Independent Auditors' Report

To the Participants and Plan Administrator of
iHeartMedia, Inc. 401(k) Savings Plan for Union Employees

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of iHeartMedia, Inc. 401(k) Savings Plan for Union Employees (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

General

iHeartMedia, Inc. 401(k) Savings Plan for Union Employees (the Plan) is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The plan was established on April 1, 1999. The plan is maintained pursuant to one or more collective bargaining agreements covering all eligible employees, as defined, of iHeartMedia, Inc. (the Company or the Plan Sponsor) whose benefits are subject to such agreements. Fidelity Management Trust Company (the Trustee or Fidelity) serves as the Trustee and Fidelity Workplace Services LLC serves as the record-keeper of the Plan, respectively. The Board of Directors of the Company is responsible for oversight of the Plan. The iHeartMedia, Inc. Retirement Plan Committee (the Investment Committee) determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board of Directors of the Company. The following description provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Investments of the Plan are held in the iHeartMedia, Inc. Defined Contribution Plan Master Trust (the Master Trust).

During 2022, $1,732 of assets were transferred out to the iHeart Media, Inc. 401(k) Savings Plan.

Eligibility and Participant Accounts

The Plan covers all employees of the Company represented by a collective bargaining unit. The plan does not cover nonunion employees, lease employees, nonresident aliens, independent contractor, an overseas employee not on United States (U.S.) payroll, personnel engaged for working under a temporary internship arrangement and any employee who contractually agreed not to participate in the Plan. Union employees are eligible to participate in the Plan after completing three months of service and the attainment of age 21. Subject to certain limitations on annual additions, each participant's account is credited with participant elective deferrals, Company discretionary matching contributions, and an allocation of plan earnings or losses, and charged with certain administrative expenses.

Contributions

The Plan is funded through participant elective deferrals and Company discretionary matching contributions. Each year, participants may contribute pretax contributions from 1% to 20% of annual compensation, as defined by the Plan, subject to maximum limitations imposed by the Internal Revenue Code (IRC) of $20,500 for 2022. Employees who are eligible to make elective deferrals under the Plan and who have attained the age of 50 before the close of the Plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC of $6,500 for 2022. Rollover contributions, except Roth Individual Retirement Account (IRA) or Roth 401(k) contributions, representing distributions from other qualified defined benefit or defined contribution plans are permitted and may be made prior to meeting the eligibility requirements for participation in the Plan.

The Plan Sponsor's board of directors may determine that any participating employer may contribute matching or employer discretionary contributions on behalf of its participants, as negotiated under a specific collective bargaining agreement.

Forfeitures

Forfeitures are available to reduce future Company contributions. At December 31, 2022 and 2021, forfeited nonvested accounts available for future use totaled $136 and $134, respectively, and are reported as a component of net assets available for benefits. During 2022 no forfeitures were used to reduce Company contributions or pay administrative expenses.

Revenue Sharing

A plan account is maintained to hold revenue sharing funds the Plan receives from the Trustee pursuant to an agreement between the Trustee and the Plan. These amounts are reported as a component of net assets available for benefits. These revenue sharing funds are available to be allocated to participant accounts on a pro rata basis or to pay reasonable plan expenses. At December 31, 2022 and 2021, the amount of revenue sharing funds available total $404 and $14,383, respectively. During 2022, $16,457 of revenue sharing funds were used to pay administrative expenses.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's contributions is based on years of continuous service. A participant vests 20% each year and is 100% vested in the Plan Sponsor's contributions to the participant's account after five years of credited service (or upon the death or disability of the participant or attainment of age 65).

Distributions to Participants

On termination of employment, the Plan provides that benefits will be paid by a lump-sum distribution, a rollover or a combination of a lump-sum and rollover. The Plan Sponsor encourages terminated participants to review the distribution options available under the Plan.

