INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
NSI 401(k) Plan
Huntersville, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of NSI 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of NSI 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of NSI 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about NSI 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of NSI 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about NSI 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NSI 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN

The following description of the NSI 401(k) Plan (the "Plan") is provided for general informational purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a qualified voluntary defined-contribution plan covering essentially all employees of NSI Industries Holdings Inc.; NSI Industries, LLC; and NSI Real Estate, LLC (collectively, the "Company" or "Employer"). These entities are related by common ownership and are collectively considered a single control group under the Internal Revenue Code ("IRC") and, therefore, the Plan is a single-employer plan. The Plan was established on January 1, 1994, and was most recently amended and restated effective August 1, 2020. The Plan is subject to the provisions of Employee Retirement Income Security Act of 1974 ("ERISA").

Effective January 1, 2023, Remke Industries, Inc. Employees Savings Plan and Duro Dyne National Corp 401(k) Plan merged into the NSI 401(k) Plan. The funds deposited from each plan were approximately \$6,000,000 and \$7,700,000, respectively.

Effective April 2023, the Plan was amended to allow for Roth contributions.

Eligibility

All employees, excluding collective bargaining (union), certain nonresident aliens who have no earned income within the United States, and independent contractors of the Company, are eligible to participate in the Plan upon completion of one month of service and the attainment of 21 years of age. Participants meeting these criteria are eligible for participation in the Plan as of the next election date, which is the first day of each calendar month.

Employees who meet the Plan's eligibility requirements will be automatically enrolled with a default contribution rate of 6%.

Contributions

Participants may elect to contribute up to 100% of their pre-tax compensation, as defined in the Plan, up to the maximum limits provided under the IRC. Employee contributions are recognized in the period in which they are deducted from employees' pay. Participants may also contribute amounts representing distributions from other qualified defined benefit or contributory plans. The Company matched 100% of the first 1% of eligible compensation contributed by participants to the Plan and 50% of the next 5% of eligible compensation contributed to the Plan by participants. This match is subject to safe harbor provisions, meaning that participants are fully vested in all safe harbor matching contributions after two years of eligible service. The Plan allows for profit-sharing contributions. During 2022, there were no profit-sharing contributions made.

1. DESCRIPTION OF THE PLAN (continued)

Investment options

Participants direct the investment of contributions into various investment options offered by the Plan. Participants may change or transfer their investment options at any time via telephone or the Internet.

Participant accounts

Each participant's account is credited with the participant's contributions, including rollovers, Company safe harbor contributions, an allocation of Employer discretionary contributions, and Plan earnings, and is charged with the benefits paid to participants, Plan losses, and an allocation of administrative expenses. Plan earnings and losses are allocated to the participants' accounts in proportion to the respective account balances within each investment fund. The profit-sharing contribution, if any, is allocated based on a participant's compensation during a respective year. The benefit to which a participant is entitled is the vested value of the participant's account.

Vesting

Participants are immediately vested in their contributions, rollover contributions plus any applicable earnings or losses thereon. The Company safe harbor match has a two year vesting cliff. The following vesting schedule applies to any Employer profit-sharing contributions made by the Company. Participants vest in any profit-sharing Employer contributions and any earnings or losses thereon based on years of service as follows:

Employer contributions are subject to the following vesting schedule:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2	- %
2	20 %
3	40 %
4	60 %
5	80 %
6 or more	100 %

Payment of benefits

Upon retirement or termination from employment due to death, disability, or other reason, as defined under the Plan, a participant's entire vested interest in the Plan, including the Company and participant's contributions, is payable in a lump sum, regardless of the number of years of participation. Installment payments are available only if the participant is subject to lifetime required minimum distributions. Participants with a vested account balance greater than \$5,000 may defer payment of benefits until a later date.

