Board of Directors
Civil Service Employees Insurance Group 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Civil Service Employees Insurance Group 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i Schedule of Assets (Held at End of Year), as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Civil Service Employees Insurance Group 401(k) Plan

Notes to Financial Statements

Years ended December 31, 2022 and 2021

1. Description of Plan

The following description of the Civil Service Employees Insurance Group 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution plan intended to qualify under Section 401(a) and related provisions of the Internal Revenue Code (IRC), was established effective April 1, 1995, and most recently restated March 1, 2022. The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination or financial hardship. The Plan covers all employees of Civil Service Employees Insurance Group (the Company) who meet certain eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent amendments.

Plan administration

The Company is the administrator of the Plan and, as such, carries out duties imposed by ERISA. The Company has delegated certain responsibilities for the operations and administration of the Plan. Empower Annuity Insurance Company of America, an insurance company (formerly known as Great-West Life & Annuity Insurance Company), maintains the contributions related to the Empower Annuity Insurance Company of America Guaranteed Interest Fund (see Note 4) in a general account. Empower Trust Company, LLC (formerly known as Great-West Trust Company, LLC) is the named Trustee of the Plan. During 2022, Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC were re-branded as Empower Annuity Insurance Company of America and Empower Trust Company, LLC, respectively. Empower Retirement (Empower) combines the retirement businesses of Empower Annuity Insurance Company of America and Empower Trust Company, LLC, and provides record keeping services to the Plan.

Certain administrative expenses of the Plan, including audit fees, are paid directly by the Company, and are therefore excluded from these financial statements. Investment related fees, which may vary according to the individual investment funds selected, are included in net change in fair value of investments. Record keeping and certain other administrative expenses are paid out of the assets of the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participants account and are included in administrative expenses.

Notes to Financial Statements (Continued)

1. Description of Plan (Continued)

Eligibility

Effective January 1, 2016, employees become eligible to participate in the Plan upon their date of hire; prior to January 1, 2016, employees became eligible to participate after one month of service. Employees covered under the Plan include all employees except employees classified by the Company as employees covered by a collective bargaining agreement, (unless the agreement requires the employees to be included under the Plan), leased employees, nonresident aliens with no income from a United States source, and residents of Puerto Rico. Temporary workers become eligible to participate in the Plan upon reaching age 21 and completion of 1,000 hours of service during the eligibility computation period, as defined by the Plan.

Participant contributions

Participants may elect to contribute through payroll deductions amounts up to 60% of pretax annual compensation, as defined in the Plan. Maximum deferral amounts allowed by the IRC were \$20,500 for 2022 and \$19,500 for 2021. Participants over the age of 50 may also contribute an additional \$6,500 in catchup contributions to the Plan for 2022 and 2021. Participants may also make rollover contributions of amounts representing distributions from other qualified retirement plans. All contributions are remitted to the trustee/insurance company for investment in the appropriate investment fund or portfolio in accordance with the participant's directives and the terms of the Plan.

Employer contributions

The Company has elected to make annual safe harbor matching contributions equal to 100% of participant deferrals that do not exceed 3% of eligible compensation and an additional 50% of the next 3% to 5% of eligible compensation. All active participants are eligible for a safe harbor contribution. In addition, the Company may make additional discretionary contributions as determined by the Company's board of directors. The Company made safe harbor contributions, net of forfeitures, totaling \$522,549 and \$468,555 for the years ended December 31, 2022 and 2021, respectively. The Company did not make a discretionary contribution for the years ended December 31, 2022 and 2021.

Vesting

Participants are immediately vested in their voluntary contributions, rollover contributions, employer safe harbor contributions, and actual earnings thereon. Vesting in the Company discretionary contributions is based on years of service, and vests as follows: 25% after one year, 50% after two years, 75% after three years, and 100% after four years with immediate vesting in the event of death, disability or retirement during the Company's employment.

Civil Service Employees Insurance Group 401(k) Plan

Notes to Financial Statements (Continued)

1. Description of Plan (Continued)

Participant accounts

Each participant's account is credited with the participant's contribution or rollovers and allocations of (a) the Company's contribution and (b) plan earnings, and is charged with an allocation of administrative expenses. Allocations of investment earnings are based strictly on the participant's selection of investments and timing of purchase. Other allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options at any time.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes receivable terms range from one to five years or up to fifteen years for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 7.25%, as determined by the Plan's administrator. Principal and interest are paid ratably through monthly payroll deductions. Notes receivable from participants mature at various dates through April 2031.

Forfeited accounts

Forfeitures of Company discretionary contributions may occur if a participant terminates employment prior to the full vesting period. Forfeitures are used to reduce future employer contributions or to pay Plan expenses. Forfeited nonvested accounts totaled \$230 and \$84 as of December 31, 2022 and 2021, respectively.

