INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee
International Imaging Materials, Inc.
Retirement and Investment Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed our audits of the financial statements of International Imaging Materials, Inc. Retirement and Investment Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Merger

As discussed in Note 1 to the financial statements, International Imaging Materials, Inc., the Plan's Sponsor, approved a merger of the Armor USA Inc. 401(k) Salary Reduction Plan and Trust into the Plan effective December 30, 2022. All Plan assets of the Armor USA Inc. 401(k) Salary Reduction Plan and Trust were transferred to the control of the Plan on December 30, 2022. Our opinion has not been modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements, as a whole, are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules: (1) Schedule H, Line 4a – Schedule of delinquent participant contributions for the year ended December 31, 2022, and (2) Schedule H, Line 4i – Schedule of assets (held at end of year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RETIREMENT AND INVESTMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description

The following description of International Imaging Materials, Inc. Retirement and Investment Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan sponsored by International Imaging Materials, Inc. (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Administrative Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Effective December 30, 2022, the Armor USA Inc. 401(k) Salary Reduction Plan and Trust (Armor Plan), a defined contribution plan, merged into the Plan and the control of all assets amounting to \$5,254,830 was transferred to the Plan. At December 31, 2022, assets in transit to the Plan's custodian from the Armor Plan's custodian amounted to \$4,731,719 and are reported as amounts due from broker on the statement of net assets available for benefits. The assets were received by the Plan's custodian, Empower Trust Company, LLC, on January 3, 2023. The Plan was restated effective December 31, 2022 to include the participation of the Plan Sponsor's related employer Armor USA, Inc.

Eligibility:

Employees are generally eligible to participate in the Plan upon hire. Participants are eligible to receive employer matching contributions once they have completed one year of eligible service, as defined. Effective January 1, 2023, an employee will be able to participate in the Plan and receive employer matching contributions upon hire.

Contributions:

Each year participants may contribute to the Plan any whole percentage of their eligible compensation, as defined. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of their eligible compensation and their account balance is invested in designated funds using an aged-based allocation until changed by the participant. Participants who are fifty years and older are eligible to make catch-up contributions. Participants may contribute to the Plan any whole percentage of their after-tax eligible compensation up to \$10,000. Participants may also contribute amounts representing distributions from other qualified plans (rollover).

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description (Continued)

Contributions (continued):

The Company may make a discretionary matching contribution. The Company elected to make matching contributions equal to 100% of the first 6% of eligible compensation for 2022 and 2021. The Company may also make additional discretionary contributions for participants that have at least one year of eligible service. No additional discretionary contributions were made for the periods ended December 31, 2022 and 2021.

Contributions are subject to certain limitations of the Internal Revenue Code (the Code). Participants direct the investment of contributions into various investment options offered by the Plan.

Participant accounts:

Each participant's account is credited with participant and Company contributions, an allocation of Plan earnings, reduced for benefits paid, and charged for loan origination and recordkeeping fees, if applicable, and an allocation of other administrative expenses. Allocation of Plan earnings and other administrative expenses are based on participant account balances, as defined in the Plan document. The benefit to which a participant is entitled is limited to that which can be provided from the participant's vested account.

The Plan permits participants to convert all or a portion of the participant's vested accounts to an after-tax (Roth) basis, up to two times a Plan year, subject to the participant paying the related income taxes as prescribed by the Code.

Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. The Company's contributions and earnings thereon vest ratably over five years of service or immediately in the event of a participant's death or total and permanent disability while employed by the Company. Effective January 1, 2023, the Company's contributions and earnings thereon vest as follows: 0% vested for less than 1 year of service, 20% vested for at least 1 year of service, 40% vested for at least 2 years of service, and 100% vested for at least 3 years of service or immediately in the event of a participant's death or total and permanent disability while employed by the Company.

Forfeitures:

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$23,919 and \$24,685, respectively. Forfeitures of non-vested Company contributions are used to pay administrative expenses of the Plan or to reduce the Company's contributions. In 2022, the Company used forfeitures to reduce Company's contributions by \$25,902. In 2021, the Company used forfeitures to reduce Company contributions by \$12,100 and pay administrative expenses of \$2,427.

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description (Continued)

Revenue sharing income:

The Plan receives reimbursement of certain Plan expenses that are paid through revenue sharing arrangements with certain Plan investment funds. These reimbursements are included on the statements of changes in net assets available for benefits. Amounts reimbursed are used to pay for Plan administrative expenses or allocated to participants. The Plan received \$74,959 and \$94,069 of these reimbursements in 2022 and 2021, respectively.

Payment of benefits:

A participant receives a lump-sum amount equal to the vested value of his or her account upon normal retirement age of sixty-five, or upon death, disability, or termination of employment. Early withdrawals are permitted in the event of hardship. Participants may also withdraw from the portion of their account related to after-tax contributions at any time that will be subject to income taxes on the investment earnings thereon. Effective January 1, 2023 participants may also receive an in-service distribution after reaching the age of 59 ½.

