INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of the
Aaron Thomas Company, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Aaron Thomas Company, Inc. 401(K) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Aaron Thomas Company, Inc. 401(K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, which was certified by Reliance Trust Company, the trustee of the Plan (the "Trustee"), is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the financial statements referred to above related to assets held by and certified to by the Trustee, a qualified institution, agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Aaron Thomas Company, Inc. 401(K) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

As described in Note 1, the financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, as listed in the table of contents, as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that is agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that is agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified by the Trustee, a qualified institution, agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

AARON THOMAS COMPANY, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

1. Plan description and summary of significant accounting policies

General

Aaron Thomas Company, Inc. (the “Company”) sponsors the Aaron Thomas Company, Inc. 401(k) Plan (the “Plan”). The following description provides only general information of the Plan. Participants should refer to the Plan document for a complete description of the Plan provisions. The Plan is a qualified contributory defined contribution and profit-sharing plan that provides retirement, death, and disability benefits for eligible employees of the Company. The Plan covers all Company employees who are at least 21 years of age, have completed at least one year of eligible service, and are not leased employees, as defined in the Plan document. The Plan is subject to the Employee Retirement Income Security Act of 1974 (“ERISA”).

Basis of accounting

The financial statements are prepared using a modified cash basis of accounting in accordance with a special purpose framework, a comprehensive basis of accounting not in conformity with accounting principles generally accepted in the United States of America (“GAAP”). This basis of accounting is consistent with the basis used for the Plan by the third-party administrator and certified by Reliance Trust Company (the “Trustee”). If prepared on the accrual basis of accounting in accordance with GAAP, the statements of net assets available for benefits as of December 31, 2022 and 2021, would reflect participant contributions receivable, interest and dividends receivable, and excess contributions payable.

Administration of Plan assets

The Plan’s assets are held by Reliance Trust Company, the trustee of the Plan (the “Trustee”). The Company uses Automatic Data Processing (ADP) as the third-party administrator for the Plan.

Certain officers or employees of the Company who are involved with Plan administration are not compensated by the Plan for such services. Certain administrative expenses and fees, including certain Trustee fees, recordkeeping, accounting fees, and advisory fees, are paid directly by the Plan and total \$2,646 for the year ended December 31, 2022. The Company pays other administrative expenses, including auditing and legal fees.

Use of estimates

The Plan administrator must make estimates and assumptions that affect certain reported amounts of the Plan assets, liabilities, changes in net assets, and disclosures as of the date of the financial statements. Accordingly, actual results could differ from those estimates.

1. Plan description and summary of significant accounting policies (continued)

Investment options

All investments are held in trust and are invested in registered investment companies and common/collective trusts as of December 31, 2022 and 2021. Certain investment options incur fees and expenses embedded in the related investments. Refer to each investment prospectus for information on the investment, including applicable fees and expenses. Each participant chooses how their contributions and respective account balances will be allocated among the various investments through a participant-directed investment program. Investment income, gains, and losses are allocated to each participant's account each business day.

Contributions

Each year participants may make elective contributions up to 50% of their annual pre-tax compensation, subject to certain limitations in accordance with the Internal Revenue Code ("IRC"). Transfers from qualified plans are allowed under the provisions of the Plan. The Plan provides for matching Company contributions of 50% on the first 15% of the participant's elective contribution up to a maximum of \$500 per participant. The Plan also provides for annual discretionary Company contributions. The Company made matching contributions of \$48,873 and no discretionary contributions for the year ended December 31, 2022.

Participant accounts

Each participant's account is increased with the participant's contributions (including elective and rollover), the Company's matching contributions, the Company's discretionary contributions, investment earnings, and forfeitures of terminated participants' non-vested accounts, and is decreased with investment losses, benefit payments, corrective distributions, and an allocation of any administrative expenses paid by the Plan. Allocations are based on certain components of each participant's account balances or earnings, as defined in the Plan document. The benefit to which a participant is entitled is determined by and dependent on the value of the participant's vested account balance at the measurement date.

