Independent Auditor's Report

Plan Committee and Participants
Gryphon Investors 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Gryphon Investors 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Gryphon Investors 401(k) Retirement Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the Gryphon Investors 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and eligibility: The Plan is a defined contribution retirement plan established January 1, 2006, for the benefit of all employees of Gryphon Advisors, LLC (the Company or Plan Sponsor), who have attained the age of 21 years, except for employees who are nonresident aliens or employees solely compensated under a collective bargaining agreement. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA). Participants are eligible for participation immediately upon employment commencement date or if later, upon satisfaction of eligibility conditions. Charles Schwab Trust Bank (Charles Schwab or the Trustee) is the Plan trustee and custodian. Milliman, Inc. (Milliman) provides administrative and record-keeping services to the Plan.

Contributions: Each year, participants may contribute up to 100% of pretax or after-tax annual compensation, subject to maximum limits defined by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contributions plans (rollovers).

Employer matching contributions are based on the safe harbor matching contribution formula and the Company matches all contributions at the rate of 100% of the first 3% of an active participant's compensation contributed to the Plan and at 50% of the next 2% of the active participant's compensation contributed to the Plan. For the year ended December 31, 2022, the Company made matching contributions to the Plan totaling \$1,025,326. The Company may also contribute discretionary contributions annually, subject to certain statutory limits, which the Company determines at its discretion. No discretionary contributions were made to the Plan for the years ended December 31, 2022 or 2021.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of: (a) Plan's earnings or losses on investments, and (b) administrative expenses. Allocations are based on a participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of contributions into various investment options offered by the Plan.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000, up to maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are secured by the balance in the participant's account and bear interest at the rate of prime plus 1%. Principal and interest are repaid ratably through payroll deductions within five years, or up to 15 years if used to acquire a principal residence of the participant. In the event the scheduled repayment remains unpaid as of the last business day of the calendar quarter following the calendar quarter in which a loan is initially considered past due, the loan is considered to be in default and considered a deemed distribution.

Vesting: Participants are 100% vested immediately in their contributions plus actual earnings thereon and the Company's safe harbor matching contributions. Employer discretionary contributions vest 25% annually for each year of credited service, which is defined as 1,000 hours, and are fully vested after four years.

Gryphon Investors 401(k) Retirement Plan

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

Payment of benefits: Upon termination of service due to death, disability, retirement or termination of employment, a participant or beneficiary, as applicable, shall receive a lump-sum distribution in an amount equal to the value of the participant's interest in his or her account. If a participant's vested account balance is equal to or less than \$1,000, and no election is made, the vested account balance will be distributed directly to the participant. The Plan also allows in-service withdrawals and hardship withdrawals under certain circumstances.

Forfeited accounts: The Plan provides for forfeitures of terminating participants' nonvested accounts to pay for administrative expenses or reduce future employer contributions under the Plan's provisions. As of December 31, 2022 and 2021, and during the year ended December 31, 2022, there were no forfeitures.

Revenue sharing account: Fees received from the Plan investments in the form of 12b-1 fees, sub-transfer agency fees and administrative servicing fees, are paid into a "revenue sharing account" within the Plan. Contractual fees for recordkeeping services and for other allowable plan administrative expenses are paid from this account or may be allocated to participants at the direction of the employer. For the year ended December 31, 2022, revenue sharing income received totaled \$11,240 and expenses paid totaled \$11,227. The balance of revenue sharing funds at December 31, 2022 and 2021 was \$31 and \$18, respectively. Revenue-sharing net activity is reflected in net depreciation in fair value of investments.

Note 2. Summary of Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting under accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates: The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities, at the date of the financial statements, and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by Charles Schwab. See Note 4 for discussion of fair value measurements.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents in the statement of changes in net assets available for benefits the net depreciation in the fair value of its investments, which consists of the realized gains or losses on the purchases and sales of investments during the year and unrealized appreciation or depreciation of investments held during the year. Purchases and sales of securities are recorded on a trade-date basis.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. As of December 31, 2022, the rates of interest on outstanding loans range from 4.25% to 6.50% with various maturities through August 2027.

Note 2. Summary of Accounting Policies (Continued)

Contributions: Contributions from the Plan participants are recorded in the year in which participant contributions are withheld from amounts paid or earned and not yet paid. As of December 31, 2022 and 2021, there were no participant contributions receivable. Safe harbor matching contributions are recorded in the year that the contributions are withheld from amounts paid, or earned but not yet paid, and remitted on a quarterly basis. As of December 31, 2022 and 2021, there were \$97,918 and \$79,422 of employer contributions receivable, respectively. Discretionary contributions, if any, are recognized upon the authorization of the Company. All participant and employer contributions are participant-directed.

Benefits: Benefits are recorded when paid.

Administrative expenses: The Plan incurs record-keeping and administrative expenses. Specific participant transaction expenses are deducted from participant accounts directly. Plan expenses that cannot be directly charged to a specific participant transaction may be paid, in whole or in part, from revenue-sharing payments that the Plan receives from certain participant funds or paid by the Company. Investment-related expenses are included in net depreciation in fair value of investments.

Subsequent events: The Plan has evaluated subsequent events through September 13, 2023, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Charles Schwab Trust Bank, the Trustee

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information provided by Charles Schwab. The Plan Administrator has obtained certifications from Charles Schwab that information provided to the Plan Administrator by Charles Schwab related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and ERISA-required supplemental schedule, related to the following assets:

	2022	2021
Registered investment companies	\$ 18,088,725	\$ 19,642,431
Money market fund	2,367,625	1,274,741
Participant notes receivable	152,674	114,549

Charles Schwab also certified the completeness and accuracy of net depreciation in fair value of investments of \$4,030,551, interest and dividend income of \$543,617, including gains and losses on investments bought and sold, and interest income on notes receivable from participants of \$6,193 for the year ended December 31, 2022.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under Accounting Standards Codification 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 or 2021.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1).

Money market fund: Valued at the daily closing price as reported by the fund. Money market funds hold primarily cash and these funds are required to publish their NAV and to transact at that price. The money market fund held by the Plan is deemed to be actively traded (Level 1).

Total investments at fair value	<u>\$ 20,917,172</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$</u>	<u>20,917,172</u>

Note 5. Related-Party and Party-In-Interest Transactions

Plan assets are maintained by Charles Schwab. Charles Schwab is the Trustee and custodian as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Milliman for record-keeping services totaled \$3,699 for the year ended December 31, 2022.

Certain administrative functions are performed by employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Administrative expenses for participants are paid directly by the Plan Sponsor.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in any portion of their accounts not already 100% vested.

Note 7. Tax Status

The plan is qualified under the appropriate section of the Internal Revenue Code (IRC) and intends to continue as a qualified plan. The IRS has determined and informed the Plan Sponsor, by a letter dated June 30, 2020, that the Plan, as designed, is qualified under the appropriate section(s) of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
