Independent Auditor's Report

To the Plan Administrator of the
Campus Child Care Inc. 403(b) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Campus Child Care Inc. 403(b) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Campus Child Care Inc. 403(b) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements of information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Campus Child Care Inc. 403(b) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Campus Child Care Inc. 403(b) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the Participants, to determine the benefits due or which may become due to such Participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Campus Child Care Inc. 403(b) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Campus Child Care Inc. 403(b) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedules of Assets Held at End of Year and Delinquent Participant Contributions, as of or for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Campus Child Care Inc. 403(b) Retirement Plan
Notes to Financial Statements
December 31, 2022 and 2021

Note 1 - Description of the Plan

The following description of Campus Child Care Inc. 403(b) Retirement Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for more complete information regarding the terms of the Plan.

General

The Plan is a defined contribution plan covering all employees of Campus Child Care, Inc. ("the Organization" or "Plan Sponsor"). The Plan was established on June 30, 1996 as the Peabody Terrace Children's Center plan and as amended and restated on October 1, 2017 is the surviving plan after the merger with five other childcare centers to form Campus Child Care, Inc. 403(b) Retirement Plan. The Plan serves as a systematic savings plan for eligible employees ("the Participants"). The Plan is subject to the provisions of Employee Retirement Income Security Act of 1974 (ERISA). It is not covered for Plan termination insurance by the Pension Benefit Guaranty Corporation.

The Plan Sponsor has appointed TIAA as investment custodian, ("the custodian"), to execute investment transactions, hold the Plan's assets, and administer the participants' accounts.

Amendments

The Plan was amended effective January 1, 2020 to change the discretionary non-elective contribution to a rate based on years of service to be made on an annual basis for all eligible Participants employed on the last day of the Plan year who have completed 1,000 hours of service. The Plan was further amended retroactively effective January 1, 2019 to allow for hardship distributions from elective deferrals and rollover contributions and to remove the six-month suspension period after taking a hardship withdrawal.

Eligibility

Employees are immediately eligible to participate in the Plan upon hire.

Contributions

The Plan provides for employee pre-tax and Roth contributions. Participants may contribute up to 100% of their pre-tax eligible compensation, subject to limitations under federal law (\$20,500 and \$19,500 for 2022 and 2021, respectively). Rollover contributions from other qualified plans are allowed. The Plan provides that Participants who are projected to be age 50 or older by the end of the calendar year and who are making deferral contributions to the Plan may also make a catch-up contribution of up to \$6,500 in 2022 and 2021. The Plan Sponsor may make discretionary matching contributions to the Plan.

Vesting

Participants are vested 100% in their contributions plus actual earnings thereon. Participants become fully vested in employer matching contributions on a three-year cliff vesting schedule.

Notes to Financial Statements
December 31, 2022 and 2021

Note 1 - Description of the Plan (continued)

Participant Accounts

Each participant's account is credited with the Participant's contributions and allocations of Plan earnings and losses and charged with an allocation of administrative expenses, if any. Allocations are based on Participant earnings or account balances as defined. The benefit to which a participant is entitled is that which can be provided from the Participant's vested account.

Loans

Plan loans are allowed. The outstanding value of Plan loans as of December 31, 2022 and 2021 was \$8,703 and \$14,665, respectively. These loans are taken out directly from TIAA and are collateralized by the Participants' vested account balances, therefore, they are not reflected in the financial statements. The Plan also allows for "Participant loans." These loans are issued directly from the Participant's account. The repayments for Participant loans are reinvested based on the Participant's investment elections in place at the time of repayment. Participant loans are also "eligible Plan assets" and are stated separately in the Statements of Net Assets Available for Benefits. The outstanding value of Participant loans as of December 31, 2022 and 2021 was \$17,265 and \$14,862, respectively.

Plan Investments

The Plan's investments are held by the custodian in various mutual funds and fixed income accounts. Participants have the option to allocate their individual accounts among the various investment alternatives and to make transfers as specified in the Plan document. Participant accounts are updated daily for any investment earnings or losses.

Benefits and Withdrawals

Vested benefits are paid to Participants or their beneficiaries upon retirement, death, disability, or termination of employment. In the event of the above, a Participant or their beneficiary may elect to receive either a lump-sum amount equal to the value of his or her account or installments. Once this cash payment is made, the Participant will not be entitled to any further benefits under this Plan. There may be a 10% federal tax penalty on the withdrawal if the Participant is under age 59 1/2. The benefits provided under this Plan may not be assigned or attached unless otherwise provided by law.