Notes receivable from participants:

Participants may borrow from their account a minimum of \$1,000 up to a maximum loan equal to the lesser of \$50,000 or 50% of their vested account balance. A participant may not have more than one loan outstanding at any given time. The loans are secured by the balance in the participant's account. Loans bear interest at the prime rate plus 1% and are payable over a maximum term of five years. Principal and interest is paid ratably through payroll deductions.

Administrative expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Note 2. Significant Accounting Policies

Basis of accounting:

The financial statements have been prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value except for fully benefit-responsive investment contracts. Contract value is the relevant measure for fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

**INTERNATIONAL IMAGING MATERIALS, INC.
RETIREMENT AND INVESTMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

Note 2. Significant Accounting Policies (Continued)

Investment valuation and income recognition:

The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contracts, which is reported at contract value). Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisers and custodians, Lincoln Life and Annuity Company of New York (Lincoln Insurance), Empower Life & Annuity Insurance Company of New York (Empower Insurance), and trustee, Empower Trust Company, LLC (Empower Trust). See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Group annuity contracts:

The Plan's investment include group annuity contracts with Empower Insurance, named the Guaranteed Interest Fund, and Lincoln Insurance, named the Guaranteed Account, and are traditional fully benefit-responsive investment contracts and, therefore, are reported at contract value. Empower Insurance and Lincoln Insurance maintain the contributions in a general account fund. Empower Insurance and Lincoln Insurance are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Contract value reflects contributions, credits for interest, charges for participant withdrawals and administrative expenses.

There are no reserves against contract value for credit risk of the contract issuers or otherwise. Empower Insurance and Lincoln Insurance determine the crediting interest rate quarterly and, contractually, may not be less than 0%. The issuers determined the crediting interest rate by considering many factors, including economic and market conditions, the general interest rate environment and the expected and actual return on the portfolio within the general account.

Generally, there are no events that limit the ability of the Plan to transact at contract value with the issuers.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit loss has been recorded as of December 31, 2022 or 2021. Delinquent participant loans are recorded as distributions.

RETIREMENT AND INVESTMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

Note 2. Significant Accounting Policies (Continued)

Benefits:

Benefits are recorded when paid.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Administrative Committee to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events:

Subsequent events have been evaluated through August 31, 2023, which is the date the financial statements were available to be issued.

Note 3. Information Certified

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the years then ended, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified by Empower Trust, Empower Insurance, Lincoln Insurance, Great-West Life & Annuity Insurance Company of New York (Great-West Insurance), or Great-West Trust Company, LLC (Great-West Trust). The Plan Administrator has obtained certifications from the trustee and custodians that information provided to the Plan Administrator by the trustee and custodians related to the following assets is complete and accurate.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority level to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**INTERNATIONAL IMAGING MATERIALS, INC.
RETIREMENT AND INVESTMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

Note 4. Fair Value Measurements (Continued)

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used by the Plan for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Variable annuities: Valued at the unit values as calculated daily by the annuity provider according to the methods described in the annuity contract.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value at December 31, 2022 and 2021:

	2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 47,312,778	\$ -	\$ -	\$ 47,312,778

	<u>\$ 58,298,873</u>	<u>\$ 1,963,408</u>	<u>\$ -</u>	<u>\$ 60,262,281</u>

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

**INTERNATIONAL IMAGING MATERIALS, INC.
RETIREMENT AND INVESTMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

Note 6. Tax Status

The Plan adopted a non-standardized form of a prototype plan sponsored by Great-West Trust. The prototype plan has received an opinion letter from the Internal Revenue Service (IRS) as to the prototype plan's qualified status dated June 30, 2020. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since receiving the determination letter, however, the Administrative Committee believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Accordingly, no provision for income taxes has been made in the accompanying financial statements.

During 2022, the Armor Plan sponsor inadvertently failed to deposit \$79 of participant deferrals within the required timeframe as stated by the United States Department of Labor (DOL) regulations. In 2023, the Plan deposited the deferral into the participant's account.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Administrative Committee believes it is no longer subject to income tax examinations for tax years prior to 2019.

Note 7. Party-In-Interest Transactions

A party-in-interest is defined under the Department of Labor's regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Company, certain participants, and others. The Plan allows participants to take loans from their account in the Plan. Certain notes receivable from participants and income thereon qualify as party-in-interest transactions.

Certain Plan investments are issued by Empower Insurance and Lincoln Insurance. Empower Insurance and Lincoln Insurance are custodians as defined by the Plan and, therefore, transactions within these funds qualify as party-in-interest transactions. Fees incurred by the Plan for fund management services are party-in-interest transactions.

During the years ended December 31, 2022 and 2021, the Plan paid service providers as follows: Lincoln Insurance, Empower Trust, and Great-West Trust for administrative services; Dopkins & Company, LLP for audit services, and UBS Financial Services for investment advisory services; and Barclay Damon for legal services. Transactions with these service providers qualify as party-in-interest transactions and amounted to \$82,582 and \$68,763 for the years ended December 31, 2022 and 2021, respectively.

**INTERNATIONAL IMAGING MATERIALS, INC.
RETIREMENT AND INVESTMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
