Independent Auditor's Report

To the Trustees and Participants
WestStar Bank 401(k) Plan and Trust
El Paso, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements WestStar Bank 401(k) Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022, and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information

prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H item 4i–Schedule of Assets Held for Investment Purposes at End of Year December 31, 2022, and Schedule H item 4j–Schedule of Reportable Transactions, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial

statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WESTSTAR BANK 401(k) PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the WestStar Bank 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of WestStar Bank (the Bank). The Plan and the Trust, of which it is a part, are intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's trustees are responsible for the management of the Plan's assets.

Administration of the Plan Assets: The Plan's assets in mutual funds are held by Nationwide Financial Services, Inc., Custodian of the Plan. Contributions are held and managed by the Custodian, as directed by participants, who invests cash received, interest and dividend income and makes distributions to participants.

Eligibility: Employees of the Bank who have reached 21 years of age are eligible for participation in the Plan. Upon eligibility employees do not have to complete any specified service requirement in order to qualify for participation in the Plan.

Contributions: Each year participants may contribute a portion of pretax annual compensation, as defined in the Plan, subject to certain limitations under the IRC. The Bank may elect to make a matching contribution up to a certain percentage of an employee's base compensation, excluding bonuses. The percentage is selected at the discretion of the Bank's Board of Directors. In addition, the Bank may also make discretionary profit-sharing contributions at the option of the Bank's Board of Directors. In order to qualify for discretionary profit-sharing contributions, an employee must be employed on the last day of the year and work 1,000 hours during the plan year. The total profit-sharing contribution made by the Bank was \$495,116 for the plan year ending December 31, 2022. Contributions are subject to certain limitations. Participants may roll over amounts representing distributions from other qualified defined benefit or contribution plans.

Participant Accounts: Individual accounts are maintained for each of the Plan's participants to reflect the participant's contribution, the Bank's discretionary matching contribution, an allocation of Plan earnings and the Bank's discretionary profit-sharing contribution. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon and are always 100 percent vested in the value of their rollovers from another qualified plan. Vesting in the Bank's discretionary matching and discretionary profit-sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service.

WESTSTAR BANK 401(k) PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS

Note 1. Description of Plan (continued)

The portion of the participants' accounts attributable to the Bank's discretionary matching contributions and discretionary profit-sharing contributions becomes 20% vested after each year of credited service as defined. Participant accounts continue to vest at that increment until participants are 100% vested at five years of service.

Forfeitures: Forfeited non-vested accounts are to be allocated to each participant's account based upon the relation of the participant's compensation to total compensation for all participants in the plan year or used to offset the administrative expenses of the Plan that are paid by the Bank. Forfeited non-vested accounts at December 31, 2022 and 2021 were \$5,711 and \$12,809, respectively. Accumulated forfeitures may be applied to pay expenses, reduce the employer contribution, or be reallocated to participants based on the year end census starting in 2022. A total of \$5,711 will be paid from forfeited non-vested balances and reallocated to active participants.

Investment Options: Participants must direct their salary deferral contributions and employer contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options any time throughout the year via direct phone and internet access to the custodian. For employees who are automatically enrolled in the Plan, the default investment is a Target Date fund based on the participants' age. The participants are able to decline the default fund and select their own investments at any time.

Payment of Benefits: Upon retirement, death or termination of service, a participant and his or her beneficiary may elect to receive either a lump-sum amount equal to the value of his or her vested account balance or an optional form of payment as specified in the Plan agreement.

The Trustee, as allowed by Internal Revenue Code Section 411(a)(11), shall distribute any terminated participant's entire vested benefit that does not exceed \$5,000 in a single lump sum distribution. If the vested benefit is greater than \$1,000 and the terminated participant has not elected a distribution rollover to an eligible individual retirement plan or to receive the distribution in a cash distribution, then the Trustee will pay the distribution in a direct rollover to an individual retirement plan designated by the Administrator.

If the vested benefit is less than \$1,000 and the terminated participant has not elected a distribution rollover to an eligible individual retirement plan or to receive the distribution in a cash distribution, the Trustee shall pay such amount to the participant in a single lump sum cash payment.

Note 2. Significant Accounting Policies

The significant accounting policies of the Plan are summarized as follows:

Basis of Accounting: The financial statements of the Plan are prepared using the accrual method of accounting.

WESTSTAR BANK 401(k) PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS

Note 2. Significant Accounting Policies (continued)

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measure date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses in investments bought and sold as well as held during the year.

Excess Contributions Payable: Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits: Benefits are recorded when paid.

Subsequent Events: The Plan has evaluated subsequent events through September 14, 2023, the date the financial statements were available to be issued.

Note 3. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

WESTSTAR BANK 401(k) PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS

Note 3. Fair Value Measurements (continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds and pooled equity funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Separate account annuity contract: Valued at an amount equal to participant contributions adjusted for withdrawals and an allocation of earnings and expenses (contract value as reported by Nationwide Financial Services, Inc.). Interest rates guaranteed by the account are reset quarterly.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total

WESTSTAR BANK 401(k) PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS

Note 4. Administrative Expenses

Certain administrative expenses are paid directly by the Bank. Certain administrative functions are performed by officers or employees of the Bank. No such officer or employee receives compensation from the Plan. Total expenses paid by the Bank on behalf of the Plan amounted to \$14,025 for the year ended December 31, 2022.

Note 5. Related-Party Transactions

Certain Plan investments are invested in mutual funds of Nationwide Trust. Nationwide Trust is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The administrative fee paid to Nationwide Life Insurance Company was \$102,435 in 2022 and is included in the accompanying statement of changes in net assets available for benefits.

Note 6. Information Certified by Custodian

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the value of investments, which was \$21,277,126 as of December 31, 2022 and to the value of investments and cash which were \$24,714,976 and \$40,317 as of December 31, 2021, respectively, certified by Nationwide Trust Company, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule.

The custodian also certified to the completeness and accuracy of \$3,935,410 of net depreciation in fair value of mutual fund investments, \$378,256 in dividends and \$43,687 in interest related to the aforementioned investments and participant loans.

Note 7. Tax Status

The IRS has determined and informed the company by a letter dated December 16, 2013, that the plan and related trust are designed in accordance with applicable sections of the IRC. Although the plan has been amended since receiving the determination letter, the plan administrator and the plan's tax counsel believe that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2022, no uncertain positions are taken or are expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; there are currently no audits for the December 31, 2022 tax period in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

WESTSTAR BANK 401(k) PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Bank has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their entire account.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with these investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