Payment of benefits

Distributions and withdrawals are payable upon retirement, termination, financial hardship, disability or death. If a participant's account balance is equal to or less than \$1,000, the balance is distributed immediately in a lump sum cash payment unless a direct rollover into another qualified benefit plan is requested. Balances between \$1,000 and \$5,000 must be rolled over to an individual retirement plan designated by the administrator if the participant has not requested a distribution. If the account balance is over \$5,000, the participant can consent to a distribution paid in the form of a lump sum cash payment or a direct rollover into another qualified plan or postpone payment to a later date and remain in the Plan as described in the Plan document.

2. Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America (GAAP).

Civil Service Employees Insurance Group 401(k) Plan

Notes to Financial Statements (Continued)

2. Summary of Significant Accounting Policies (Continued)

Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, liquidity, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities may occur in the near term and those changes could materially affect the amounts reported on the statements of net assets available for benefits.

Payment of benefits

Benefits are recorded when paid.

Subsequent events

The Plan has evaluated subsequent events through September 19, 2023, the date the financial statements were available to be issued.

Effective June 1, 2023, the Plan was renamed CSE Insurance Services, Inc 401(k) Plan.

Civil Service Employees Insurance Group 401(k) Plan

Notes to Financial Statements (Continued)

3. Fair Value Measurements

The Plan defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements).

The three levels of fair value hierarchy are as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date. An active market is a market in which transactions occur with sufficient frequency and volume to provide pricing information on an ongoing basis.
- Level 2 inputs are inputs other than Level 1 that are observable for the asset or liability, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 inputs are unobservable inputs for the asset or liability. Unobservable inputs reflect the Plan's own assumptions about the assumptions market participants would use in pricing the asset or liability (including assumptions about risk). Unobservable inputs are developed based on the best information available in the circumstances and may include the Plan's own data.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used as of December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self directed brokerage: Consists of publicly traded securities and mutual funds. Publicly traded securities are valued at the closing price or last bid price. Valuation methodology of mutual funds is described above.

Civil Service Employees Insurance Group 401(k) Plan

Notes to Financial Statements (Continued)

3. Fair Value Measurements (Continued)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2022:

Fair Value Measurements Using Input Type	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 20,261,453	\$ -	\$ -	\$ 20,261,453
Self directed brokerage	34,902	-	-	34,902
Total investments measured at fair value	\$ 20,296,355	\$ -	\$ -	\$ 20,296,355

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2021:

Fair Value Measurements Using Input Type	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 22,619,157	\$ -	\$ -	\$ 22,619,157
Self directed brokerage	65,807	-	-	65,807
Total investments measured at fair value	\$ 22,684,964	\$ -	\$ -	\$ 22,684,964

4. Group Annuity Contract

The Empower Annuity Insurance Company of America Guaranteed Interest Fund (the Guaranteed Interest Fund) is an investment option available to the Plan's participants. Empower Annuity Insurance Company of America maintains the contributions in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses.

Civil Service Employees Insurance Group 401(k) Plan

Notes to Financial Statements (Continued)

4. Group Annuity Contract (Continued)

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit responsive investment contracts because it is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower Annuity Insurance Company of America, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. The Plan holds investments in the Guaranteed Interest Fund totaling \$1,231,789 and \$1,679,508 as of December 31, 2022 and 2021, respectively.

Empower Annuity Insurance Company of America is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with Empower Annuity Insurance Company of America. The interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract.

Participants may ordinarily direct or withdrawal or transfer all, or a portion, of their investment in the Guaranteed Interest Fund at contract value. Certain events limit the Plan's ability to transact at contract value with Empower Annuity Insurance Company of America. Such events include the following: (1) premature termination of the contract by the Plan, (2) layoffs (3) plan termination (4) bankruptcy, and (5) early retirement incentives. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value are probable. Empower Annuity Insurance Company of America may not terminate the contract at any amount less than contract value.

5. Information Prepared and Certified by Trustee/Insurance Company

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA- required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation (appreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Annuity Insurance Company of America and Empower Trust Company, LLC.

6. Party-in-Interest Transactions

Certain funds in the Plan's investment fund options are managed by Empower Annuity Insurance Company of America and Empower Trust Company, LLC. These investments qualify as exempt party-in-interest transactions specifically exempted from the prohibited transaction rules of ERISA. The Company pays certain administrative expenses of the Plan as indicated in Note 1. Loans to participants also represent party-in-interest transactions.

Civil Service Employees Insurance Group 401(k) Plan

Notes to Financial Statements (Continued)

7. Income Tax Status

The Plan adopted the Empower Prototype Nonstandardized Profit Sharing Plan with a Cash or Deferred Arrangement (CODA). The Internal Revenue Service (IRS) informed Empower by a letter dated November 14, 2022 that its plan is designed in accordance with the applicable sections of the IRC and that any employer adopting this form of plan will be considered to have a plan qualified under the applicable sections of the IRS. The Company and Empower believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon an examination by the IRS. No uncertain positions have been identified that would require the recognition of a tax liability (or asset) or disclosure in the financial statements as of December 31, 2022 and 2021. The Plan is subject to routine audits by applicable taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants will become 100% vested in their accounts.

9. Concentrations

The Plan's total investments include 72% and 70%, respectively, of investments held in the mutual funds of Vanguard as of December 31, 2022 and 2021.
