Independent Auditors' Report

To the Participants and Plan Administrator of
Healthcare Highways 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed audits of the financial statements of Healthcare Highways 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

As discussed in Note 1 to the financial statements, Plan management approved the divestiture of certain Plan participants to the Cerpass Rx 401(k) Plan. Accordingly, Plan assets totaling \$2,988,361 were transferred from the Plan to the Cerpass Rx 401(k) Plan on September 12, 2022. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022, and Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Healthcare Highways 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

1. Description of the Plan

General

The Healthcare Highways 401(k) Plan (the Plan) is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was established on January 1, 2015, covering substantially all employees of Healthcare Highways, Inc. and its wholly owned subsidiaries (collectively, the Company or Plan Administrator). Principal Life Insurance Company, and Principal Life Insurance Company on behalf of Principal Global Investors Trust Company, serves as the Custodian of the Plan (the Custodian). Employees of the Company serve as Trustees of the Plan. The following description provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

The Company completed a corporate reorganization and subsequent sale of their interest in Cerpass Rx in June 2022. In conjunction with the sale, the Board and plan management approved the divestiture of certain Plan participants to the Cerpass Rx 401(k) Plan. The divestiture was effective September 1, 2022. Plan assets totaling \$2,988,361 were transferred out from the Plan and into the Cerpass Rx 401(k) Plan on September 12, 2022.

Eligibility and Participant Accounts

Employees become eligible for participation at the age of 21 on the first day of the month coinciding with or next following thirty days of service, as defined by the plan document. Union employees, nonresident aliens, leased employees and interns are excluded from participating in the Plan. Subject to certain limitations on annual additions, each participant's account is credited with employee elective deferrals, Company matching contributions, an allocation of plan earnings or losses, and charged with certain administrative expenses. Contributions and earnings are allocated among investment options as selected by the participant. Participants may change their investment allocation at any time.

Contributions

The Plan is funded through employee pre-tax elective deferrals, Roth deferrals, rollover contributions, and Company discretionary matching and nonelective contributions. A participant may elect to contribute up to 75% of his or her eligible compensation by a specific percentage or dollar amount, subject to certain maximum limitations imposed by the Internal Revenue Code (IRC) (\$20,500 for 2022). Employees who are eligible to make elective deferrals under the Plan and who have attained the age of 50 before the close of the plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC (\$6,500 for 2022). Rollover contributions representing distributions from other qualified retirement plans are permitted. There is no limitation on the amount of rollover contributions a participant may make to the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan has an automatic enrollment feature. Unless otherwise directed, an eligible employee will be automatically enrolled into the Plan's applicable default target retirement date funds at a rate of 6% of eligible compensation. The Plan also has an automatic deferral increase feature. Accordingly, a participant's pre-tax deferral rate will automatically increase by 1% up to 10% on each anniversary of the Participant's enrollment into the Plan, unless elected otherwise.

The Plan also allows for Company discretionary matching and nonelective contributions, as determined by the Company. The Company elected to contribute a discretionary matching contribution in the amount of 50% of a participant's salary deferral amounts up to 2% of participant's eligible compensation, which totaled \$204,629 for the year ended December 31, 2022. No Company discretionary nonelective contributions were made by the Company for the year ended December 31, 2022.

Healthcare Highways 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

Investment Options

The Plan provides for contributions to be invested by the participant among a variety of common collective trusts and pooled separate accounts in accordance with participant investment elections and the provisions of the trust agreement. Participants should refer to the plan website for additional fund information.

Benefits Paid to Participants

Upon termination of service, retirement, death, or disability, a participant's benefits are payable in a lump-sum amount equal to 100% of the participant's vested account balance. Participant account balances greater than \$5,000 can elect a lump-sum distribution or choose to roll over into another qualified plan. Participant account balances of \$5,000 or less at the time of termination will be distributed as an involuntary lump-sum payment as soon as administratively feasible. If the total vested interest exceeds \$5,000, no distribution will be made from the Plan without the consent of the participant.

Vesting

Participants are immediately vested in rollover contributions, employee contributions, qualified nonelective contributions and any earnings thereon. Vesting in the Company's matching contributions and profit-sharing contributions are based on years of continuous service. Participants vest 20% per year beginning after one year of qualified service and are 100% vested after five years of qualified service or upon occurrence of the participant's retirement, death or disability as defined by the plan document.