NOTES TO FINANCIAL STATEMENTS

1. Plan description and summary of significant accounting policies (continued)

Vesting

The participant's vested benefit is based on years of service. Each participant receives one year of vesting service for each year of 1,000 hours or more of service. Balances in a participant's elective contribution account and rollover account are 100% vested. The participant's Company matching contribution and discretionary contribution accounts ("Company Contribution Accounts") become 100% vested upon reaching the normal retirement age of 65, death, or termination of employment because of a disability, or as defined in the Plan document. Balances in the Company Contribution Accounts have a six-year vesting schedule as follows:

<u>Years of service</u>	<u>Vesting %</u>
2	20
3	40
4	60
5	80
6	100

Forfeited accounts

The non-vested portion of the terminated participants' Company Contributions Accounts are reallocated among the remaining participants' accounts based on compensation. Forfeitures are \$3,190 for the year ended December 31, 2022.

Benefit payments

Upon death, disability, retirement, or termination of employment, a participant with an account balance exceeding \$5,000 may elect to receive a lump-sum distribution equal to the value of their account, elect to have the payment paid as a direct rollover to an individual retirement account, individual retirement annuity, or to another employer's tax-qualified plan. The Plan will distribute the balance in a lump-sum distribution for vested account balances of \$5,000 or less. In addition, participants who have attained the age of 59½ may withdraw all or any part of the vested portion of their account. Hardship distributions are permitted, but the participants are suspended from contributing to the Plan for the succeeding six months, as defined in the Plan document.

Benefit payments are recorded when paid.

AARON THOMAS COMPANY, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

1. Plan description and summary of significant accounting policies (continued)

Participant notes receivable

Participants may borrow from their accounts up to \$50,000 or 50% of their vested account balance, whichever is less. Loan transactions are treated as a transfer to (from) the participant's investments from (to) the participant's loan fund. Loan terms range from one to five years or up to thirty years for purchasing a principal residence. The loans are secured by the balance in the participant's accounts and bear interest at the prevailing interest rate charged by a bank for a secured personal loan in effect at the time of the loan. Interest rates range from 5.25% to 9.75%. Principal and interest are payable through weekly payroll deductions. Participant notes receivable are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the Plan administrator considers the participant's loan to be in default, the loan balance is reduced, and the delinquent participant's note receivable is recorded as a benefit payment. No allowance for losses from delinquent participant notes receivable is recorded as of December 31, 2022 and 2021. Participant notes receivable qualify as "party-in-interest," which are exempt from the prohibited transaction rules.

Termination

Although the Company has not expressed any intent to do so, it has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants' Company Contribution Accounts will become 100% vested, and the Plan's net assets will be distributed, as prescribed by ERISA.

Tax status

The Internal Revenue Service ("IRS") has determined, by a letter dated October 6, 2020, that the prototype plan and related trust adopted by the Company complies with the IRC's applicable requirements. The Plan has been amended since receiving its IRS determination letter. The Plan administrator and tax counsel believe that the Plan complies with the IRC's applicable requirements and that the related trust is tax-exempt as of the date of the financial statements. Accordingly, no provision for income taxes is included in the Plan's financial statements. The Plan's federal and state information returns are subject to examination by federal and various state tax agencies until the statutes of limitations on the returns expire. In general, federal returns have a three-year statute of limitations. The various state returns have applicable statutes of limitations, generally four years or less. The statutes of limitations begin to run on the date the returns are filed with the related tax jurisdictions. With few exceptions, the Plan is no longer subject to examinations by federal and state tax jurisdictions for the years ended before December 31, 2019 and 2018, respectively.

AARON THOMAS COMPANY, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

1. Plan description and summary of significant accounting policies (continued)

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments, and resulting gains and losses, are recorded on a trade-date basis. Net gains and losses from investment transactions are computed using the "average-cost" method. Interest and dividend income is recorded when earned. Capital gain distributions are included in dividend income. Net depreciation consists of the Plan's gains and losses on investments bought, sold, and held during the year.

Risks and uncertainties

The Plan provides various investment options in mutual funds of stocks (foreign and domestic) and bonds. Investment securities are exposed to various risks such as interest rates, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the net value of investment securities, it is at least possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Participants may direct their contributions to various investment options, including certain registered investment companies and common/collective trusts that hold foreign companies' securities. These investments may involve unique risks and considerations not typically associated with investing in companies in the United States ("U.S."). Possible risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. In addition, the securities of foreign companies and their markets may be less liquid and their prices more volatile than those securities of comparable U.S. companies.

