INDEPENDENT AUDITOR'S REPORT

To the Participants and Trustees of the
Teamsters Local 929 Retirement Plan

Opinion

We have audited the financial statements of the Teamsters Local 929 Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Teamsters Local 929 Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets Held at End of Year and Schedules of Administrative Expenses, together referred to as “supplemental information,” are presented for the purpose of additional analysis and are not a required part of the financial statements. The supplemental Schedule of Assets Held at End of Year is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The financial statements are prepared using the accrual basis of accounting.

Investments and Income Recognition - Investments are held with John Hancock Trust Company. Investments in mutual funds are carried at fair value as of the last business day of the year based on the net asset value of the Plan as provided by John Hancock Trust Company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions Receivable - Contributions earned but not paid prior to December 31, 2022 and 2021 are recorded as contributions receivable. Allowance for uncollectible accounts is considered unnecessary and is not provided. Employer contributions are accounted for as exchange transactions.

Participant Loans Receivable - Participant loans receivable are valued at unpaid principal balance plus any accrued but unpaid interest.

Payment of Benefits - Benefit payments to participants are recorded upon distribution.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

NOTE 2. DESCRIPTION OF PLAN

General

The Teamsters Local 929 Retirement Plan (the Plan) is a multiemployer defined contribution annuity plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. It is financed by negotiated employer contributions typically set for multi-year periods under collectively bargained agreements. The benefits earned depend on the level of a member's employment and contributions. The Plan operates as a trust to provide lump-sum distributions and supplemental retirement benefits for eligible participants.

NOTE 2. DESCRIPTION OF PLAN (continued)

Effective August 1, 2022, the Plan was amended to allow participants who meet the eligibility criteria to obtain loans from their accounts. The amount of the loan may not exceed the lesser of 50% of the participant's account balance or \$50,000, whichever is less.

Effective November 1, 2022, the Plan was amended to allow participants to enter into a salary reduction agreement with their employer, to have the employer defer a portion of their wages to pay to the Plan as deferred contributions credited to segregated accounts established on behalf of the participant.

Effective November 1, 2022, the Plan was amended to add payments for burial or funeral expenses for the participant's deceased parent, spouse, child or dependent. Also, add payments for the repair of damage to the participant's principal resident that would qualify for the casualty deduction under the IRS code.

Contributions

Participating employers contribute negotiated rates for each employee working unit.

Defined Contribution Plan

Benefits under the Plan are fully and immediately vested.

Qualifying participants are eligible for Plan benefits upon retirement, death, disability, or after a one year break in service.

Qualifying participants are also eligible for Plan benefits in the event of an immediate and heavy financial need. The hardship distribution may only be used for the payment of medical expenses or to prevent the eviction or foreclosure of participant's primary residence.

Participant Accounts

Contributions made by contributing employers are credited when received to accounts that are established for each participant. As soon as practical after the valuation date, the amounts in each participant account are valued as follows:

For the year ended December 31, 2021:

The amount in the participant account as of the last valuation date, plus the total amount of employer contributions received since the last valuation date, plus a proportionate share of the value of the checking account balance at December 31, and the proportionate share of the value of the investment portfolio at December 31, less the proportionate value of all participant accounts since the last valuation date.

NOTE 2. DESCRIPTION OF PLAN (continued)

For the year ended December 31, 2022:

Each participant's account is credited with contributions made on their behalf by contributing employers, plan earnings (losses) and an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Participants should refer to the Summary Plan Description for more complete information.

NOTE 3. PRIORITIES UPON TERMINATION

It is the intent of the Trustees to continue the Plan in full force and effect. However, in order to safeguard against any unforeseen contingencies, the right to discontinue the Plan is reserved to the Trustees. Termination shall not permit any part of the Plan to be used for or diverted to purposes other than the exclusive benefit of the participants. In the event the Plan terminates, the net assets of the Plan will be allocated as prescribed by ERISA and its related regulations. Whether or not a participant will receive full benefits should the Plan terminate at some future time will depend on the sufficiency of the Plan's net assets at that time and the priority of those benefits.

NOTE 4. TAX STATUS

The Plan obtained its latest determination letter on July 8, 2015, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements under Section 401(a) of the Internal Revenue Code and is, therefore, exempt from Federal income tax under provisions of Section 501(a). The Plan has been amended since receiving the determination letter. However, the Plan's administrator and counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the U.S. Federal, state, or local taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Typically, Plan tax years will remain open for three years; however, this may differ depending upon the circumstances of the Plan.

NOTE 5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Basis of Fair Value Measurement:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require that transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

NOTE 5. FAIR VALUE MEASUREMENTS (continued)

For the years ended December 31, 2022 and 2021, there were no transfers in or out of levels 1, 2, or 3.

NOTE 6. RISKS AND UNCERTAINTIES

The Plan invests in various investments. Investments are exposed to various risks such as economic, interest rate, market and sector risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE 7. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds managed by John Hancock Trust Company. John Hancock Trust Company is the investment custodian and recordkeeper, and, therefore, these transactions qualify as party-in-interest transactions. Participant loans also qualify as party-in-interest transactions. These transactions have been denoted as such on the supplemental Schedule of Assets Held at End of Year and are exempt from the prohibited transaction rules of ERISA.

NOTE 8. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 25, 2023, the date the financial statements were available to be issued, and they have been evaluated in accordance with relevant accounting standards.