The Plan Sponsor may periodically distribute the funds of terminated participants who do not make a distribution election. If the vested account balance is $1,000 or less upon termination of employment, the funds will be distributed in the form of a lump-sum distribution unless the participant has elected to rollover the distribution. If the vested account balance is greater than $1,000 but less than $5,000 upon termination of employment, the distribution will be paid in the form of a direct rollover to an individual retirement plan designated by the iHeartMedia, Inc. Retirement Benefits Committee unless the participant has elected to receive the distribution in a lump-sum payment or as a direct rollover. For benefits over $5,000 upon termination of employment, participants may elect to have benefits paid by lump-sum distribution, remain in the Plan until the earlier of age 65 or death of the participant or rolled over into another qualified plan. Absent such an election, participants whose benefits exceed $5,000 upon termination of employment will receive a lump-sum payment as soon as administratively feasible after reaching age 65. Hardship withdrawals are available to Plan participants upon approval.

Investment Options

The Plan provides for participants to direct both participant and Company contributions into a variety of common collective trusts, interest-bearing cash accounts and mutual funds of registered investment companies in accordance with participant investment elections and the provisions of the Master Trust agreement. Participants should refer to the plan website for additional fund information.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in the Company contributions portion of their account, subject to payment of liquidation costs and expenses.

Notes Receivable From Participants

Borrowings are available for all participants. Notes receivable from participants are limited to a minimum of $1,000 up to a maximum of the lesser of i) $50,000 reduced by the excess, if any, of (A) the highest outstanding balance of loans to the participant from the Plan during the one year period ending on the day before the day the loan is made, over (B) the outstanding balance of loans to the participant from the Plan on the date on which the loan is made, or ii) 50% of their vested account balance, subject to certain restrictions as defined by the Internal Revenue Service (IRS). A participant may only have 1 note outstanding at any given time, and only one principal residence loan is allowed at any time. The notes are secured by the balance in the participant's account and bear interest at a rate that is set at 1% above the prime rate. Any note must be repaid within five years unless for the purchase of a primary residence, in which case the repayment period may not exceed 15 years. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections.

Notes receivable from participants, as of December 31, 2022, have interest rates ranging from 4.25% to 7.25% and maturity dates from after April 2023 through October 2028. Notes receivable from participants, as of December 31, 2021, have interest rates ranging from 4.25% to 6.50% and maturity dates from after February 2022 through October 2028.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and fees paid related to benefits paid are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

Investment Valuation and Income Recognition

Investments in the Master Trust are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3, *Fair Value Measurements*. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income or loss earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation (depreciation) of fair value of investments includes the Plan's gains and losses on the investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the plan document or note policy of the Plan. Notes receivable are valued at amortized cost, which approximates fair value. No allowances for credit losses have been recorded as of December 31, 2022 or 2021.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 - Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds of registered investment companies are valued at the net asset value (NAV) or quoted market prices of shares held by the Master Trust at year end.

Interest-bearing cash is valued at cost of $1 per unit held by the Master Trust at year end.

Common collective trusts are valued at the NAV of units of the investments. The NAV, as provided by the Trustee, is based on the fair value of the underlying investments held by the fund less its liabilities. The NAV is not used when it is determined to be probable that the fund will sell the investment for an amount different that the reported NAV. Transactions (purchases and sales) may occur daily. Were the Master Trust to initiate a full redemption of the investment, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of NAV or reflective of future fair values. The Company believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of December 31, 2022 and 2021:

	Assets at Fair Value as of December 31, 2022			
	Level 1	**Level 2**	**Level 3**	**Total**

4. Information Certified by Plan Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA for 2022 and 2021. Accordingly, the Trustee of the Plan has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022. Information in the accompanying financial statements as Plan interest in the Master Trust, Plan interest in Master Trust Income, and Master Trust investment information reported in the notes to the financial statements is presented solely upon reliance of those certifications.

5. Undivided Interest in Master Trust

All of the Plan's investments are in the Master Trust, which was established for the investment of assets of the Plan and the iHeartMedia, Inc. 401(k) Savings Plan. The assets of the Master Trust are held by the Trustee. The value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's interest in the Master Trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. At December 31, 2022 and 2021, the Plan's undivided interest in the net assets of the Master Trust was approximately 3%. Total investment income (including net appreciation (depreciation) in the value of investments) and administrative expenses of the Master Trust are allocated to the individual plans based upon average monthly balances invested by each plan.