Forfeitures

Forfeitures of terminated participants' nonvested accounts are used to pay administrative expenses or reduce Company contributions. At December 31, 2022 and 2021, there were forfeiture balances of \$1,180 and \$0 available, respectively. These forfeitures are reported as a component of net assets available for benefits. During 2022, forfeitures in the amount of \$3,061 were used to reduce Company contributions.

Notes Receivable From Participants

Under the provisions of the Plan, participants are allowed to borrow from their plan accounts. The maximum amount that a participant may borrow is the lesser of 50% of their total vested account balance or \$50,000, subject to certain restrictions as defined by the Internal Revenue Service (IRS). The minimum amount of a note is \$1,000. Effective June 29, 2022, the Plan was amended to limit the number of loan requests by a participant to one request per year. The notes are secured by the balance in the participant's account, and bear interest at a rate of Prime plus 2.00%. Note terms are limited to five years or longer if the note is used to acquire or build the principal residence of participant. Principal and interest are paid ratably through periodic payroll deductions. Notes receivable from participants as of December 31, 2022 have interest rates from 5.25% to 8.25% and maturities from March 2023 through August 2027. Notes receivable from participants as of December 31, 2021, have interest rates from 5.25% to 7.50% and maturities from February 2022 through October 2026.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and fees paid related to benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Healthcare Highways 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants become 100% vested, subject to payment of liquidation costs and expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income or loss earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on the investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the plan document or note policy of the Plan. Notes receivable are valued at amortized cost, which approximates fair value. No allowances for credit losses have been recorded as of December 31, 2022 or 2021.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Healthcare Highways 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

Level 2 - Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Common collective trusts and pooled separate accounts are valued at the net asset value (NAV) of shares held by the Plan at year-end, as determined by the Custodian. The NAV is used to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This NAV is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common collective trusts or pooled separate accounts, the Custodian reserves the right to temporarily delay withdrawals from the Plan in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

Assets at Fair Values as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Common collective trusts	\$ -	\$ 3,469,512	\$ -	\$ 3,469,512
Pooled separate accounts	-	550,800	-	550,800

4. Information Certified by Custodian

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA for 2022 and 2021. Accordingly, the Custodian of the Plan has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022, and the related investment activity reported in the Statement of Changes in Net Assets for Benefits for the year ended December 31, 2022.

5. Related-Party and Party in Interest Transactions

Certain plan investments are managed by the Custodian or an affiliate of the Custodian; therefore, these transactions qualify as party in interest transactions. The Plan issues notes receivable to participants, which are secured by the participant's account balances. These transactions also qualify as party in interest transactions. Certain administrative functions of the Plan are performed by officer or employees of the Company. No such officer or employee receives compensation from the Plan.

6. Tax Status

The Plan is based on a non-standardized pre-approved profit sharing/money/purchase plan with CODA developed by Nova 401K Associates, Inc., which received a favorable advisory letter dated June 30, 2020, from the IRS, stating that the non-standardized, pre-approved profit sharing plan with CODA constitutes a qualified plan under Section 401 of the IRC. The Plan Administrator believes the Plan, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax-exempt. Accordingly, no provision for federal taxes has been provided in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, concentration, market, and credit risk. Market risks include global events, such as a pandemic or international conflict, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Notes to Financial Statements

December 31, 2022 and 2021

8. Reconciliation of Financial Statements to Form 5500

There are no material reconciling items between the net assets available for benefits reported in the audited financial statements and the Form 5500 as of December 31, 2022 and 2021, or the net increase in net assets available for benefits for the year ended December 31, 2022.

9. Delinquent Contributions

During the year ended December 31, 2021, employee withholdings in the amount of \$375 were inadvertently not remitted to the Plan on a timely basis due to unintentional delays. The Company has corrected the late deferral by remitting lost earnings calculated following the DOL guidelines for late deposits in 2022.

10. Subsequent Events

In accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 855, *Subsequent Events*, the Plan has evaluated events or transactions occurring after December 31, 2022, the Statements of Net Assets Available for Benefits date, through September 21, 2023, the date the financial statements were ready to be issued, and determined no such events or transactions would impact the financial statements for the year ended December 31, 2022, except for the following:

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.