1. DESCRIPTION OF THE PLAN (continued)

Notes receivable from participants

Notes Receivable from Participants – Participants may borrow up to the lesser of 50% of their vested account balance or \$50,000 with a minimum loan amount of \$1,000. The loan repayment terms are for a maximum of five years. Participants may have no more than two loans outstanding from the Plan at one time. Payments, including principal and interest, are made through automatic payroll deductions. The interest rate is based on the prime rate, at the date of loan issuance, set by the Trustee, plus 1%. The principal and interest paid are allocated to the appropriate funds according to the participant's investment election at the time of payment.

Forfeited accounts

The Plan provides that forfeitures of Employer discretionary contributions of terminated participants' nonvested accounts are first used to pay Plan expenses. Any remaining forfeitures reduce the Employer's matching contributions. During the year ended December 31, 2022, no forfeitures were used to reduce administrative expenses or offset employer contributions. At December 31, 2022 and 2021, the forfeiture account amounted to \$133,720 and \$113,887.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Sponsor to make estimates and assumptions that affect certain reported amounts of assets and liabilities therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation (depreciation) in fair value of investments include the Plan's gains and losses on investments bought and sold as well as held during the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes receivable from participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Fees related to participant notes receivable are recorded as administrative expenses and are expensed when incurred. Delinquent loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of benefits

Benefits and withdrawals are recognized when paid.

Expenses

Participant's accounts absorb the costs charged for originating participant loans. Other administrative costs are paid by the Plan, as provided by the Plan document, and accounted for in these financial statements. When expenses are paid by the Plan, the amount of the expense is divided pro rata by all participants based on account balances. Additionally, participants pay individually for any specific services they may use. This expense per participant is then allocated to each participant's account.

Subsequent events

Subsequent events were evaluated through August 21, 2023, which is the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY THE PLANS CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of DOL's and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustees of the Plan have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net appreciation (depreciation) in fair value of investments, dividends and interest, and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- All information regarding assets held by the Plan at December 31, 2022, included in the Schedule of Assets (Held at End of Year) - Form 5500, Schedule H, Part IV, Line 4i.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value:

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year-end. NAV is calculated using observable quoted market prices for identical assets. Mutual fund assets are redeemable securities, which permit the shareholder to present his or her share for redemption and receive his or her proportionate share of the current value of the fund's assets during normal trading hours. NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

Collective trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provide by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

4. FAIR VALUE MEASUREMENTS (continued)

The Plan believes its valuation methods are appropriate and consistent with other market participants; however, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2022 and 2021.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual funds	\$ 19,491,618	\$ -	\$ -	\$ 19,491,618
Collective trusts (a)	<u>-</u>	<u>-</u>	<u>-</u>	<u>1,809,851</u>
	<u>\$ 19,491,618</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 21,301,469</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual funds	\$ 23,313,664	\$ -	\$ -	\$ 23,313,664
Collective trusts (a)	<u>-</u>	<u>-</u>	<u>-</u>	<u>1,272,999</u>
	<u>\$ 23,313,664</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 24,586,663</u>

(a) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table includes a summary of the Plan's investments measured at fair value based on NAV per share as a practical expedient as of December 31, 2022:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Collective trusts	\$ 1,809,851	N/A	Daily	Daily

4. FAIR VALUE MEASUREMENTS (continued)

The following table includes a summary of the Plan's investments measured at fair value based on NAV per share as a practical expedient as of December 31, 2021:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>

5. TAX STATUS

On June 30, 2020, the Internal Revenue Service ("IRS") stated that the prototype plan adopted by the Plan, as then designed, qualifies under IRC Section 401. The prototype plan has been amended since receiving the opinion letter. The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. RISKS AND UNCERTAINTIES

The Plan provides various investment options. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions.

8. PLAN TERMINATION

Although the Company has not expressed any intent to do so, it may terminate the Plan at any time, subject to the provisions of ERISA. If the Plan is terminated, the amounts credited to the participants' accounts would become fully vested and distributed to the participants or their beneficiaries under the terms of the Plan document.
