INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Participants and Beneficiaries of the
Affinity Federal Credit Union 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Affinity Federal Credit Union 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of the Plan

The following description of the Affinity Federal Credit Union 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). All employees of Affinity Federal Credit Union and Subsidiaries (“Affinity” or the “Company”) who have completed one month of service are eligible to participate in the Plan on the first of the next month. All participants who have completed one year of service are eligible for the Company’s matching contributions and discretionary non-elective contributions as defined in the Plan. Effective March 1, 2022, the Plan was formally amended to allow participants who have completed six months of service to be eligible for the Company’s matching contributions. Participants who have completed one year of service and are employed with the Company on the last day of the Plan year are eligible to receive the discretionary non-elective contribution unless the participant retires, is disabled, or dies during the Plan year. All employees, including those not contributing to the Plan, receive a discretionary non-elective contribution provided they meet the employment eligibility requirements.

Contributions

Newly hired and newly eligible employees, who have not opted out of Plan participation or made an affirmative election to participate in the Plan, are automatically enrolled at 6% of eligible compensation. Contributions to the Plan for automatically enrolled participants are invested in the appropriate T. Rowe Price Target Date Fund as the Qualified Default Investment Option until the employee makes an affirmative election to change investments. The Plan includes an automatic escalation provision, whereby each auto-enrolled participant’s deferral will automatically be increased by 1%, on the first of each calendar year, up to a maximum of 10%.

Note 1 - Description of the Plan (continued)

Contributions (continued)

Participants may defer from 1% to 75% of pre-tax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants can make Roth Elective Deferrals, Roth Rollover Contributions, and In-Plan Roth Conversions. Rollovers from other qualified defined benefit or defined contribution plans are allowed into the Plan. In no event may participant contributions exceed any statutory limitations, nor does the Plan permit after-tax contributions. The Company will make a matching contribution in an amount equal to 100% of a participant's deferrals up to a maximum of 6% of compensation. Additionally, the Company may make two different employer non-elective contributions for certain employees as defined in the Plan. There was no non-elective contribution for the year ended December 31, 2022. The amounts included in employer contributions receivable on the statements of net assets available for benefits of approximately \$0 and \$1,969,019, as of December 31, 2022 and December 31, 2021, respectively. The second non-elective employer contribution relates to additional discretionary contributions for certain executives in accordance with the Plan. There were no such contributions made for the years ended December 31, 2022 and 2021. Participants direct the investment of the contributions to one or more of a series of investment funds provided by Transamerica Retirement Solutions Corporation. Effective July 1, 2021, the Plan added a self-directed brokerage account option, The Charles Schwab Personal Choice Retirement Account ("PCRA").

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants direct both employee and employer contributions to be invested amongst various investment options available, which are more fully described in the Plan literature. Participants may change their investment options and allocations any time throughout the year.

Note 1 - Description of the Plan (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants may borrow from their account balance a minimum of \$1,000 up to a maximum of the lesser of one-half of the vested account balance or \$50,000 (reduced by the highest outstanding loan balance for all loans during the preceding 12 months). A participant may not borrow more than once in a Plan year. The loans are secured by the balance in the participant's account and bear interest at a rate equal to the prime lending rate in effect at the time of the loan plus 1%. A loan must be repaid over a period of no more than five years unless it is used to acquire a principal residence and the Plan administrator agrees to a longer term. Loan repayments are made through payroll deductions or in quarterly or monthly installments. Terminated participants with outstanding loans may elect to continue repayment. Any loan will become due and payable in full if the Plan is terminated for any reason. Interest rates on outstanding loan balances at December 31, 2022 and 2021 range from 4.25% to 8.00% and 4.25% to 6.50%, respectively. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

The Coronavirus Aid, Relief, and Economic Security ("CARES") Act was signed into law on March 27, 2020 and provided certain loan provisions. Participants, who met specific conditions, were eligible to take a coronavirus ("COVID-19") related loan up to \$100,000 (an increase from \$50,000 previously allowed) for the period March 27, 2020 to September 22, 2020. Loan repayments due between March 27, 2020 and December 31, 2020 were suspended until January 1, 2021 for eligible participants, with the repayment amount re-amortized and the due date of the loan extended for up to 1 year.

Payment of Benefits

Distributions are made to participants upon termination of employment, for reasons of retirement, death, or disability, upon the request of the participant after the attainment of age 59½, for Qualified Birth or Adoption ("QBAD"), or for reasons of proven financial hardship. Benefits are payable as lump-sum distributions or partial payments. Effective March 1, 2022, the Plan has been amended to allow for installment distributions. If a participant has a balance less than \$1,000, he or she shall receive a lump-sum amount equal to the value of the participant's vested interest in his or her account without his/her consent.

