We have performed an audit of the financial statements of the **ACTIVE RETIREMENT COMMUNITY, INC. d/b/a JEFFERSON'S FERRY LIFECARE RETIREMENT COMMUNITY 403(b) TAX DEFERRED INVESTMENT SAVINGS PLAN**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Active Retirement Community, Inc. d/b/a Jefferson's Ferry Lifecare Retirement Community 403(b) Tax Deferred Investment Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Responsibilities of Management for the Financial Statements – Continued

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Active Retirement Community, Inc. d/b/a Jefferson's Ferry Lifecare Retirement Community 403(b) Tax Deferred Investment Savings Plan's ability to continue as a going concern within one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements – Continued

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Active Retirement Community, Inc. d/b/a Jefferson's Ferry Lifecare Retirement Community 403(b) Tax Deferred Investment Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Active Retirement Community, Inc. d/b/a Jefferson's Ferry Lifecare Retirement Community 403(b) Tax Deferred Investment Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Active Retirement Community, Inc. d/b/a Jefferson's Ferry Lifecare Retirement Community 403(b) Tax Deferred Investment Savings Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description or Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing trust with 403(b) provisions covering all employees of Active Retirement Community, Inc. d/b/a Jefferson's Ferry Lifecare Retirement Community (the "Plan Sponsor" or the "Company"). The Retirement Plan Committee is responsible for oversight of the Plan. The committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Company's board of directors.

The Plan covers all employees of the Company who have attained age 18 and three months of service, as defined by the Plan Document, except for leased, per diem, union or non-resident aliens. To be eligible for employer matching and profit sharing contributions a participant must work 1,000 hours during the Plan year and be employed at the end of the Plan year. Participants who are terminated and later rehired may resume participation in the Plan immediately following their rehire.

Participant Accounts

Participants direct the investment of their contributions and the Company's contributions into various options offered by the Plan. Each participant's account is credited with the participant's contributions, employer matching contributions, employer discretionary profit sharing contributions, rollover contributions, and actual earnings thereon, less allocation of administration expenses paid by the Plan. Allocations are based upon participant compensation or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF PLAN – Continued

Contributions

Participants may make voluntary, pre-tax contributions in the form of salary reductions subject to certain limitations under the terms of the Plan and Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Employer contributions (which are discretionary) are also subject to annual limits that can be contributed to the Plan as determined by the IRC.

An employee hired on or after January 1, 2013 is automatically enrolled at a rate of 3% of the employee's compensation and their contributions are invested in a designated balanced fund based on age until changed by the participant. Employees can elect within 90 days of auto enrollment to withdraw without penalty.

Each year, the Plan Sponsor may elect to make additional contributions as determined by its board of directors. During the years ended December 31, 2022 and 2021, the Company made discretionary profit sharing and matching contributions to the Plan of \$527,988 and \$498,734, respectively.

Vesting

Participants are immediately vested in their salary reduction contributions and the earnings thereon.

The participant is vested in any employer contributions made to the Plan on their behalf and earnings thereon based on years of service. If the date of hire is prior to January 1, 2013, the participant becomes 20% vested after one year of service, 40% after two years, and 100% after three years of service. If the date of hire is on or after January 1, 2013, the participant is 0% vested until three years of service, and becomes 100% vested upon three years of service. A year of service is earned each Plan year when the participant is credited with at least 1,000 hours of service.

NOTE 1 – DESCRIPTION OF PLAN – Continued

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of 50% of the vested account balance. A participant may have no more than two notes outstanding at any given time. The notes receivable are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator. Interest rates for notes issued during 2022 and 2021 range from 3.25% to 5.50%. Principal and interest are paid ratably through weekly payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, termination of service or retirement, participants may elect to receive a distribution of their vested account balance in the form of a single lump-sum payment or rollover contribution to another qualified plan. A participant of at least 59-1/2 years of age may also be eligible to receive in-service distributions subject to other requirements.

Hardship Withdrawals

Hardship withdrawals are permitted and subject to certain limitations imposed by the Internal Revenue Service and specified in the Plan Document.

Forfeitures

Upon termination, participant's non-vested account balances are forfeited. Forfeitures are retained in the Plan and can be used to reduce future employer contributions or pay Plan expenses. NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The Plan's statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investments Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian and insurance company. See Note 4 for discussion of fair value measurements.

Purchases or sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment related expenses are included in net appreciation of fair value of investments. Investment manager fees are paid from Plan assets.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Subsequent Events

Management has evaluated subsequent events through September 22, 2023, which is the date the financial statements were available to be issued.

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator has obtained a certification from Hands Benefits & Trust Company (the "trustee") that all of the information provided by them is complete and accurate.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 5 – GUARANTEED INVESTMENT CONTRACT

The Plan's investments include a fully benefit-responsive guaranteed investment contract with Prudential Retirement Insurance and Annuity Company totaling \$674,597 and \$778,447 at December 31, 2022 and 2021, respectively. The account is collateralized by Prudential's general account. Under the group annuity account that supports this account, participants may ordinarily direct permitted withdrawal or transfers of all or a portion of their account balance at contract value within reasonable timeframes. Contract value represents deposits made to the account, plus earnings at guaranteed crediting rates, less withdrawals and fees. The account is affected directly between the plan sponsor and the issuer. The repayment of principal and interest credited to participants is a financial obligation of the issuer. Although the account is fully benefit-responsive, there is no adjustment from fair value to contract value since contract value provides a good approximation of fair value.

Interest is credited on contract balances using an old money/new money or "bucketed" approach. Under this methodology, different interest crediting rates are applied to contributions based on the calendar quarter in which contributions were made. An interest crediting rate ("New Money Rate") is established at the beginning of each calendar quarter. The New Money Rate is applied to all contributions made to the account during that quarter. Four New Money Rates and corresponding buckets are established each year. The New Money Rates are guaranteed through December 31st of the following calendar year. Upon expiration of the New Money Rate guarantees, the rates for each of these buckets are reset and are then known as "Old Money Rates". Old Money Rates for each bucket are reset on an annual calendar year basis thereafter. Withdrawals and transfers out are made on a pro-rata basis from all buckets. When establishing interest crediting rates for the account, Prudential considers many factors, including current economic and market conditions, the general interest rate environment and both the expected and actual experience of a reference portfolio within the issuer's general account. The credit rating is based on a formula established by the contract issuer, but may not be less than 1.00% through December 31, 2022.

A plan sponsor initiated termination of the account is an event that could limit the ability of the Plan to transact at contract value paid within 90 days. In this instance, contract value could be paid over time, or at the plan sponsor's discretion, paid over at most a one year period after the application of market value adjustments. There are not any events that allow the issuer to terminate the contract and which require the plan sponsor to settle at an amount different from the contract value.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

**NOTE 6 – RELATED PARTY AND PARTY-IN-INTEREST
TRANSACTIONS**

Hands Benefits & Trust Company is the trustee of the Plan's assets. As such, transactions between Hands Benefits & Trust Company and the Plan qualify as party-in-interest transactions. Transactions involving notes receivable from participants also qualify as party-in-interest transactions. As described in Note 2, the plan sponsor or the Plan paid certain expenses related to plan operation and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA and are exempt from prohibitive transaction rules.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become 100% vested in their account balances.

NOTE 8 – TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (IRC). The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the code to maintain the tax-exempt status for Plan participants under Section 403(b).

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
