Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the **Stein & Associates, LLC 401(k) Profit Sharing Plan** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental Schedules of Delinquent Participant Contributions and Assets Held at End of Year as of and for the years ended December 31, 2022 and 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Stein & Associates, LLC 401(K) Profit Sharing Plan

Notes to Financial Statements
December 31, 2022 and 2021

NOTE 1: DESCRIPTION OF THE PLAN

The following description of the Stein & Associates, LLC 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution plan for the benefit of eligible employees of the following participating employers (collectively the Employer):

- Stein & Associates, LLC
- Stein Ancillary Services, LLC
- P & J Management, Inc.
- Bluebonnet Therapy Solutions, LLC
- Colorado County Development Group, LLC dba TLC - Columbus
- Harbor Valley Health and Rehabilitation, LLC
- Lighthouse Therapy, LLC
- LTC Rehab 2, LLC
- Natchez Medical Supply, LLC
- Palestine Development Group, LLC dba TLC - Palestine
- Prairie Grove Health and Rehabilitation, LLC
- Progressive Therapy Solutions, LLC
- Selma Management, LLC dba TLC – Selma
- SRN Management, LLC dba Cottage Lane Health & Rehabilitation
- SRN Management 2, LLC dba Promenade Health & Rehabilitation
- Trucare Pharmacy, LLC
- Wonder Boys Properties of Arkansas, LLC dba Van Buren Health & Rehabilitation

One of the participating employers, SRN Management, LLC dba Cottage Lane Health & Rehabilitation, ceased operations in June 2020 and was dissolved in December 2021.

The Plan is subject to Department of Labor reporting requirements under the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

Through December 31, 2021, employees of the Employer, who were not members of a collective bargaining agreement, nonresident aliens, or part-time employees, were eligible to participate in the salary deferral portion of the Plan immediately upon attaining age 18. Such employees were eligible to participate in the Employer safe harbor matching portion of the Plan upon attaining age 18 and completing 6 months of service. Part-time employees were eligible to participate upon the latter of attaining age 21 and completing 12 months of consecutive service during which 1,000 hours or more of service are earned.

Effective January 1, 2022, employees of the Employer, who are not members of a collective bargaining agreement, nonresident aliens, or part-time employees, are eligible to participate in the salary deferral and safe harbor matching portions of the Plan immediately upon attaining age 18. Part-time employees are eligible to participate upon the latter of attaining age 21 and completing 12 months of consecutive service during which 1,000 hours or more of service are earned.

Contributions
Each year, participants may contribute a portion of their compensation, subject to certain limitations as defined in the Plan document. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). The Employer must make safe harbor matching contributions to the Plan. The safe harbor matching contributions are calculated at 100% of the first 3% of a participant's compensation contributed to the Plan and 50% of the next 2% of a participant's compensation contributed to the Plan.

Investment Options
Upon enrollment in the Plan, participants may direct their contributions among the various investment options offered by the Plan.

Participant Accounts
Each participant's account is credited with the participant's salary deferral contributions, his or her share of the Employer's contributions, and Plan earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant contributions, compensation, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Employees immediately vest in all contributions, plus earnings thereon.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or fifty percent (50%) of their vested account balance reduced by the highest outstanding loan balance in their account during the prior twelve-month period. Participants may not have more than two loans outstanding at any time. Loans are secured by the balance in the participant's account and bear interest at rates which are determined by the Plan administrator based on prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. During the years ended December 31, 2022 and 2021, these rates ranged from 3.25% to 7.00%. Principal and interest are paid ratably over the term of the loan through payroll deductions. All loans are required to be repaid within five years unless the loan qualifies as a home loan, in which case the loan would be required to be repaid within ten years. In most situations, the loan shall be considered in default and immediately due and payable in its entirety if any scheduled repayment remains unpaid as of the last business day of the quarter following the quarter in which a loan is initially considered past due.

See Note 9 for specific disclosures related to the Coronavirus Aid, Relief, and Economic Security (CARES) Act.

Payment of Benefits
Upon retirement, disability, death, or separation of service, a participant is entitled to receive a lump-sum amount or partial withdrawals equal to the vested balance of his or her account. The Plan also allows for in-service withdrawals for participants meeting certain age requirements.

See Note 9 for specific disclosures related to the CARES Act.

Forfeitures
Forfeitures may be used to pay administrative expenses under the Plan at any time. Any forfeitures not used to pay administrative expenses shall be applied to reduce Employer contributions for the immediately following Plan year. During the year ended December 31, 2022, forfeitures of $2,609 were used to pay Plan expenses. As of December 31, 2022 and 2021, there were unused forfeitures of $-0- and $1,941, respectively.

Reclassification
Certain accounts in the prior year financial statements have been reclassified for comparative purposes to conform with the presentation in the current year financial statements.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s management determines the Plan’s valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payments of Benefits
Benefits are recorded when paid. There were no amounts allocated to withdrawing participants’ accounts for distributions payable prior to December 31, 2022 and 2021, but not yet paid as of these dates.

Administrative Expenses and Expense Offset Arrangements
Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Certain activity-based fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Through August 31, 2022, fees incurred by the Plan for the investment management services or recordkeeping were included in net depreciation in fair value of investments, as they were paid through revenue sharing, rather than a direct payment.

