PayTech, Inc. 401(k) Plan
Denver, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of PayTech, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedules of Assets (Held at End of Year) as of December 31, 2022 and Delinquent Participant Contributions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves,

and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Plan Description

The following description of the PayTech, Inc. 401(k) Plan (the Plan), as amended, provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan was adopted by PayTech, Inc. (the Company) effective January 1, 2000, most recently amended and restated effective February 18, 2022, and is a defined contribution plan covering eligible employees of the Company. The Plan was established under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Trustees and Administration of the Plan

The trustee and record-keeper of the Plan is Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company and the trustee of the Stable Value Fund is Principal Global Investors Trust Company (collectively, Trustees or Principal). The administrator of the Plan is the Company. The Trustees hold all assets of the Plan in accordance with the service agreement with the Company. All assets of the Plan are in investment plan accounts at Principal. The Company and the Plan's investment advisor (the Advisor) determines the Plan's investment offerings and monitors investment performance.

Eligibility

Employees of the Company who have attained the age of 21 and completed six months of service, as defined in the Plan Document, are eligible to participate in the Plan. Members of a collective bargaining unit, independent contractors, and non-resident aliens are not eligible to participate in the Plan. Employees may enter the Plan on the first day of the month on or after meeting the age and service requirements. Eligible employees will be automatically enrolled in the Plan at a 3% deferral rate unless the employee affirmatively elects not to participate in the Plan or elects to have another deferral percentage withheld.

Contributions

Eligible participants may contribute, on a pre-tax basis, up to 100% of their qualifying annual compensation as elected in their salary deferral agreements. Participant contributions are subject to certain IRC limitations. Salary deferral agreements shall be made, terminated, or changed according to procedures and limitations set up by the plan administrator and the Plan Document. The Plan also allows catch-up contributions for participants who attain the age of 50 within the plan year subject to certain IRC limitations. Participants may change their contribution percentage at any time.

The Company may make a discretionary matching contribution up to Internal Revenue Service (IRS) limits for all eligible participants who are employed on the last day of the plan year. Participants are also eligible if they were an active participant at any time during the plan year and they terminate due to death, disability, or reaching normal retirement age. During 2022, the Company matched 50% of participant contributions up to 5% of eligible compensation.

PayTech, Inc. 401(k) Plan

Notes to Financial Statements

The Company may also make a qualified non-elective contribution to all non-highly compensated participants who are employed on the last day of the plan year or an additional discretionary (profit-sharing) contribution to all eligible participants who are employed on the last day of the plan year. The Company did not make a qualified non-elective or discretionary (profit-sharing) contribution for the year ended December 31, 2022.

Rollover contributions transferred from other qualified retirement plans are accepted as permitted by the Plan Document.

Participants' Accounts

Each participant's account is credited with the participant's pre-tax and catch-up contributions, rollover contributions, discretionary matching, profit-sharing, and qualified non-elective contributions and an allocation of plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan or plan participants. Earnings or losses from investment funds are allocated to each participant's account in the proportion that the balance of each participant's account bears to the total balance of all participants in each investment option. Participants may direct the investment of their account balances into various investment options in mutual funds and a collective investment trust offered by the Plan. The benefit to which participants are entitled is the vested portion of their accounts.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The note is secured by the participant's account and bears an interest rate based on the rates available for similar loans from commercial lending institutions and is fixed for the term of the note. The note may be for a term of up to five years, and is subject to certain other restrictions, as defined by the Plan Document, and applicable restrictions under the IRC. Principal and interest are paid ratably through payroll deductions. Interest rates for notes outstanding as of December 31, 2022 ranged from 4.25% to 8.00%.

Vesting and Forfeitures

Participants are immediately vested in their pre-tax, rollover, catch-up, and qualified non-elective contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and profit-sharing contribution portion of their accounts is based on years of service, as defined in the Plan Document. A participant becomes vested in the Company's discretionary matching and profit-sharing contribution as follows:

Years of Service	Vested Percentage (%)
Less than 1	-
1	-
2	20
3	40
4	60
5	80
6	100

PayTech, Inc. 401(k) Plan

Notes to Financial Statements

Participants become 100% vested in the Company discretionary matching and profit-sharing contribution upon reaching retirement age (65), disability, as defined, or death.

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$39,929 and \$24,912, respectively. Forfeited amounts may be used to pay plan expenses or to reduce the Company's contributions. During the year ended December 31, 2022, \$38,069 of forfeitures were utilized to reduce the 2022 matching contribution that was funded in 2023 and \$507 of forfeitures were used to pay plan expenses.

Benefit Payments

Upon termination of service, death, attainment of normal retirement age, or disability, as defined, a participant may elect to receive his/her benefit payment in the form of a lump-sum amount equal to the vested portion of the participant's account, remain in the Plan if his/her vested account balance has a minimum balance of \$5,000, or may roll over the amount to another qualified retirement plan or individual retirement account.

Distributions of vested account balances of \$1,000 or less may be distributed to participants in cash. Distributions of vested account balances greater than \$1,000, but less than or equal to \$5,000, are paid as a direct rollover to an individual retirement account in the name of the plan participant. These mandatory distributions apply only to participants who have separated from service and do not affirmatively elect a distribution of their accounts. Certain other in-service withdrawals at age 59½ are also allowed by the Plan if certain criteria are met.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants' accounts will become fully vested and non-forfeitable, to the extent not already vested.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to use estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). See Note 4 for discussion of fair value measurements. The Investment Committee determines the Plan's valuation policies utilizing information provided by the Advisor and Trustees.

PayTech, Inc. 401(k) Plan

Notes to Financial Statements

Net appreciation (depreciation) represents the difference between the aggregate fair value of investments at year-end and the values at the beginning of the year, and includes any realized gains and losses in shares that were bought and sold during the year and reinvested capital gain distributions on those investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses (in the form of an expense ratio) charged to the Plan for investments in the mutual funds and collective investment trust are deducted from income earned on a daily basis and reflected as a reduction of investment return for such investments.

Contributions

Participant deferral contributions and related discretionary matching contributions are recognized in the plan year during which the Company makes the respective payroll deduction from the participant's compensation and in the year in which the contributions relate to the participant's compensation.

Notes Receivable from Participants

Participant notes receivable are measured at their unpaid principal balance, plus accrued interest. Interest is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan balance to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefit Payments

Benefit payments to participants are recorded upon distribution.

Expenses of the Plan

Certain expenses of the Plan are paid directly by the Company and are excluded from these financial statements. The plan participants pay loan origination, loan maintenance, distribution, and investment advisor fees which are charged directly to the participant's account. Certain investment expenses may be net with earnings of the mutual funds and collective investment trust and are based on agreed upon expense ratios of each fund.

3. Certified Investment Information

The plan sponsor has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company and Principal Life Insurance Company, on behalf of Principal Global Investors Trust Company, qualified institutions, have certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.

PayTech, Inc. 401(k) Plan

Notes to Financial Statements

- Interest and dividend income and net depreciation in the fair value of investments as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investment information included in the notes to financial statements.
- All investment information included in the supplemental schedule, except for notes receivable from participants, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022.

At the request of the plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements and Disclosures

Accounting Standards Codification (ASC) 820, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

PayTech, Inc. 401(k) Plan

Notes to Financial Statements

Registered Investment Companies (Mutual Funds) - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trust - The Principal Stable Value Fund is a collective investment trust that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. The fund is a direct filing entity.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured on a recurring basis:

December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 8,504,708	\$ -	\$ -	\$ 8,504,708
Total Assets , in the fair value hierarchy	\$ 8,504,708	\$ -	\$ -	8,504,708
Investments measured at NAV ^(a)				374,384
Total Investments				\$ 8,879,092

December 31, 2021

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 9,946,135	\$ -	\$ -	\$ 9,946,135
Total Assets , in the fair value hierarchy	\$ 9,946,135	\$ -	\$ -	9,946,135
Investments measured at NAV ^(a)				374,096
Total Investments				\$ 10,320,231

^(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

PayTech, Inc. 401(k) Plan

Notes to Financial Statements

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for this investment; the redemption notice period is applicable only to the Plan:

Year ended December 31,

	Investment Type	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
2022	Stable value - collective investment trust	\$ 374,384	None	Daily	12 months for full liquidation
2021	Stable value - collective investment trust	\$ 374,096	None	Daily	12 months for full liquidation

5. Related Party and Party-in-Interest Transactions

Certain Plan investments in mutual funds and a collective investment trust are held and managed by the Trustees of the Plan. The Trustees also receive certain indirect fees as outlined in the various fee disclosures to the Company. Certain investment advisory fees are paid to G&S Capital LLC, the Plan's investment advisor. Notes receivable from participants are also party-in-interest transactions. The above transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

6. Income Tax Status

The Company has adopted a non-standardized pre-approved profit sharing plan, which has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020 indicating that the non-standardized pre-approved profit sharing plan are designed in accordance with the applicable sections of the IRC. The Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code, and therefore tax exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Concentrations, Risks, and Uncertainties

The Plan invests in mutual funds and a collective investment trust, which are exposed to various risks such as interest rate, market and credit risks. Additionally, the value, liquidity, and related income of the investment securities are sensitive to changes in economic conditions and may be adversely affected by shifts in the market perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in value in the near term could materially affect the amounts reported in the accompanying statements of net assets available for benefits and participant accounts.

PayTech, Inc. 401(k) Plan

Notes to Financial Statements

There were two investments held as of December 31, 2022 and 2021 which individually accounted for more than 10% of net assets available for benefits. See the supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2022.

8. Delinquent Participant Contributions

During 2022, certain employee contributions were not remitted timely to the Plan in the amount of \$79,117. The Company is in the process of calculating and remitting lost earnings for those untimely contributions. See accompanying Schedule of Delinquent Participant Contributions for the year ended December 31, 2022.

9. Subsequent Events

Plan management has evaluated subsequent events through September 12, 2023, which is the date the financial statements were available to be issued. There were no events or transactions discovered during this evaluation that require recognition or disclosure in the financial statements, other than noted below.

Effective January 1, 2023 the Plan was amended and restated to allow for employee Roth deferral contributions.