The following table presents the investments and other assets and liabilities of the Master Trust and the Plan's undivided interest as of December 31, 2022 and 2021:

	2022		2021	
	Master Trust Balances	Plan's Interest in Master Trust Balances	Master Trust Balances	Plan's Interest in Master Trust Balances
Investments at fair value:				
Interest-bearing cash	$ 291,670	$ 540	$ 1,119,035	$ 14,517
Mutual funds of registered investment companies	728,118,116	19,991,045	891,922,842	23,569,936
Common collective trusts	409,503,992	9,856,520	536,188,758	13,785,062
Total investments at fair value	1,137,913,778	29,848,105	1,429,230,635	37,369,515
Total assets	$ 1,137,913,778	$ 29,848,105	$ 1,429,230,635	$ 37,369,515

The following is net depreciation of the fair value of investments and investment income for the Master Trust for the year ended December 31, 2022:

Interest and dividends	$ 40,513,461
Net depreciation of fair value of investments	(316,595,167)
Total Master Trust net investment income	$ (276,081,706)

6. Related-Party and Party in Interest Transactions

Certain of the Plan's investments held by the Master Trust are managed by the Trustee; therefore, these transactions qualify as party in interest transactions. The Plan issues notes receivable to participants, which are secured by the participant's account balances. These transactions also qualify as party in interest transactions. Certain administrative functions of the Plan are performed by an officer or employees of the Company. No such officer or employee receives compensation from the Plan.

7. Risks and Uncertainties

The investment allocation of the Plan's interest in the Master Trust is directed by the Company or the Investment Committee. Such investments are exposed to various risks, such as interest rate risk, market risk, concentration and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investments securities, it is at least reasonably possible that changes in the value of investment securities in the near term could materially affect the amount reported in the Statements of Net Assets Available for Benefits.

Some of the Plan's investments held by the Master Trust may be illiquid, and the Plan may not be able to vary the portfolio in response to changes in economic and other conditions. Some of the investments that are purchased and sold are traded in private, unregistered transactions and are therefore subject to restrictions on resale or otherwise have no established trading market. In addition, if the Plan is required to liquidate all or a portion of its portfolio quickly, the Plan may realize significantly less than the value at which it previously recorded those investments.

As of December 31, 2022 and 2021, the Master Trust had investments of $466,961,444 and $653,742,088, which were concentrated in three funds.

8. Tax Status

The IRS has issued a favorable advisory letter dated August 11, 2015, stating that the Plan is a qualified plan under Section 401(a) of the IRC. The Plan Administrator believes the Plan is designed and currently operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

The Plan's management evaluates tax positions taken by the Plan and recognizes a tax liability (or asset) if an uncertain position is taken for which it is more likely than not that it would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2022 and 2021:

	2022	2021
Net assets available for benefits per the financial statements	$ 30,144,292	$ 37,567,763
Less participant contributions receivable	(44,425)	(46,943)
Net assets available for benefits per Form 5500	$ 30,099,867	$ 37,520,820

The following is a reconciliation of the net decrease in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2022:

Net decrease in net assets available for benefits per the financial statements	$ (7,421,739)
Add prior year participant contributions receivable	46,943
Less current year participant contributions receivable	(44,425)
Net decrease in net assets available for benefits per Form 5500	$ (7,419,221)

10. Subsequent Events

In accordance with Financial Accounting Standard Board (FASB) Accounting Standards Codification (ASC) 855, *Subsequent Events*, the Plan evaluated events or transactions occurring after December 31, 2022, the Statements of Net Assets Available for Benefits date, through September 27, 2023, the date the financial statements were ready to be issued, and determined there were no events or transactions that would impact our financial statements as of and for the year ended December 31, 2022, except as noted below.

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.
