Independent Auditor's Report

To the Retirement Committee
Sallie Mae 401(k) Savings Plan

Opinion

We have audited the financial statements of Sallie Mae 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the year ended December 31, 2022, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that,

individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Sallie Mae 401(k) Savings Plan

Notes to Financial Statements December 31, 2022 and 2021

Note 1 – Description of Plan

The following description of Sallie Mae 401(k) Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established for the benefit of eligible employees electing to participate in the Plan (the “Participants”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Plan covers substantially all employees of SLM Corporation and its subsidiaries (the “Company”). Eligible employees may participate in the Plan after one month of service. The SLM Corporation Retirement Committee is responsible for oversight of the Plan. The SLM Corporation Retirement Committee determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Fidelity Management Trust Company (“Fidelity”) is the Plan trustee. An affiliate of Fidelity, Fidelity Investments Institutional Operations Company, Inc. (“FIIOC”), serves as record-keeper.

Contributions

Participants are eligible to contribute from 1 to 75 percent of their eligible compensation to the Plan, in increments of whole percentages, up to the Internal Revenue Service (“IRS”) maximum of \$20,500 for 2022. The Plan allows participants who will attain age 50 in the current Plan year to make catch-up contributions into the Plan up to the IRS maximum of \$6,500 for 2022. Participants may also contribute amounts into the Plan rolled over from qualified employer plans in which they had previously participated.

The Company matching contribution after six months of service is 100% on the first five percent of a Participant’s contributions. The Plan also has an employee Roth contribution election option, post-tax contribution election options, and auto enrollment at a 5% contribution rate for newly hired or rehired employees.

The Company also contributes an additional amount, as a “true-up” contribution, to the extent necessary to ensure that the aggregate amount of matching contributions for the year is equal to the lesser of (i) 5% of each participant’s eligible compensation, which equates to a cap of \$15,250 or (ii) 100% of each participant’s contributions.

The Plan also allows the Company to make a discretionary profit-sharing contribution, whereby the Company determines the amount of net profits, if any, to contribute to the Plan. The Company did not make any profit-sharing contributions for the year ended December 31, 2022.

Participant accounts

Each Participant’s account is credited with the Participant’s and the Company’s contributions and their portion of the Plan’s earnings (losses). Plan earnings (losses) are allocated based on the Participant’s designated investments of their account balances, as defined. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant’s vested account.

Vesting

Participants are vested immediately in their individual contributions plus actual earnings thereon. Participants are 100 percent vested in the Company’s matching contributions immediately.

Notes receivable from Participants

Participants may generally borrow up to 50 percent of their vested benefit, from a minimum of \$1,000 up to a maximum of \$50,000. Participants may have no more than one loan outstanding at any time, except for those Participants who had two loans outstanding as of April 1, 2019. The term of a loan will be three or five years,

Sallie Mae 401(k) Savings Plan

Notes to Financial Statements December 31, 2022 and 2021

at the election of the Participant, except for a loan to purchase the Participant's principal residence, which can be repaid over 20 years. Loans are secured by the Participant's account balance, bear interest at the prime rate established quarterly by the Federal Reserve and are repaid biweekly through automatic payroll deductions. In addition, Participants may repay all or a portion (in \$500 increments) of such loans at any time. Loans allowable under the Plan instrument, collateralized by Participant account balances, are due in varying installments through 2041, with interest rates ranging from 3.25 percent to 6.25 percent.

Payment of benefits

On termination of service due to death, disability or retirement, a Participant may elect to receive either a lump-sum amount equal to the value of the Participant's vested interest in his or her account, or distributions at the Participant's discretion. For termination of service for other reasons, a Participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Unallocated assets

Unallocated assets at December 31, 2022 and 2021 totaled \$8,574 and \$16,179, respectively, which will be used to offset future Company contributions.

Note 2 – Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The SLM Corporation Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from Participants are charged directly to the Participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/(depreciation) of fair value of investments.

Sallie Mae 401(k) Savings Plan

Notes to Financial Statements December 31, 2022 and 2021

Subsequent events

The Plan has evaluated subsequent events through August 24, 2023, the date the financial statements were available to be issued.