In March 2020, the World Health Organization declared the novel strain of coronavirus ("COVID-19") outbreak a public health emergency. There have been mandates from federal, state, and local authorities requiring forced closures of various businesses and other facilities and organizations, including some that may affect the Company. These forced closures and other actions could negatively impact the Plan, investments, and the net assets available for benefits. While the closures and limitations are expected to be temporary, the extent of the impact of COVID-19 on the Plan and the Company's financial position, results of operations, and cash flows is uncertain at this time and will depend on certain developments, including the duration and spread of the outbreak.

On March 27, 2020, Congress signed the Coronavirus Aid, Relief, and Economic Security Act, also known as the CARES Act. The CARES Act took immediate effect and contains several provisions that temporarily impact 401(k) plans, including a new hardship withdrawal option, increased loan limits, and a loan payment pause option. The Plan administrator considered but did not implement the optional CARES Act provisions as of December 31, 2022.

AARON THOMAS COMPANY, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

1. Plan description and summary of significant accounting policies (continued)

Subsequent events

The Plan administrator has evaluated events and transactions occurring subsequent to the statement of net assets available for benefits date of December 31, 2022, for items that should potentially be recognized or disclosed in these financial statements. The evaluation was conducted through September 19, 2023, the date when these financial statements were available to be issued. No such material events or transactions were noted to have occurred.

2. Fair value measurements

Investments are reported at fair value in the statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not indicate the net realizable value or reflect future fair values. Although the Plan administrator believes their valuation methods are appropriate and consistent with other market participants, using different methodologies or assumptions to determine the fair value of specific financial instruments could result in a different fair value measurement at the reporting date.

The Plan administrator uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan administrator measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

The following describes the valuation methods used for assets at fair value. The methodologies have remained unchanged as of December 31, 2022 and 2021.

Level 1

The fair value of registered investment companies is based on the quoted net asset values of the shares held by the Plan at year-end.

AARON THOMAS COMPANY, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

2. Fair value measurements (continued)

The following table sets forth, the reported fair value of the Plan's registered investment companies by major classes using Level 1 inputs as of December 31:

	<u>2022</u>	<u>2021</u>
Intermediate-term bond	\$ 174,892	\$ 202,894
Large growth	688,872	1,013,278
Large value	635,126	708,225
Mid blend	65,237	84,481
Mid cap value	158,824	181,842
Small growth	78,722	151,050
Small value	<u>46,665</u>	<u>55,786</u>
Total registered investment companies	<u>\$ 1,848,338</u>	<u>\$ 2,397,556</u>

3. Net asset value for common/collective trusts

Common/collective trusts are recorded at net asset value (NAV). The NAV is determined based on the valuation and pricing of the underlying investments held by the common/collective trusts. NAV is the net value of the common/collective trusts' total assets less total liabilities divided by the number of units outstanding and those held by the Plan. The NAV for common/collective trusts is \$4,344,997 and \$4,680,773 as of December 31, 2022 and 2021, respectively.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

4. Certification

The following is a summary of the unaudited information included in the Plan's financial statements and supplemental schedule prepared by the Trustee and furnished to the Plan administrator. The Trustee holds the Plan's investment assets and executes investment transactions on behalf of, and as directed by, the participants. The Plan administrator obtained certifications from the Trustee that the following information is complete and accurate:

- (a) Fair value and cost of all assets as of December 31, 2022 and 2021.
- (b) Net depreciation in the fair value of investments, interest and dividend income, and other income for the year ended December 31, 2022.
- (c) Supplemental schedule of assets held at the end of the year, December 31, 2022.

5. Investments

For the year ended December 31, 2022, the Plan's investments depreciated in fair value as follows:

Registered investment companies	\$ (428,925)
Common/collective trusts	<u>(365,149)</u>
Net depreciation in fair value of investments	<u>\$ (794,074)</u>

6. Party-in-interest

An affiliate of the Trustee manages certain Plan investments. These transactions qualify as "party-in-interest," which are exempt from the prohibited transaction rules. If applicable, purchase fees are paid by the participants investing in those funds subject to such fees. Fees paid by the Plan for the investment management services are \$2,646 and are included in administrative expenses for the year ended December 31, 2022.
