INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Franchise Operations, Inc. 401(k) Retirement Savings Plan
North Olmsted, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Franchise Operations, Inc. 401(k) Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of November 22, 2022 (in liquidation) and December 31, 2021, and the related statement of changes in net assets (in liquidation) available for benefits for the period from January 1, 2022 to November 22, 2022, and the related notes to the financial statements (financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Voya Retirement Insurance and Annuity Company, the custodian of the plan, as a qualified institution, as of November 22, 2022 and for the period from January 1, 2022 to November 22, 2022 and as of December 31, 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Plan Termination and Liquidation Basis of Accounting

As discussed in Note G to the financial statements, the Trustee of the Plan approved termination of the Plan on January 20, 2022, and management determined liquidation is imminent. As a result, the Plan changed its basis of accounting from the going-concern basis of accounting used in presenting the December 31, 2021 financial statements to the liquidation basis of accounting used in presenting the November 22, 2022 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

NOTE A - DESCRIPTION OF PLAN

The following description of Franchise Operations, Inc. 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan covering all employees of Franchise Operations, Inc. (The Company, Plan Administrator, and Plan Sponsor) who were age 18 or older and who were not key employees as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The following description of the Plan represents information to the Plan termination date. Subsequent to the termination date, many of the features and options of the Plan became unavailable to participants.

Contributions

Participants were able to elect to defer any portion of their compensation as defined by the Plan on either a pre-tax or after-tax basis. The Plan also provided for a discretionary employer matching contribution and a discretionary employer profit sharing contribution. In order to receive an allocation of the employer matching contribution and profit sharing contribution, the employee must have completed at least 1,000 hours of service during the Plan year and be employed by the Company on the last day of the Plan year. There were no authorized employer matching or profit sharing contributions during the period from January 1, 2022 to November 22, 2022. The Plan provided for the acceptance of rollover contributions from other plans qualified under the Internal Revenue Code (the Code). The Plan also provided for catch-up contributions for participants who reached the age of fifty by the end of the Plan year. Participants directed the investment of their contributions into various options offered by the Plan. Contributions were subject to certain IRS limitations.

Vesting

Participants were immediately vested in their deferral and rollover contributions plus actual earnings thereon. Discretionary employer profit sharing and matching contributions plus actual earnings thereon vested 100% upon completion of three years of continuous service. Due to the Plan termination disclosed in Note G, the participants became 100% vested in their accounts.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account was credited with the participant's contributions and Company matching contributions, as well as an allocation of the Company's profit sharing contributions and Plan earnings. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, compensation, specific participant transactions, or account balances, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Payment of Benefits

Upon termination of service or attainment of age 59½, a participant could elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account balance. If the value of the vested benefits credited to the participant's account was \$5,000 or less at the time of termination, the entire account would be automatically distributed to a participant or beneficiary without the participant's consent in a single lump-sum payment. In the event of a mandatory distribution of amounts greater than \$1,000 but not exceeding \$5,000, the entire amount would be distributed in the form of a direct rollover to an individual retirement account as designated by the Plan Administrator.

Active participants could request hardship withdrawals from their elective deferral account balance, subject to Plan provisions.

During 2020, the Plan elected to allow eligible participants to request coronavirus-related distributions and suspended required minimum distributions from the Plan between March 27 and December 31, 2020 in accordance with the provisions of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act). The coronavirus-related distributions could be repaid in one or more contributions to the Plan over a 3-year period commencing on the date the distribution was received.

Forfeited Accounts

Forfeitures were used first to pay Plan expenses and then to reduce employer contributions. Unallocated forfeiture balances were \$-0- and \$769 at November 22, 2022 and December 31, 2021, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

As discussed in Note G, the Trustee terminated the Plan effective January 20, 2022. As a result, the Plan changed its basis of accounting for the period subsequent to December 31, 2021 from the going concern basis to the liquidation basis.

The statement of net assets available for benefits as of December 31, 2021 was prepared using the accrual basis of accounting.

Under the liquidation basis of accounting, assets are measured to reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process and liabilities are measured using the accrual basis of accounting and would include any expected costs of the disposal of assets and other costs expected to be incurred during the liquidation process.

Investment Valuation

Investments were reported at fair value (except for the fully benefit-responsive investment contract, which was reported at contract value at December 31, 2021). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determined the Plan's valuation policies utilizing information provided by the custodian. See Note D for discussion of fair value measurements.

Investment Income Recognition

Purchases and sales of securities were recorded on the trade date. Interest income was recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Contributions

Participant and employer contributions were recorded and credited to each participant's account when received by the custodian from the Company. Any contributions attributable to the Plan period but not received by the custodian by the last day of the Plan period were recorded as a receivable.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits

Benefits were recorded when paid.

Expenses

Certain expenses of maintaining the Plan were paid directly by the Company and are excluded from these financial statements. Fees related to the administration of benefits paid to participants were charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments on the accompanying statement of changes in net assets (in liquidation) available for benefits.

