BENEFIT PLAN ASSURANCE

INDEPENDENT AUDITOR'S REPORT

To the Trustee and Plan Administrator
Kong 401(k) Plan
San Francisco, CA

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Kong 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions and the supplemental schedule of assets (held at end of year) as of and for the year ended December 31, 2022, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of Kong 401(k) Plan ("Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution savings plan sponsored by Kong Inc. ("Company"). The Plan was established in 2017 and is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), and subsequent laws.

Plan administration

The Company has delegated certain responsibilities for the operation, administration, and recordkeeping of the Plan to Guideline, Inc. The Company has contracted with Benefit Trust Company to act as the custodian.

Eligibility

The Plan covers substantially all employees who are at least age 18, except union employees covered by a collective bargaining agreement, leased employees, and certain nonresident aliens.

Contributions

Each year, participants may contribute up to 100% of their eligible pre-tax or after-tax (as Roth contributions) compensation, as defined by the plan document, up to the maximum annual amount allowed by the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Eligible employees are automatically enrolled in the Plan at 1% of their eligible pre-tax compensation unless they affirmatively opt out of participation.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participants direct the investment of contributions to their respective accounts into the investment options offered by the Plan.

The Company is also allowed to make discretionary profit-sharing contributions. During the year ended December 31, 2022, the Company did not make any discretionary profit-sharing contributions to the Plan.

Participant accounts

Each participant's account is credited with the participant's contributions, Company contributions, if any, and plan earnings. Accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Participants direct the investment of their account into various investment options offered by the Plan.

Vesting

Participants are immediately 100% vested in their elective contributions and Company contributions plus earnings thereon.

Notes receivable from participants

Participants may borrow from their account a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Notes receivable from participants ("participant loans") are issued by the Plan and secured by the balance in the participant's account. Participant loans must be repaid within five years, unless the participant's loan is used to acquire a primary residence, in which case the repayment period may be longer. Participant loans bear a rate of interest equal to the prime rate plus 1%. Outstanding participant loans at December 31, 2022 bear annual interest rates ranging from 5.00% to 7.25% and mature with various dates through June 2027.

Payment of benefits

Distributions and withdrawals are payable upon retirement, termination, disability, or death. The Plan permits in-service and hardship withdrawals under certain conditions, as described in the plan document.

Effective November 22, 2022, the Plan was amended so that upon termination, participants with total vested account balances of less than $1,000 may automatically receive a lump-sum cash distributions from the Plan. Unless affirmatively elected otherwise by the participant, if a participant's vested account balance is greater than or equal to $1,000 and up to $5,000 upon termination, the balance may be automatically rolled over into an individual retirement account, preselected by the Plan Administrator. If a participant's vested account balance is greater than $5,000, the participant may consent to either a distribution from the Plan or postpone payment to a later date and remain in the Plan, as described in the plan document.

With the adoption of the CARES Act, qualified participants were able to take coronavirus related distributions up to $100,000 or 100% of their vested account balance from March 27, 2020 through December 31, 2020. Mandatory tax withholdings and early withdrawal penalties were waived, and ordinary income taxes may be paid over a three-year period. Participants are permitted to repay the distribution over a three-year period.

Subsequent events

Effective August 21, 2023, the Company contracted with Fidelity Management Trust Company ("Fidelity") to serve as the trustee, and with an affiliate of Fidelity to provide recordkeeping services.

In connection with the restatement of the plan document with the change in service provider to Fidelity, as described above, the following plan provisions have been made effective August 21, 2023:

- The Company is authorized to make matching contributions to the Plan on a discretionary basis.
- Participants vest ratably in the Company's matching contribution over a period of 2 years of service, as defined by the plan document.

