they affirmatively elect not to participate in the Plan. This deferred amount flows directly to the Plan.

The Companies may elect to make discretionary matching contributions equal to 25% of participants' elective deferrals and only gross compensation up to 4% is considered in calculating the matching. Employer matching for 2022 and 2021 amounted to \$142,107 and \$109,746, respectively. Each matching contribution was funded in the following Plan year.

## **NOTES TO FINANCIAL STATEMENTS (CONTINUED)**

### **FOR THE YEAR ENDED DECEMBER 31, 2022**

#### **1. Description of the plan (continued):**

##### **Contributions (continued):**

Maximum annual addition to each participant's account is subject to the limitation set by IRC Code Section 415(c)(1)(A), which was the lesser of \$61,000 or 100% of the participant's compensation for the year ended.

##### **Participant accounts:**

Each participant's account is credited with the participant's contribution and Company discretionary matching contribution, if applicable, Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

##### **Vesting:**

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Companies' contribution portion of their accounts is based on years of continuous service. A participant becomes 100% vested in the Companies' contribution upon death or disability, at normal retirement age (65), or after four years of service. The vesting schedule is as follows:

| <b><u>Credited years<br/>of service</u></b> | <b><u>Vested<br/>percentage</u></b> |
|---------------------------------------------|-------------------------------------|
| 1                                           | 25%                                 |
| 2                                           | 50%                                 |
| 3                                           | 75%                                 |
| 4                                           | 100%                                |

##### **Notes receivable from participants:**

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. Participants may not have more than one loan outstanding at a time. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 8.00%, which are commensurate with local prevailing rates as determined by the Plan Administrators. Principal and interest is paid ratably through payroll deductions. Upon termination of the participant, the remaining outstanding loan balance will be treated as a taxable distribution to the participant from the Plan.

## **NOTES TO FINANCIAL STATEMENTS (CONTINUED)**

**FOR THE YEAR ENDED DECEMBER 31, 2022**

### **1. Description of the plan (continued):**

#### **Payment of benefits:**

On termination of service due to death, disability or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Annuities are also allowed as the normal form of distribution. On termination of service due to death, the vested account balance will be used to provide the participant's beneficiary with a death benefit. On termination of service due to disability, a participant is entitled to his or her vested amount balance, and the distribution will be made as if the participant retired. On termination of service due to other reasons, such as employment terminations, a participant may elect to have his or her vested benefits distributed as soon as administratively feasible or to rollover to a qualified plan or certain IRAs.

#### **Forfeitures:**

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$2,520 and \$1,301, respectively. These accounts will be used to reduce future employer matching or administrative expenses in the Plan year following the year in which the forfeitures occurred. In 2022, the employer used \$1,302 to pay for administrative expenses.

#### **Plan expense:**

The Companies have elected to absorb part of the Plan's operating and administrative expenses. Certain administrative expenses are paid from Plan assets.

### **2. Summary of accounting policies:**

#### **Basis of accounting:**

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

# **SANTA MARGARITA FORD 401(K) PROFIT SHARING PLAN**

## **NOTES TO FINANCIAL STATEMENTS (CONTINUED)**

### **FOR THE YEAR ENDED DECEMBER 31, 2022**

#### **2. Summary of accounting policies (continued):**

##### **Use of estimates:**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ('GAAP') requires the plan administrator to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from these estimates.

##### **Investment valuation and income recognition:**

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the Investment advisers, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

##### **Notes receivable from participants:**

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

##### **Excess contributions payable:**

Amounts payable to participants amounting to \$15,432 for contributions in excess of amounts allowed by the IRS are recorded as a liability, with a corresponding reduction to contributions. The Plan distributed these 2022 excess contributions prior to March 15, 2023. The Plan did not have excess contributions for the Plan year ending December 31, 2021.

### **FOR THE YEAR ENDED DECEMBER 31, 2022**

#### **2. Summary of accounting policies (continued):**

##### **Payment of benefits:**

Benefits are recorded when paid.

##### **Expenses:**

Certain expenses of maintaining the Plan are paid directly by the Companies and are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) of fair value of investments. Fees related to the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

##### **Date of management's review of subsequent events:**

Subsequent events were evaluated through July 13, 2023, which is the date the financial statements were available to be issued.

#### **3. Information prepared and certified by Sentry Life Insurance Company:**

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation/(depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Sentry Life Insurance Company. ### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

#### FOR THE YEAR ENDED DECEMBER 31, 2022

#### 4. Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The 3 levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1      Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2      Inputs to the valuation methodology include the following:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3      Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There are no plan assets requiring the use of Level 3 inputs for the periods presented and there were no changes in the methods used to measure fair value at December 31, 2022 and 2021. The following is a description of the valuation methodologies used for assets measured at fair value:

## NOTES TO FINANCIAL STATEMENTS (CONTINUED)

### FOR THE YEAR ENDED DECEMBER 31, 2022

#### 4. Fair value measurements (continued):

##### *Level 2 fair value measurements:*

Sentry Life Insurance Company is an insurance company that is state regulated. Sentry Life Insurance Company issues group annuity contracts that include the option of placing deposits received in connection with these contracts in pooled separate accounts. Investments in pooled separate accounts represent ownership of units of participation (Units), rather than ownership of specific assets. The value of any one pooled separate account is determined by aggregating the value of all of the Units held by the Plan. The value of a single Unit is the total value of the pooled separate accounts underlying investments plus other assets less liabilities divided by the number of Units outstanding. Investments in the pooled separate accounts are valued at fair value which is generally determined by the quoted market price of the underlying investments.

The fair value of the underlying securities in the pooled separate accounts are determined using level 1 or 2 pricing inputs, including quoted prices for similar assets in active or non-active markets. While the underlying assets values are quoted prices, the net asset value ("NAV") may not be publicly quoted. However, Accounting Standards Codification ("ASC") 820 allows NAV per share to serve as a practical expedient to estimate the fair value as long as certain requirements are met. ASC 820 goes on to state that where NAV is allowed to be used as an estimate of fair value, if the reporting entity has the ability to redeem its investment at NAV as of the measurement date, that investment shall be categorized as a level 2 fair value measurement. The trustee and investment committee believe that the NAV per share serves as a basis for determining fair value and have determined that Level 2 is the correct designation for these investments.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

|                           | <b>Fair value measurements as of December 31, 2022</b> |                           |                           |                     |

#### 5. Fully benefit-responsive investment contracts at contract value:

In 2016, the plan entered into a fully benefit-responsive guaranteed investment contract (traditional investment contract) with Sentry Life Insurance Company ('SLIC'). The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan. The contract value of the investment contract at December 31, 2022 and 2021 was \$1,540,550 and \$2,022,287, respectively.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measure attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented at contract value on the face of the statement of net assets available for benefits. Contract value, as reported to the plan by SLIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reset at least as frequently as annually.

The Guaranteed Fund provides a guaranteed rate of return at the rate and for the duration that is communicated to the customer. The assets held in the Guaranteed Fund may be subject to surrender charges or a market value adjustment upon withdrawal as described in the contract.

### **NOTES TO FINANCIAL STATEMENTS (CONTINUED)**

#### **FOR THE YEAR ENDED DECEMBER 31, 2022**

##### **5. Fully benefit-responsive investment contracts at contract value (continued):**

The guaranteed rate of return is based on the performance of investments held by Sentry which may consist primarily of fixed return instruments such as corporate bonds. The guaranteed interest rate set by Sentry is discretionary. The Guaranteed Fund is designed to offer the client a fixed rate of return with no risk of loss of principal except as subject to charges upon withdrawal as described in the contract. The rate could be influenced by the performance of the underlying investments held by Sentry. Corporate bond yields and the return on other possible investments supporting the Guaranteed Fund are subject to forces in the economy.

The underlying risks of the Guaranteed Fund are assumed by Sentry who is obligated to support the interest guarantees. The only risks passed on to the client are: (1) Sentry's discretion to set the guaranteed rate of return and (2) Enforcement of surrender charges or market value charges that may be triggered if funds are withdrawn. The contract allows for withdrawals for benefit payments under the company's pension plan without penalty.

Certain events limit the ability of the plan to transact at a contract value with the issuer. Such events include (1) amendments to the plan documents; (2) changes to the plan's prohibition on competing investment options; (3) bankruptcy of the plan sponsor or other plan sponsor events; or (4) premature termination of the contract. The plan administrator believes that no events are probable of occurring that might limit the ability of the plan to transact at contract value with the contract issuer, and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer

##### **6. Related-party transactions and party in interest transactions:**

Certain plan investments are shares of pooled separate accounts managed by the Sentry Life Insurance Company, the custodian and recordkeeper as defined by the Plan and, therefore, administrative fees paid to Sentry are party-in-interest transactions exempt from the prohibited transaction rules of ERISA. Administrative fees paid by the Plan for the years ended December 31, 2022 and 2021 amounted to \$4,535 and \$3,985, respectively.

## **NOTES TO FINANCIAL STATEMENTS (CONTINUED)**

### **FOR THE YEAR ENDED DECEMBER 31, 2022**

#### **6. Related-party transactions and party in interest transactions (continued):**

Fees paid during the year for administrative services rendered by parties in interest were based on customary and reasonable rates for such services and were paid by the Companies and the Plan. Certain administrative functions are performed by officers and employees of the Companies. No officer or employee receives compensation from the Plan for these services.

#### **7. Plan termination:**

Although it has not expressed any intent to do so, the Companies have the right under the Plan to terminate the Plan at anytime subject to the provisions of ERISA. In the event of Plan termination, participants will be 100% vested in their accounts.

#### **8. Tax status:**

The Company has adopted the Sentry Life Insurance Company non-standardized pre-approved profit sharing plan. The IRS has determined and informed the Company by a letter dated June 30, 2020, that this Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan may have been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### **9. Risk and uncertainties:**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statement of net assets available for benefits.

## NOTES TO FINANCIAL STATEMENTS (CONTINUED)

### FOR THE YEAR ENDED DECEMBER 31, 2022

#### 10. Reconciliation of financial statements to Form 5500:

As mentioned in Note 1, the employer remits matching amounts to the Plan in the following year. Schedule H of Form 5500 does not present employer contributions receivable as of the end of each year. As of December 31, 2022 and 2021, the total employer contributions receivable recorded on the statement of net assets available for benefits, but not the Form 5500, were \$142,107 and \$109,746, respectively. Consequently, there is a timing difference in employer contributions presented in the statement of changes in net assets available for benefits for the current reporting period as illustrated below:

| <b><u>Employer matching contributions</u></b>          | <b><u>12/31/2022</u></b> |
|--------------------------------------------------------|--------------------------|
| Per financial statements                               | \$ 142,107               |
| Less: contributions receivable at<br>December 31, 2022 | (142,107)                |
| Add: contributions receivable at<br>December 31, 2021  | <u>109,746</u>           |
| Per Form 5500                                          | <u><u>\$ 109,746</u></u> |

The Schedule H does not present excess contributions payable as of the end of the year. As of December 31, 2022, the excess contributions payable recorded on the statement of net assets available for benefits, but not on Schedule H, was \$15,432. The accrued amount is reflected as a reduction in participant contributions on the statement of changes in net assets available for benefits. Consequently, there is a corresponding difference in participant contributions per the financial statements and Schedule H as illustrated on the following table:

| <b><u>Participant contributions</u></b>                   | <b><u>12/31/2022</u></b> |
|-----------------------------------------------------------|--------------------------|
| Per financial statements                                  | \$ 979,699               |
| Add: excess contributions payable at<br>December 31, 2022 | <u>15,432</u>            |