Income Taxes

The Company adopted a prototype non-standard profit sharing plan with a cash or deferred arrangement which received an opinion letter from the IRS dated March 31, 2014 stating that the Plan was designed in accordance with applicable sections of the Code. Although the Plan had been amended since receiving the determination letter, the Plan Sponsor believes that the Plan was currently being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan was qualified and the related trust was tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events through September 14, 2023, the date which the financial statements were available to be issued.

NOTE C - CERTIFICATION

Investment information disclosed in the accompanying financial statements, including investments held at November 22, 2022 and December 31, 2021, and net depreciation in the fair value of investments for the period from January 1, 2022 to November 22, 2022 were obtained by management and agreed to or derived from information certified as complete and accurate by the custodian.

NOTE D - FAIR VALUE MEASUREMENTS

Following is a description of the valuation methodology used for assets measured at fair value. As of December 31, 2021, the fair value of pooled separate accounts was \$1,273,120. The Plan had no investments at November 22, 2022 as the Plan was fully liquidated. There have been no changes in the methodology used as of December 31, 2021.

Pooled separate accounts (Note E) were valued at the net asset value of units held by the Plan at year end. The net asset value, as provided by the custodian, was used as a practical expedient to estimate fair value. Net asset value was based on quoted market prices of the underlying investments, net of insurance company fees and expenses less their liabilities. This practical expedient was not used when it was determined to be probable that the accounts will sell the investments for an amount different than the reported net asset value.

The method described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method was appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

Notes to Financial Statements

As of November 22, 2022 and For the Period from January 1, 2022 to November 22, 2022 (in Liquidation) and as of December 31, 2021

NOTE E - POOLED SEPARATE ACCOUNTS

The Plan had investments in Voya Retirement Insurance and Annuity Company's (VRIAC) pooled separate accounts. There were no restrictions on transfers or withdrawals from these accounts. The investment strategies of the significant pooled separate accounts with a balance in excess of 5% of total assets as of November 22, 2022 and December 31, 2021 are as follows:

Vanguard Target Retirement 2020, 2025, and 2030 Funds - Investor Shares seek to provide capital appreciation and current income consistent with their current asset allocation by investing in other Vanguard mutual funds according to an asset allocation strategy designed for investors planning to retire and leave the workforce in or within a few years of the target years.

NOTE F - GUARANTEED INVESTMENT CONTRACT

The Plan had a traditional fully benefit-responsive guaranteed investment contract in 2021 with VRIAC with a balance of \$23 at December 31, 2021. The contract was terminated in 2022. Contributions from the Plan were maintained in VRIAC's general account. Under the contract, the Plan owned a promise by the issuer to pay interest at crediting rates which were announced in advance and declared on an annual basis. The crediting rate was based on a formula established by the contract issuer but may not be less than 1 percent. The crediting rate was reviewed on an annual basis for resetting.

This contract met the fully benefit-responsive investment contract criteria as of December 31, 2021 and therefore, was reported at contract value. Contract value was the relevant measure for fully benefit-responsive investment contracts because contract value was the amount participants would receive if they were to have initiated permitted transactions under the terms of the Plan. Contract value represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants could ordinarily direct permitted withdrawals or transfers of all or a portion of their account balances at contract value.

The Plan's ability to receive amounts due was dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations to the Plan might have been affected by future economic and regulatory development.

NOTE F - GUARANTEED INVESTMENT CONTRACT (CONTINUED)

The Plan Sponsor could terminate the contract at any time, however, the issuer could have applied a market value adjustment. Plan level transactions were subject to a restriction of 20% of the unallocated balance within the account as of January 1 of the calendar year. VRAIC could have terminated the contract at any time after 5 years from the date the contract became effective with notice of 90 days. Upon Plan termination, the Plan continued to transact at contract value with the participants and a market value adjustment was not applied.

NOTE G - PLAN TERMINATION

On January 1, 2022, the Trustee of the Plan adopted an amendment to terminate the Plan, effective January 20, 2022 (the Termination Date). As a result of this action, participants became 100% vested in their accounts. No employees could become a participant nor existing participants accrue any further benefit after the Termination Date. The Plan was liquidated as of November 22, 2022.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invested in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I - RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions included the investment in the funds of VRIAC, and the related interest income, and the payment of expenses by the Plan. Such transactions are exempt from being prohibited transactions.

NOTE I - RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS (CONTINUED)

VRIAC provided certain administrative services to the Plan. VRIAC received revenue from pooled separate accounts investment fund service providers for services at crediting rates per investment ranging from 1.24% to 1.61% of the funds' balance. These fees reduced the rate of return credited to the Plan for these investments and were netted within net depreciation in fair value of investments on the statement of changes in net assets (in liquidation) available for benefits. In addition, to the extent former or current affiliates of VRAIC performed services for the Plan, such affiliate could share any revenue received with VRAIC. Such revenue sharing could include, but was not limited to, revenue sharing in connection with investment management, brokerage, or trustee/custodial services. During 2022, \$312 was paid by VRAIC to Kestra Investment Services, LLC for Investment Advisor services provided to the Plan. The revenue sharing account is excluded from Plan assets.