Forfeitures

Forfeited non-vested accounts are used to reduce future Company contributions and pay Plan expenses. Forfeited non-vested accounts available at December 31, 2022 and 2021 were approximately \$26,000 and \$71,700, respectively. During the year ended December 31, 2022, forfeitures of approximately \$94,000 were used to reduce employer contributions.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual method of accounting, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Certain expenses incurred in connection with the administration of the Plan are paid by the Company, while others are paid by the Plan.

The Plan maintains an ERISA account. Amounts in the ERISA account constitute Plan assets and can be used to pay Plan expenses. The ERISA account balances as of December 31, 2022 and 2021 were approximately \$52,700 and \$80,600, respectively. During 2022, deposits into the ERISA account were approximately \$123,600 and are included in net realized/unrealized appreciation in fair value of investments in the statement of changes in net assets available for benefits. Expenditures of approximately \$151,500 were made for payment of investment advisory fees and administration expenses and are included in administrative expenses on the statement of changes in net assets available for benefits for the year ended December 31, 2022.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Note 3 - Investment Certification

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, State Street Bank and Trust Company ("State Street"), the Custodian of the Plan, has certified to the completeness and accuracy of information provided on the annual report, any schedules thereto, the employer statement, and any other statements, reports or documentation prepared by Transamerica Retirement Solutions, LLC ("Transamerica") on behalf of State Street, which comprise all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, the statement of changes in net assets available for benefits for the year ended December 31, 2022, and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2022.

Note 4 - Fair Value Measurements

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1* – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2* – Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3* – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

AFFINITY FEDERAL CREDIT UNION
401(k) PLAN

Notes to Financial Statements
December 31, 2022 and 2021

Note 4 - Fair Value Measurements (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund – Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily; however, participant directed transfers are permitted to non-competing funds subject to a 90-day equity wash provision.

The Plan is invested in the Transamerica Retirement Solutions Collective Trust Stable Pooled Fund (the “Stable Pooled Fund”), the objective of which is to protect principal while providing a higher rate of return than shorter maturity investments. The Stable Pooled Fund invests in the Galliard Stable Return Fund W which invests in Galliard Stable Return Fund Core, the objective of which is to protect principal while providing a higher rate of return than shorter maturity investments.

Were the Plan to initiate a full redemption, a Date of Transfer for the Stable Pooled Fund would be established by the Trustee of the Stable Pooled Fund and would be within the 12-month period following the Trustee's receipt of the written notice of termination. Transactions would not be performed during the 90-day period immediately preceding the applicable Date of Transfer unless agreed to in writing by the Trustee. A written notice to terminate the Services Agreement or a notice to transfer a Participating Plan's entire interest in the Trust is deemed to constitute notice of termination of participation in the Trust. In accordance with the terms of the Trust, the NAV of the Fund is calculated daily, and net investment income and realized and unrealized gains on investments are not distributed but rather reinvested and reflected in the NAV of the Fund. Units of the Fund are issued and redeemed at the current NAV. There were no unfunded commitments as of December 31, 2022.

401(k) PLAN

Notes to Financial Statements
December 31, 2022 and 2021

Note 4 - Fair Value Measurements (continued)

Self-directed brokerage accounts – Accounts consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

The preceding methods of valuation described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present the fair value hierarchy for the balances of the Plan's investment assets measured at fair value as of December 31, 2022 and 2021:

Investment Assets at Fair Value as of December 31, 2022

	<u>Level 1</u>	<u>Total</u>
Mutual funds	\$ 67,091,587	\$ 67,091,587

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

Note 5 - Tax Status

The Plan has adopted a Non-Standardized Pre-Approved Profit Sharing Plan with CODA sponsored by Transamerica Retirement Solutions, LLC. On June 30, 2020, the Internal Revenue Service (“IRS”) stated in an opinion letter that the prototype adopted by the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (“IRC”) and, therefore, the related trust is exempt from taxation. The Plan has been amended and restated since receiving the letter. The Plan sponsor and legal counsel believe that the Plan is designed and currently operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified, and the related trust is tax-exempt.

AFFINITY FEDERAL CREDIT UNION
401(k) PLAN

Notes to Financial Statements
December 31, 2022 and 2021

Note 5 - Tax Status (continued)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Related-Party and Party-in-Interest Transactions

The collective trust fund is managed by Transamerica Retirement Solutions, LLC. Because Transamerica is the Plan's recordkeeper, transactions involving the collective trust fund qualify as party-in-interest transactions. Plan assets include a cash reserve account managed by State Street Bank and Trust Company. State Street Bank and Trust Company is the Plan's Custodian and, therefore, transactions within these accounts qualify as party-in-interest transactions. During 2022, the Plan paid investment advisory and management fees and administrative expenses amounting to approximately \$163,400 to parties-in-interest, which include the amounts paid from the ERISA account.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2022 may not necessarily be indicative of amounts that could be realized in a current market exchange.

Note 8 - Mutual Fund Fees

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

Note 9 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 10 - Subsequent Events

The Company evaluated subsequent events through September 28, 2023, which is the date the financial statements were available to be issued.