Hardship withdrawals are allowed under the provisions of the Plan and cannot exceed the amount required to meet the immediate financial need created by the hardship.

Forfeitures

Forfeitures may be used to reduce employer contributions or may be reallocated as employer contributions.

Note 2 - Summary of Significant Accounting Policies (continued)

Basis of Presentation

The financial statements are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Fair Value Measurements

FASB ASC 820-10, "*Fair Value Measurements*," applies to reported balances that are required or permitted to be measured at fair value under an existing accounting pronouncement. ASC 820-10 emphasizes that fair value is a market-based measurement, not an entity-specific measurement. Therefore, a fair value measurement should be determined based on the assumptions that market participants would use in pricing the asset or liability and establishes a fair value hierarchy. The fair value hierarchy consists of three levels of inputs that may be used to measure fair value as follows:

Level 1 – Inputs that utilize quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 – Inputs that include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument. Fair values for these instruments are estimated using pricing models, quoted prices of securities with similar characteristics, or discounted cash flows.

Level 3 – Inputs that are unobservable for the asset or liability, which are typically based on an entity's own assumptions, as there is little, if any, related market activity.

In instances where the determination of the fair value measurement is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Investment Valuation and Income Recognition

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

- *Registered Investment Companies* – valued at redemption values as quoted on major exchanges for shares held by the Plan at year end.
- *Pooled Separate Accounts* – Unregistered pooled separate accounts are divided into separate investment divisions which invest in shares of an underlying mutual fund. Division values are measured, unitized values multiplied by the underlying mutual fund Net Asset Value (NAV) minus any applicable surrender charges.

Notes to Financial Statements
December 31, 2022 and 2021

Note 2 - Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

- *Guaranteed group annuity investment contracts* – The fully benefit responsive contract is valued at contract value based on the current interest rates credited to the contract less any contingent deferred sales charges. For the non-benefit responsive contract, contract value is considered fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See the Fair Value Measurements policy above for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis at market price for mutual funds, at net asset value for pooled separate accounts, and contract value for insurance contracts. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Contributions

Participants' contributions are recorded in the period in which their payroll deductions are withheld.

Benefits Paid Directly to Participants

Benefits payments are recorded when paid.

Expenses

Expenses associated with the administration of the Plan are paid by the Plan or by the Plan Sponsor. Expenses paid by the Plan for the year ended December 31, 2022 were \$75.

Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect reported amounts and disclosures. Actual results may differ from those estimates.

Note 3 – Information Certified by the Plan’s Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, in addition to the information contained in Notes 4 and 5 – Fair Value of Investments and Investment Contract with Insurance Company and in the supplemental Schedule of Assets Held at End of Year, TIAA, the Custodian, has certified that the following data included in the accompanying financial statements and supplemental schedules as of and for the years ended December 31, 2022 and 2021 is complete and accurate.

	2022	2021
Investments, at fair and net asset value	\$ 3,594,257	\$ 4,062,978
Investments, at net asset value	\$ 41,100	\$ 35,491
Investments, at contract value	\$ 7,627	\$ 4,731
Investment loss	\$ (820,323)	

The Plan’s independent auditors did not perform any auditing procedures with respect to this information other than comparing such information to the related information included in the financial statements and supplemental schedules.

Note 4 – Fair Value of Investments

The Plan uses fair value measurements to record fair value adjustments to certain assets and to determine fair value disclosures. The following table presents the Plan’s fair value hierarchy for those assets measured at fair value on a recurring basis as of December 31, 2022 and 2021:

	2022			
	Total	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3

Investments stated at net asset value	35,491			
Total	<u>\$4,103,200</u>			

For the year ended December 31, 2022, the Plan's investments (including gains and losses on investments bought and sold during the year) depreciated in value by \$(821,618).

The TIAA Traditional Benefit Responsive Investment Contracts ("investment contracts") are not actively traded and significant other observable inputs are not available. Thus, the fair value of the investment contracts is calculated as contract value less a surrender charge which represents discontinuation value. This is the amount the Plan Participants would receive currently if they were to withdraw or transfer funds prior to maturity.