The Plan has evaluated subsequent events through September 22, 2023, the date the financial statements were available to be issued.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the change therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions and contributions receivable

Contributions from participants are recorded based on the date the contributions are separated from a participant's pay by the Company, which is the pay date. Contributions from the Company are recorded in the year earned to coincide with the year the Company records the contributions in its financial statements. Rollover contributions from participants are recorded based on the date the contributions are received by the Plan.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Benefit Trust Company, the custodian, certifies the fair value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Participant loans are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant loans is recorded on an accrual basis. Delinquent notes receivable are reclassified as distributions upon the occurrence of a distributable event based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain administrative expenses of the Plan were paid directly by the Company for the year ended December 31, 2022. The Plan is not expected to reimburse the Company for these expenses. Investment fees, which may vary according to the individual investment options selected, are paid out of the assets of the Plan.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103 8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following information was certified as complete and accurate by Benefit Trust Company, the custodian, and was not subjected to any auditing procedures performed by the independent auditors:

- Investments and noninterest-bearing cash reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021.
- Net depreciation in fair value of investments, dividend and interest income reflected on the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.
- Investments reflected on the Schedule of Assets (Held at End of Year).

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

- Level 1 - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.
- Level 2 - inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Interest-bearing cash: Valued at cost plus accrued interest.

Mutual funds: Valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Interest-bearing cash	$ 61,507	$ -	$ -	$ 61,507
Mutual funds	7,899,684	-	-	7,899,684
Investments, at fair value	$ 7,961,191	$ -	$ -	$ 7,961,191

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Interest-bearing cash	$ 63,671	$ -	$ -	$ 63,671
Mutual funds	7,124,715	-	-	7,124,715
Investments, at fair value	$ 7,188,386	$ -	$ -	$ 7,188,386

5. RISKS AND UNCERTANTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Through participant direction, approximately 40 percent and 44 percent of the Plan’s net assets available for benefits as of December 31, 2022 and 2021, respectively, were invested in the Vanguard Total Stock Market Index Fund.

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has also led to extreme volatility in financial markets and has affected, and may continue to affect, the market price of Plan assets. While the potential economic impact brought by, and the duration of, COVID-19 may be difficult to assess or predict, a widespread pandemic could result in significant disruption of global financial markets. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted.

6. OPERATIONAL DEFECT

During 2022, it was discovered that the Company erroneously failed to withhold participant deferrals on certain off-cycle payroll checks for terminated employees. The Company has identified the affected participants and is in the process of depositing approximately $21,700 of qualified non-elective employer contributions (“QNEC”) to make these participants whole. The QNEC is included in the financial statements as other employer contributions as of December 31, 2022.

7. TAX STATUS

The Plan has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service ("IRS") dated November 18, 2020. The Plan has been amended since then, but the Plan Administrator believes the Plan has been operated in accordance with the provisions of the IRC and its associated trust is tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

During 2022, the Company identified that certain eligible compensation was excluded in determining contributions to the Plan. The Company filed a Voluntary Correction Program ("VCP") submission with the IRS, which further detailed this matter. This item does not have a material effect on the Plan's net assets available for benefits, and the Company does not expect the VCP submission to affect the Plan's tax status. The anticipated cost of correction to the Plan is $0.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain positions.

8. RECONCILIATION TO FORM 5500

The following is a reconciliation of the net assets available for benefits reported in the financial statements and the net assets reported on Form 5500 as of December 31:

	2022	2021
Net assets available for benefits, per the financial statements	$ 8,158,695	$ 7,368,151
Contributions receivable at year end	(99,249)	(70,699)
Net assets, per Form 5500	$ 8,059,446	$ 7,297,452

The following is a reconciliation of the change in net assets available for benefits reported in the financial statements and the net income reported on Form 5500 for the year ended December 31:

	2022
Changes in net assets available for benefits, per the financial statements	$ 790,544
Contributions receivable in current year	(99,249)
Contributions receivable in prior year	70,699
Net income, per Form 5500	$ 761,994

9. PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined by ERISA as any fiduciary of the Plan, any party rendering services to the Plan, the Company and its employees, and certain others. The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company and the recordkeeper. The Company pays certain fees and expenses on behalf of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

10. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participants would become fully vested in their account balances in the event the Plan is terminated.

BENEFIT PLAN ASSURANCE

INDEPENDENT AUDITOR'S REPORT

To the Trustee and Plan Administrator
Kong 401(k) Plan
San Francisco, CA

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Kong 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions and the supplemental schedule of assets (held at end of year) as of and for the year ended December 31, 2022, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of Kong 401(k) Plan ("Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution savings plan sponsored by Kong Inc. ("Company"). The Plan was established in 2017 and is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), and subsequent laws.

Plan administration

The Company has delegated certain responsibilities for the operation, administration, and recordkeeping of the Plan to Guideline, Inc. The Company has contracted with Benefit Trust Company to act as the custodian.

Eligibility

The Plan covers substantially all employees who are at least age 18, except union employees covered by a collective bargaining agreement, leased employees, and certain nonresident aliens.

Contributions

Each year, participants may contribute up to 100% of their eligible pre-tax or after-tax (as Roth contributions) compensation, as defined by the plan document, up to the maximum annual amount allowed by the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Eligible employees are automatically enrolled in the Plan at 1% of their eligible pre-tax compensation unless they affirmatively opt out of participation.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participants direct the investment of contributions to their respective accounts into the investment options offered by the Plan.

The Company is also allowed to make discretionary profit-sharing contributions. During the year ended December 31, 2022, the Company did not make any discretionary profit-sharing contributions to the Plan.

Participant accounts

Each participant's account is credited with the participant's contributions, Company contributions, if any, and plan earnings. Accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Participants direct the investment of their account into various investment options offered by the Plan.

Vesting

Participants are immediately 100% vested in their elective contributions and Company contributions plus earnings thereon.

Notes receivable from participants

Participants may borrow from their account a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Notes receivable from participants ("participant loans") are issued by the Plan and secured by the balance in the participant's account. Participant loans must be repaid within five years, unless the participant's loan is used to acquire a primary residence, in which case the repayment period may be longer. Participant loans bear a rate of interest equal to the prime rate plus 1%. Outstanding participant loans at December 31, 2022 bear annual interest rates ranging from 5.00% to 7.25% and mature with various dates through June 2027.

Payment of benefits

Distributions and withdrawals are payable upon retirement, termination, disability, or death. The Plan permits in-service and hardship withdrawals under certain conditions, as described in the plan document.

Effective November 22, 2022, the Plan was amended so that upon termination, participants with total vested account balances of less than $1,000 may automatically receive a lump-sum cash distributions from the Plan. Unless affirmatively elected otherwise by the participant, if a participant's vested account balance is greater than or equal to $1,000 and up to $5,000 upon termination, the balance may be automatically rolled over into an individual retirement account, preselected by the Plan Administrator. If a participant's vested account balance is greater than $5,000, the participant may consent to either a distribution from the Plan or postpone payment to a later date and remain in the Plan, as described in the plan document.

With the adoption of the CARES Act, qualified participants were able to take coronavirus related distributions up to $100,000 or 100% of their vested account balance from March 27, 2020 through December 31, 2020. Mandatory tax withholdings and early withdrawal penalties were waived, and ordinary income taxes may be paid over a three-year period. Participants are permitted to repay the distribution over a three-year period.

Subsequent events

Effective August 21, 2023, the Company contracted with Fidelity Management Trust Company ("Fidelity") to serve as the trustee, and with an affiliate of Fidelity to provide recordkeeping services.

In connection with the restatement of the plan document with the change in service provider to Fidelity, as described above, the following plan provisions have been made effective August 21, 2023:

- The Company is authorized to make matching contributions to the Plan on a discretionary basis.
- Participants vest ratably in the Company's matching contribution over a period of 2 years of service, as defined by the plan document.

The Plan has evaluated subsequent events through September 22, 2023, the date the financial statements were available to be issued.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the change therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions and contributions receivable

Contributions from participants are recorded based on the date the contributions are separated from a participant's pay by the Company, which is the pay date. Contributions from the Company are recorded in the year earned to coincide with the year the Company records the contributions in its financial statements. Rollover contributions from participants are recorded based on the date the contributions are received by the Plan.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Benefit Trust Company, the custodian, certifies the fair value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Participant loans are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant loans is recorded on an accrual basis. Delinquent notes receivable are reclassified as distributions upon the occurrence of a distributable event based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain administrative expenses of the Plan were paid directly by the Company for the year ended December 31, 2022. The Plan is not expected to reimburse the Company for these expenses. Investment fees, which may vary according to the individual investment options selected, are paid out of the assets of the Plan.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103 8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following information was certified as complete and accurate by Benefit Trust Company, the custodian, and was not subjected to any auditing procedures performed by the independent auditors:

- Investments and noninterest-bearing cash reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021.
- Net depreciation in fair value of investments, dividend and interest income reflected on the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.
- Investments reflected on the Schedule of Assets (Held at End of Year).

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

- Level 1 - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.
- Level 2 - inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Interest-bearing cash: Valued at cost plus accrued interest.

Mutual funds: Valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Interest-bearing cash	$ 61,507	$ -	$ -	$ 61,507
Mutual funds	7,899,684	-	-	7,899,684
Investments, at fair value	$ 7,961,191	$ -	$ -	$ 7,961,191

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Interest-bearing cash	$ 63,671	$ -	$ -	$ 63,671
Mutual funds	7,124,715	-	-	7,124,715
Investments, at fair value	$ 7,188,386	$ -	$ -	$ 7,188,386

5. RISKS AND UNCERTANTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Through participant direction, approximately 40 percent and 44 percent of the Plan’s net assets available for benefits as of December 31, 2022 and 2021, respectively, were invested in the Vanguard Total Stock Market Index Fund.

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has also led to extreme volatility in financial markets and has affected, and may continue to affect, the market price of Plan assets. While the potential economic impact brought by, and the duration of, COVID-19 may be difficult to assess or predict, a widespread pandemic could result in significant disruption of global financial markets. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted.

6. OPERATIONAL DEFECT

During 2022, it was discovered that the Company erroneously failed to withhold participant deferrals on certain off-cycle payroll checks for terminated employees. The Company has identified the affected participants and is in the process of depositing approximately $21,700 of qualified non-elective employer contributions (“QNEC”) to make these participants whole. The QNEC is included in the financial statements as other employer contributions as of December 31, 2022.

7. TAX STATUS

The Plan has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service ("IRS") dated November 18, 2020. The Plan has been amended since then, but the Plan Administrator believes the Plan has been operated in accordance with the provisions of the IRC and its associated trust is tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

During 2022, the Company identified that certain eligible compensation was excluded in determining contributions to the Plan. The Company filed a Voluntary Correction Program ("VCP") submission with the IRS, which further detailed this matter. This item does not have a material effect on the Plan's net assets available for benefits, and the Company does not expect the VCP submission to affect the Plan's tax status. The anticipated cost of correction to the Plan is $0.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain positions.

8. RECONCILIATION TO FORM 5500

The following is a reconciliation of the net assets available for benefits reported in the financial statements and the net assets reported on Form 5500 as of December 31:

	2022	2021
Net assets available for benefits, per the financial statements	$ 8,158,695	$ 7,368,151
Contributions receivable at year end	(99,249)	(70,699)
Net assets, per Form 5500	$ 8,059,446	$ 7,297,452

The following is a reconciliation of the change in net assets available for benefits reported in the financial statements and the net income reported on Form 5500 for the year ended December 31:

	2022
Changes in net assets available for benefits, per the financial statements	$ 790,544
Contributions receivable in current year	(99,249)
Contributions receivable in prior year	70,699
Net income, per Form 5500	$ 761,994

9. PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined by ERISA as any fiduciary of the Plan, any party rendering services to the Plan, the Company and its employees, and certain others. The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company and the recordkeeper. The Company pays certain fees and expenses on behalf of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

10. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participants would become fully vested in their account balances in the event the Plan is terminated.