Note 3 – Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in active markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage account: Account primarily consists of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

Stable Value Funds: Valued at the net asset value of units of a collective trust. The NAV, as provided by the common collective trust managers, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. If the Plan initiates a full redemption of the trust, the issuer reserves the right to delay withdrawal from the trust for twenty-four months from notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded

Sallie Mae 401(k) Savings Plan

commitments, and transactions occur daily. The investment objective of the fund is to provide safety of principal, adequate liquidity, and a competitive yield with low volatility.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

<u>Assets at Fair Value as of December 31, 2022</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Total Assets in the Fair Value Hierarchy	<u>\$ 203,126,909</u>	<u>\$ -</u>	<u>\$ -</u>	203,126,909
Investments measured at NAV (a)				<u>8,029,892</u>
Total Investments				<u>\$ 211,156,801</u>

<u>Assets at Fair Value as of December 31, 2021</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 252,039,097	\$ -	\$ -	\$ 252,039,097
Self-directed brokerage account	<u>6,225,923</u>	<u>-</u>	<u>-</u>	<u>6,225,923</u>
Total Assets in the Fair Value Hierarchy	<u>\$ 258,265,020</u>	<u>\$ -</u>	<u>\$ -</u>	258,265,020
Investments measured at NAV (a)				<u>7,997,545</u>
Total Investments				<u>\$ 266,262,565</u>

(a) In accordance with Subtopic 820-10, investments in common collective trusts that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits. There are no participant redemptions restrictions for these investments; however, the Plan is required to provide a one-year redemption notice to liquidate its entire share.

Note 4 – Related party transactions and party-in-interest transactions

Certain Plan investments are shares of registered investment companies, self-directed brokerage accounts or amounts of the Sallie Mae Stock Fund managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Revenue credits received by the Plan in 2022 were \$9,852, and are included net of administrative expenses on the statement of changes in net assets available for benefits. Unused revenue credits at December 31, 2022 and 2021 totaled \$66,166 and \$55,709, respectively, which may be used as directed under the Plan document.

Note 5 – Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants would become 100 percent vested in their Company contributions.

Sallie Mae 401(k) Savings Plan

Notes to Financial Statements December 31, 2022 and 2021

Note 6 – Income tax status

The IRS has determined and informed the Plan by letter dated February 10, 2017, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (the “IRC”). Although the Plan has been amended and restated since the date of the letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 – Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 – Reconciliation to Form 5500

The following is a reconciliation of amounts in the financial statements to Form 5500 as of and for the year ended December 31, 2022:

Net assets available for benefits per the financial statements	\$ 214,380,080
Employer contributions receivable difference	<u>(463,990)</u>

Independent Auditor's Report

To the Retirement Committee
Sallie Mae 401(k) Savings Plan

Opinion

We have audited the financial statements of Sallie Mae 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the year ended December 31, 2022, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that,

individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Sallie Mae 401(k) Savings Plan

Notes to Financial Statements December 31, 2022 and 2021

Note 1 – Description of Plan

The following description of Sallie Mae 401(k) Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established for the benefit of eligible employees electing to participate in the Plan (the “Participants”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Plan covers substantially all employees of SLM Corporation and its subsidiaries (the “Company”). Eligible employees may participate in the Plan after one month of service. The SLM Corporation Retirement Committee is responsible for oversight of the Plan. The SLM Corporation Retirement Committee determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Fidelity Management Trust Company (“Fidelity”) is the Plan trustee. An affiliate of Fidelity, Fidelity Investments Institutional Operations Company, Inc. (“FIIOC”), serves as record-keeper.

Contributions

Participants are eligible to contribute from 1 to 75 percent of their eligible compensation to the Plan, in increments of whole percentages, up to the Internal Revenue Service (“IRS”) maximum of \$20,500 for 2022. The Plan allows participants who will attain age 50 in the current Plan year to make catch-up contributions into the Plan up to the IRS maximum of \$6,500 for 2022. Participants may also contribute amounts into the Plan rolled over from qualified employer plans in which they had previously participated.

The Company matching contribution after six months of service is 100% on the first five percent of a Participant’s contributions. The Plan also has an employee Roth contribution election option, post-tax contribution election options, and auto enrollment at a 5% contribution rate for newly hired or rehired employees.

The Company also contributes an additional amount, as a “true-up” contribution, to the extent necessary to ensure that the aggregate amount of matching contributions for the year is equal to the lesser of (i) 5% of each participant’s eligible compensation, which equates to a cap of \$15,250 or (ii) 100% of each participant’s contributions.

The Plan also allows the Company to make a discretionary profit-sharing contribution, whereby the Company determines the amount of net profits, if any, to contribute to the Plan. The Company did not make any profit-sharing contributions for the year ended December 31, 2022.

Participant accounts

Each Participant’s account is credited with the Participant’s and the Company’s contributions and their portion of the Plan’s earnings (losses). Plan earnings (losses) are allocated based on the Participant’s designated investments of their account balances, as defined. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant’s vested account.

Vesting

Participants are vested immediately in their individual contributions plus actual earnings thereon. Participants are 100 percent vested in the Company’s matching contributions immediately.

Notes receivable from Participants

Participants may generally borrow up to 50 percent of their vested benefit, from a minimum of \$1,000 up to a maximum of \$50,000. Participants may have no more than one loan outstanding at any time, except for those Participants who had two loans outstanding as of April 1, 2019. The term of a loan will be three or five years,

Sallie Mae 401(k) Savings Plan

Notes to Financial Statements December 31, 2022 and 2021

at the election of the Participant, except for a loan to purchase the Participant's principal residence, which can be repaid over 20 years. Loans are secured by the Participant's account balance, bear interest at the prime rate established quarterly by the Federal Reserve and are repaid biweekly through automatic payroll deductions. In addition, Participants may repay all or a portion (in \$500 increments) of such loans at any time. Loans allowable under the Plan instrument, collateralized by Participant account balances, are due in varying installments through 2041, with interest rates ranging from 3.25 percent to 6.25 percent.

Payment of benefits

On termination of service due to death, disability or retirement, a Participant may elect to receive either a lump-sum amount equal to the value of the Participant's vested interest in his or her account, or distributions at the Participant's discretion. For termination of service for other reasons, a Participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Unallocated assets

Unallocated assets at December 31, 2022 and 2021 totaled \$8,574 and \$16,179, respectively, which will be used to offset future Company contributions.

Note 2 – Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The SLM Corporation Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from Participants are charged directly to the Participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/(depreciation) of fair value of investments.

Sallie Mae 401(k) Savings Plan

Notes to Financial Statements December 31, 2022 and 2021

Subsequent events

The Plan has evaluated subsequent events through August 24, 2023, the date the financial statements were available to be issued.

Note 3 – Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in active markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage account: Account primarily consists of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

Stable Value Funds: Valued at the net asset value of units of a collective trust. The NAV, as provided by the common collective trust managers, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. If the Plan initiates a full redemption of the trust, the issuer reserves the right to delay withdrawal from the trust for twenty-four months from notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded

Sallie Mae 401(k) Savings Plan

commitments, and transactions occur daily. The investment objective of the fund is to provide safety of principal, adequate liquidity, and a competitive yield with low volatility.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

<u>Assets at Fair Value as of December 31, 2022</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 197,169,236	\$ -	\$ -	\$ 197,169,236

Total Assets in the Fair Value Hierarchy	<u>\$ 203,126,909</u>	<u>\$ -</u>	<u>\$ -</u>	203,126,909
Investments measured at NAV (a)				<u>8,029,892</u>
Total Investments				<u>\$ 211,156,801</u>

<u>Assets at Fair Value as of December 31, 2021</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 252,039,097	\$ -	\$ -	\$ 252,039,097
Self-directed brokerage account	<u>6,225,923</u>	<u>-</u>	<u>-</u>	<u>6,225,923</u>
Total Assets in the Fair Value Hierarchy	<u>\$ 258,265,020</u>	<u>\$ -</u>	<u>\$ -</u>	258,265,020
Investments measured at NAV (a)				<u>7,997,545</u>
Total Investments				<u>\$ 266,262,565</u>

(a) In accordance with Subtopic 820-10, investments in common collective trusts that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits. There are no participant redemptions restrictions for these investments; however, the Plan is required to provide a one-year redemption notice to liquidate its entire share.

Note 4 – Related party transactions and party-in-interest transactions

Certain Plan investments are shares of registered investment companies, self-directed brokerage accounts or amounts of the Sallie Mae Stock Fund managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Revenue credits received by the Plan in 2022 were \$9,852, and are included net of administrative expenses on the statement of changes in net assets available for benefits. Unused revenue credits at December 31, 2022 and 2021 totaled \$66,166 and \$55,709, respectively, which may be used as directed under the Plan document.

Note 5 – Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants would become 100 percent vested in their Company contributions.

Sallie Mae 401(k) Savings Plan

Notes to Financial Statements December 31, 2022 and 2021

Note 6 – Income tax status

The IRS has determined and informed the Plan by letter dated February 10, 2017, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (the “IRC”). Although the Plan has been amended and restated since the date of the letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 – Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 – Reconciliation to Form 5500

The following is a reconciliation of amounts in the financial statements to Form 5500 as of and for the year ended December 31, 2022:

Net assets available for benefits per the financial statements	\$ 214,380,080
Employer contributions receivable difference	<u>(463,990)</u>
Total net assets per Form 5500	<u><u>\$ 213,916,090</u></u>