	2022	2021
Beginning balance	\$ 4,731	\$ 2,031
Contributions	2,700	2,600
Earnings credited	196	100
Ending balance	<u>\$ 7,627</u>	<u>\$ 4,731</u>

Note 5 – Investment Contract with Insurance Company

The Plan maintains fully benefit-responsive and non-benefit responsive investment contracts with TIAA ("the insurance company"). The insurance company maintains the contributions in general accounts. The accounts are credited with earnings on the underlying investments and charged for Participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified rate that is guaranteed to the Plan.

Campus Child Care Inc. 403(b) Retirement Plan
Notes to Financial Statements
December 31, 2022 and 2021

Note 5 – Investment Contract with Insurance Company (continued)

For the guaranteed investment contract that is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. Contract value, as reported by the insurance company, represents contributions made under the contract, plus earnings, less Participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The value of the investment contracts was \$7,627 and \$4,731 as of December 31, 2022 and 2021, respectively. The crediting interest is based on a formula agreed upon by the issuer but may not be less than zero. Such interest rates are reviewed on a semiannual basis for resetting. Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan would limit the Plan's ability to transact at contract value with the insurance companies.

Note 6 – Exempt Party-in-Interest Transactions

Certain Plan investments are guaranteed group annuity investment contracts and shares of mutual funds managed by TIAA. TIAA is also the investment custodian, as defined by the Plan; therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan and its Sponsor for the investment management fees amounted to \$20,408 and \$20,667 for the plan years ended December 31, 2022 and 2021, respectively. In addition, Angell Pension Group served as the Plan's Third Party Administrator and MML Investor Services LLC served as the Plan's investment advisor for the Plan years ending December 31, 2022 and 2021. Fees paid by the Plan Sponsor to Angell Pension Group and MML Investor Services LLC during the Plan years were \$15,903 and \$16,263, respectively.

Note 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Further, due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect Participants' account balances and the amounts reported in the accompanying financial statements.

Note 8 – Tax Status

The Plan Sponsor has adopted the Angell Pension Group, Inc. Volume Submitter 403(b) Plan. Based on the Internal Revenue Service advisory letter dated March 31, 2017, the Angell Pension Group, Inc. Volume Submitter 403(b) Plan is acceptable under section 403(b) of the Internal Revenue Code for use by eligible employers for the benefit of their employees. The Plan has been amended since receiving the advisory letter, however, the Plan Sponsor believes that the

Campus Child Care Inc. 403(b) Retirement Plan
Notes to Financial Statements
December 31, 2022 and 2021

Note 8 – Tax Status (continued)

Plan is currently being operated in compliance with the applicable provisions of the Internal Revenue Code. Therefore, the Plan Sponsor is of the opinion that the Plan and related trust were tax exempt as of and for the years ended December 31, 2022 and 2021.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2019.

Note 9 – Prohibited Transactions

During the Plan year ended December 31, 2022, the Plan Sponsor noted that for plans years starting with the restated plan inception on October 1, 2017 through June 1, 2023, taxable fringe benefits were not being included in the compensation base for employee deferral contributions. As these benefits are part of participants W-2 wages, they are eligible to be part of the compensation base for deferral contributions. This resulted in an under deferral of participant contributions for that period. As the Plan is responsible for making whole these late deferrals, they are considered late remittances. The Department of Labor (DOL) considers these late remittances to be prohibited transactions. Subsequent to December 31, 2022, the Plan Sponsor corrected for the missed contributions and lost earnings on the employee under deferrals. In addition, the Plan was subsequently amended to exclude certain taxable fringe benefits from the employee compensation base used for eligible deferrals (Note 12).

Note 10 – Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Add: 2021 employer contribution receivable	<u>120,341</u>
Net decrease in assets available for benefits per Form 5500	<u>\$ (457,813)</u>

Note 12 – Subsequent Events

FASB ASC 855-10, “*Subsequent Events*,” defines further disclosure requirements for events that occur after the balance sheet date but before financial statements are issued. In accordance with ASC 855-10, the Plan’s Sponsor has evaluated events subsequent to December 31, 2022 through September 21, 2023 which is the date the financial statements were available to be issued.

Subsequent to year-end, the Plan was amended to exclude certain taxable fringe benefits from the employee compensation base used for eligible deferrals (Note 9).

There were no other material events noted during this period that would impact the results reflected in this report or the Plan’s results going forward.