Effective September 1, 2022, quarterly administrative fees are deducted from participants' accounts to cover the Plan's administrative expenses. An additional annual administrative fee is deducted from participants' accounts to cover non-trustee administrative expenses, such as legal, accounting, or consulting fees incurred by the Plan sponsor. Additional quarterly fees are deducted from participants' accounts to cover investment management services.

Participant Revenue Credits
Effective September 1, 2022, quarterly revenue credits may be allocated to participants' accounts based on the investments held by the participants during the prior quarter. The credits represent the allocation of a portion of the revenue associated with the fund(s) and are based on the participant's average daily balance in the fund(s). These revenue credits may help the participants reduce their overall net cost to invest in the Plan.

NOTE 3: INFORMATION CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

- Investments and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021,
- Net depreciation in fair value of investments and interest and dividends, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022, and
- The Schedule of Assets Held at End of Year as of December 31, 2022.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Codification Topic *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB Codification Topic *Fair Value Measurements and Disclosures* are described as:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Fund: Valued at the daily closing price as reported by the fund. The money market fund is an open-end mutual fund that is registered with the SEC. This fund is required to publish its daily NAV and to transact at that price. The money market fund is deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

Assets at Fair Value as of December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 26,586,153	$ -	$ -	$ 26,586,153
Money market fund	1,618,021	-	-	1,618,021
Total assets at fair value	$ 28,204,174	$ -	$ -	$ 28,204,174

Assets at Fair Value as of December 31, 2021

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 32,054,993	$ -	$ -	$ 32,054,993
Money market fund	611,597	-	-	611,597
Total assets at fair value	$ 32,666,590	$ -	$ -	$ 32,666,590

NOTE 5: RELATED PARTIES AND PARTIES-IN-INTEREST TRANSACTIONS

The Plan investments are managed by Fidelity Management Trust Company (Fidelity). Fidelity is the trustee and recordkeeper for the Plan. As a result, these investments and the related investment transactions qualify as party-in-interest transactions. Certain fees incurred by the Plan are included in net depreciation in fair value of investments, as they are paid through revenue sharing rather than a direct payment.

The Plan incurs expenses related to general administration and record keeping. As discussed in Note 2, effective September 1, 2022, quarterly and annual fees are deducted from participants' accounts to help cover the Plan's administrative expenses, such as legal, accounting, or consulting fees incurred by the Employer, and investment management services. The Employer continues to pay a portion of the general administration and record keeping expenses and other Plan expenses. The Employer also performs certain administrative functions at no cost to the Plan. The Employer does not expect reimbursement for these expenses.

The Plan is charged fees and expenses through expense ratios charged by Fidelity to the Plan's various investment options. The investment expense ratios vary by fund and are reflected in the value of the investments held by the Plan. Investment related expenses are included in net depreciation in fair value of investments.

NOTE 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, employees become fully vested in their accounts.

NOTE 7: TAX STATUS AND UNCERTAIN TAX POSITIONS

Through March 23, 2022, the Plan adopted a Volume Submitter Defined Contribution Plan Fidelity Basic Plan Document. Fidelity Management & Research Company (Fidelity) obtained an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, which indicated that the form of the Plan was acceptable under section 401 of the Internal Revenue Code (IRC). Effective March 24, 2022, the Plan adopted a Pre-Approved Defined Contribution Fidelity Basic Plan Document. Fidelity obtained an opinion letter from the IRS dated June 30, 2020, which indicated that the form of the Plan is acceptable under section 401 of the IRC. Plan management believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

The Plan accounts for uncertain tax positions in accordance with the provisions of the FASB Codification Topic *Income Taxes*. FASB Codification Topic *Income Taxes* clarifies the accounting for uncertainty in income taxes and requires the Plan to recognize in their financial statements the impact of a tax position taken or expected to be taken in a tax return, if that position is more likely than not to be sustained under audit, based on the technical merits of the position. The Plan administrator has assessed the tax positions taken by the Plan and determined that no positions exist that require adjustment or disclosure under the provisions of FASB Codification Topic *Income Taxes*.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan provides for investments in various investment securities, which in general are exposed to certain risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Market disruptions associated with certain geopolitical events have had a global impact, and uncertainty exists as to their implications. Such disruptions adversely affect investment assets and the performance of the investment assets. At this time, an aggregate effect on the Plan's investment assets and their performance cannot be reasonably estimated.

NOTE 9: CARES ACT DISTRIBUTIONS AND PARTICIPANT NOTES RECEIVABLE

In response to the financial hardship faced by many individuals as a result of the COVID-19 pandemic, Congress enacted the CARES Act that allowed for certain temporary changes to 401(k) Plan distributions and loans to participants. Qualified individuals could take up to $100,000 from their retirement accounts. These distributions were not subject to the usual 20% withholdings for federal taxes, age requirements, or notice rules. The tax burden for these distributions could be spread over three years, and the distributions could be repaid over three years. Qualified individuals could take larger loans from their retirement accounts. The maximum loan limit was increased to $100,000. Loan repayments could be delayed for up to one year. Also, participants did not have to take required minimum distributions for 2020. Plan amendments for adoption of the provisions of the CARES Act are required to be made by December 31, 2025. The Plan has not yet been amended; however, it is Plan management's intent to amend the Plan prior to the due date.

NOTE 10: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the financial statements as of and for the years ended December 31, 2022 and 2021 to Form 5500:
